NOTICE TO CREDITORS

In the matter of the Estate of Thomas Francis King, late of the Town of Timmings, in the District of Cochrane, Merchant, Deceased.

Notice is hereby given pursuant to Sec. 51 of Chap. 150 R.S.O. 1927, that all persons having claims or demands against the estate of the said Thomas Francis King, deceased, who died on or about the 13th day of October, 1928, are required to send by post, prepaid, or deliver to the undersigned Joseph E. Newton or John D. McLean, Executors and Trustees of the said Estate, or to the undersigned Gordon H. Gauthier their Solicitor, on or before the 25th day of November, 1928, their Christian and surnames and addresses with full particulars in writing of their claims, and statement of their accounts and the nature of the securities (if any) held by them duly verified by statutory declaration.

And take Notice that after the said 25th day of November, 1928, the said Joseph E. Newton and John D. McLean will proceed to distribute the assets of the said deceased among the parties entitled thereto having regard only to the claims of which it shall then have notice, and the said Joseph E. Newton and John D. McLean will not be liable for said assets, or any part thereof, to any person or persons of whose claim notice shall not have been received by it or its said Solicitor at the time of such distribution.

Dated at Timmings, Ont., October 22nd, 1928.
J. E. NEWTON,
J. D. McLEAN,
GORDON H. GAUTHIER,
Solicitor for the said Executors and Trustees, Reed Block, Timmings. 43-45

Dated at South Porcupine this 30th day of October, 1928.
FRANK C. EVANS,
44 Clerk of the Township of Tisdale.

JUNIOR BASEBALL CLUB HAD GOOD SEASON HERE

Concluded Season With Small Balance to the Good, and All Set for Big Season Next Year

The Timmings Junior Baseball Club this year has the distinction of closing the year with a nice record of good sport, and a balance to the good, though a small one, on the financial end. The sport provided by the Timmings Juniors this year did much to re-establish baseball in popular favour in this camp and all baseball fans were well pleased with the season's record of the Juniors. Winning the championship of Northern Ontario, they had the honour of being first Northern team to play in the Ontario Junior baseball finals, and, though they lost out against a much heavier and more experienced team, they did well under all the circumstances.

On the financial end they did even better. Although having the North Bay and Toronto games to finance, they managed to come out with a small balance. To finance the North Bay trip they borrowed \$300.00, and were able to pay this all back through the receipts from the gates at the North Bay games here. For the Toronto trip it was necessary to take donations. The total received from the donations was \$675.00. The executive and the boys of the club are very grateful for the way the people responded. The \$675.00 subscribed included:—\$100.00 from the town of Timmings, \$75.00 from the Hollinger, and \$25.00 each from the McIntyre, Northern Ontario Light & Power Co. and C. G. Williams. The other amounts were subscriptions of \$1.00 and upwards, many \$5.00, \$10.00 and \$15.00 donations being made by business and professional men and firms in town.

The list of donations may be seen at the office of P. T. Moiseley, the manager of the team, who also has the list of expenditures of the Toronto trip in detail. The hotel expenses, including rooms, meals, etc., for the boys in Toronto, totalled \$259.00. Transportation including train fares, berths, street car fare, etc., amounted to \$390.00.

Equipment, balls, bats, etc., totalled \$23.75. The total cost of the trip was \$672.75, leaving a balance of \$2.25 to the good. The details and vouchers may be seen at Mr. Moiseley's by anyone interested.

The Timmings Junior Baseball Club is all square with the world now, after a very successful season,—which is a very creditable record. All the boys will be on deck and eligible for Junior ball next season, with the exception of Roberts, 1st b., and Webb, c.f., who will be over age. The other lads, who will be over age, are looking forward to a big season in 1929.

To celebrate the end of the season the boys of the team are chipping in among themselves to buy sweaters as souvenirs of a good season.

Board of Health Has Not Endorsed Tap Filters

Reports coming to The Advance in the past few days say that a man has been doing more or less thriving business in selling small filters for taps in town. According to the story told by one lady in town this man came to her house and saying that he was from the Board of Health asked to see the water tap. The lady took him to the tap, and after glancing at it, he screwed on the bottom of it a small filter or strainer. That will keep impurities from coming through the tap," he said. "You will be all right now," he added. Explaining that the little rubber appliances for use on the tap were being sold at cost through co-operation between the manufacturers and the Board of Health, the man then asked for twenty-five cents, and on receiving that amount, he departed. Enquiry at the Board of Health office revealed the fact that was suspected,—that the Board of Health not only had not endorsed any such appliance, and of course, had no representative out putting on these devices, but that they knew nothing about the matter and had endorsed it in no way whatever. Indeed, as soon as the Board of Health officials heard of the story they passed it on to the police, and the latter are looking for the gentleman selling the devices to give him opportunity to explain his stories. A number of householders have been approached in the matter and in each case they claim that one

way or another effort was made by the salesman to lead them to believe that the devices had been ordered by the Board of Health, or endorsed by the Board of Health. The public are hereby assured that the Board of Health is not concerned in any way with this device. If the police find this gentleman he will likely find it difficult to explain away his apparent "high pressure" type of salesmanship. The public, as a matter of policy, would do well to refuse all door to door salesmen of this kind. In case claim is made that they have any connection with the municipal or Government authorities, the claim should in any case be checked up before even a quarter is handed over. In case the Board of Health or other public body decided to endorse or advance any sales plan due notice would be given publicly to that effect. A safe plan is to positively refuse all comers until they can produce proper credentials. The next salesman who claims to have endorsement from this or that authority should be held until the police can endorse him, or otherwise. The travelling pedlars take a lot of money out of town in the aggregate, and they should be discouraged as much as possible on general principles.

The total trade of Canada for the twelve months ended August 31st, is valued at \$2,477,485,197. Total exports amounted to \$1,307,848,495 and total imports \$1,169,636,702. During the period under review Canada bought from the United States goods to the value of \$777,377,944 and exported to the United States \$485,406,521 worth of goods. Canada bought from the British Isles and countries in the British Empire goods to the value of \$252,839,638 and sold to these British countries products valued at \$528,990,324. The United States are an individual country is Canada's best customer.

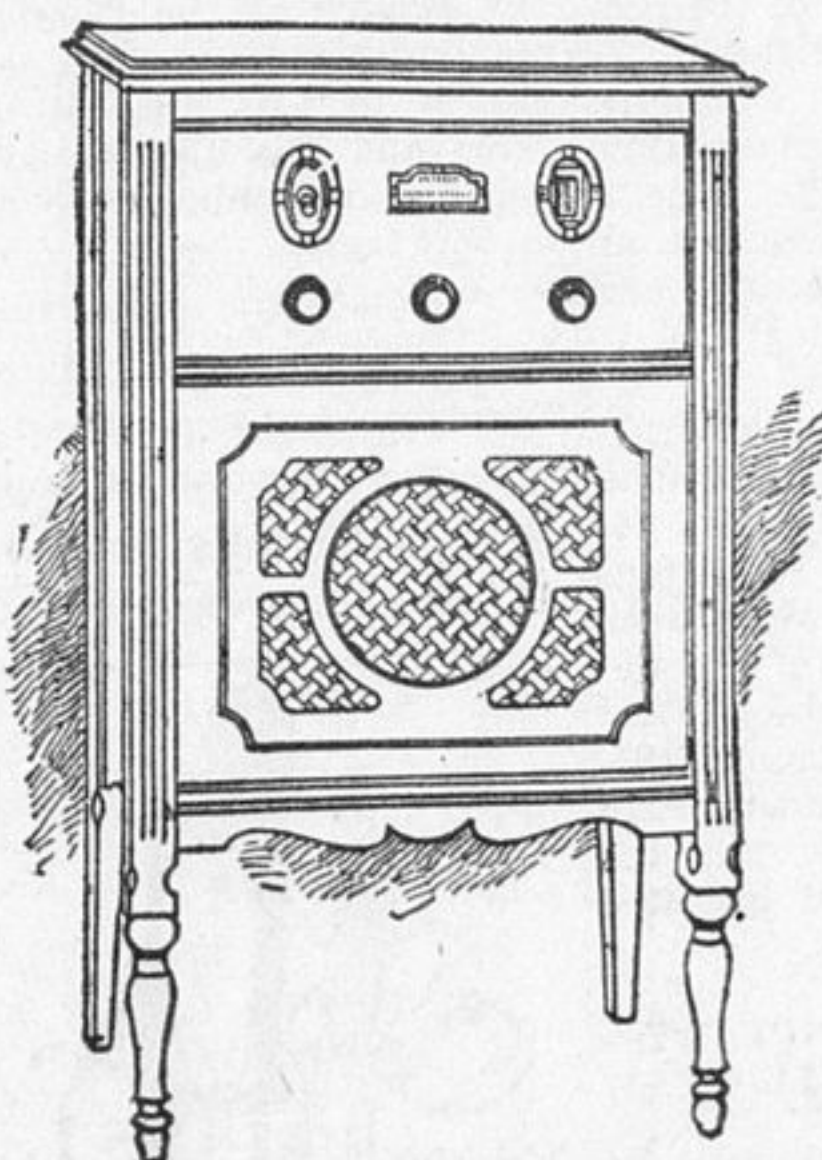

Some religious fanatic had painted the large rocks on a western highway with the inscription, "What will you do when you die?"
Along came an advertising man and added below, "Use our oil. Good for burns."
