

MAY BE PRIMATE OF ALL CANADA

Archbishop C. L. Worrell of Nova Scotia, senior metropolitan, may be chosen to succeed Archbishop Matheson as Anglican Primate at the meeting of the House of Bishops in Hamilton, September 22. The appointment of Primate, however, is not always according to seniority.

TOURIST CAMP QUESTION BEFORE BOARD OF TRADE

Meeting Called for Friday Evening of This Week to Discuss This and Other Important Matters.

The number of tourists coming in to Timmins during the past few weeks has impressed upon the people here the very evident necessity for the establishment here of a tourists camp. This is one of the questions to be taken up at a meeting of the Timmins Board of Trade to be held in the town hall tomorrow (Friday) evening at 8 o'clock.

The matter of a tourist camp for Timmins has been advocated by The Advance for a year or more now. The town needs accommodation for the many tourists coming in here, and when the belt line of roads is completed the need will be still greater. The town of New Liskeard has shown a model method of providing accommodation for tourists. Other towns in the North have also taken up the problem and unless the town of Timmins wishes to be more or less squeezed off the map early steps should be taken to meet the need. Citizens with ideas along this line should attend the Board of Trade meeting on Friday evening this week. Those opposed to the providing of the tourists camp (if there are any opposed) should be on hand to explain their standpoint. All citizens, no matter what their attitude, should take advantage of the opportunity provided by the Board of Trade for getting their views before the public and for assisting with the value of their opinions and ideas.

Other questions will be before the Board of Trade meeting on Friday of this week, and there should be a large attendance of business men and all others interested in the welfare and advancement of the town.

Canadian Ticket Agents to Hold Convention at Timmins

Forty-Second Annual Gathering to be Held Here on Sept. 18th and 19th. Seventy-Five Agents and Their Ladies to be at Timmins for Convention. Arrangements Now Under Way.

Timmins is being honoured this year by the visits here of many important groups and parties and from these visits the town no doubt receives much valuable publicity. One of the most important of these groups of visitors, and one that will no doubt have favourable reactions for Timmins is the announced visit here of the Canadian Ticket Agents' Association. This association has arranged to hold its 42nd annual convention at Timmins, Ont., which may be considered as a distinct honour to the town and one more indication of the general recognition of the importance of Timmins. The Canadian Ticket Agents' Association will assemble at Toronto on Sept. 17th and proceed to Timmins for the convention on Sept. 18th and 19th. There will be seventy-five in the party, the number including agents of the several railways in the eastern part of Canada. A special train will bring the delegates to Timmins for the convention, the comfort and convenience of the party being looked after in its usual effective and pleasing way by the Canadian National Railways.

While in Timmins the delegates are expecting to make their headquarters at the Empire hotel. Mr. R. Burch, the popular travelling dis-

ARROW CLUB MEMBERS WINNERS AT COCHRANE

Four From Arrow Athletics Won Main Prizes at L.O.L. Event at Cochrane Yesterday.

The L.O.L. at Cochrane put on a big sports day at the Northern town yesterday and an invitation having been extended to the Arrow Club to be present and compete in the various field events, four members of the club went to Cochrane and made a general clean-up of the main prizes. The four going to Cochrane from Timmins were Doug. Brown, Ken. Donohue, W. Alton and Harold Garner. They won the main events of the day, though the prizes were not as valuable as usually given for such events in the North Land. At the field days held in recent years at Timmins, South Porcupine, Iroquois Falls and other centres in this district, there have usually been several good cups or other equally expensive trophies for competition. At Cochrane this week, the prizes were all merchandise, such as running shoes, safety razors, etc., etc. For the relay race there was only one prize—a pair of running shoes. This one prize was awarded to the Arrow Club, this being one of the main events won by the Timmins athletes. One of the officials at Cochrane had his attention called by a spectator to the fact that one prize is not usually given in relay races. Pointing to Doug. Brown, the Cochrane official said—"That man won the race didn't he? At any rate he came in first, so he should get the prize." Douglas was the last man to run in the relay race for Timmins.

The four athletes up to Cochrane from Timmins for the field day report having a very fine day of good sport, and they refer very enthusiastically to the attractiveness of the town of Cochrane, and the good usage tendered there.

The 200-yard race was won by D. Brown, with H. Garner second, thus making this event an all-round Timmins victory.

The 400-yards was similarly won by Timmins, the first prize being taken by D. Donohue and the second by W. Alton.

The relay race, as noted above, was won by the Timmins team.

MEETING HORTICULTURAL SOCIETY MONDAY NIGHT.

A meeting of the Timmins Horticultural Society is called for Monday evening next, August 20th, in the town hall, at 8 p.m. All members of the society and others interested should attend this meeting as special business, chiefly in regard to the necessary arrangement for the annual show will be before the meeting. It is desired to make the 1928 show on Labour Day, Monday, Sept. 3rd, the best yet, and to accomplish this the co-operation of all will be necessary. The time now is short and all should assist in the perfecting of plans for the success of the year's horticultural show.

Mr. T. Sammon, manager of the Empire hotel at Timmins, is in North Bay in connection with the superintendence of that magnificent new hotel owned by the Empire Hotel Company.

WOMAN'S LONG TREK

Mrs. Diana Strickland, a big game hunter, returned to London a few days ago after an adventurous 5,000-mile trip across Africa in a motor car. One thousand miles of the journey, which extended from Dakar in French Senegal, to the Red Sea, was completed alone, as her mechanic, Mr. T. Perry, had to return to England through illness, and the other member of the party, Mr. Fernig, died of black-water fever.

PLAY-OFFS ANNOUNCED FOR DISTRICT SOFTBALL

A.S.D. and Students (of Schumacher) to Play Friday Here and Monday at Schumacher

Announcement is made of the dates of the play-offs for the district softball honours. The A. S. D., representing Timmins, are to play the Students, representing Schumacher. There will be home and home games. The first game will be on Friday of this week, August 17th, on the cyanide, at 6 p.m. The second game will be at Schumacher next Monday, August 20th.

These ought to be two excellent games and all lovers of softball should make a point of seeing them. The winner of these games will be the champions of the Porcupine district in softball and will have the right to go further in the softball competitions in this North Land. Softball this year has had a wide popularity. The players have taken a very keen interest in the league matches here and there has been a healthy rivalry between the various teams, the best of sportsmanship, however, prevailing all the time. With the season well along the general public interest in the game should be much increased, especially in these matches that are to decide champions of one kind and another.

DANCE ON MONDAY, AUG. 27 IN ODDEELLOWS' HALL

The Croatian Tamburica orchestra, of Schumacher, are giving a dance in the L.O.O.F. hall on Monday evening, Aug. 27th. This orchestra has won a notable name for the excellence of their music. With a new manager in charge the orchestra bids fair to achieve still further popularity. At the reception on Sunday evening to the "Young Ambassadors of Empire," the music by the Croatian orchestra was a feature that won very pronounced applause. "Wonderful," was the comment of more than one, while the handsome Croatian costumes worn by the members of the orchestra also won very general favour.

The Croatian orchestra dance on Monday evening, Aug. 27th, in the L.O.O.F. hall should be one of the most popular events of the season.

CORNISH WIN THE WOODEN SPOON IN P.D.F.L. SERIES

In a scheduled game played Saturday in the P.D.F.L. in which the Lanes and the Cornish fought it out to a finish to decide who would be at the bottom of the Porcupine District Football League for the season 1928, the Lanes won out by a score of 1-0. The game was very closely contested and both goals were in danger several times. J. Wilkinson scored for the Lanes. From a penalty kick, Parker in the Lanes, net played the game of his career and saved two penalty shots. The Cornish forwards were very weak at shooting, and at the other end of the field the Lanes' forwards found Rowe, the Cornish custodian, always on the job, and making some brilliant saves.

Harry Costain, of the Dome, gave splendid service as referee, allowing nothing to slip by. After the game the Cornish F. C. were presented with a wooden spoon, to be handed down to the bottom club in years to come. The spoon was intended for the Lanes, but for once the dopsters were badly fooled.

VARIETY OF CASES AT THE POLICE COURT THIS WEEK

Charge Sheet Runs from Common Drunks to Reckless Driving, and From Forgery to Assault.

The charge sheet for police court yesterday started with three drunks who were fined \$10.00 and costs. Another drunk could not be found to answer the charge, while still another wanted a week's remand and was granted that privilege.

The man and wife charged jointly with having liquor in a public place illegally were again remanded for a week.

One dollar and costs was the penalty imposed for a wagon that travelled at night without lights.

A speeder pleaded guilty to the charge and was required to pay \$10.00 and costs. If he had killed somebody it might have cost him more.

An interesting case was that of a man using an American car here for commercial purposes, according to the police account, without conforming to the law in regard to such matters. The case was remanded for a week for decision.

A man charged with being drunk in charge of a car was dismissed. According to the evidence of a couple of ladies who thought he was under the influence of liquor he had used harsh language to them and they apparently jumped to the conclusion that he had been drinking. On the stand, however, they could not say that he really had any liquor, and there was nothing to show that he had, while the man himself denied the offence completely.

The charge of reckless driving against the young lady who ran a car up on the sidewalk on August 5th, was again remanded, the police not being able to locate this young woman. Another reckless driving charge was also remanded, the accused having not been served.

An assault case was remanded for a week, the crown attorney being away.

A speeding motor cycle resulted in a fine of \$10.00 and costs.

Adjournment was made for a week in the case of a man charged by Provincial Officer Delves with having liquor in a public place.

An odd case was that against a well-known man about town who was accused of forgery and obtaining goods under false pretences. The case arose over a cheque that proved to be a forgery. The accused claimed that a man had given him the cheque to cash and he had accepted it in good faith. Later, he had passed it, still in good faith, in a Wilson ave. store. The charges followed. The accused escaped more serious consequences by paying the costs of the court, refunding the money obtained on the cheque and otherwise meeting the costs and loss arising from the passing of the cheque.

MOOSE PIGNON ON SUNDAY LAST WAS BIG SUCCESS

The picnic held by the Moose Lodge on Sunday last was a big success from every viewpoint. The event was held at Golden City and there was a big crowd in attendance. All had heaps of fun and enjoyed the day immensely. There were races, sports and novelties of all kinds, together with the pleasures of swimming and boating. The youngsters had a particularly enjoyable time and speak enthusiastically of the event. There were good prizes, and the refreshments were well looked after.

PRIZE LISTS NOW OUT FOR THE HORTICULTURAL SHOW

The prize lists for the fourth annual exhibition of flowers and vegetables under the auspices of the Timmins Horticultural Society were issued this week and are now available to any prospective exhibitors or others interested. Copies of the prize list may be secured from the secretary, Mr. T. A. Skelly, or from any member of the committee.

The horticultural show this year will be held on Monday, Labour Day, Sept. 3rd, in the skating rink, Timmins.

The prize list shows a fine array of prizes in all departments. There are also a goodly number of specials offered. The classes include—cut flowers, 132 prizes; cut flowers, perennials, 18 prizes; fancy baskets and bouquets of cut flowers, 15 prizes; house plants, 48 prizes; vegetables, 96 prizes; cut flowers (children under 16), 36 prizes; vegetables (children under 16), 36 prizes; for lady members, prize for floral table centre. There will be particular interest in the specials and also in the garden competition. Reference was made to the latter in The Advance last week. All interested (and all should be interested) should secure a copy of the prize list and get ready to capture some of the prizes for 1928 in the fourth annual exhibition of flowers and vegetables to be held by the Timmins Horticultural Society at the Timmins skating rink on Monday, Sept. 3rd.

Andy Taylor Alive and Well After Forty-two Days in Bush

Well-Known Old-Timer of Porcupine and the North Found After Being Lost Since June 28th in the Bush North of The Pas, Manitoba. Provided Himself With Food and Left Notes for the Searchers.

Friends in Timmins and district were delighted on Tuesday at the word reaching here that Andy Taylor, lost in the bush north of The Pas, Manitoba, had been found alive and in good condition after 42 days' of an experience such as few men would survive. When The Advance was weighing the probabilities of the truth of the good reports, a wire reached this office from The Pas Herald, The Pas, Manitoba, confirming the story of the finding of Mr. Taylor and saying that he had arrived safely in The Pas. The South Porcupine correspondence elsewhere in this issue refers to the receipt of the news by Mrs. Taylor at South Porcupine and to other details, though there are not many particulars received as yet. Knowing how good a man Mr. Taylor was in the bush and how little given he was to panic or undue excitement, and also his strong constitution, good health and ready resource, Mrs. Taylor has been confident that her husband would eventually be found unless he had suffered some injury that would render him helpless. Although precedent and logic were against it, Mr. Taylor has, perhaps, set a record that will never be equalled for sustaining himself while lost in the bush in new country for forty-two days.

Some preparation for the good news of this week was given last week by a paragraph in The Pas Herald. The Herald said:—Traces of Andy Taylor, the Ontario prospector who has been missing since June 28th, have been discovered at Burntwood Lake, 60 miles east of Cold Lake and some 40 or 50 miles from where he was camped when he was lost. The information was brought in to Putatawagan by two Indians and from there word was sent to Cold Lake. Another search party was at once organized and left for Burntwood Lake by plane. According to the story brought down by the Indians, Taylor had struck the old Hudson's Bay trading post at Burntwood Lake. There he found a volunteer crop of potatoes growing and had managed to live fairly well off them. He wrote

messages on birch bark and left them in various places and had also written on trees. The Indians cut these out and brought them, with the birch bark messages, into Putatawagan. According to them Taylor must have been there about August 1st. They also found a raft on the lake with another message on it. Hope for his discovery has now been revived and an energetic search is being carried on.

From the information received from the West, Mr. Taylor was in fair condition when found. He is at present in the hospital, but apparently is in no danger, despite his remarkable experience and the anxiety and hardship he has undergone. Late news to Mrs. Taylor at South Porcupine is to the effect that she hasn't any cause for worry, and that her husband is both safe and being well cared-for and that it will be only a day or two until she will hear from him.

The remarkable fact of the safety of Mr. Taylor after being lost for 42 days is the general topic of conversation here. There is very general rejoicing that Andy should be safe and much surmise as to how he managed to bear the hard time he must surely have endured for over forty days and nights. From the scant details given it would appear that he was able to satisfy his hunger by eatings berries, catching fish and birds and perhaps some of the smaller animals. No doubt the blackflies and mosquitoes would be among his chief troubles. He is a man of resourcefulness, however, and found the way to overcome all difficulties. No doubt in large measure his safety now is due to the messages he left along his route, showing he was still alive and so keeping the searchers encouraged to continue. His finding of a potato patch put in by some trappers at an old Hudson Bay post was also a material factor in his continued safety. As more than one friend of Andy Taylor's has said in the last day or so, "he certainly will have an interesting story to tell when he has recovered sufficiently to recount his experiences."

MCINTYRE AND KIRKLAND LAKE IN T.B.A. FINALS

Kirkland Lake Here Aug. 21st and 22nd.. McIntyre at Kirkland Lake, Aug. 28th and 29th.

In the finals for the Temiskaming Baseball Association championship and the season's possession of the R. A. McInnis trophy McIntyre baseball team, of Schumacher, and the Wright-Hargreaves, of Kirkland Lake, are playing home and home games. The Wright-Hargreaves team are champions of the south section of the Temiskaming Baseball League, and the McIntyres the champions of the north group. The series of home and home games will decide the championship of the Temiskaming League and the possession of the R. A. McInnis trophy.

In this final series for the championship, Wright-Hargreaves and McIntyre will play on the Timmins grounds on Tuesday and Wednesday of next week, August 21st and 22nd. The games will start at 4.30 p.m. sharp. They should certainly be well worth seeing, as both teams are good and putting up a nice brand of ball. In the injury of a couple of the team's most valued players the McIntyres have had a little hard luck recently or their possession of the trophy would be almost a foregone conclusion. However, the McIntyre spirit is one of carrying on and they will put up a strenuous battle to win. There should be a record crowd out next Tuesday and Wednesday to cheer the winners of the Northern group to capture the championship of the whole league. The Wright-Hargreaves team is said to be a clever one, so good ball seems assured.

The return game at Kirkland Lake will be on Tuesday and Wednesday of the following week, Aug. 28th and 29th, when Wright-Hargreaves and McIntyre will again meet in the series.

LAKE SHORE NO. 1 PLAY AT THE DOME ON SATURDAY

In the preliminaries of the Ontario Cup, the Lake Shore team will play the Dome Football team at the Dome on Saturday of this week, Aug. 18th. In the game at Kirkland Lake on Saturday last the Lake Shore won from the Dome 6-0, so have a big lead in the contest for the Gallagher Cup and for the right to go further in the Ontario Cup series as the representatives of Northern Ontario.

HOLLY RECS. PLAYING THE MCINTYRES TO-NIGHT

To Play the Dome Next Thursday. Must Win Both Games to Win Out in P.D.F.L.

The P.D.F.L. series is now jogging along to a close. There are only two more games to be played to settle the P.D.F.L. championship. The first of these two games is this (Thursday) evening at Timmins when the Holly Rees play the McIntyres. The McIntyres are out of the running, so far as place is concerned, as they can not win the honours at either end. The Cornish, as will be noted in another column of this issue, have the wooden spoon for being first counting back-wards, while either the Dome or the Holly Rees will win the P.D.F.L. championship proper. The Holly Rees have to win both games to reach the coveted place while the Dome has only the one game to play and win to be the head of the league. Although the McIntyres have no chance they may be depended upon to put up a good battle, so tonight's game should be a lively one and well worth seeing.

Next Thursday, Aug. 23rd, should see the final game in the P.D.F.L. series. The match for that occasion is the Dome vs. the Holly Rees, the match to be played at the Dome. A win for the Dome gives that good team the championship of the P.D.F.L. With two good teams like the Holly Rees and the Dome, the feature on Thursday of next week should be a good one.

MR. D. MARTIN APPOINTED TO BREWERY WAREHOUSE

Announcement was made this week of the appointment of Mr. David Martin to take charge of the brewery warehouse here in place of Mr. J. Clusiau. At the same time the appointment was made of Mr. Murray McGee in place of Mr. Paquette.

Mr. Martin is a member of the firm of Martin and Caron, contractors. He is an old resident of the town and enjoys the highest regard of all for honesty and integrity. Mr. Murray McGee is a capable young man who should make good as Government beer inspector. Both took over their new duties this week. Mr. Martin expects several carloads of beer in during the course of the next few days, and intends to see that the wants of the people are filled while at the same time the law is properly observed.
