

Campaign for Children's Aid Membership Next Week

Ladies' Committee Has Drive Effectively Organized. Porcupine District to be Thoroughly Canvassed. All Should be Ready to Give Good Welcome to the Canvassers and Support to This Good Cause.

Mrs. H. W. Darling and the other ladies on the committee in charge of the membership drive to raise funds for the District Children's Aid Society, have arranged for a very complete canvass of the Porcupine area. The co-operation of a number of societies and organizations has been secured and the territory mapped out into sections, the various organizations taking up the work of canvassing the several sections. For the canvassing of Timmins in complete way the town has been divided into seven territories, each of the territories being in charge of a society or organization. The following are the territories with the organization looking after them:—

Territory No. 1—Sixth avenue to Ninth avenue, from Mountjoy street to Lake Shore Road. In charge of the ladies of the Church of the Nativity.

Territory No. 2—Fifth avenue to Third avenue, from Mountjoy street to Spruce street. In charge of the ladies of the Eastern Star.

Territory No. 3—Second avenue to Kirby avenue, from Mountjoy street to Laidlaw street. In charge of the ladies of the United Church.

Territory No. 4—Kimberley avenue to Golden avenue, from Mountjoy street to Railway street. In charge of the Kiwanees.

Territory No. 5—Hollinger avenue to Lincoln avenue, from Waterloo Road to Gillies street. In charge of the I.O.D.E.

Territory No. 6—Wilson avenue to Middleton avenue, from Wilcox street to the River. In charge of Women of Mooseheart Legion.

Territory No. 7—Middleton avenue to Southern avenue, from Wilcox to Cameron street.

Mrs. G. H. Gauthier has organized for the campaign in South Porcupine. Schumacher is being organized this week.

Mrs. Dr. Day has kindly agreed to look after the organization of Connaught Station and district.

Any other organizations or societies that will assist should get in touch with Mrs. Darling or Mrs. Karl Eyre. Other societies can be used with advantage to make the work more complete and finish the campaign at an earlier time without disturbing the plans already made.

The purpose of the campaign is to raise funds for the District Children's Aid Society, to pay off the \$1750.00 indebtedness on the Shelter account and to provide the funds necessary to conduct the work during the ensuing year. It is desired not to weary the public with frequent appeals, but to raise the funds from the whole district at this time so that further calls will not be necessary for a year or more. It is over a year and a half since the last appeal was made.

The plan adopted is to raise the required amount by the sale of membership tickets. These tickets are to be sold at \$1.00 each and upwards,—as much upwards as the canvassed person can afford. The ladies will be ready to receive any amount from \$1.00 upward. Each subscriber will be given a membership ticket, showing the amount subscribed and bearing a number, a stub with the same number being retained by the canvasser, this stub showing the subscriber's name and the amount subscribed.

The campaign will start on Tuesday morning of next week, Nov. 13th, and will be continued until the 22nd or until the area is completely canvassed. During the campaign Mrs. Karl Eyre will have an office in the store of the I. K. Pierce Furniture Co., next to the Goldfields theatre block, where canvassers can report on the progress made and turn in each day's receipts from the sale of tickets. New books of tickets and information required will be available to canvassers from Mrs. Eyre at this office which is available through the kindness of the I. K. Pierce Co.

Elsewhere in this issue will be found an announcement detailing the purposes of the Children's Aid Society and the work for which the money is required. Those who are not familiar with the work of the C.A.S. may gather an idea of its scope from the outline in the announcement.

The Iroquois Falls and Ansonville branch of the C.A.S. is also staging a campaign for the District Society, while Cochrane, Kapuskasing, Matheson and other centres will also do their part for the district work.

Mr. and Mrs. Thos. Kearns and family left on Wednesday morning of this week for Montreal. They have been for many years esteemed residents of Timmins and their removal from town will be much regretted. Mr. Kearns was foreman of the linemen for the Canada Northern Power Co. here, a position he held for ten years or more.

RETURNED TO POWER

Sir Richard Squires, Liberal Premier of Newfoundland prior to 1924, who was returned to power in the general elections, held this week. His party has twenty-one seats out of a total of forty, with three ridings to hear from.

REMEMBER THE SOLDIERS ON POPPY DAY, SATURDAY

Boxes for Poppy Day Available Friday Night at Shragge's Store from 8 to 10

Poppy Day is being held here on Saturday of this week, Nov. 10th, when poppies will be sold to help the soldiers. The poppies are made by disabled veterans and so part of the proceeds Saturday will benefit the returned men employed in the making of the memorial flowers. The balance of the funds collected by the day's event will go to the relief fund of the Timmins Post of the Canadian Legion. This is another worthy cause, helping the returned men here who may encounter ill-fortune and need a little assistance. Last year the Legion paid out over \$600.00 from their relief fund to help returned men who were in need. To provide for similar cases that may arise this year it is desired to raise a goodly amount now; hence the Poppy Day.

Poppy Day in Timmins is under the direction of the Ladies' Auxiliary of the Legion and has been well organized. The ladies have done their part and all that remains is for the public to help the cause along. The ladies are giving their time to the good cause of collecting for the benefit of the soldiers, so the public should treat the collectors for Poppy Day with all possible consideration and respond as generously as possible.

The ladies who have agreed to do the collecting for Poppy Day can secure boxes from Mrs. McLaughlan, president of the Ladies' Auxiliary, on Friday evening from 8 to 10. Mrs. McLaughlan will be at the store of A. J. Shragge, Limited, Third avenue, between 8 and 10 tomorrow (Friday) night to give out the boxes. The use of the store for this purpose has been kindly given, and this convenient and central location will prove of much advantage to all assisting in the work.

INJURED WOMAN MAKING GOOD PROGRESS TO RECOVERY

Mrs. Jos. Soldo is reported as doing very well at the hospital here. Her husband may also be said to be doing well, also, as he has so far escaped arrest, a warrant for his arrest having been issued some weeks ago. Mrs. Soldo has a fractured skull, a shattered jawbone and other injuries. Neighbours found her suffering as described one morning about eight o'clock. The woman's story was to the effect that the injuries had been inflicted by her husband Jos. Soldo. The assault occurred several hours before the unfortunate woman was discovered lying in bed covered over with a blanket. It is thought that her assailant, believing her to be dead, covered her up and left her. If Soldo was the assailant he had a good start before the injured woman was discovered. At first it was considered that Mrs. Soldo could not possibly recover but she is making steady progress and each day shows much improvement. It is now believed that her chances of recovery are good. A warrant was issued for the arrest of Soldo on a charge of inflicting grievous bodily harm, but the warrant has not yet been executed as Soldo can not be located. The Tisdale police and the Provincial police have been working on the case.

Associated Boards of Trade Annual Meeting

The annual meeting of the Northern Ontario Associated Boards of Trade will be held at New Liskeard on Tuesday, November 27th. The Associated Boards of Trade includes all the various boards of trade in the North Land and has accomplished much to the advantage of the country. Several matters of special interest will be on the programme for the meeting on Tuesday, November 27th, at New Liskeard, and a specially large and representative attendance is asked by President C. W. Wright, of Englehart. Mr. Wright has proven a very able and talented officer for the association and no doubt effort will be made to induce him to retain the presidency for another year. The way to put this over would be to have a specially large attendance at the annual meeting, for Mr. Wright has so much interest in the welfare and progress of the country and so earnest desire to advance the development of the North Land that attendance and interest at the meetings of the Associated Boards would make special appeal to him. He has a keen faith in the power of the Associated Boards to help the country and a clear perception of the many ways in which help may be given by combined groups of business men and professional men loyal to the district.

Saturday of Next Week to be Tag Day for V.O.N.

Saturday of next week, Nov. 17th, is the date selected by the Victorian Order of Nurses for their tag day to raise funds for the successful carrying on of this good work. Saturday of next week tag sellers will be around and, despite the fact that there are many calls just at this time, everyone who can do so should buy a tag as the purpose is a very worthy one. The V. O. N. provides a special nursing service that is of considerable value. It is operated on the broad plan that all who can afford to pay the regular V. O. N. rate per call should do so. Those who can only pay a part of the regular rate may do so and so retain their feeling of independence and self-support. For those who cannot afford to pay at all, the service is still available. To finance this sort of a plan, funds are necessary, and it is for this the tag day is being held. Miss Elliott, V.O.N. nurse, gave excellent service here and won much appreciation. She is now convalescing from a recent illness, during which time her place has been very capably filled by Miss Stevens, V. O. N., Cochrane, who has pleased all by her capabilities and her interest in the work.

Settlers to Have Work on Roads During the Winter

A. F. Kenning, M.P.P., Directs Attention of the Premier to Conditions and Solution is at Once Commenced. Settlers Who are in Need Through Failure of Crops This Year Will Have Work During Winter in Graveling Operations, Etc.

PRINCESS MARTHA

of Sweden, whose betrothal to Crown Prince Olaf of Norway is expected to be announced by their respective royal houses.

As noted in The Advance last week Mr. A. F. Kenning, M.P.P., had taken up with the Government the matter of some sort of assistance for the farmers and settlers who have been so much handicapped this year through the impossibility of saving the crops, on account of the unusual amount of rain. As many here know, only a very small percentage of the crops could be saved. Many settlers find themselves facing a desperate situation through the conditions arising from the year's weather. Some are actually on the point of facing actual starvation or moving from the land altogether. The settlers are not asking for charity. All they need and all they ask is for a chance to keep going. Their ever-present need is for roads, and the remedy for their present unfortunate position seems also to lie with roads and more roads. Mr. Kenning recognized this fact and worked out a plan which he presented last week to the Government. This plan is that the Government do considerable roadwork this winter, and especially in the placing of gravel along roads to be repaired. Mr. Kenning last week in a personal interview with Hon. G. Howard Ferguson found the premier very sympathetic. The premier assured Mr. Kenning that the Government would do all possible in the matter. There will be considerable roadwork and much graveling done and the necessary work in connection will be given to settlers as much as possible. Under the present plans work will be carried on wherever settlers need the work and wherever the roads require attention. Preference will be given to the settlers in cases where they are ready to take work distant from their homes. Hon. Mr. Finlayson is also co-operating in the matter, and at present his department is preparing a list of localities where winter graveling and other roadwork can be done when the snow is on the ground. The engineers and inspectors of the Northern Ontario Development Dept. are preparing this list, and the programme for the winter will be drawn up when the information is available. Mr. Kenning's suggestions include the idea that where gravel is not conveniently available it should be shipped in by train and deposited at convenient points along the roads, ready for use in the spring. In cases where it would not be practical or economical to spread the gravel during the winter, Mr. Kenning favours the plan of depositing it at convenient places, all ready for an early start in the spring. Mr. Kenning told The Advance that the premier is certainly very deeply interested in the matter and has made up his mind that the settlers of the North are going to have a good chance to secure work to keep going this winter. Mr. Kenning feels certain that the Government will handle the situation in effective way.

POPULAR COUPLE WEDDED AT UNITED CHURCH HERE

Marriage on Wednesday of This Week of Miss Ruth Johnson and Mr. Jos. S. Caldbeck

Timmins United Church, beautifully decorated with ferns and tall standards of golden and white mums, was the scene of a pretty autumn wedding, when Ruth Wilhelmina, only daughter of Mr. and Mrs. Godfrey Johnson, of Timmins, and Joseph Smith Caldbeck, second son of Mr. and Mrs. Geo. Caldbeck, of Haileybury, were united in the holy bonds of matrimony, Rev. J. D. Parks officiating. To the strains of Lohengrin's wedding march, played by Miss Ada Graham, the bride entered the church, on the arm of her father. The dainty girlish bride made a winsome picture in her period gown of ivory satin, with fitted bodice and long skirt, with which she wore matching hose and silver slippers. Her veil was of silk net embroidered with pearls and was attached to a bandeau of seed pearls and orange blossoms. She carried a shower bouquet of Ophelia roses and lily-of-the-valley.

The bridesmaid, Miss Helen Caldbeck, sister of the groom, preceded the bride, in a bouffant dress of maize chiffon, with close-fitting green felt hat. She carried a sheaf of bronze mums.

Mr. Sam Caldbeck supported the groom.

During the signing of the register Mrs. J. R. Todd, of Schumacher, sang "Because," in a very lovely manner. Mrs. J. W. Faithful played the accompaniment.

The groom's gift to the bridesmaid was a Roman gold bracelet; to the groomsmen, a Parker pen outfit; to the organist, a dainty pearl necklace; and to Mrs. Todd, a silver card case.

Immediately after the ceremony a dainty wedding breakfast was served to the immediate friends and relatives of the bride and groom at the home of the bride's parents at 54 Balsam street, south.

The bride and groom were the recipients of many beautiful gifts, tokens of the esteem in which Mr. and Mrs. Jos. Caldbeck are held. Several showers were given in honour of the bride-to-be in the past week or two.

Followed by the good wishes of hosts of friends the young couple left on the noon train for Kapuskasing. The bride's going-away dress was a smart frock of golden brown crepe-backed satin, trimmed with ecru lace, with brown suede shoes, and stockings to match. She wore a close-fitting two-toned velvet hat and muskrat coat. Mr. and Mrs. Caldbeck will be at home to their friends in Kapuskasing on or about Dec. 15th.

PROGRESS BEING MADE IN CHANGING PHONE BOARD

Messrs R. Vaillant and D. Charles, expert switchboard men of the Northern Electric Co., Toronto, are making satisfactory progress in the work of changing over the switchboard at the Northern Telephone Co., from its present quarters to the new premises in the Power Co. building, top storey.

MEASURES BEING TAKEN TO IMPROVE ROADS

As noted in The Advance last week Mr. A. F. Kenning, M.P.P., had taken up with the Government the matter of some sort of assistance for the farmers and settlers who have been so much handicapped this year through the impossibility of saving the crops, on account of the unusual amount of rain. As many here know, only a very small percentage of the crops could be saved. Many settlers find themselves facing a desperate situation through the conditions arising from the year's weather. Some are actually on the point of facing actual starvation or moving from the land altogether. The settlers are not asking for charity. All they need and all they ask is for a chance to keep going. Their ever-present need is for roads, and the remedy for their present unfortunate position seems also to lie with roads and more roads. Mr. Kenning recognized this fact and worked out a plan which he presented last week to the Government. This plan is that the Government do considerable roadwork this winter, and especially in the placing of gravel along roads to be repaired. Mr. Kenning last week in a personal interview with Hon. G. Howard Ferguson found the premier very sympathetic. The premier assured Mr. Kenning that the Government would do all possible in the matter. There will be considerable roadwork and much graveling done and the necessary work in connection will be given to settlers as much as possible. Under the present plans work will be carried on wherever settlers need the work and wherever the roads require attention. Preference will be given to the settlers in cases where they are ready to take work distant from their homes. Hon. Mr. Finlayson is also co-operating in the matter, and at present his department is preparing a list of localities where winter graveling and other roadwork can be done when the snow is on the ground. The engineers and inspectors of the Northern Ontario Development Dept. are preparing this list, and the programme for the winter will be drawn up when the information is available. Mr. Kenning's suggestions include the idea that where gravel is not conveniently available it should be shipped in by train and deposited at convenient points along the roads, ready for use in the spring. In cases where it would not be practical or economical to spread the gravel during the winter, Mr. Kenning favours the plan of depositing it at convenient places, all ready for an early start in the spring. Mr. Kenning told The Advance that the premier is certainly very deeply interested in the matter and has made up his mind that the settlers of the North are going to have a good chance to secure work to keep going this winter. Mr. Kenning feels certain that the Government will handle the situation in effective way.

It is understood that new machines are to be added to the road-making equipment, including gravel crushers and other up-to-date machinery. There will be work on especially extended scale for teaming, and in all cases the settlers will have the preference in securing this work.

During the winter it is understood that much work will be done on the Ferguson highway, and what may be classed as local roads will also come in for special attention.

On the highway, it is likely there will be quite a bit of work done on the stretch from Latchford to Cobalt. Also several strips between Englehart and Cochrane will have extra work done on them. The bad piece near Ramore, so much improved by work done this summer, will be further benefited by attention given this winter, it is expected.

There is also reports to the effect that work will be done in the completion of the highway from Cochrane to Kapuskasing.

From present indications it would seem that much work will be done on the roads of the North Land this winter. This will mean a double benefit. It will provide work for the settlers who have been sufferers from the weather that spoiled the crops. And it will mean more and better road which is just what the North need most.

MEN'S FIRST AID CLASSES CHANGED FROM WEDNESDAY

Men's first aid classes, under the auspices of the St. John Ambulance Brigade, and with G. Debnay as instructor, have been changed from Wednesday to Sunday at 2.30 u.m. in the skating rink.

The ladies' class for first aid will be on Monday at 7 p.m. in the town hall. Arrangements will be made later for home-nursing classes. All ladies have to have first aid class certificate before the home-nursing course can be taken.
