"A few words mumbled over your head and you're married."

"Yes," agreed the cynical old chap, "and a few words mumbled in your sleep and you're divorced."

-Exchange.

SANTA CLAUS

We just received this Telegram

from

Jolly old Father Christmas who is visiting the Goldfield Drug Store and A. J. Shragge Limited on Saturday morning.

TELEGRAM

Buckingham, Que., Nov. 29th, 1928

GOLDFIELDS DRUG STORE, Timmins

Will arrive back in Timmins on Saturday morning by aeroplane. Have dog team meet me and take me to your store. Will arrive at 11 o'clock, and am going to give every child a bag of candies. Then I will leave for A. J. Shragge's store at 11.45 o'clock when more parcels will be distributed. I will not have time to visit any other store. Tell all the children I want to meet them on this, my first visit to Timmins.

SANTA CLAUS

Watch for Santa. He will likely come up Third Avenue by dog team, and as Santa is a busy man now, he won't have long to stop with us, but we want him to stay long enough to shake hands with every child in Timmins. Any child who wants to write Santa Claus may do so and bring their letter to him at either the Goldfields Drug Store or A. J. Shragge's on Saturday.

Mothers make sure that your child sees the real Santa Claus on his first visit to Timmins

IT WILL BE THE JOY OF THEIR LIFE

ZOZOZOZOZOZOZOZOZOZOZO

"Just think of it," exclaimed the Tisdale Reeve and Council bachelor who was about to be married. Re-Elected by Acclamation

C. V. Gallagher, Reeve and Messrs Williams, Hawkins, Kerr and LaForest, Councillors for 1929. Regular Meeting of Township Council Deals With Many Matters. Other Items of News from South Porcupine Corres- be:-Reeve, C. V. Gallagher, South Christmas gifts. It has been arranged pondent.

Special to The Advance.

The clock dances that have been held in the I.O.O.F. hall on Oct. 17th. Nov. 7th and Nov. 21st, resulted in Mrs. Grewcoe winning the marble clock with a score of 19. Mrs. Raynor was a close runner-up with a score of 16; Miss Coyne's score was 15 and Miss ner of the beautiful bed-spread given Taylor's was 12. Mrs. W. Parnell had away at the Majestic theatre on Satwon a high score at the previous dance urday. which was not beaten, but unfortunately this lady was not present on last for the jolly young bunch in the Ex-Wednesday and hence the clock went plorers' Club to-night. to the highest score present viz., Mrs. Grewcoe. About twelve other ladies were successful in registering tair scores. Wednesday's dance was very well attended. The music by the reorganized orchestra was peppy and much appreciated. Another dance is being held on Wednesday, December 5th, when various novelty dances will again be introduced.

Another of our young Scotchmen has persuaded a bonnie Scotch lass to come "far frae hame" to share his joys and sorrows. On Friday, November 16th, Elizabeth, third daughter of Mr. and Mrs. William Fotheringham of Alexandria, Scotland, became the bride of Mr. James Douglas, of the Dome Mines. The ceremony was performed by Rev. A. C. Reeves, of Oshawa, Mr. and Mrs. Neil Douglas of that place acting as groomsman and matron of honour. The bride had been bridesmaid for Mr. and Mrs. N. Douglas at their wedding in Scotland two years before. She was gowned in tan silk crepe with shoes and hose to match. After the ceremony at Oshawa the honeymoon was spent in Peterborough and Toronto, the happy young couple arriving in South Porcupine on Friday evening last. A reception was held for them at the home of Mr. Hugh Richmond at the Dome Mines when the many friends of the groom in camp gathered to welcome his pretty Scotch bride to our midst. The groom is the younger son of the late Mr. and Mrs. Peter Douglas, of Alexandria, Scotland, and is a brother of Mrs. David Hueston, a former resident of South Porcupine. He has been at the Dome Mines nearly four years. The bride arrived in Montreal on Sunday, Nov-

South Porcupine, Ont., Nov. 28th. ember 11th, where Mr. Douglas met and F. Laforest, South Porcupine. her, taking her to his brother's home in Oshawa for the wedding. They have now taken up residence on Bruce avenue in South Porcupine and we join their many friends in wishing them bon voyage through life.

Miss Maudie Mahon was the win-

Master Beverly Evans was mine host

Those who have heard Chief Dehokah at Timmins are loud in their praise of this great bass singer and Indian interpreter. He will be at the United Church on Thursday evening, November 29th.

We regret to report the death at Fort Stanton, New Mexico, of Frank O'N. Sullivan, marine engineer, late of Brocklyn, N.Y., on Wednesday, November 21st. He was the father of Frank C. Sullivan, and brother of Anna and Herbert Sullivan of South Porcupine. He had been in poor health for some time, and Frank was down to New Mexico spending a while with his father a short time ago.

Married-By Rev. E. C. Moddle, in South Porcupine, on Tuesday, November 27th, Mr. John Hankila to Miss Helmi Kauppila, and Mr. Matti Kaitala to Miss Saima Mytlyperkila.

The Rebekahs of South Porcupine held one of their enjoyable bridge and euchre parties on Friday evening last. In bridge Miss Pearl Kennedy won first for ladies and Mr. Baxter first

for gentlemen. Tisdale township council met for its final meting for the year on Monday evening. The routine accounts were passed and in the court of revision several tax cases came up, those of a widow with two small children to support being cancelled. Another man who was making an honest effort to pay up back taxes had them adjusted so he could manage them better. Other taxes were let stand against the property on which they were levied. Re water for Bartleman townsite, the Reeve reported that having been talking to the mayor of Timmins he understood a service tap had been put in which was easily within the reach of those concerned. Re the incinerator:—it was decided Tisdale did not need it now and that steps might be

taken to sell out their share. Re Dome Bridge:-Mr. Sterling had said he could not do anything until Mr. Mills came. The clerk was asked to write Mr. Mills to see if matters could be expedited. Councillor Hawkins reported the construction of a better culvert at the T. & N. O. railway in Schumacher, practically completed. Re the offer of extra lights by the Northern Canada Power, it was decided to look into the matter further as the township was not in any real necessity of more lights at present but would prefer reducing the rate being paid now. Some thought the offer of "free" lights had a catch in it somewhere. Re Charity:-One case was not considered needy, there being adult children. Another case on Pine St. South reported by Mr. Farley, of Timmins, was thought to need prompt attention and Constable Fulton was asked to get wood there first thing next morning and see that the family had necessities. The parents and the two children had all been stricken with typhoid and their credit was cut off Mr. Farley said he knew every last cent spent would be paid back soon as the father was able to work again. Re condition of milk in the township Constable Fulton (acting for Chief Mc-Innis who is on the Constable case in Cochrane) reported that a test had been made within the past six weeks and that the milk of the township was in excellent condition. Engineer Hendry asked the township for the ploughing schedule for the roads this winter. It was decided to have it same as last year, viz., first to the Dome then out to Schumacher. The Beaumont road will not be ploughed. The council thought it only fair that enough snow should be left on the road for teaming purposes, that it was just as important to have roads suitable for the hauling of wood and machinery as for cars. If the car drivers did not like driving in a rut the verdict

was "Let them make two ruts." The nominations passed off very quietly on Monday, November 26th. Reeve Gallagher was the only nominee for the reeveship. The old council were all re-nominated and in addition to that the following were nominated -E. J. Mason, of the Dome Mines; J J. Denny, W. Leck, W. R. Sullivan and James Shewan, of Schumacher. After the close of the nominations, Mr. Shewan was chosen as chairman and the various members of the old council and the nominees were called on for short speeches. Messrs Mason and Denny were not present. Each of the others spoke briefly. Chairman Shewan said that it was not his intention to run for councillor. Some of the others deferred their decision. Reeve Gallagher outlined the work done during the past year telling how stringently they had cut down on charity, tax, refunds, etc. He also spoke of the predicament the township was in when the roads were be- SPECIAL FEATURES AT ing tarred, but as this was a Provincial job the township was powerless to do anything. Various doings of the year were explained Then, with a vote of thanks to the chairman the meeting adjourned.

Later-None of the newly-nominatthe council for the ensuing year will

About 26 tons of cull apples are being treated daily at a dehydrating plant established recently at Vernon, is possible to grow flowers by electric-British Columbia, in the Okanagan Valley, one of the most productive fruit districts in Canada.

DR. ROYAL S. COPELAND, M.D.

It is a surprising fact that eye strain may produce such drainage of nerve energy as to produce a condition which may be followed by epileptic attacks. It is important to have an eye examination, not only to find out if there is a strain in the vision, but also to discover whether or not the eye muscles are in perfect adjustment. If there is lack of team work in the use of the eye muscles, any form of functional nervous disorder may follow.
