KIWANIS DELIGHTED WITH ADDRESS ON R.N.W.M.P.

Mr. Karl Eyre Made Big Hit at the Club Monday. Other Interesting Features

The Kiwanis Club luncheon on Monday was an unusually interesting one. The speaker for the day was Karl Eyre, who spoke on life in the Royal Northwest Mounted Police in the Arctic where he spent two years. His address was one of the most interesting and informative that the Kiwanis Club has enjoyed for some time. He gave a racy and instructive account of life in the Far North, and his address was greatly appreciated. There was so much of interest and information in his address that The Advance is reserving an extended report of it for next week's issue.

The committee on the Halloween event reported the progress made and the plans being worked out.

Among the visitors for the day was Rev. Dr. Noyes, who was introduced by Rev. J. D. Parks. Rev. Dr. Noyes gave a talk on China and the Chinese people, emphasizing the trade opportunities for Canada in the Orient. He has a very intimate acquaintance with the Chinese people and spoke of them in highest terms for their many fine qualities. Rev. Dr. Noyes remarked on the warm feeling entertained by the Chinese generally for the Canadian people. There was general regret that Dr. Noyes had not sufficient time at his disposal to give an extended address as his remarks were so interesting and enlightening.

The next meeting of the Kiwanis is to be held Monday night at 8 p.m. in the Masonic hall. The meeting is to consider ways and means for the extension of Kiwanis activity in Timmins. All members are urged to attend, and also all former members and all interested in Kiwanis are invited to attend. The programme for the evening will include reports of committees, discussion of plans for the coming year, music, refreshments, etc.

According to the report of the Cobalt fire chief, R. J. Mathieson, there were no new buildings erected in Cobalt in the period from November, 1927, to October, 1928. The building permits for the year were \$4,100.00, all being for repair work or small extensions.

From all over the North Land comes reports of high water. The Montreal river is at flood level. The water in Sasaginaga Lake, the chief source of supply for Cobalt's town water, is six feet above normal.

A shortage of wood fuel was reported last week from Kirkland Lake, owing to the fact that the continued rains had made it impossible to get the wood into town. A somewhat similar condition existed in Timmins recently.

A. Drolet, of Guigues, a lineman for the Northern Telephone Co., is in the hospital following a fall from a telephone pole on which he was working. The pole broke off and he was thrown to the ground. The injured man is reported as quite badly injured. He is in the Mines hospital at Cobalt.

The Haileyburian last week says:—"Archie Briden left last night for Philadelphia to report to the Arrows, the Quaker City's representatives in the Canadian-American pro. hockey league. Arch. spent the summer in Calgary, as usual and reports in good shape for the coming campaign."

The report of the Cobalt hockey club for the past year as presented at the annual meeting last week shows financial matters in good condition for the club, there being a credit balance of \$224.00 at the end of the fiscal year. Capt. A. P. Landry was elected president of the Cobalt hockey club for 1928-1929, and W. D. Yorke-Hardy, secretary-treasurer.

James H. Sullivan, employed as a tie trimmer at Campbell's mill, near Sudbury, met death last week by an odd accident. A railroad tie slipped down on him and threw him against the circular saw which cut off his right arm and ripped open his body from shoulder to hip. Death was instantaneous. Sullivan was standing close to the saw and did not see the tie fall. He is survived by a young widow and a little daughter, the latter having the misfortune to have her hand cut off by a train this summer.

On Saturday last the Northern Development Dept. announced that the Sudbury-North Bay highway, which had become impassable through floods, was open again for motor traffic. The engineers were able to release the waters of the Veuve river and the water quickly receded from the roadway, and the stretch of road was at once repaired to accommodate traffic. In the meantime, however, a number of motorists were stranded on the highway and had to ship their cars by freight.

Big Crowd and Big Time at Legion's Big Dance

The fancy dress ball under the auspices of the Timmins Post of the Canadian Legion, in the McIntyre hall, Schumacher, on Tuesday evening, was a very pronounced success in every way. The big hall was not large enough for the big crowd turning out for the event. The event itself was most enjoyable and successful. The costumes were many and excellent. The music was by Tommy Stephens' orchestra and like the refreshments and all other features was up to the best standards.

Little Donald Burwell, the 18-months-old child of Mr. and Mrs. J. Burwell, of Schumacher, who some weeks ago swallowed a 2 1/2-inch nail which lodged in his bronchial tube, is back from St. Michael's hospital, Toronto, completely recovered from the dangerous accident. The nail was successfully removed, and only a tiny scar on the throat remains as a reminder of the unlucky accident.

Variety of Cases at Police Court This Week

Variety in regard to the charges was, perhaps, the special feature at police court this week. The opening cases were charges in regard to the Government Income Tax. For failure to make the required returns three were fined \$25.00 each. The cases of two others were adjourned for a week. The returns in which it was charged that failure had been made were for the year 1924.

For a second offence in this line, Jas. Lafferty, on the charge of being drunk in charge of a car, was sentenced to thirty days.

Three speeders paid \$10.00 and costs each. On the charge of being drunk in charge of a car Jos. Sullivan was sentenced to ten days. Another man faced a double charge in regard to his car,—failing to notify the department in regard to ownership, and failing to secure the required driver's permit. On each count he paid \$10.00 and costs.

Three ordinary drunks paid \$10.00 and costs each. James Russin paid \$100.00 and costs for having liquor without a permit.

Eusube L'Heroux was accused of stealing a plane and selling it to a second-hand store. It was a carpenter's plane, not the kind to fly by. He was sentenced to thirty days.

A woman from Tisdale township who was accused of throwing a pail of filth over a neighbour, found this a costly proceeding. She had to pay \$20.00 for damage to the neighbour's clothes, and also a fine of \$20.00 and costs, a grand total of \$40.00. This woman had three other women charged under the vagrancy section on account of alleged abusive and objectionable language used, but these three cases were dismissed.

Guido Zammarion, charged with conspiracy on account of his alleged connection with the gold in the possession of a brother under arrest at Windsor, was remanded again for a week.

A very unusual case was that of a young woman who sued her own mother for wages alleged to be due. The mother paid.

The Family Herald and Weekly Star with its wonderful improvements is now regarded as the great Agricultural Paper of Canada and the Family Circle's best magazine.
