DELORA SCHOOL HOLDS FINE CHRISTMAS TREE

Delightful Event in Dining Hall of the March Gold on Thursday Last. About Eighty Present.

On Thursday evening last a very deft event took place in the big dining room at March Gold, when the local school in Delora held their Christmas party, between 75 and 80 being in attendance. A lovely balsam tree, artistically trimmed and lighted, together with other decorations in the room made a very pleasing appearance. Eighteen children are now accommodated at this school, and each one, under the able direction of their teacher, Miss Dempsay, had some part in the entertainment of the evening, and their work was well appreciated by their parents and others present. Mrs. Holmes, of the Ankerite, rendered two Christmas carols, the accompaniment being played by Mr. Baldwin, of the March. The piano was very kindly loaned for the occasion by Mr. Lark, captain at the March Gold. Sherman Oliver played the part of Santa Claus, but on account of receiving notice too late he was unable to grow the necessary beard. The children each received some useful gift, and they showed their appreciation of their teacher by showering her with many nice gifts.

Toronto Mail and Empire:—A selling market can be just as exciting as a buying market and outspeed the ticker just as decisively, but it has quite a different atmosphere. In one case there is a feeling in the air as of schoolboys off for the holidays, while the other suggests a return to prison.

THE DELIGHT OF THE KING Little Princess Elizabeth, daughter of the Duke and Duchess of York, is here seen taking a morning walk with her mother in the grounds of their London home, Piccadilly. During the King's illness the happy little Princess has been a ray of sunshine in the royal palace.

RAINBOW AT HAILEYBURY SEEN ON DECEMBER 15th

The Haileyburian last week says:—"A rainbow on December 15th is something new in this district, but that there was one visible on Saturday morning last is attested by several citizens who were out early. They report that it was to be seen almost directly north of the town and was of particularly beautiful colouring, one of the finest, it is stated, that has ever been seen by those who observed it. The rainbow was visible here for a short time only, around 7.30 in the morning."
