## Continuation School Report for South Porcupine School

Standing of the Pupils in the Various Forms of the Continuation School at South Porcupine for the Months of November and December, 1928. Names Arranged in Order of Merit in the Several Classes.

The following is the report of South Porcupine Continuation School for the month of November and December:—  
 Form III—First Class Honours—Valerie Rapsey, Beatrice Dowzer, Hodder Stovel, Anne Korpi, Robert McWilliams.  
 Second Class Honours—Gordon Michelson, Irene Rowe, Verne LaForest, John Sharp.  
 Third Class Honours—Harry Martin, Annabelle Taylor, Frances King, Myrtle Dysart, Nora O'Shea.  
 Passing Standing—Nora LaForest, Frances Wright, Jean Wright, Minerva Banerman, Maxwell Smith, Rowland Modde.  
 Below 50 per cent.—Barney Bucovsky, Irwin Wilson, Collum Stevenson, Wallace Wagg.  
 Form II—First Class Honours—Earle Hamilton, Kathleen Gallagher.  
 Second Class Honours—Eileen Larkin, Aileen Schneider, Harold McInnis, Dorothy Kaufman, Leda Cox.  
 Third Class Honours—Carlo Catterello, Annie Kesnesky, Maurice Mahon, Jack O'Shea.  
 Pass—Owen Wright, Jack Brunette, Helena Murray, Francesca Catarello, Maudie McKay, Aino Rein, Irene Armstrong, Hilda Rowe.  
 Below 50 per cent.—Esther Bucovsky, Nancy Cosentino, Stella Smith, James Young, Irene Burke, Marjorie

## Timmins Juniors Win First N.O.H.A. Game of Season Here

Big Crowd Delighted with the Lively Brand of Hockey Put Up. Timmins Lads Show Nice Style of Hockey in Opening Game. Twenty Minutes Overtime Necessary to Decide. Timmins Wins 3 to 1.

In the opening game of the Junior N.O.H.A. for this group the Timmins Junior Hockey Club pulled out a nice win on Friday evening at the rink here, the big crowd present being delighted with the brand of hockey shown and well pleased with the style of the Timmins Juniors who put up a fine battle against the Iroquois Falls team. The two teams were evenly matched. The Iroquois Falls were the heavier, though all of them being young, most of them being High School lads. This year the Iroquois Falls team is a home-brew one and thus the battle between the two rivals for the season will be all the more interesting. The spectators at Friday's night's game at the rink here felt they got their money's worth and more. There was something doing all the time and the fans had a very happy evening.

The end of the third period saw the score 1 to 1, and twenty minutes of overtime was necessary, the final score being 3 to 1 in favour of the Timmins Juniors.  
 Stan Burgoyne, of South Porcupine, was referee, and he saw that the boys played hockey. He refereed a nice game and by his good work added to the interest of the evening.  
 The two teams lined up as follows:—  
 Iroquois Falls—G. Sandrin, goal; Porter and LaRose, defence; Walsh, Wilson and Kingston, forwards; Wilkes, Sutton and Larsen, subs.; J. Walsh, sub-goal.  
 Timmins Juniors—LaSalle, goal; Wadsworth and Mair, defence; Giallanardo, Krupka and Ronald, forwards; Laflamme, Auge and Emard, subs.; Ostrowsky, sub-goal.  
 Referee—Stan Burgoyne, South Porcupine

Last year the Timmins Juniors were not able to wrest a game from the Iroquois Falls Cub Eskimos, though they never gave up the fight all season but gallantly carried on. No doubt the strong opposition of last year timed the Timmins Juniors to a fine pitch so that when they took the ice on Friday they were prepared for anything that was forthcoming.

The first period was employed for a time by both teams feeling their way and it was some time before they settled down to real play. Soon after the game had got into a real swing Giallanardo opened the score sheet with a fine shot which had Sandrin beaten all the way. This first goal gave the home team a stimulus to play and many good shots were centred on the goal only to be saved by the good work of Sandrin.

Wilson opened the second period by taking charge of the puck and making an attempt to reach the goal but in this he was foiled and the puck passed on to Kingston who put in an ineffective shot. Play began to get a little wild and some very ineffectual shooting was tried from the centre by both

teams. Giallanardo secured the puck later on and had a good chance of an easy goal but failed to take advantage of the opening. Play then changed to the home half of the ice and Wilson put in a hot one that would appear to have LaSalle beaten, but the home goalie was all there and made a great save. Krupka then shot from the centre, but to no avail. Wilson again made the running but only succeeded in putting in a little skating practice around the back of the net, subsequently losing the puck which was taken up by Krupka. Porter went to the penalty box for a foul, to be followed after by Laflamme who had just come on the ice to relieve Giallanardo. Auge secured the rubber and made a fine run up the ice, but his shot failed to beat Sandrin. LaRose took the puck but lost it to Krupka, who in turn lost it to Sutton. Sutton tried to make the grade but was cleared and lost to Auge who shot wide of the goal. Porter and Laflamme return to the ice while Wilkes is relegated to the box for a foul on Auge. Laflamme takes the puck but is unable to make any use of the advantage, losing to Sutton who put in a fast shot which went over the net. Laflamme again tried to beat the goalie, but Sandrin was in good form and made a nice save.

Another attempt is made by Auge and then Laflamme tries again, but both shots are no use. Giallanardo takes the ice and Laflamme goes to right position. Porter takes the puck for a ride around the net and loses to Krupka who in turn loses to Kingston who runs up the ice and in a melee in the goal mouth puts the puck over the line thus equalising the score.  
 A battle for supremacy then begins but although both teams play hard and fast there is no further scoring during the second period.

Timmins Juniors line up for the third period with only five players and play a two men forward game. They are fortunate to keep the Cub Eskimos in check as the visitors are pressing hard to gain the advantage. Auge puts in a good shot but unfortunately the rubber goes over the net. Wilson then made a good attempt to put his team in front but is foiled by the good saving by LaSalle, who at this time is excelling himself in his goal. Wadsworth takes the puck into the other half and later Giallanardo missed a golden opportunity. Mair puts in a shot from the blue line, but he is too far away to score. The Falls team then makes the running for a while, Kingston and Walsh showing some good combination play, which would have been very effective but for the presence of mind of LaSalle in goal, who was well on the job and was taking no chances. Giallanardo then took a shot from the centre but he was wild of his mark. Wilson carries the puck to the other end of the ice and puts in a shot which was well on the mark, but as usual, LaSalle was there and made a good save. A scramble followed the clearance and with Wilson again taking charge of the puck the Cubs began to attack. The home team, however, regain possession and the danger is passed. Giallanardo leaves the ice and Laflamme takes his place. Soon after entering the game Laflamme has a clear run and an almost sure chance of a goal, but he fails to make the most of the opportunity and shoots wild. Auge takes the rebound but he also cannot use it to advantage. Welsh, Wilson and Kingston then take turns at having a pot at the goal, but they do not get close enough to be able to hit the mark. A great deal of shooting from centre ice is proving absolutely futile at the present time and eventually the Cubs sharpshooters tire of this form of practice.

Auge gets possession of the puck and makes a good run up the ice. The opposition is very little but as he reaches the goal he trips and the goalie saves the situation to a certain extent. By this time other players have arrived on the scene and a royal scrimmage ensues in the goal mouth. The danger passes, and Porter takes two shots at the Timmins goal, both of which have no effect. Laflamme then essays another run but is forced to pass to Emard who tries to make the net but does not succeed.

The end of the third period shows the teams playing to a one all tie.  
 The first period of overtime shows some smart play and it is evident that a battle royal will be fought for the winning goal. The teams go into a ding-dong struggle and play is so fast that it is difficult to tell who really has the puck. For the full five minutes the game is played at top speed and with the change-over little let-up is seen. Many shots are taken at the respective goals during this period, but with both goalies well on the alert there is very little chance to get past them. The first period of overtime still leaves the issue in doubt.

After a short interval the rival teams return to the battle and are soon hammering away for their full worth. Kingston gets away with the puck and tries to make the honours for his side, but Laflamme intercepts his pass and shoots from the centre, but to no avail. Many more wild shots are taken from centre ice without effect until Auge gets away and makes a desperate attempt from near the goal. His shot, however, goes to the boards and taking the rebound he tries again in the midst of a medley of players of both sides. This time he is successful and as the red light flickers a rousing cheer is given out by the delighted spectators.

The Eskimos put up a hard fight to gain another equalizer but they are unable to have any effect on LaSalle who still remains strong in his position. A further change-over is necessary for the teams to play the full overtime periods and the visitors make the running. They play a five-forward game

### GOVERNMENTS SHOULD GET TOGETHER ON WOLF BOUNTY

The following brief but pointed editorial from The Pembroke Standard-Observer last year is well worthy of extended publicity and attention in this province and in Quebec. It is to be hoped that Premiers Ferguson and Taschereau not only read it, but heed it:—

"Jack Miner says, plump and plain, that we cannot have both wolves and deer, so we can take our choice. The weekly press from every part of Northern Ontario have been telling the Provincial Government this very same thing for a long time, yet they think a bounty of \$15 will exterminate the wolves. It would pay Premiers Ferguson and Taschereau to get their heads together on this subject, just as well as upon pulp and paper, and make up their minds that the wolves must go. It will be a big contract, but a bounty will drive the wolves back a mighty long distance. The one thing absolutely essential is that both Governments must deal with the matter, and the bounty should be uniform. One female wolf killed in Quebec this year may mean six less wolves in Ontario next year for the wolves know nothing about the boundary lines, and come and go at their sweet pleasure."

### DECEMBER PRODUCTION AT DOME MINES PROPERTY

Production at the Dome Mines for the month of December, 1928, is given at \$350,294 as against \$418,540 in November, and \$400,527 in December, 1927. The high total in November was attributable to the semi-annual clean-up. The output for the year does not show much change from the previous twelve months. The value of 1928 production was \$3,914,473, which compares with \$4,031,838 in the previous year.

practically, in an endeavour to secure another goal and it is this which gives Laflamme his chance to score the third goal for the home team. Welsh had taken the puck around the Timmins net and had lost it to the home team. Laflamme took the pass from one of his fellow players and had no one to beat but the goalie. His shot was clear and to the mark the goalie being completely baffled. No doubt this was one of the best shots seen here for a long time and although it did not mean quite as much as the one which Auge scored it nevertheless was welcome and brought forth loud cheers from the spectators.

Both teams worked hard, especially the goalies, to whom the greatest praise is due, and the fans had a real good time.

Apparently there is assurance of some good hockey this winter. From the showings the local boys made in Friday's game, they have the makings of a team and if they continue so, will no doubt bring glory to Timmins in the sport world before the end of the season.

There is no doubt that after this performance the good attendance which was shown at the rink on Friday night, will be doubled when the boys line up for their next game, and it is expected that every sport-loving citizen will turn up to do his share of the cheering.

### Descendant of W. Penn Living in Haileybury

The Haileyburian last week says:—  
 "Mrs. S. R. Liscumb, of Haileybury received the sad news on Friday last that her father, Mr. Henry John Penn, had passed away at his home in Southall, London, England. He died suddenly in his sleep, being in his usual health up to the time of retiring. The late Mr. Penn, who was 78 years of age, was descended from William Penn, the famous Quaker who became the first Governor of Pennsylvania, and was himself a plain man adhering to the Low Church party of the Church of England, of which he was a lifelong member. He was prominent in the public affairs of his section of the city, having been chairman of the Conservative Association. The late Mr. Penn is survived by his widow and one son in England, also by three grandchildren, one of whom is in India, besides Mrs. Liscumb and her four children here. He was buried in the family plot near his home. Friends of Mrs. Liscumb extend their sympathy."
