Born—In Schumacher, Ont., on Saturday, June 23rd, 1928, to Mr. and Mrs. Geo. J. Hawley, a son (Dean George).

NEW LINK IN WATERWAY

Prescott, Ontario.—Construction of docks and elevators along with dredging the channel of the St. Lawrence River, involving a cost of about \$4,000,000, will be proceeded with at once at this point which, with the completion of the new Welland Canal, will be the eastern terminus of the present deep water channel in the Great Lakes and St. Lawrence waterway. The grain elevator will have a capacity of five million bushels and the work will require two years to complete. It is planned to have them finished by the time the new Welland Canal is opened for navigation.

ENGLISH PHEASANTS FOR SASK

Saskatoon, Sask.—An attempt is being made in the Alsak and Loverna districts to raise English pheasants of the ring-necked variety. It is not many years since the Hungarian partridge was introduced into Western Canada. The experiment will take some years, and if successful will furnish an added attraction for bird hunters.

Agricultural production in British Columbia in 1927 totalled \$76,999,269, the largest on record, an increase of 7.89 per cent. over the previous year. Exports of agricultural products increased by 19.23 per cent.

The steamer "Lemoyn" recently cleared from Fort William, Ontario, with the largest cargo of wheat ever loaded on one vessel. It consisted of 534,300 bushels.

THE THRILL OF FINE CAR OWNERSHIP

IT is more than mere pride of possession that suffices the owner of the New Oldsmobile Six . . . it is the thrill of achievement, of the realization of a long-cherished ambition.

This new Oldsmobile is in every sense a fine car . . . a car of vivacious and sophisticated beauty . . . a car of sound, uncompromising quality.

Into its development have gone the skill and resources of General Motors engineers, millions of miles of testing on the General Motors Proving Ground, the artistry and craftsmanship of Fisher body builders.

Evidences of this inherent quality greet the Oldsmobile owner the moment he steps into his car . . . and become increasingly apparent as months and miles slip smoothly past.

The new Oldsmobile high-compression engine delivers its 55 horse-power without the use of special fuels. The insulated chassis and silenced interiors add to Oldsmobile's unmistakable atmosphere of luxury. Such special refinements as Lovejoy Hydraulic Shock-absorbers, radiator shutters, richly etched instrument panel and restful pad-typ. accelerator still further increase the pleasures of owning and driving.

Not without reason has Oldsmobile been termed "The Fine Car of Low Price." Not without justification have critics said, "You can buy a bigger car but not a better one."

General Motors' own deferred payment plan . . . GMAC . . . affords you the simplest and most economical way of buying your Oldsmobile on time. C-16-8-28-C

PURRRRR

The sleek complacent cat purr-rs out her tune of drowsy happiness; a soothing song of feline satisfaction. Contentment is her theme, the rhythmic ripple of her throat the measure.

Hear that Motor "H-u-m-m"

Hear your Engine "purr-r!"

It's worth a lot to keep the old engine purring. It's worth making sure what kind of oil goes into the crankcase.

Thousands upon thousands of car owners, the kind that listen to their

motors, won't have anything but Red Indian—won't take a chance.

Whether your car is just off the floor or has turned its first 50,000 miles, it should have good oil.

Play safe! Ask for Red Indian—and see that you get it.
