

## South Porcupine Enjoyed Kirkland-Monteith Hockey

Junior Hockey Match was Fast and Strenuous and the Fans Liked it. South Porcupine Loses to Iroquois Falls at Timmins Rink. Other Items of News from The Advance Correspondent at South Porcupine.

South Porcupine, Feb. 20th, 1929. Special to The Advance.

Capt. Johns has returned to the Dome from the Amulet mine.

Born—On Sunday, February 17th, to Mr. and Mrs. Henry Napedy—a son.

Her many friends here greatly sympathize with Mrs. Barry in the loss of her sister, Mrs. Tamplin, of Philadelphia, on Friday morning last. She was Mrs. Barry's only relative in America. Five small children along with the sorrowing husband are left to mourn the loss of a mother. The funeral took place at Brantford on Monday, at 3.30 p.m. from Grace Church Cathedral.

During the week the following games have been played in the Pillsworth Memorial competition at the curling rink:—Henderson won from Fulton; Smith won from Fairhurst; Strain won from Bucovetsky; Fairhurst won from Brooks; Kennedy, from Costain; Brooks from Smith; Laforest, from Gallagher. On Monday, February 18th, Fairhurst and Smith both defaulted.

The work at the Canusa Mine is progressing apace. They are now cutting the station at the 300-ft. level.

The game between Kirkland Lake Jr. and (Monteith) Northern Academy Jrs. was quite a hectic struggle and some fast hockey was seen. The difference in the score was more the result of a dif-

ference in the experience of the two net-minders than in the ability of the teams. DeForge can handle the long shots all right by that unique method of his of dropping his stick and catching them but he lacks experience when the attacking players come right in on him as Gracie and Silverthorne have a way of doing. Smith at centre was outstanding for the Academy, his poke check tactics being a feature of the game. J. Clark and Wilson both did good work on the forward line while Dunsmore and Porcheon were fine on attack but just a little too gentlemanly in their method of handling their opponents who broke through for goals. In fact, the Academicians knew just as much about the science of hockey as the other side, but were not so well versed in the practical tricks of it as the war-scarred group of veterans they were up against. Gracie and Silverthorne both were well-swathed in cotton and bandages. The combination of the Kirkland Lake team was a treat to behold. Most of their ten goals were the result of the combined efforts of Silverthorne, Gracie and Basset. In the first period Kirkland Lake made a tally every six minutes, then with less than two minutes to go Wilson scored for Monteith on a pass from Smith but Kirkland came back for another counter, the period ending 4-1 for the min-

ers. When they had warmed up for six minutes, Silverthorne and Gracie again combined for a Kirkland counter but in three minutes more by some good "follow up" methods when Smith's shot was saved Monteith went right in and scored. After fifteen minutes play Tommy Clark, one of the subs, made another goal for the Academy but Kirkland Lake kept coming back like real goal hounds for more. The third period showed the School boys working like young Trojans to increase their score. In a scramble around the Kirkland goal, O'Connor got a nasty clip on the nose from one of their own sticks and had to be taken off the ice for the remainder of the game. Dunsmore got another goal for Monteith and Brown figured among the scorers for Kirkland. This player, Brown, called forth a good many admiring remarks. As smooth and graceful a skater as we have seen on the ice in a long time, he is level-headed and clean. While not yet as good a stick-handler as some of his colleagues he is a sterling hockey player in the making, or we lose a guess. Both teams stood the struggle well, the Academicians standing up much better under the strain than many expected they would, owing to their lack of practice in such game. S. Burgoyne, of South Porcupine, handled the game to the satisfaction of all. Teams were:—Kirkland Lake:—goal, Britton; defence, O'Connor and Brown; centre, Silverthorne; wings, Basset and Gracie; alternates, Roberts, Virgo, Violette and Burns. Northern Academy:—goal, DeForge; defence, Dunsmore and Porcheon; centre, Smith; wings, Clark and Wilson; alternates, Kelly, C. Dunsmore, T. Clarke and Giegar.

The Porcupine Chapter Order of the Eastern Star are planning a tea to be held in the old school at the Dome on the afternoon of Tuesday, February 26th. There will also be a sale of

home-made cooking. Everybody is welcome.

Mr. Oscar Knutson was up from Kirkland Lake to spend the week-end with his family. Mr. Osborne Orr has received word that his brother, Lorne, is progressing favourably.

Mrs. W. Rayner from here was successful, along with Mrs. A. Tomkinson, of Timmins, in winning the prize for fancy costume as the "Two Black Crows" in the carnival at the Timmins rink on Tuesday night.

Messrs McKelvie, Hutchison and Taylor, of New Liskeard, were in town this week, being business visitors to the West Dome Lake Gold Mines Ltd.

Miss Kathleen Woodhall and Miss Amy Holler, of the Northern Academy Monteith, were the guests of Miss Stella Smith over the week-end.

Well, Porcupine Hockey Club at least came back home alive on Monday night from Timmins after their blood and thunder battle with the Iroquois Falls team on Timmins ice. It was not the type of hockey Porcupine fans like to see and it was not the type of hockey Porcupine Club like to play but they were forced into it by the actions of their opponents. In clean, straight hockey Porcupine Hockey Club can be at the Eskimos but when it comes to rounding it in a game that seems to be beyond the control of one referee they haven't the weight and they don't take the initiative, knowing it is strictly against the wishes of both fans and coach. The act of retaliation is usually the one that catches the eye of a referee. Some such idea must have been in the minds of the Eskimos executive who, we understand, refused to allow P. J. Pahey, of Iroquois Falls, to go on the ice with Referee Roach, as judge of play, according to the wishes of Porcupine Club but would not consent to anyone except a man from Toronto, which with our present financial burdens could not very well be considered. Pahey has been in the game so recently himself that he knows it from A to Z and his fairness to all, Porcupine feels, could be relied on. His ability to catch delinquents, even at the sly poke, that they think he doesn't see, seems to be almost uncanny. It looks to us as though Iroquois Falls knew his ability in this respect too well to want to go into any game where he had an official eye on them. Think of that when he comes right from the same town that owns that goat. There were many objectionable rough spots to the game on Monday. However, we've seen some good sporting games in our own arena and at Iroquois Falls and the idea of going into a neighbour's house and having a rumpus like Monday doesn't seem good sport.

Mrs. James Gibson has been called to New Liskeard having received word that her aged mother there was rapidly sinking this afternoon. Mrs. Gibson leaves on the morning train. Mrs. George Waugh, her mother, is one of the pioneers of New Liskeard and celebrated her 86th birthday on January 14th. Mrs. Laffin, of New Liskeard, is staying with Mrs. Gibson's children.

Master Elwin Tripp entertained between thirty and thirty-five of his little friends to a valentine party on the third anniversary of his birthday, Feb. 14th. A very enjoyable time was spent and various games organized to entertain the little guests.

## Cochrane Presbytery Meeting at Schumacher, March 4 and 5

First Time Presbytery Meeting at Schumacher. Twenty-Five Visiting Clergymen and Lay Delegates Expected. Successful Box Social by Excelsior Club. Other Items of News from Correspondent at Schumacher.

COCHRANE PRESBYTERY Schumacher, Ont., Feb. 20th, 1929. Special to The Advance.

The Valentine box social, under the auspices of the Excelsior Club, held in the basement of the United Church last week proved a very pleasing and successful event. The attendance was large and everyone had a good time. The boxes were notable for both quantity and quality as well as for their artistic decorations and designs. Mr. D. Greer was the auctioneer and chairman for the evening, while Mr. C. W. Pennie and Miss V. Kennedy were the cashiers. The judges were Mrs. J. R. Todd, W. R. Sullivan and W. Mitchell. The following were the prize winners:—For best decorated boxes, 1st, Mrs. I. E. Kennedy; 2nd, Mrs. H. Sky; 3rd, Miss G. Schnappe; 4th, Mrs. D. Greer; 5th, Miss M. Bugera; 6th, Miss M. Ritchie;

The annual meeting of the Cochrane Presbytery will be held here on Monday and Tuesday, March 4th and 5th. This is the first time Schumacher has been chosen as the point of convention. About twenty-five visiting clergymen and lay delegates are expected to attend the sessions in the Trinity United Church. Our local pastor, Rev. I. E. Kennedy, chairman of the Presbytery, will preside.

Mr. Fred Dwyer, our well-known liveryman, who was injured by a fall while working with his car a few weeks ago is back at his place of business. The injury, thought at first to be trivial, developed into one of a serious nature and necessitated a three-weeks' sojourn at the Timmins hospital. The numerous friends of Mr. Dwyer are glad to see that he is rapidly recovering from the effects of the accident.

The special feature of the meeting of the Men's Association on Tuesday even-

ing was the address by Capt. Evenden of the Salvation Army, Timmins. The speaker outlined very clearly the history and organization of the great religious institution, and also favoured the audience with several selections on the trombone. The address and music were highly appreciated by those in attendance.

The Ladies' Auxiliary will be the guests of the Men's Association at a sleigh-ride party and supper on Tuesday evening, 26th inst.

Mrs. J. R. Todd returned last week after a visit of several weeks in Montreal, New York and Toronto. The Junior division of the Canadian Girls in Training, under the leadership of Mrs. McGee, held a Valentine party at the home of Mr. and Mrs. A. H. Cooke, Fourth avenue on Thursday evening. About twenty-five young people were present. A varied programme of games and music had been arranged for the entertainment of the girls. A dainty lunch served during the late hours brought the happy event to a close.

Mr. and Mrs. James Dillon and Mrs. Joseph Villeneuve were in North Bay last week attending the funeral of the late Mrs. L. Legaria, of that city. The deceased lady was the mother of Mrs. Dillon and Mrs. Villeneuve and had reached the advanced age of seventy-two years. To the bereaved relatives is extended the sympathy of friends in this community.

Mr. and Mrs. Alphonse Fournier returned recently from their honeymoon in Montreal and other eastern points. The happy young couple are comfortably settled in the cosy Fournier residence on First avenue. We welcome them to the town and extend best wishes for long life, happiness and prosperity.

Mr. W. Trollope is on a brief visit with friends and relatives in Toronto.

Dr. and Mrs. H. H. Moore left on Sunday for a visit to Toronto and New York.

Mrs. Frank M. Burke left on Sunday to visit New York and other points south.

Miss Eleanor Warrar, of Hamilton, is visiting relatives and friends in town and district.

The annual banquet of the Timmins Citizens' Band will be held on Saturday evening of this week in the Odd-fellows' hall.

The Cornish Social Club announce one of their pleasant dances in the Hollinger Recreation hall on Saturday evening of this week.

Mr. A. R. Globe, of Grimsby, Ont., formerly assistant general manager of the Hollinger Consolidated Gold Mines was a visitor to the camp last week.

Mrs. A. J. Shragge left on Wednesday morning on a trip to Ottawa and other large eastern cities. While away Mrs. Shragge will purchase the latest styles and modes in ladies' wear for spring.

God Star L.O.B.A. are holding a sale of home-made work including aprons, children's dresses, babies' knitted suits, etc.; a fish pond for the kiddies also. Home baking and afternoon tea will be served on Tuesday, March 19th.

Firemen Do Excellent Work at Fire Tuesday

At 3.45 a.m. Tuesday there was an alarm from Box 13, the unlucky fire number here. The blaze was at Mercier's fancy goods store on Third avenue, and apparently had started from defective wiring in one of the partitions. The fire was a nasty one to handle but Chief Borland and his men succeeded in conquering it with a minimum of damage. The fire was put out by the use of the big chemical tanks, though the water was all ready for use in case of necessity. The use of the chemical reduced the loss entailed. The building was damaged to the extent of \$100 or so, while Mr. Mercier's stocks were also damaged to some extent by smoke. Some of the stock was moved out by the firemen to avoid chance of loss. Woolworth's store, adjoining the building where the fire started, was so impressed with the good work of the fire brigade that a cheque was sent the firemen the next day, the \$25.00 being a mark of appreciation for the excellent services of the Timmins fire brigade.

## BOY OF 17 FALLS BENEATH FREIGHT TRAIN AT PORQUIS

Victor Rheault, of Mount Carmal, Has Foot Badly Crushed. Taken to Iroquois Falls Hospital

Attempting to board a freight train at Porquis Junction on Wednesday afternoon about three o'clock with the intention of getting a free ride south, Victor Rheault fell and his foot and leg were badly broken and crushed. The train was simply being moved in the yards, and the crew noticed the accident and went at once to the lad's assistance. Passengers waiting for the train from the south are emphatic in commending the kindness and helpfulness and prompt aid of the trainmen. A nurse also happened to be at the station and gave very helpful assistance in caring for the young man. He was taken to Iroquois Falls hospital on the next train, which however, did not arrive until six o'clock. The young fellow is only 17 years of age. He said his mother resided at Mount Carmal about 15 miles from Ville Marie. He was trying to get home when the accident occurred. It is understood that he has a brother living in Timmins who left this morning for Iroquois Falls on learning of the accident. The lad's foot is so badly crushed that he may have to have it amputated, it is said.

Mrs. James Gibson has been called to New Liskeard having received word that her aged mother there was rapidly sinking this afternoon. Mrs. Gibson leaves on the morning train. Mrs. George Waugh, her mother, is one of the pioneers of New Liskeard and celebrated her 86th birthday on January 14th. Mrs. Laffin, of New Liskeard, is staying with Mrs. Gibson's children.

Master Elwin Tripp entertained between thirty and thirty-five of his little friends to a valentine party on the third anniversary of his birthday, Feb. 14th. A very enjoyable time was spent and various games organized to entertain the little guests.

## PROMOTIONS AT CENTRAL SCHOOL SR. 1 TO JR. 11

Twenty-five Pupils Pass With Honour Standing, Stuart Scott Leading with 93 per cent.
