**TIMMINS LADY GOLFERS VISIT IROQUOIS FALLS**

Miss Fay Brigham Wins the Prize in Match With Iroquois Falls Lady Golfers Last Week

In reference to the visit of members of the Ladies' Golf Clubs of Timmins and Haileybury to Iroquois Falls last week, and also the visit to the Falls of two widely-known lady golfers, Miss Helen Paget and Miss Evelyn Mills, of Ottawa, The Broke Hustler has the following:—

Two widely known golfers—Miss Helen Paget and Miss Evelyn Mills of Ottawa—were guests of this club last Tuesday and their visit will be a memorable one in the annals of the ladies' association.

Mr. and Mrs. F. H. Anson, whose guests they were during their stay, met them at the Junction on Monday evening and on that night also they attended a party given in their honour by Mr. and Mrs. J. E. Patterson.

Tuesday afternoon was the time set for an exhibition game by the visitors at which time also the course was to be parred under C.L.G.U. rules, and at the request of Miss Paget and Miss Mills Messrs F. H. Anson and E. M. Little played round with them, making a foursome. Messrs Bartholomew and Brydge acted as caddies for the ladies for the game.

While the course was not up to standard, on account of the previous wet weather, the visitors played a wonderful game—the audience of forty or more thoroughly enjoyed watching the marvellous drives made by Miss Mills and the very splendid all round game of Miss Paget. The scores made by the foursome for the eighteen holes are as follows:—

Miss Paget, 83; Miss Mills, 93; F. H. Anson, 77; E. M. Little, 74.

Early in the spring, the course had been parred by letter by the C.L.G.U. and was set down as 38 for 9 holes or 76 for the 18. It has not been reduced by two strokes—that is, it is now 37, or 74 for the 18.

Following the match, Mrs. Anson entertained at dinner for her guests and their attendants at the dance.

At the Parish Hall, not only was the music splendid for dancing, but the supper put on by the Women's Auxiliary of St. Mark's Church was also very nicely served. The favours and decorations added greatly to the pleasure of the occasion, there being a good sized crowd to welcome the visitors in whose honour the affair was arranged.

Mrs. H. G. Schanche was hostess later for the Ottawa, Timmins and Haileybury guests.

On Wednesday afternoon, seven of the Timmins ladies played against some of our members, Miss Fay Brigham winning the prize. The scores are as follows:—Mrs. McDonald 112 v. Mrs. Buncke 123; Mrs. Fogg 131 v. Miss Adams 123; Mrs. Keddie 125 v. Mrs. Pollock 132; Mrs. Porter 105 v. Mrs. Cockburn 117; Mrs. Todd 117 v. Mrs. Schanche; Mrs. Williams 130 v. Mrs. Goldborough 129; Miss F. Brigham 98 v. Mrs. Kendall 120.

Mrs. J. E. Patterson gave a luncheon for the visiting players in the Wednesday games.

Miss Mills remained in the North for a few days, a guest of Mrs. Brigham of Timmins, while Miss Paget, who left this week to take part in the National Championship tournaments in Virginia, went back to Ottawa on Wednesday noon.

This event has been one of widespread interest, about twenty Timmins and two Haileybury members being here at the time, and it is hoped to bring Miss Paget and Miss Mills up again next year.

In connection with this visit, the thanks of the club are due Mr. Humphries of the C.P.R. and Mr. George Lee of the T. & N. O., through whose kindness the trip was made possible. The Ladies' Club sincerely appreciates the interest of these gentlemen in arranging matters for them.

**C. A. S. SUPERINTENDENT AT MEETING AT IROQUOIS FALLS**

On Friday last A. G. Carson, superintendent of the Cochrane District Children's Aid Society, was a visitor to Iroquois Falls and attended the meeting there of the Iroquois Falls and Ansonville branch of the Children's Aid. Mr. Carson gave a brief address to the meeting explaining the work for the children being done in the district and outlined the general progress of the efforts for child welfare.

At the Iroquois Falls meeting arrangements were completed for the holding of the annual meeting of the Iroquois Falls and Ansonville C.A.S. This annual meeting will be held on Friday evening of next week, Oct 5th, at 7.30 p.m., in the court house. In addition to the usual business of the annual meeting, which will include the election of officers and the receiving of the reports of the officers, there will also be addresses by A. G. Carson, District Superintendent, and G. A. Macdonald, president of the District of Cochrane Children's Aid Society. The Iroquois Falls and Ansonville C.A.S. is anxious to have as large an attendance at the meeting as possible and all interested in the work for the benefit of children are urged to attend.

**CONDEMNS KILLING OF MOOSE FOR HORNS ONLY**

H. A. Preston Thinks Law Should Forbid Leaving of Meat to Waste in Bush. About Wounded Moose

The following letter received this week is from that old-timer of the North Land, H. A. Preston:—  
Elk Lake, Sept. 23rd, 1928.  
Editor The Advance,  
Timmins, Ont.

Dear Sir:—It looks as if there will be no need to ask people to preserve the forests from fire for at least eight months yet! But, oh, just think of the great waste that is coming in the next two months. There is no telling how many of those great bull moose we have in this North Land of ours will be killed for their head and horns by our southern city hunters. How many will take out the best of the meat as well as the head and horns? I feel sure there will be many an old bull moose left in the bush minus his head, and he will make many a meal for the other animals. It certainly is a shame, and I think the Government should compel moose hunters to take out the two hindquarters of meat, as well as the head. Or let us people who live in this land of six months winter kill our moose a little earlier, such as they do in Quebec, where the season is now open. If hunters from the south can get their deer out, and if they get a moose they seem to get his head and horns out, and I don't think they would have trouble to get the best part of the meat out. I have killed 34 moose in the 2 years I have been in Northern Ontario, and two of them right where the town of South Porcupine is to-day, and I never had any trouble getting out the meat as well as the trophy. Us people and the settlers who live where the moose are up here kill the moose and eat the meat and do not leave it in the bush to rot. If I could not get out the meat, as well as the big set of horns I would not dare to kill Mr. Moose, for I believe he looks much nicer standing on the shore of a creek or lake or on the Ferguson highway where tourists may see him, than to see his head hung up in some office, and his body in the woods going to waste. If you can't make use of him, leave him alone. In fact, I think the moose

season should be cut out for two years anyway.

Take this advice if you are going hunting this fall:—

If you happen to shoot at a moose, deer or bear, and you hit him and he runs away, just let him go, but you go over where he was, and if you see blood, then just sit down and smoke your pipe or cigarette and stay there for fifteen minutes; then proceed on the tracks, if any, or go slow and watch for blood on the ground, and nine times out of ten your animal will be found within 150 yards of where you hit him, and if he is not dead he will be so stiff from loss of blood that he can't get up and you can end him right there. But if you run after him as soon as you hit him, he will take you a mile or more into the bush and you may lose him. Just try out this if you hit your game and he runs away. Wait 15 minutes before going after him and you will be sure to get him.
