Public Trustee, Osgoode Hall, Toronto.  
25-27.

## EASY WIN FRIDAY FOR JUNIOR BASEBALL TEAM

**Score Nineteen Runs to Seven at Timmins Against South Porcupine Juniors**

In the Junior Baseball on Friday last, postponed from Wednesday on account of the weather, the Timmins Juniors had an easy victory against the South Porcupine Juniors, the score being 19 to 7. The Timmins Juniors outplayed the South End lads, and the game was more or less spotty, though having its points of interest. Only a small crowd attended, though the crowd showed considerable interest. The line-up of the teams was as follows:—

Timmins—Gillanardo, 2 b.; Laflamme, s.s.; Domenico, c.f.; Roberts, 1 b.; Webb, catcher; Mair, l.f.; Davies 3 b.; Donovan, r.f.; Dainton, pitcher; Ange, catcher; Godin, pitcher.

South Porcupine—Cattarello, s.s.; Michaelson, catcher; Dorin, 2 b.; F. Taylor, 3 b.; D. Taylor, r.f.; Sampson, l.f.; P. McCann, pitcher; D. McCann, c.f.

Timmins got three 2-base hits off McCann and one 3-base hit. A double play, Dainton to Gillanardo, featured the game.

**MEMORIAL SERVICES ON SUNDAY LARGELY ATTENDED**

Despite the threatening weather on Sunday there was a large attendance at the Timmins cemetery for the annual memorial services under the joint auspices of all the Protestant churches for those dying during the year. The music was conducted by the local Salvation Army band and the several ministers of the local churches took part in the services. The Rebekahs also held their memorial services for the dead and decorated the graves of the departed sisters. There was a profusion of flowers and other decorations for the graves in the cemetery.

The Aberdonian's golf motto: "Keep your eye on the ball that your opponent has lost."  
—Exchange

## CELEBRATION OF FEAST OF ST. JOHN THE BAPTIST

Remarkably Fine Parade and Excellent Programme of Sports and Addresses

The celebration of the Feast of St. John the Baptist yesterday proved a noteworthy success and a big event. The parade of decorated autos and rigs was the largest ever seen here and the size and interest in the procession was specially noteworthy. The programme at Dalton's park was a splendid one, and greatly enjoyed by big crowds. Sports, novelties, etc., were enjoyed, while addresses by Mr. Jos. A. Bradette, M.P., and others greatly pleased all.

## NEW LIEUTENANT FOR SALVATION ARMY HERE

Lieut. Jean Semple, of the Toronto Training School, is to be the new lieutenant at the Timmins Salvation Army to take the place of Lieut. Downs who has been transferred to Kirkland Lake.

## BOXER CUP SEMI-FINALS ON SATURDAY, JULY 7th

The semi-finals of the Boxer Cup will be played on Saturday of next week, July 7th, when the McIntyre F.C. and the Cornish One-and-All will try conclusions for this trophy. The winners of this game will play the Holly Rees, on Saturday, July 21st.

## CROWD PLEASSED WITH THE BAND CONCERT LAST WEEK

There was a large turnout to enjoy the band concert given on Thursday evening last by the Timmins Citizens' Band at the band stand in the park near the station on Spruce street. There was particular interest in this concert because it was the last to be conducted by Mr. F. J. Wolno, for the past seven years leader of the band here, and who is leaving this week for Montreal to reside. The programme last week was a specially attractive one, including marches, fantasias and other selections. The band played unusually well and there was general appreciation of the concert.

## DOMINE MINES TO HAVE NEW GENERAL SUPERINTENDENT

The South Porcupine correspondent of The Advance elsewhere in this issue makes reference to the appointment of a new general superintendent for the Dome Mines. Another correspondent writing from South Porcupine adds the following particulars:—

Joseph Stovell, formerly an employee at Bruce Mines and the Froot Extension Mine at Sudbury and latterly as manager of the Central Manitoba Mines, has resigned the last named position to return to Ontario as general superintendent of the Dome Mines, succeeding C. W. Dowsett, who resigned from the Dome last fall to accept a position in South Africa. The appointment of a successor to Mr. Dowsett comes as no surprise to Porcupine mining circles where the duties involved in the dual position accepted by the general manager, H. P. DePencier, since the departure of Mr. Dowsett, are known to be onerous. While no announcement has yet been made it is understood that the new official is expected to arrive at Porcupine in the near future. Mr. Stovell's successor at the Central Manitoba has not yet been named although it is understood that T. Marshall, professor of mining engineering at the University of Illinois, has been looking over the situation and it is probable he will be the new manager.

## RUMOURS ABOUT HOCKEY PLAYERS IN NORTH LAND.

Among its sporting notes this week The North Bay Nugget has the following of interest:—

"A lot of water has flowed through the old mill flume since spring, and there's been a notable addition to the population of Kirkland Lake since last winter, the influx reaching its apex during the first two weeks in May. Among the newcomers in the mining camp are noted, Sonny Townsley and Marshall, of Newmarket, both prominent and capable hockeyists; Wart Mayo, Niagara Falls, veteran goal tender; Bradley of Brantford and a quintet from Parry Sound, L. Bradley, J. and E. Forbes, Murdoch and Vriga Woods. This squad is permanently located in the mining camp and it may be possible that the entire lot will be induced to don skates during the coming winter and play hockey under the Kirkland Lake colours.

"The rumour that Allan Murray and Abie Thornton had deserted South Porcupine for London was unfounded as Murray returned to the "Porkie" habitation after a short holiday in the south. It's likely that last year's team, in its entirety, will be found in the South End next winter together with a notable addition or two. The Porkies contend that all the excitement will not be centred in the Eskimo town, Kirkland Lake, or Timmins. Haileybury is still introducing newcomers. The Haileyburian recently announced the arrival of a capable hockey player in the person of a son of Mr. Ostrom, the new manager of the Haileybury Hockey Club. The boy has been performing on the baseball diamond and shows all the earmarks of being a high class athlete. "Won't we have fun," is a popular air in the north district just now."

PERCY WILLIAMS

Brilliant young sprint star of Vancouver, who tied the Olympic mark of 10 3-5 seconds for the 100 metres, will represent British Columbia at the Olympic trials in Hamilton. His time is considered good enough to assure him a place on the Canadian 400 metre team for Amsterdam.

## ANNUAL CHURCH PARADE OF GOLDEN BEAVER LODGE

Golden Beaver Lodge, A. F. & A. M., held its annual church parade on Sunday evening last, the members and visiting brethren attending divine service at the United Church. There were about a hundred Masons in the line of march, included members of the lodge and visiting brethren. There was a large congregation in addition to the brethren present. Rev. J. D. Parks preached an inspiring and helpful sermon suitable to the occasion.

## PRETTY WEDDING HERE ON WEDNESDAY MORNING

One of the prettiest weddings of the year was that on Wednesday morning of this week when Miss Ruby Kennedy, daughter of Mr. and Mrs. J. Kennedy, of Timmins, and Mr. Harold Farrell, were united in marriage at the Anglican church, Rev. R. S. Cushing officiating. The bride was given away by her father, and her sister acted as bridesmaid. The groomsmen were Mr. W. Docton. The bride looked most charming in a very handsome dress of white silk, with wreath and fall, also a train of shimmering silver. She carried a bouquet of flowers. The church was appropriately decorated for the occasion, ribbons from the seats being a feature. Miss Cushing played the wedding march. The wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. J. Kennedy, immediate friends and relatives being present. At 11.30 the happy couple left to motor to Toronto for a month's vacation. Mr. and Mrs. Farrell will take up residence in Timmins on their return. They will have the best wishes of hosts of friends.

## TWO ACCIDENTS AT MINE RESULT IN BROKEN LEGS

Through two separate accidents at the Hollinger on Friday, two men are in the hospital with broken legs. One of the men suffering a broken leg was D. Charbonneau, while the same morning a man named Ulkmanovich, o Montenegrin, also had a leg broken in a making excellent recovery, there being no complications. Both were injured while at work, and while it is believed that both incidents were purely accidental, the mining inspector is checking up on the cases. The two men being taken to the hospital the same morning gave rise to the usual wild stories by some of the rumour mongers. One yarn was that two had been killed and several injured in some accident underground. Another was that a man had both legs broken and might not recover. There was, of course, no right foundation for these stories, the two accidents while most regrettable of course, were simply accidents such as result in any industrial work, and fortunately the injuries sustained were not nearly so serious as pictured by the tall stories.

## FIRE DESTROYS LITTER OF FOREST FLOOR

Light fires burn some leaves and small branches. Heavier fires burn everything down to mineral soil or rock. In some cases, the fire even follows roots and other vegetable matter into the soil.

It is well to remember a few of the most important functions of a natural forest floor:

- (a) Forest litter and humus are a mechanical hindrance to the run-off precipitation, allowing water to reach the stream slowly.
- (b) Humus absorbs and holds rains and melted snows, giving it to the soil for underground supply which feeds springs.
- (c) Humus keeps the soil open in summer and winter, permitting it to take moisture rapidly.
- (d) Litter and humus act as a mulch preventing rapid evaporation of soil moisture.
- (e) Humus keeps the surface soil fertile, which helps to make good free growth.
- (f) Humus protects the soil from erosion.

## PREVENT FIRE—IT PAYS

A man may, if he knows how to save as he goes, keep his nose to the grindstone.—Franklin.

## NORTHERN HOTELKEEPERS CONVENED AT HAILEYBURY.

According to a correspondent at Haileybury a number of the managers of hotels in the North Land, including especially those in towns touched by the Ferguson highway and its tributaries, in the district between North Bay and Cochrane, held an organization meeting in the Hotel Haileybury on Saturday afternoon, when several matters pertaining to their profession were discussed. Among these, it is understood, was the question of touring matters. The hotel men were not opposed to the camps, but they felt that, since the visitors who use them also took advantage of the facilities provided by the hotels for the travelling public, and did so without paying for them, that some action should be taken. No policy was determined upon at the meeting on Saturday, your correspondent was told, but the matter will be kept under observation. The high standard of the hotels and how this could be maintained, also came in for attention, likewise the subject of "floaters" and their methods.

## ACCIDENT PREVENTED MORE SERIOUS ACCIDENT.

New Liskeard Speaker:—On Wednesday morning, June 20, about 4 o'clock as Mr. J. W. McKinley was driving on the Ferguson highway a leak in his gas connections resulted in his car stalling just below Latchford. He walked into the town but it was too early to locate the gasoline dealer. Securing an empty pail in an adjacent lumber yard our townsman set about securing a supply of gas when he noticed fire running up the door of a small house situated quite near the road. Mr. McKinley rushed to the scene and fortunately discovered in the next yard a rain barrel containing water. This he used with such vigor that in a few minutes he was able to kick in the door and arouse the inmates, a man and his wife and several small children. As this door was the only means of exit other than windows, it is apparent that Mr. McKinley's opportune arrival was most fortunate for the occupants of the house. Apparently the fire was the result of a smudge which had been left from the night before.
