good use of every fluke that was made by anyone. It was an exciting game to watch and their next struggle is looked for with interest.

In an interview with Mr. O. Knutson, manager of the Harris Consolidated Mines, we find rapid progress is being made at this property, formerly known as the Beaumont Mines. A large station has been cut at the 600 foot level, also a very large sump to take care of water from there. The shaft is now 20 feet below the 600 level and they expect to reach the 750 foot level by August 1st, where there will then be another station cut. There will also be an 875 level and a 1,000 level. When the 1,000 is reached the shaft will be widened to a three-compartment shaft to give another compartment for sinking shaft to a further depth of 500 ft., making a total depth of 1,500 feet. There will be a hoist installed at the 1,000 foot level to do the hoisting for the 500 ft. to be sunk below 1,000 ft. A large development programme has been planned. After this station at the 1,000 foot level has been completed new levels will be opened up and cross-cutting started to open up the ore bodies of the sought ore-zone. Preparations are being made for installing a return electric signal system in the mine.

**CLOSING DANCE OF S.O.E. VERY ENJOYABLE EVENT**

The Timmins lodge of the Sons of England held their closing dance of the season on Saturday last in the Hobbler hall, and there was a large attendance, all enjoying a most pleasant evening. Tommy Stephens' orchestra supplied up-to-date music for the occasion. The streamer dance was greatly enjoyed by everyone, even those not taking active part enjoying the fun. The S.O.E. wish to thank one and all for the way in which they have supported the newly-formed society with the most up-to-date music and provide all with a good time at the social events in the winter months. The S.O.E. is also grateful to the ladies for helping with the refreshments and for other generous assistance. The S.O.E. is looking forward to some good times during the next season.

"I hope so. She ate everything in sight."—Exchange.

**COL. F. SAUNDERS S.A., HERE FOR WEEK END**

Principal of the Salvation Army Training Garrison is a Noted Speaker and Has Travelled Widely.

Timmins Salvation Army is fortunate in securing a visit from Colonel Frederick Saunders, principal of the Salvation Army Training Garrison for Canada East Territory. Col. Saunders will be at the Timmins Army on Saturday and Sunday. The following services will be held at the S. A. hall on Fourth avenue:

Saturday night, 8 p.m., Praise Service.  
Sunday morning, 11 a.m., Holiness Service.  
Sunday afternoon, 3 p.m., Company Service.  
Sunday evening, 7 p.m., Salvation Service.

Col. Saunders has a wide reputation as a speaker and as an educationist. He has the gift of eloquence and has travelled widely and has the happy knack of instilling interest as well as inspiration into his addresses. The Colonel has seen service in Australia, England, New Zealand and now in important capacity in Canada. There will no doubt be a large attendance at each service during the week-end.

**SCHUMACHER YOUNG LADY MARRIED AT CHARLTON**

At Charlton, Ont., on Saturday, July 7th, St. Stephen's R. C. church was the scene of a pretty wedding when Mary Jocelyn, only daughter of Mrs. Malone and the late John Malone, of Schumacher, became the bride of Francis Simms.

After the ceremony a reception was held at the home of the bride's aunt, Mrs. A. Regan. Their many friends will wish the young couple long years of happiness and prosperity.

Trenton Sun:—He had to get a new car, because he couldn't afford to run the old one any longer.

Louisville Courier-Journal:—"Doctor, I'd like a prescription!" "For what?" "For a fishing trip!"

Galt Reporter:—His car is one of those "in and out" affairs,—running out of gas and into everything.

He kissed her in the garden  
When the moon was shining bright;  
But she was a marble statue  
And he was awful "tight."

**TIMMINS L. O. B. A. ATTEND CHURCH AT CONNAUGHT**

Gold Star Lodge, No. 677, L.O.B.A., Timmins, attended divine service at Connaught on Sunday. There were about 25 members of the order present in addition to the usual congregation. Rev. Wm. Turner preached an able and inspiring sermon appropriate to the occasion.

**PROMOTIONS TO JR. I. CLASS AT MATTAGAMI SCHOOL**

In the last issue of The Advance the promotions for one room at the Mattagami school were omitted. This omission was due to the fact that in making up the report to send to the paper, the copy of one sheet was enclosed instead of the sheet giving the list of promotions to Jr. I. Instead of the sheets for Jr. I to Sr. I and Sr. Pr. to Jr. I, there were two copies of Jr. I to Sr. I. Miss Dodd, the teacher of the room has kindly supplied The Advance this week with the missing list which is given herewith:

Sr. Pr. to Jr. I.—John Sears, Irene Walterhouse, Jimmie Stingle, Helen Pearson, Lorne Burton, Alice McLeod, Helen Forrester, Bruce Houle, Muriel Bound, Marion Sheridan, Raymond Righy, Elsie Sheridan, Arthur Holmes.

A careful driver is one who can wear out a car without the assistance of a locomotive.—Lafayette Lyre.

"I don't see how a man can put an old nasty pipe in his mouth," said she as she stopped to kiss her bulldog.

**Fatal Accident on Road Near South Porcupine Cemetary**

Mrs. Lorenzo Ziglotte killed. Husband and Friend Injured when Motor Cycle and Car Crash. Important Meeting of Tisdale Council. South Porcupine Has Loss in Senior Ball. Progress at Harris Consolidated Mines.

South Porcupine, July 11th, 1928. Special to The Advance.

On Friday night last about thirty the worst accident yet of the Timmins-South Porcupine highway occurred when a motor cycle and Whippet motor car collided. One woman, Mrs. Marina Ziglotte, who was riding in the side car of the motor cycle died in four minutes after being admitted to the hospital. She was terribly crushed and mangled from the impact. Her husband lies at the hospital here in a very precarious condition. On Sunday last his limbs which had been crushed, had to be amputated and his life is still in danger. He and the young woman who was killed were only married about three months ago. The other occupant of the motor cycle, Angelo Artuso, is also at the hospital but is recovering nicely. Mr. James Gibson, of South Porcupine, the occupant of the car, was knocked unconscious for a while but was taken home. He is in a very nervous condition from shock. The accident occurred out near the South Porcupine cemetery. There are many versions of it but until the inquest can be held, nothing definite can be stated. At five o'clock this evening a jury was empanelled before Coroner Evans, but other than taking the evidence of Dr. McLaren is to the condition of the two patients at the hospital nothing was done. Dr. McLaren stated that neither patient was fit to come down to give evidence yet, that Artuso could give his evidence at the hospital but that Lorenzo Ziglotte was in such a critical condition that it would be injuring his chances of recovery to give evidence before the jury at the hospital. However, he is perfectly conscious, and if the need arose to get a statement from him he would know what he was saying. The jury was adjourned for a week to allow time for the recovery of these witnesses. Those sworn in on the jury were:—H. M. Wilson, foreman; W. W. Wilson, J. Cunningham, J. Ostrom, J. Hendry, S. Kennedy, F. Laforest, G. T. S. Train, J. T. Smith, H. Blood, G. McIntosh and W. Skinner. S. Caldwell was present as Crown Attorney and Dean Kester, of Timmins, represented the three injured persons.

The car and motor cycle were both badly demolished and were towed later to the Porcupine garage at Timmins. It was a new car which had just been bought shortly before the accident by Mr. Gibson. The motor cycle belonged to Timmins residents. In the police court last Thursday one man got \$10 and costs for speeding; for reckless driving another man paid \$20 and costs; the same was also fined \$5 and costs for not producing his driver's license when asked for it by the police. This is a warning to all motorists to have their permit where it will be available for showing when asked for by a police official. Anyone refusing or failing to produce his permit to the police will get the same penalty or more. Another reckless driver got a fine of \$20 and costs. There were eight drunks who paid the usual \$10 and costs. Provincial Officer Craik has taken a man to Haileybury who was convicted of being drunk in charge of a motor vehicle.

Patsy Imarello, who was sentenced on June 10th, to three months for having liquor for sale but who appealed his case had the appeal heard before Judge Caron, of Cochrane on Friday, July 6th. The Judge upheld the decision of the magistrate and the man gets the three months he was promised. The police state anyone found guilty of a similar offence is likely to get the same penalty or a more severe one.

Sergeant Gardner, of Cobalt, has been stationed in Cochrane district in charge of the Provincial police force and reported in Cochrane on Monday, July 9th, for his new duties. He was in South Porcupine on Tuesday. Miss Lempi Lehtonen and Mr. Toivo Ihander, both of South Porcupine, were united in marriage on Tuesday, July 10th, by Rev. E. C. Moddle. After the ceremony a reception was held at their future home on Bruce avenue. The bride was gowned in gray flat crepe. Her bridesmaid was her sister, Martha, while his brother, Nick, supported the groom.

The Tisdale township council held their regular meeting on Monday evening, July 9th, with the reeve and all the councillors present. Among the correspondence read was a letter from the Timmins council containing a copy of a resolution passed by them re the South Porcupine-Timmings highway. For sidewalk two tenders were read and J. Wuori was awarded the contract. For road construction there were four tenders; Laffin obtained the contract for this end of the camp and Feldman Lumber Co. for the making of the Coniaurum road. There was a letter from Dr. Byers, re a charity case. W. H. Craig, mayor of Kingston, wrote re the Fire-chief's convention being held at Kingston. The council are paying the fare of a delegate from Schumacher and South Porcupine, each, to this convention. They were asked to smooth off the race-course at the ball grounds with the tractor and grader. A civic holiday was declared for Wednesday, August 1st. The band and senior-baseball club are combining for a big field day here on that date. There was considerable discussion re waterworks. Those who have not paid for their service connection and the time is past due are to be made to pay promptly so that money can be used to give the same ten months' credit to others wanting water connection and not necessitate the borrowing of money for that purpose as the township has to pay cash to the contractors who put in these service connections. The Schumacher waterworks still owe the township of Tisdale several thousand dollars which it will be necessary to collect to put in other connections there. South Porcupine waterworks are not in debt to the council but prompt collection will be necessary to keep its balance on the right side. The councillors agreed that those not putting in the full water service should be made do so in all fairness to others, that sanitary conditions called for it. The street joining the Anglican and Catholic churches in South Porcupine is to be repaired. The repairing of the Davidson road is to be started this

week. By waiting until the road was built into the Scottish Ontario (Canada) a gravel pit with a much shorter draw could be obtained, hence the delay. The Coniaurum road will cost around \$2,000. The New York Porcupine road is nearly finished now, having cost around \$800. The street conditions in Bartleman townsite were discussed. The cost of doing a thorough job there is practically prohibitive owing to soil conditions in that locality, but something will be done to alleviate the worst spots. About \$900 was spent on roads there last year and there is not very much to show for it; 300 feet cost \$700 to repair. Search of title is being made in regard to the claim the township have acquired as a dumping ground. The Schumacher councillors asked for a more frequent collection of garbage during the summer than once in two weeks. This will be given. The routine bills and accounts were passed.

The new teachers engaged for next term in S. S. No. 1 Tisdale are:—South Porcupine school, Miss Milanie Lacey, of Cobalt, kindergarten; Miss Lela Johnson, Almonte, Miss Laura Thorpe, Fredericton, Miss Hazel Vary, Waubashene. For the Dome, Miss Laura Haycock, Brantford. For the Continuation School, Miss Fraser has been persuaded to come back another year and Mr. William Black, of Alliston, is to be the other assistant. One hundred and twenty-five applications were received in all.

In the senior baseball match on Saturday, July 7th, played here, the home team went down to defeat for the first time. The victors were the classy McIntyres, who won their extra tallies by their superior batting abilities. They have a great faculty for connecting with the ball and placing it just where some fielder has difficulty in getting it. South Porcupine were off colour on their fielding also. Three pitchers were used—Thomas, for the first five innings; then Newkirk for 3 innings and finally Hill. The tally was McIntyres, 16; South Porcupine 9. In the first innings South Porcupine got three runs Gagnon, Murray and Jemmett doing the sprinting. McIntyre got no runs. Rothwell for McIntyres and Jemmett for Porcupines got 2 base hits. Second innings ended 3-0 for Porcupine. The third innings was featured by Pete Hackett for the McIntyre making a 2-base hit, staging a pretty steal to 3rd and getting home Gagnon and Murray came home for Porcupines, leaving the tally 5-1 for Porcupine. In the fourth innings I. Solomon asked to have Thomas placed in the proper position on the rubber when pitching. However the Maes got the only run of the innings and that was somewhat appeasing. Baxter was responsible for a 2-base hit. The fifth innings brought the landslide and the manager of the Mac's forgot about the rubber in keeping count of the runs his team made. Valin made a 2-base hit, Johnny Monaghan got a whack at the ball that let two men home and took him to third base, from which he made a clever steal home. The innings closed with the score 5-7 in favour of McIntyres. In the 6th innings Baxter made a pretty double play for the Porcupines but they only came up one tally. By the 7th innings everyone was on tiptoe with excitement. Rothwell made a two-base hit for Maes. The eighth innings opened with the tally 8-9 favour of Schumacher, then came another avalanche for the McIntyres that made the Porcupines slump, for the lads from Schumacher got seven more runs. Hill was put in the Porcupine pitchers' box but this didn't save the day either. It was just our "off day," and Schumacher made
