

## Woman Killed and Three Men Injured in Road Accident

### Motor Cycle and Auto Crash Together Near Cemetery on South End Road. Mrs. Lorenzo Zigaretto Killed. Her Husband Seriously Injured. Second Man on Motor Cycle Badly Hurt. Driver of Car Suffering from Shock.

On Friday evening last tragedy occurred on the Timmins-South Porcupine road when a motor car and a motor cycle crashed together. On another page the South Porcupine correspondent of The Advance gives a detailed account of the accident. Just how the accident occurred will not be known until after the inquest, which is being held over on account of the condition of the survivors. There were three on the motor cycle—Mrs. Zigaretto, in the sidecar; Mr. Zigaretto, driving; and Mr. Angela Antura also on the motor cycle. Mr. James Gibson, contractor of South Porcupine was the driver of the motor car. After the accident it appeared as if both the car and the motor cycle may have been on the wrong side of the road. Mrs. Zigaretto was crushed in the side-

car and died before she could be taken to the hospital. Her husband was seriously injured and is not yet out of danger. The amputation of one leg was necessary in his case. The injuries sustained by Antura were serious, but he is making good recovery in the hospital. Mr. Gibson suffered some minor cuts and bruises and is also suffering from shock. The funeral of the late Mrs. Zigaretto took place from her home, 31 Sixth avenue, on Sunday afternoon and was very largely attended. She had only been married a few months, and special sympathy goes out to the bereaved husband and other relatives and friends, Mr. and Mrs. Lorenzo Zigaretto having been held in the highest esteem by all who knew them.

## FAMOUS JACK MUNROE NOT DEAD AS REPORTED

### Man Dead at Rouyn Another Jack Munroe. Old-timer of Elk Lake and Porcupine Now at Red Lake.

Outside newspapers last week carried detailed accounts of the supposed death of Jack Munroe, noted North Land pioneer. The death was supposed to have taken place at Rouyn, but it was contradicted as soon as it was published, it being known that Jack Munroe, formerly mayor of Elk Lake and one of the original Princess Pats, is now in the Red Lake area. Evidently the report of the "Jack Munroe" of North Land fame, arose from the death of another Jack Munroe, usually known as "Little Jack Munroe," in his cabin at Cheminis, between Kirkland Lake and Rouyn. This Jack Munroe was a man of about 60 years of age and was well known in the Larder Lake and Kirkland Lake sections. He also was a war veteran and it is understood that his death resulted from hemorrhages caused by the after-effects of gas poisoning in the war. This Jack Munroe had many friends who mourn his death. The funeral was held at Kirkland Lake last week and was largely attended. An inquest was held at Rouyn and a verdict of death from natural causes returned by the jury. The more famous Jack Munroe of the North Land is now at Red Lake. He has had a spectacular career and this is the second time within a couple of years that reports of his death have been circulated. This "Jack Munroe" was a pioneer of the Elk Lake district and of Porcupine, a veteran of two wars, a former mayor of Elk Lake and at one time a pugilist of high standing. He was born at Bonbardie Head, 18 miles from North Sydney, New Brunswick, the son of Scottish parents, Alexander Munroe and wife, Anabella Kerr. "Big Jack Munroe" was a citizen of Cobalt when the great silver rush started in 1906. He saw service in the South African war and in the Great War, was a member of the original "Princess Pats." During his career as a fighter, Munroe met Jim Jeffries, at the time heavyweight champion of the world, and Tom Sharkey. In his meeting with Jeffries the latter was touring the country at the time and challenged any one to stay four rounds. At another time he was credited with a newspaper decision over Tom Sharkey in Philadelphia. Jack Munroe will also be remembered as the owner of "Bobbie Burns, the collier hero of the trenches." Munroe took the dog with him to England and then to France and it was wounded in Belgium. The dog was the pet of the battalion and on its return to Canada it was lavished with attention. On January 26, 1917 at a meeting of the Toronto Humane Society, Bobbie Burns was presented with a special medal. This Jack Munroe was also credited by the newspapers with being the first Canadian soldier to land in France during the war, the yarn being to the effect that he and his dog dropped from the ship as it was getting ready to dock, so as to have the honour of being the first to touch French soil. Hosts of friends of this Jack Munroe will be pleased to know that he is still very much alive, while those who know the other "Jack Munroe," who passed away at Cheminis, will sincerely regret his death.

## CRUSHED TO DEATH UNDER LOADS OF ROCK IN CHUTE

### Former Timmins Young Man Meets Death at McIntyre Mine Last Wednesday.

On Wednesday of last week Robt. Davidson, of Schumacher, a young man of nineteen years, met death at the McIntyre Mine, where he was employed underground. He was missed from his work and search being made for him it was found that there was no place else to look for him except in one of the ore chutes. The rock was cleaned out of the chute and the young man was found dead beneath some tons of rock. The inquest into the death resulted in a verdict of accidental death, with the cause of the accident unknown. No one saw the accident, and the young man's work did not take him around the chute. He had only worked a shift and a half underground when the tragedy occurred. The late Robt. Davidson resided with his mother at 66 Second avenue, Schumacher. The family formerly lived in Timmins, and here, as in Schumacher, the sympathy of all will go out to them in the sad death. The funeral took place last week to Timmins cemetery, and was largely attended. The funeral services were conducted by Ensign Bond of the Timmins Salvation Army.

## POLICE SEARCHING FOR MAN NAMED HAANPAA

John Haanpaa, a young Finn, who was released from the district jail at Haileybury a week ago after serving a short sentence following his conviction at Cochrane, has disappeared and the provincial police are investigating. Haanpaa with two companions walked down the railway tracks toward Atford and when about a mile from that place went into the bushes nearby and has not since been seen. The Montreal river runs close to the rails at this point and the main road is a short distance on the other side of the tracks. It is thought possible that Haanpaa simply took occasion to separate himself from his companions on his release from jail, but the police are taking no chances on the alternative that something may have happened to him either by his act or misfortune or through the act of others.

Born—On Tuesday, July 10th, 1928, to Mr. and Mrs. Irwin Richardson, of the Dome Mines,—a daughter.

**BRUCE MURRAY**  
Of the Canadian Wheat Pool headquarters at Winnipeg, who will co-swear the Winnipeg crew which will take part in the Olympic rowing trials at St. Catharines, Ontario, this week. He has coxed a Winnipeg crew to victory at the last three successive North-West International Regattas.

## FOR THOSE WRITING ON ENTRANCE EXAMINATIONS

For the benefit of the pupils writing on the H. S. Entrance examinations, The Advance would say that the results of this examination have not yet been received. As soon as they are received The Advance will let the successful candidates know in the usual way.

## THREATENING FIRE AT DEPARTMENT WAREHOUSE

### Blaze at the Northern Development Dept. Storehouse Looks Dangerous but Firemen Handle it Well.

On Tuesday evening at about 11.30 an alarm was turned in from Box 46, and from the upper part of the town the blaze could be seen in the Matagamis section. It looked like a bad fire, and it was a difficult one to battle, the blaze having a good hold before discovered. The firemen, however, made their usual speedy run, and did their usual excellent work, with the result that the fire was contained in the warehouse of the quered in a comparatively short time. The fire was in the warehouse of the Development Department. The building is owned by Mr. C. M. Auer and used as a storehouse by the Dept. It is located at 80 Main avenue. The fire was in an extension of the building and the firemen prevented its spread, eventually getting it out, despite the fact that gasoline was among some of the goods stored, and one of the barrels was actually leaking a little. Two lines of hose were used and in a short time the fire was extinguished. The building was saved, although several hundred dollars of damage was done. The cause of the fire is not known. On Sunday morning at 8 o'clock, the firemen had a run for a chimney fire, and again at 8.20 a.m. a call to 108 Maple street south for burning stovepipes and chimney.

## CELEBRATING TWELFTH AT COCHRANE THIS DAY

The Orange lodges of the district are celebrating the Twelfth of July at Cochrane today. A number from Timmins and Schumacher went to Cochrane this morning for the occasion. The Schumacher Pipe Band is at Cochrane for the day, having been engaged to provide music for the day.

From The Nugget files of 1913, The North Bay Nugget this week reproduces the following paragraph: "Today is the second anniversary of the greatest calamity that ever befell the Temiskaming country for on July 11, 1911, bush fires sweeping across the north country wiped out the towns of South Porcupine and Cochrane, destroyed millions of dollars worth of mining and town property and took a toll of 75 lives."

## FIRST ONTARIO FOOTBALL CUP MATCH HERE JULY 21

### Qualifying Round for Ontario Cup. Porcupine and Kirkland Lake Districts to Play Off

In the qualifying round for the Ontario Cup, the matches in Northern Ontario will be played in two groups. One group will be in the Porcupine district and the other at Kirkland Lake.

In the Porcupine district series the first match will be played at Timmins on Saturday of next week, July 21st, between the Holly Rees, and the McIntyre. In this the Dome drew a bye. On the following Saturday, July 28th the Dome will play the winners of the match on July 21st.

In the Kirkland Lake district, it is likely that the first match will be on Saturday, July 21st between Lake Shore and Teek-ughes teams.

The Porcupine and Kirkland Lake districts will play off for a winner to go from the North to play in the Ontario Cup series. It is likely that the play-off between Porcupine and Kirkland Lake will be by home and home games.

The winner of the Porcupine series, irrespective of other matches, will be the holder of the Gallagher cup for the year.

## HOLLY REES EASILY BEAT THE POWER CO. LAST NIGHT

Holly Rees had no difficulty beating the Power Co. last night at softball, hitting Towers hard and often and scoring practically at will. W. Roberts starred, crossing the plate five times in six times up. Stevens added two more home runs to his total. Platus also got one.

The following is the score by innings:  
R  
Holly Rees. .... 1 3 3 2 6 4 8—27  
Pore. Power ... 2 1 0 0 1 0—4  
Batteries—Platus and Golden; Towers and W. Hardy.

## SUCCESSFUL CONCERT BY BAND ON THURSDAY.

The open-air band concert by the Timmins Citizens' Band on Thursday evening last drew a good crowd and all enjoyed the good music provided. An attractive programme of pleasing selections was presented in effective way by the band under the direction of the new leader, Mr. A. Wilford.

## PLAY IN THE QUALIFYING ROUND FOR CLUB TROPHY

### Weather Good on Saturday, but Following Days Not so Good. Play Still in Progress

There was a large and enthusiastic number of members of the Timmins Golf Club participating in the qualifying round for the Golf club trophy, played last Saturday, Sunday and yesterday afternoon.

The weather was splendid for golf on Saturday afternoon, any complaint which could be made would be that it was rather warm. Sunday was a cold rainy day, and this interfered with the games. Yesterday afternoon was cool, but the rain stayed off until late on the evening.

Through play continuing until yesterday in the first round, it is impossible to get the scores at the time of going to press.

The second round of the 36-hole qualifying round for the Golf club trophy will be played this Saturday afternoon, Sunday and next Wednesday afternoon, July 14th, 15th and 18th. All members who played in the first round are requested to turn in their cards on any of the above dates so that the complete scores can be made up, and the thirty-two best qualify for the elimination contest for possession of the trophy, and championship of the Timmins Golf Club.

## HAILEYBURY CATHEDRAL TO BE REBUILT IN YEAR

Official announcement has been made by His Lordship Bishop Rheame that the cathedral at Haileybury will be rebuilt in the immediate future. The bishop stated that the cornerstone of the new cathedral will be laid in September of this year and the building will be ready for service by September of next year. The new building is to take the place of the one destroyed by the Central Temiskaming fire of October, 1922. His Lordship made no reference to the rebuilding of the hospital at Haileybury, so it may be taken for granted that this is not contemplated, despite the fact that rumours have been in circulation recently to the effect that plans were under way for the rebuilding of the Haileybury hospital.

Mrs. A. D. Wright, of Kapuskasing, has been visiting her daughter, Mrs. Hawley, at Schumacher, and renewing acquaintances in Timmins and district.

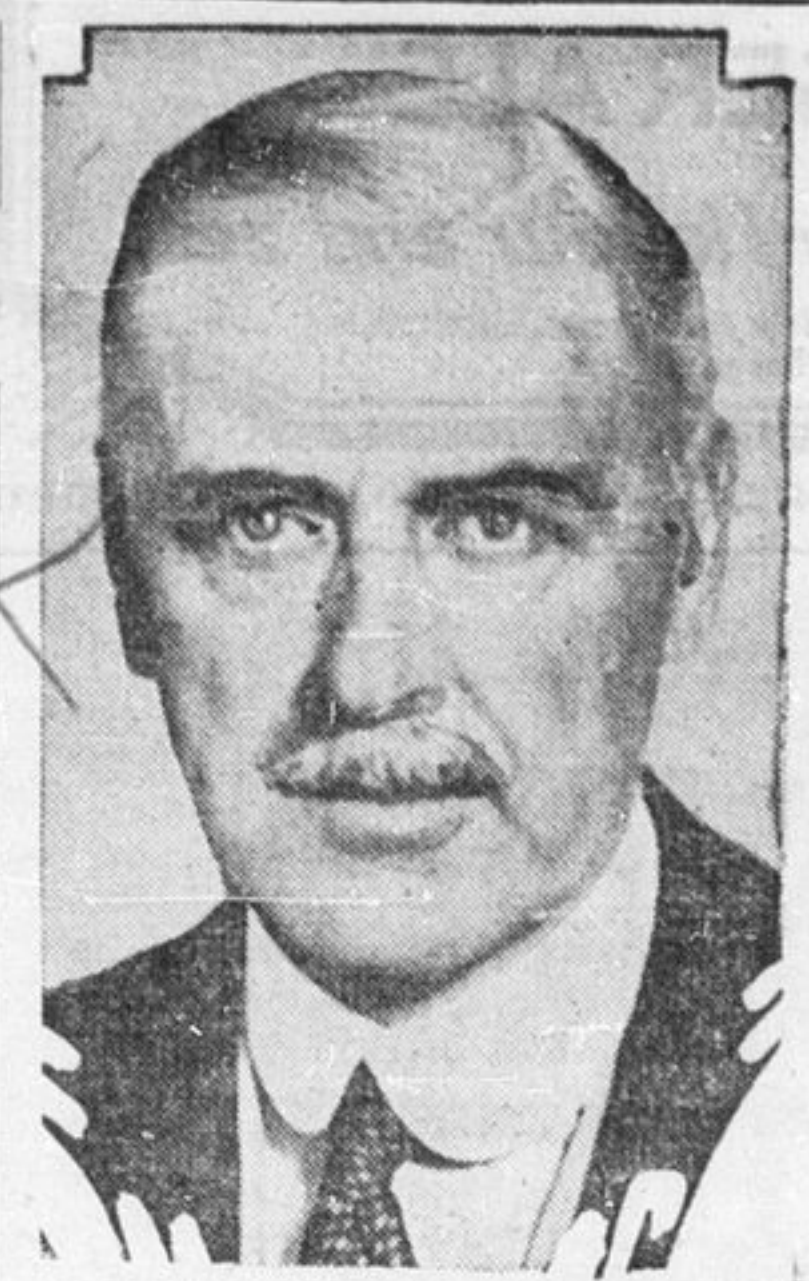

## TWO TIMMINS SENIORS MAKE HOME RUNS HERE

### South Porcupine Has Win in Interesting League Game Here Yesterday.

In the Temiskaming Baseball Association series (Senior) South Porcupine won here from Timmins yesterday (Wednesday), the score being 13 to 7. There was a good crowd and an interesting game, with lots of sport and fun in the proceedings. The Timmins team though still needing practice and coaching is playing better ball and promises still better things before the season is over. There was some dissatisfaction with the umpire, it being felt that the South Porcupine team got all the breaks, instead of the weaker team, but as the visitors are always supposed to get the benefit of the doubt the umpire may not have been far out after all. Timmins showed up better than in any previous game which is encouraging to all. The outstanding players for Timmins were Derdon, Murphy and Sloan. Derdon and Murphy each made home runs. The line-up for Timmins was: Murphy, s.s.; Prentice, 2b.; Derdon, 1 b.; Sloan, 3b.; Thomas, 1 f.; Towers, p.; Lauzon, c.; Whitney, c.f.; Pierce, r.f.

## ANNUAL MEETING OF THE MONETA PORCUPINE MINES

In the balance sheet presented to the shareholders of Moneta Porcupine Mines, Limited, there is shown cash in bank at \$5,966; accounts receivable, \$4,005; bond investment with accrued interest \$59,568; and stock investments, \$29,330. Plant and equipment is charged at \$14,112; development account, \$59,157; mining property at \$1,000,000, and discount on stock sold \$823,962. The only liabilities are the 1,996,100 \$1 par value shares issued. The annual meeting of the shareholders will be held at 67 Yonge Street, Toronto, on Friday, July 20.

**BRITAIN'S NEW SPEAKER**  
Captain A. E. Fitzroy, M.P., who has been chosen to serve as Speaker of the British House of Commons, as successor to Rt. Hon. Mr. Whitley, who retired.

## HOLLY REES. WIN ANOTHER IN THE P.O.F.L. SERIES

### Match Featured by Remarkable Head Work of the Holly Rees in Opening of Second Half.

The Cornish dropped another match in the P. O. F. L. series, this time to the Holly Rees, by a 2-1 score on Tuesday night.

The Holly Rees, were leading 1 to 0 at half-time. At the kick-off in the second half very fine headwork was achieved by the Holly Rees. The ball was brought down from centre field by the halves; then out to Landers and back to McCorry, and then to centre of the goal mouth; with the ball only being kicked once and that at the kick-off; the rest was done by each man heading the ball. Shaw was robbed by Sloman before he could finish the fine play carried along by real "head work."

The Cornish pressed hard and were soon awarded the equalizer when Higgman put a high one to the goal mouth and Chalmers headed it in. The play was very fast, and an incident happened, which while very funny to those close by, nearly ended in a free-for-all. The incident referred to started when Southcott and McCorry were on the leather, and Southcott slipped in the mud; McCorry caught hold of him to break his fall, and he slipped himself in doing so; then Southcott thought he was being unfairly tackled and he slapped McCorry in the face; McCorry resented this and went after Southcott. Instead of the other players stopping the mix-up, it looked for a second or two as if all of them would get into it. However, no damage was done, and the match went on in friendly way.

The Rees, pressed again to get the lead and during a hard time in front of the Cornish net the ball was fouled in the penalty area and Rowe saved the penalty kick by fisting it over. At the other end the Cornish gave Ewart and Johnston a trying time to keep them out. The Rees got away again and Landers and McCorry came down. The latter sent in a hot grounder, but Rowe made a good save. Soon after Woods put Rees, ahead with a nice shot. The Cornish tried hard to equalize again and put in some fine work, and Elrick had to make a couple of good saves. The Rees, pressed again and while heading the ball Street had the misfortune to break his nose and he had to retire. Cadman dropped back in Street's place. It was end to end play during the rest of the match. McCorry tried another one of his favourite ground shots and struck the upright on the wrong side. In the last minute the Cornish were around the Rees, area and forced a corner which was kicked and cleared at the whistle.

Cornish One-and-All: Rowe, goal; Street and Sloman, backs; Higgman, Southcott and Harris, half-backs; Pettick, Southcott, Cadman, Chalmers and Carroll, forwards.

Holly Rees: Elrick, goal; Ewart and Johnston, backs; Huddleston, Robson and Wood, half-backs; Landers, McCorry, Shaw, T. Johnston and Potter, forwards.

Referee—R. Wallace. Linesmen, Leonard and Parker.

## SOLDIERS KILLED BY LIGHTNING AT PETAWAWA

Major M. O'Halloran and Lance Sergeant A. T. Goudey, both of the Seventh Field Battery, ontreal, were killed when lightning struck two guns of a field battery while at battery practice at Petawawa camp, near Pembroke, on Monday afternoon. Sergt. G. Ferry, of the same battery, was seriously burned about the legs and neck. Gunner F. W. Dyson, of the Third Medium Battery, R. C. H. A., Kingston, was killed Sunday night when a stable was struck.

## FORMER TIMMINS MAN LOST IN NORTH MANITOBA

### Search Parties Looking for Andrew Taylor, Who Has Been Missing Since June 28th.

Great regret and anxiety have been caused in Timmins and district by news reaching here to the effect that Andrew Taylor, formerly of Timmins, is lost in Northern Manitoba. According to latest reports received he has not been found, although large groups of men have been searching for him for days. The Advance correspondent at Schumacher elsewhere in this issue gives the authentic story of how he came to be missing. Mr. Taylor was for several years proprietor of a hotel in Schumacher, later being one of the principals in the establishment of the Killings-Taylor bus service between Timmins and South Porcupine. He bought the house formerly owned by Mr. L. S. Newton, just below the Queen's hotel, Third avenue, and lived in Timmins for some years. He conducted a taxi business here for some time. Later he moved to South Porcupine, and some weeks ago went West to work. He is very popular and highly regarded all through this district, and all will wish that he will turn up all right.

## CONCERT AND NOVELTY ORCHESTRA VISITING HERE

Mr. F. H. Ribout, formerly of Timmins, but now with the Lake Shore Mine at Kirkland Lake, was in town this week arranging for a visit here of the Buffalo Gaiety Orchestra, a noted concert and jazz orchestra recently brought to the North and at present in Kirkland Lake. This orchestra will be at the McIntyre hall for the dance on Friday night, and they have also a special engagement for the Goldfields theatre on Friday and Saturday night, and Saturday matinee July 13th and 14th.

The visit of the Buffalo Gaiety Orchestra will generally be considered as a musical treat. While the orchestra presents the latest popular music, including jazz, their speciality is concert music, and they are all musicians of high class. The orchestra is under the leadership of Ray Caldwell, of the Gaiety Theatre, Buffalo; with Louis Quitt, trumpet, recently with Vincent Lopez's Statler Hotel orchestra; John Elliott, drums; Maurice Lutwack, clarinet and saxophone; and Norman Tepaz, at the piano.

The musical programme at the Goldfields Friday and Saturday is in addition to the regular picture programme. The special for the two days is "Ham and Eggs at the Front," an amusing comedy dealing with Uncle Sam's blackface soldiers "somewhere in France."

## MEETING OF PORCUPINE POULTRY ASSOCIATION

### Officers Elected for the Ensuing Year. Society in Good Financial Condition.

The annual meeting of the Porcupine Poultry and Pet Stock Association was held in the town hall on Friday evening last and there was a fair attendance of those interested.

The reports for the past year showed a successful season. With the Government grant received the association is able to pay all its liabilities and have a balance on hand. Mr. A. Tomkinson, who has been president of the association for two or three years, and Mr. J. H. Skally, who has been secretary, would not stand for re-election, finding the calls of the society on their time and effort too onerous. To these retiring officers the association owes much of its success. The new officers elected were:

President—W. Martin.  
Secretary—H. Parnell.  
Treasurer—L. McLauchlan.

The new officers are taking hold with enthusiasm and with the support of others interested the association will continue successful and of service.

## ODDFELLOWS OBSERVE 600TH MEETING HELD HERE

There was a big crowd on Tuesday evening for the special social event at which the Timmins Oddfellows observed the occasion of the 600th meeting of their lodge in Timmins. Oddfellows, Rebekahs, and their friends gathered for the occasion and a very happy evening was enjoyed. Cards and other social pleasures were enjoyed and there was a musical programme of interest. Refreshments were served during the evening, and this feature, as usual with Oddfellow and Rebekah events was a very pleasing part of the evening.

Noteworthy progress is being made in the erection of the handsome and commodious new lodge room and hall building, being erected for the Loyal Order of Moose on Fourth avenue between Cedar and Balsam.
