THIS SEEMS TO BE THE BEST SCOTTISH STORY YET GIVEN

Scottish Reader Submits to The Advance a Yarn That Appears to Beat 'Em All

Scottish readers of The Advance have had as much fun with Scottish stories published in these columns as this paper has had in printing them. This week, however, one Scottish reader has sent in one that beats them all. He found it in Mussen's Bulletin, a trade paper issued by a machinery firm, in Montreal. It is headed "Financial News," and this is it in full:—

"Many years ago two Scotsmen might have been seen on the corner of a street in Montreal flipping a quarter, which was all the money they had in the world between them, to decide whether they would spend it on a bath or a breakfast. Cleanliness won out, so they started for the bath. Arriving there, they found that only one could have a bath for a quarter, so they tossed for the bath. The loser stayed outside and minded his friend's clothes.

"Suddenly a bright thought struck him; he gathered up his friend's clothes and took them to a pawn shop and pawned them for \$2.00. With the \$2.00 in his pocket, he walked down the street and was attracted by a sign in a window:—"This clock for \$40.00—\$1.00 down and \$1.00 a month." He went in and bought the clock. Taking it with him he walked around the corner to a well-known repository and pawned it for \$20.00. He travelled back to pawnshop No. 1, got his friend's clothes out of hock, took them to him, and they both went off and had a good meal.

"About this time the merchant who had sold him the clock went out for a walk and saw his clock in the pawn shop window. He had the two men arrested and haled before a judge. In those days justice was speedy, and they were both tried immediately. The Scotsman's defence was that he owned the clock, and bought it on the terms offered by the storekeeper, had paid his dollar down, and was going to pay his dollar a month until the clock was paid for. Meanwhile, they had handed it to their "Uncle" for safe-keeping. Their argument was plainly stated, and the judge acquitted them.

"They then went to a lawyer and sued the storekeeper for \$1000.00 for defamation of character. They won the case, and on this series of transactions was based two of the largest fortunes possessed to-day by two of the most prominent Scotsmen in the city of Montreal."

ANNUAL BANQUET OF THE TIMMINS CITIZENS' BAND

The annual banquet of the Timmins Citizens' Band will likely be held this year on Saturday evening, Feb. 23rd, in the Oddfellows' hall. Invitations to the friends of the band will be issued as soon as the preliminary arrangements are completed. On these annual occasions the band invites the mayor, town councillors, past presidents of the band and other town officials and special friends of the band to be with them at the banquet and enjoy the yearly "get together" event.

Tom Click: Boys, the political campaign is getting warm. J. D. McCarty: Yeah! Who do you think has the best show. H. L. Johnson (working up insurance records): Ringling Brothers! —Exchange

5-PASSENGER BROUGHAM ANNOUNCED BY STUDEBAKER

Graceful, Low-Hung Body Lines Reflect the Speed of the Commander Motor in This New Car

A new five-passenger Brougham, available on the Studebaker Commander chassis was announced recently by The Studebaker Corporation and first shown at the National Automobile show in Toronto. The enthusiastic reception accorded the new model at the Toronto shows followed by its success at other motor exhibitions in Montreal, has led many automotive critics to forecast a great popularity for this smart body type.

Graceful, low-hung body lines reflect the speed and brilliant performance of the Commander motor. Fenders hang low over the wheels, flanking the deep chromium-plated radiator, topped by a winged cap symbolic of Studebaker's championship speed and performance. An entirely new style note is set by the raised mouldings which accentuate the window reveals, by the smart curve of the windshield pillars, and the graceful contour of the new French front framing the non-shatterable safety glass windshield.

In addition to their clever use of a raised body mouldings, Studebaker body designers have made lavish use of bright, tarnish-proof chromium plating to add to the smart sophistication of the new brougham's appearance. The big hub caps, the cowl lights, headlights, cowl beading and door handles are all finished in bright chromium. An added touch of smartness is provided by the chrome-plated retaining rings of the six wire wheels, which are standard equipment along with the touring trunk mounted at the rear.

Interior fittings of the new Commander Brougham reveal a new degree of luxury and comfort. The deeply cushioned seats are covered with smooth French pillow type upholstery of rich broadcloth. The rear seat is amply wide for three persons, and is fitted with a folding center arm rest in addition to arm rests at the sides. Comfort is provided in the front compartment. The comfortable front seat is adjustable for the convenience of the individual driver. Clutch and brake pedals and the steel core safety steering wheel with its convenient thin grip are also adjustable to individual preference. The pedals are fitted with rubber pads, and the conventional button type accelerator pedal is replaced with a comfortable rubber padded foot treadle.

The full ventilating windshield with its shatter-proof safety glass is readily opened by means of a convenient crank. As an additional measure of safety and convenience in driving, the windshield is fitted with two automatic cleaners, which give both driver and passenger a clear view of the road in bad weather.

The Commander Brougham is fitted with twin beam headlights controlled from the centre of the steering wheel, no-glare rear view mirror and hydraulic shock absorbers front and rear. In combination with the patented ball bearing spring shackles pioneered by Studebaker, the hydraulic shock absorbers give the new Brougham an exceptional degree of riding comfort and roadability. Other equipment includes coincidental lock to steering and ignition and the usual instruments, which are mounted under glass in individual dull silver frames against an old ivory mat and indirectly lighted.

With its complete equipment, fine appointments and air of smart sophistication the new Commander Brougham is proving one of the most popular cars in the entire range of new Studebaker models. It is priced at \$1920 at the factory, which includes trunk, extra tire carriers in front fenders and shock absorbers. Six wire wheels are available at slight additional cost.

Mr. and Mrs. Frank Dunbar, of Montreal, were Timmins visitors last week.

Lon Chaney at His Best In "Laugh, Clown, Laugh!"

Lon Chaney, in his first clown role since his sensational success several years ago in "He Who Gets Slapped," comes to the Goldfields theatre here on Friday and Saturday of this week, Feb. 8th, and 9th, when he will appear as the central figure of Herbert Brenon's elaborate production, "Laugh, Clown, Laugh." The new play, adapted by Metro-Goldwyn-Mayer from the celebrated stage drama, sees Chaney starting in the role of the tragic clown made famous before the footlights by Lionel Barrymore.

The new picture is a vivid drama of backstage life of the theatre, with Chaney in the role of a clown who, for the happiness of the woman he loves, makes a tragic sacrifice. Loretta Young, new discovery of the screen plays the heroine, Simonetta, and Nils Asther, of "Sorrell and Son," the juvenile lead as Luigi, Bernard Stiegel, Gwen Lee, Cissy Fitz-Gerald and others of note are in the cast.

A massive reproduction of a great European theatre and other elaborate settings lend lavishness to the tense drama. Chaney runs the gamut of the thespian art, appearing as a ludicrous comedian in the theatre scenes, and in others plumbing the depths of tragedy. Herbert Brenon, who directed the picture, is famous as the director of "Beau Geste," "Sorrell and Son," "Peter Pan," "God Gave Me Twenty Cents," "The Sideshow of Life," and many other notable plays.

Toronto Mail and Empire:—Rabbi Isersman believes that environment rather than heredity is responsible for the production of both murderers and saints. Probably both have something to do with it, but there is an essential mystery in character which neither wholly explains. There is also an element of personal responsibility which should be kept in mind and which is independent of both birth and surroundings.

HERBERT CANNING

The funeral service for the late Chas. Herbert Canning was conducted in the Baptist church, Timmins, on Sunday, Jan. 27th, at 2 p.m. The services were very largely attended, indicating the respect in which the late Mr. Canning was held and the sympathy felt for those bereaved. Following a few fitting remarks of tribute to the deceased, Pastor M. R. Hall, spoke to the gathering on "Hast Thou Seen the Doors of the Shadow of Death?"

The late Chas. Herbert Canning was only in his thirty-fourth year, and death came following a very critical operation at St. Mary's hospital. The late Mr. Canning was in the hospital only five days, being taken there for treatment for stomach ulcers. The very best medical skill and attention were given but all to no avail, death claiming him at 3 p.m. on Friday, Jan. 25th.

The late Mr. Canning was a native of Nova Scotia, coming here about three years ago from Joggins Mills. He made many friends here during his residence in town. He leaves to mourn his loss a widow and two sons and a daughter, to whom the sincere sympathy of all is extended in their bereavement.

The Romance that ended so soon

Her version: What a disappointment Bob had been! Once he was always bright and cheery—well-groomed. Then something happened. Bob became careless. Seemed to lose his ambition. Even his appearance was affected. Why, she was actually ashamed of him now!

His version: What had come over Mary? Two years ago he had been so much in love with her. But these days she was always so cross. Her old-time youth and charm had fled. True, he'd slipped somewhat, himself. But, Mary...
