Dated at Timmins, this 5th day of July, 1928.

H. E. MONTGOMERY, Clerk. -27-29p.

## A.S.D. WINS FIRST HALF TOWN SOFTBALL LEAGUE

In the Play-off Between Arrows, Holly Rees. and A.S.D. the Latter are the Victors.

The winner of the first half of the Timmins Softball League has now been declared. At the end of the schedule first half three teams namely Holly Rees, Arrows and A.S.D. were tied with 4 wins and 1 loss apiece.

In the play-off Arrows defeated the Holly Rees, 13-8, and in the final game A.S.D. defeated the Arrows, after a keenly fought game, on Friday July 6th, by the score of 7-1.

The game was closer than the score would indicate, as in the first and last innings, A.S.D. were able to secure 4 runs, due to mis-plays by S. Brown and Alton.

A.S.D. seemed to have the edge on the Arrows and are worthy winners of the first half.

The crowd on hand was the largest that has ever witnessed a softball game in the history of Timmins, and seemed satisfied with the sterling brand of the ball as displayed by both teams.

A. Boyd led the hitters for the winners with 3 hits, closely followed by Kelly and H. Boyd, who secured 2 hits each; for the Arrows Mellargey continued his fine fielding, making a beautiful running catch, which resulted in a double play.

### Box Score

Name	AB	R	B	PO	A	E
Murphy, s.s.	3	2	0	1	3	1
A. Boyd, c.f.	4	1	3	1	0	0
Roberts, 1 b.	4	0	0	13	0	0

## SUSPENDED SENTENCE IN CHEQUE FORGERY CASE

Alien Pays \$50.00 and Costs for Illegally Having Revolver. Other Court Cases.

At police court this week Alphonse Tureotte, a young man of about nineteen years, was allowed to go on suspended sentence on a charge of the forging of some cheques. Restitution was made in full, and this no doubt helped to leniency in the case. He was arrested some days ago by Chief McLaughlan while in the Bank of Montreal where he was apparently preparing to cash a cheque on the Rouyn branch of the Bank of Commerce. Three cheques of \$160.00, \$200.00 and \$110.00 were cashed by the young man, who used the name of his brother, who had an account in the bank at Rouyn.

Michael Galasso was fined \$50.00 and costs for illegally having firearms though being an alien and not having a permit.

A horse running at large cost one man \$10.00 and costs.

A reckless driving charge laid by Provincial Officer Craik resulted in a fine of \$10.00 and costs being imposed.

## LATEST FRAE ABERDEEN

Jeannie—"Jock, Jock, there's a coo in the vegetable garden."  
Jock—"All right, woman, dinna stand makin' that fuss. Hurry up and milk her before she gets out."  
100-Ton Booster

## HIS DESERTS

A little girl returned from school proudly flourishing a paper.

"It's a composition about Socrates," she said, handing it to her mother with a grand air. "Teacher told us about him and then we wrote it. You can read it if you want to."

And mother read: "Socrates was a great man. He was a sort of tramp. He told everybody what to do and they gave him poison."

## PULL FOR THE SHORE

There was a landlubber with the shipwrecked crew that had been adrift for two days, with hope at low ebb.

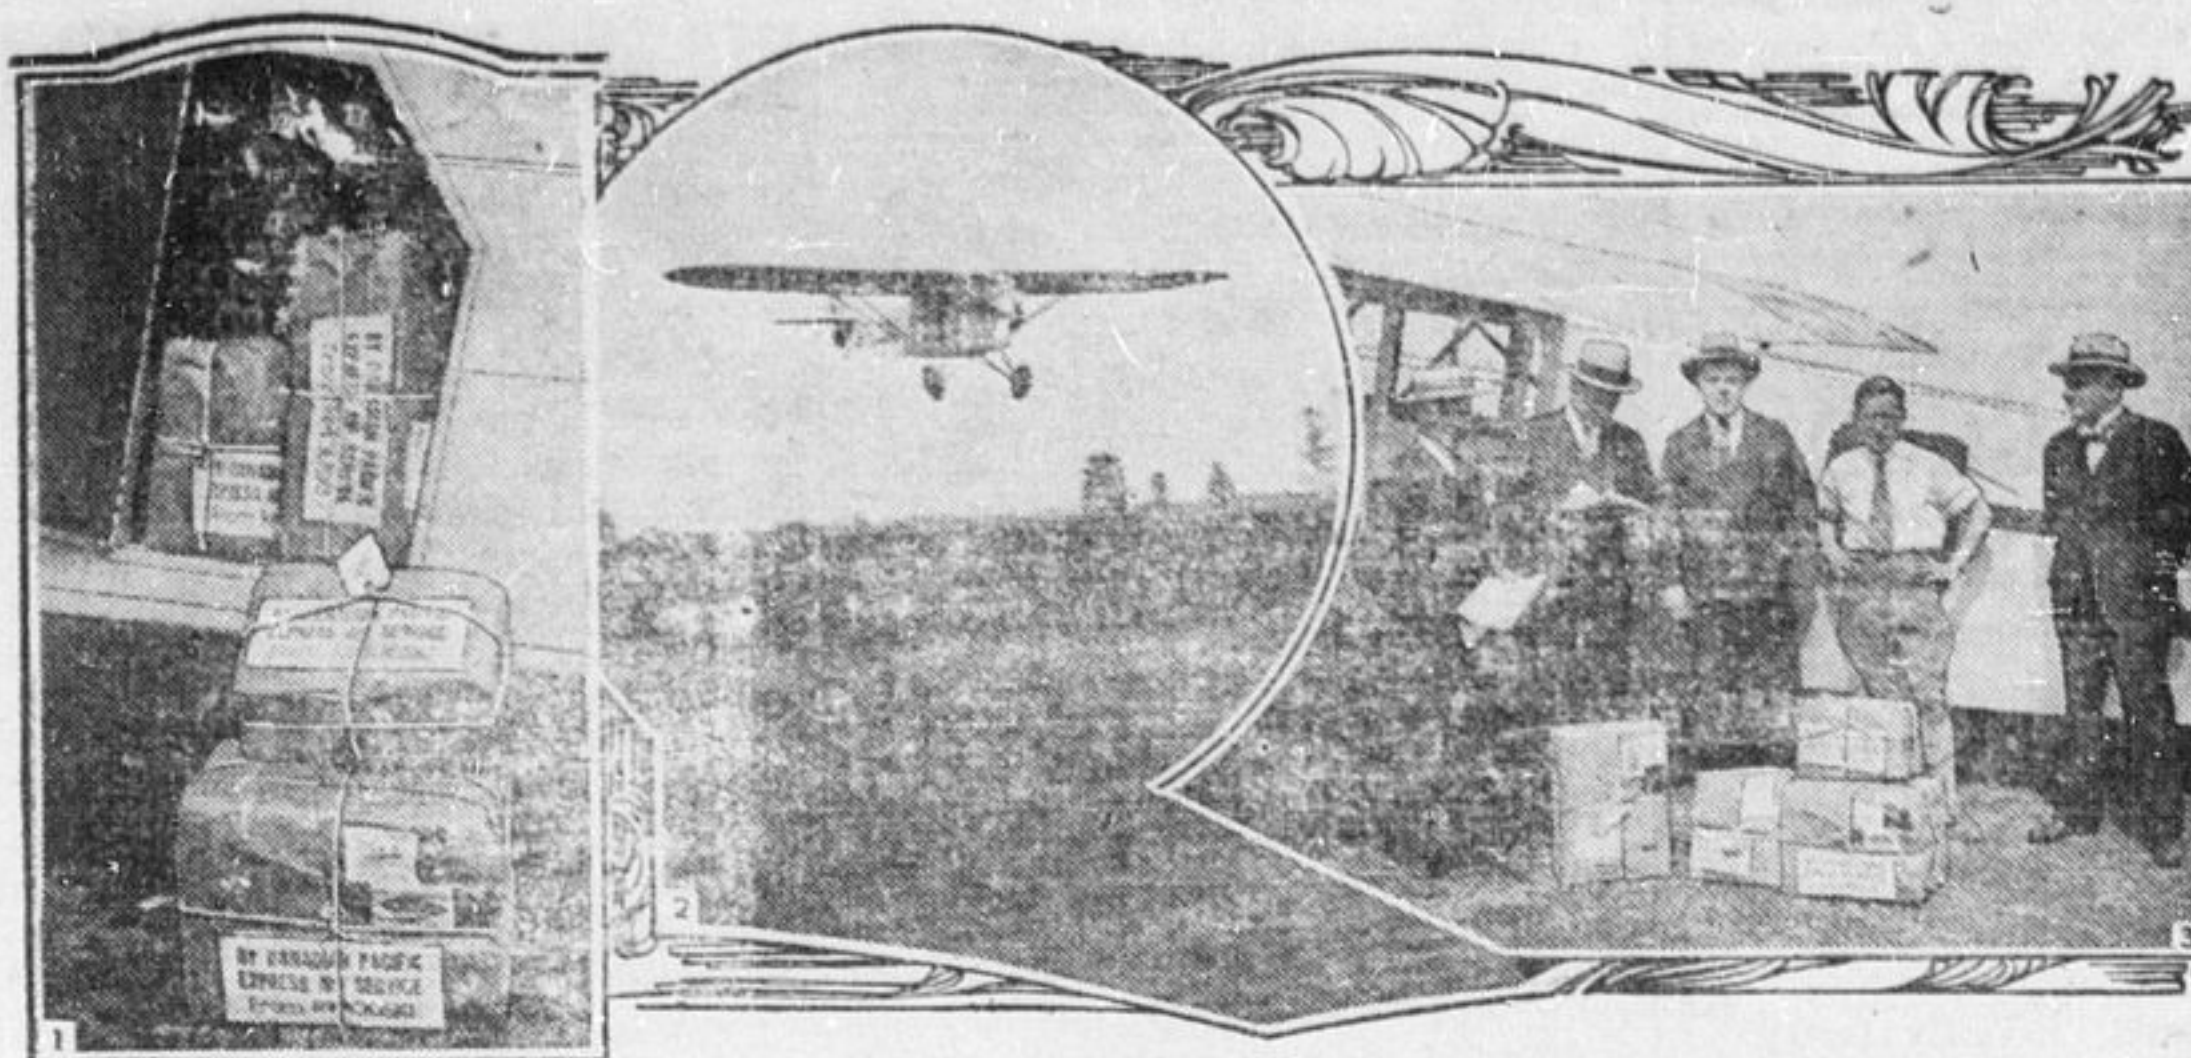

"What's that?" exclaimed the landsmen, pointing into the distance.

"That's land, isn't it?"

"I see nothing but the horizon," replied the first mate.

"Well, hang it, that's better than nothing. Let's pull for it."

## LONDON TO LONDON BY AIR

(1) Packages of air express, especially labelled, at the door of the cargo compartment in the express airplane.  
(2) Inset: The single-engine Fairchild cabin-monoplane landing at the St. Hubert air-field, outside Montreal, after the flight from Rimouski.  
(3) Canadian Pacific Express and customs officials at St. Hubert superintend the transfer from plane to plane.

Less than seven days after leaving the shipper in London, England, four packages of merchandise totalling forty two pounds in weight were recently delivered to the consignee in London, Ontario. This achievement was effected by the Canadian Pacific Express in the regular air express service maintained in connection with the trans-Atlantic liners entering and leaving the St. Lawrence.

In the forenoon on Saturday the packages left London and were placed aboard the "Empress of Australia" sailing from Southampton at noon. The following Friday they were trans-shipped from the

vessel to a plane at Rimouski and speeded towards Montreal. Less than three hours afterwards at the St. Hubert airfield outside of Montreal the express was transferred to another machine and carried on to Toronto. Arriving here in the evening, seven hours after leaving Rimouski the packages were picked up by another airplane at the Leaside field and taken to London.

The Canadian Pacific are pioneers in air express in Canada, having service under a special tariff in connection with incoming and outgoing trans-Atlantic liners in the St. Lawrence River.

Not only is express to and from Europe greatly expedited by this arrangement, but domestic express shipments make constant use of the bi-weekly service between Ottawa and Montreal, Toronto and Montreal, and down the St. Lawrence to Rimouski, that thus serves two purposes. Express moving east or west between these points may be greatly speeded in delivery in this manner, and put considerably ahead of ordinary express matter unaided by this auxiliary. Merchants have made use of the Canadian Pacific Express Air Service to ship articles of every description, from flowers to motion picture film.

## NORTHERN MOTOR PATROL TO HAVE MANY DUTIES

Impressive List of Attainments for Provincial Speed Cops According to Reports.

According to the reports from Toronto where the new Northern Ontario Motor Cycle Patrol is now in training the seven officers for this service will be men of special attainments and their duties will embrace a wide list of helpfulness. There are seven men now being trained by the Provincial Police for the new motor cycle patrol to be placed along the Ferguson highway at strategic points. Announcement is expected this week as to where the seven new men will be placed.

At first the new men were referred to as "speed cops" but a much broader designation seems necessary. It is true that the new motor cycle force will see that no speeding is allowed on the Ferguson highway, but the duties apparently are to go much further than that. According to Attorney-General Price, "the aim of these officers is to be equipped so that they can be of real service to tourists who go into the North, who might be stranded at various places and need attention. In other words, they will try to be helpful, as well as enforce the law."

It is understood that the training at Toronto now in progress includes full instruction in motor mechanics; training in first aid; some knowledge of forest fire protection methods; a full knowledge of the fish and game laws; and other studies in general police work.

## CLEVER DEMONSTRATION OF WEAR-EVER ALUMINUM

At the home of Mrs. W. D. Watt, Toke street, on Monday evening there was a very interesting demonstration of "Wear-Ever" aluminum by an expert demonstrator. This efficient young man showed the value of the aluminum ware by practical demonstration, cooking a complete dinner, baking cakes, putting up fruit and otherwise proving the superiority of the kitchen utensils by actual use. A number of ladies of the town were invited in for the occasion and all enjoyed the cooking demonstration, which was very capably done, as well as the brief addresses on health, diet and kindred subjects, by the demonstrator.

## HOWLERS

From schoolboys' science papers:  
The earth makes a revolution every twenty-four hours.

The difference between air and water is that air can be made wetter and water cannot.

We are now the masters of steam and eccentricity.

Things that are equal to each other are equal to anything else.

Gravity is chiefly noticeable in the autumn, when the apples are falling from the trees.

The axis of the earth is an imaginary line on which the earth takes its daily routine.

A parallel straight line is one which if produced to meet itself does not meet.

## BIG CROWDS ENJOYED THE "ABIE'S IRISH ROSE" SHOW

Monday and Tuesday of this week there were good crowds at all performances of "Abie's Irish Rose," at the Goldfields theatre. Also, the crowds enjoyed the show, both the play and the vaudeville taking the fancy of the audiences. "Abie's Irish Rose" had a remarkable run in New York, maintaining its popularity for years, and still going strong in the United States metropolis, as well as in the other cities and towns on the continent. The company presenting the show here took the parts well and those attending considered they had their money's worth and more in fun and laughter. Most of the members of the company were here last year with Arlie Marks and her company, but this season they are out on their own circuit. In an announcement from the stage while here the manager of "Abie's Irish Rose" explained that the company was distinct from the Arlie Marks company, which, he said, would visit Timmins in the near future when he asked as good support for them as he'd been given to "Abie's Irish Rose."

## ASK DAD

Johnny (reading over his essay to his father before presenting it):  
"And industry, above all, must get rid of superfluous workers"—say Dad how do you spell 'superfluous'?"  
Father: "Useless' is a much better word."

## STOPPING A TENTH OF IT.

Jock was learning to play the bagpipes. One night while he was strutting about the room skirling for all he worth, his wife attempted a mild and very belated protest.  
"That's an awfu' noise you're making," she said.  
Jock sat down and took off his boots then got up and resumed his piping in his stockings feet.—Aberdeen Post.

## NOT SO BAD

First Boot—"I hear that the drill sergeant called you a bookhead."  
Second Boot—"No. Hedidn't made it that strong."  
First Boot—"What did he actually say?"  
Second Boot—"Put on your hat, here comes a woodpecker."
