BAY VIEW OF LAST WEEK'S GAME WITH THE JUNIORS

North Bay Team Only in the Picture for One Innings. Thinks Neither Team Showed Any Real Class, but Timmins the Better.

Often the friends of a defeated team will praise the winning team and by making out the latter to be so good, will lessen the defeat of their favourites. North Bay, however, is not taking any such attitude in regard to the recent Junior baseball game at the Gateway City. At least, The North Bay Nugget gives no such salute to the North Bay Juniors. On the other hand, indeed, The Nugget says that "neither team showed any real class," that "Timmins is tinged with a weakness at bat," and so on. Apparently The Nugget feels that Timmins Juniors are not so much, and the North Bay lads are consequently close to rotten. It is all in the point of view. However, it may be that there may be some good pointers for the Timmins boys in what The Nugget sports writers say. In any case their paragraphs are interesting to read.

In the report of the game at North Bay on Wednesday last The North Bay

Miss Kathleen Moore, diminutive Scottish dance star, with the E. W. Beauty Cup, emblematic of the Highland dancing competition at the Vancouver Caledonian Games. Miss Moore also won a free trip to the Highland Gathering at Banff where she will appear in the competitions held during the festival between August 31 and September 3.

Nugget says:

"Timmins scored a decisive victory over the North Bay Senators at Wallace Park on Wednesday afternoon in the first of a series of games for the right to go further in quest of the provincial junior baseball championship. The second game will be staged at Timmins next Wednesday and should a third tilt be necessary it will be played at Cobalt on Saturday, September 1.

"The Senators were only in the picture in one frame, the seventh when a desperate rally raised their count from one to eight. The onslaught also had the effect of chasing Godin, the Timmins first string twirler, to the showers with a worried look on his face. Dainton succeeded him and showed good form by ending the disastrous session and by checking a Senator endeavour to repeat their eighth innings performance in the last frame.

"Closing the seventh frame the Gold Diggers had the Senators looking down in the mouth with the score reading 10-1. It was only in the same frame that the locals came into the picture when Reg. Johnston scored their first tally on a single by Stargatt, only the second to be ticked off Godin's offerings up to this stage. With the outlook anything but hopeful, the Senators became indifferent in the eighth session and as a result the Miners were handed an additional three runs. The only real bit of excitement in all the game came in the last half of the eighth when the Senators came in life to raise their count to eight runs. Silverthorn started the parade and while the fire-works were in progress Godin, the visitors' twirlers, threw up the sponge to Dainton. The relief hurler showed good form by checking the avalanche and also by halting the locals in the midst of another rally in the ninth.

"Reg. Johnston started on the mound for the Senators but he was derrickered for Silverthorn in the third after his wildness and allowed the Miners to get to a nice start. Silver took up the burden with the bases loaded and did well to close the frame with the at 5-0. The Trapper ace worked effectively until the seventh when poor support let him in for another heavy score. The three runs taken by the visitors in the eighth were gifts.

"Neither team showed any real class. What good ball was shown was contributed by Timmins. Donovan was the premier swatsmen with a double and a triple. An unassisted double out engineered by Stargatt in the second frame, was a smart bit of work."

In the column in The Nugget, headed "Sportology," there is also reference to the Junior game and the same suggestion is made that neither the North Bay nor the Timmins team showed any championship class. Under the heading of "Woefully Weak at Bat," the writer of "Sportology" says:

"Timmins junior baseball team is half way to the Northern junior championship at this time. All that they need do to clinch matters is duplicate on their home grounds that which they accomplished here. Their win here was in every respect a meritorious one but it can't be said that either of the teams showed championship ability. Both squads were woefully weak at bat compared with other teams who will be in the fight for championship honours. It would appear that all our Northern teams concentrate on defensive strength and leave the offensive to chance. A capable pitching force and smart fielding are of course essential in the building of a winning crew, but a strong offensive is also desirable. Aside from that the slugging force always draws favour from the spectators and invariably are able to punch through victory over a team that might be much superior to them in defensive methods.

Wednesday's game demonstrated that the two Northern finalists can stand a whole lot of grooming at bat. The Senators were the weakest in this respect while Timmins is also tinged with a weakness at bat although not so marked a degree as the locals. Donovan of the Gold Diggers was the only

one to show any semblance of batting ability. The others were very mediocre. If either of the teams hope to get anywhere after winning Northern honours they must get down to work at once to improve their batting. They need to start with the fundamentals. They must first learn the correct batting stance. With that knowledge assimilated they can then be led on to learn how to judge and step into a delivery. Without grooming they will prove to be easy marks."

HIGH-GRADE SAMPLES FROM THE WEEK'S RUN OF THE PRESS

San Diego Union:—A farmer would lead a care-free life if he could only make a living off Republican statistics on agricultural prosperity.

Florence (Alabama) Herald:—Owners of small cars will rejoice that an airplane smashed a truck the other day.

Kirkland Lake Northern News:—It is estimated, says an exchange, that it will cost eight million dollars to elect a president of the United States this year. Presidents come high. Governors-General are much greater economy.

Miami News:—In Denver you must be married a year before you can get a divorce. But of course the law can't prevent a husband and wife from shooting each other.

Seattle Times:—Life has a way of evening things. For every woman who makes a fool out of some man there's another who makes a man out of some fool.

North Bay Nugget:—Gene Tunney's fiancée was at first erroneously reported as being worth \$50,000,000, but now it develops that the estate is worth only \$20,000,000. In view of the correction, I feel that I should offer Mr. Tunney an apology. My first reaction was that perhaps he planned this thing so that he could marry into money.

The New Yorker:—Nineteen twenty-eight will be remembered by history as the year of the voluntary retirement of Messrs Coolidge and Tunney.

Wichita Eagle:—John D. Rockefeller says he gives away new dimes to promote happiness. He wants a good dime to be had by all.

North Bay Nugget:—Speaking of bathing—that reminds us. There isn't enough to the modern flapper's bathing suit to give a moth a tummy-ache!

Louisville Times:—One recipe that will never change is that of political pie. It always has been and always will be composed of applause and plums.
