

Another Newspaper Tries To Get Goat of North

On many occasions during the past dozen years The Advance, The New Liskeard Speaker and The Cochrane Northland Post have referred to the apparent value of goats to this North Land. Some time ago The Northland Post not only showed the theoretical case for the goat in the North, but also described an actual goat farm near Cochrane where this form of live stock prospered and thrived. Now, along comes a new newspaper, The Northern Tribune, of Kapuskasing, with an editorial article on goats for the North. The Northern Tribune could further help along the matter by interviewing the Dominion Experimental Farm at Kapuskasing and getting the expert opinion of the men in charge there, the superintendent, for instance, being one of the first in pioneering this country in the farming line. In the meantime the reference to goats as made by The Northern Tribune may be given, as follows:—

"British Columbia has become quite a goat-raising province, and many high-class pure bred herds are now flourishing there. The old prejudice against goats as noisome explorers of reeking tin cans and marauders of clothes lines is rapidly disappearing, in the light of high medical commendation of their virtue. Los Angeles, which is a fustily clean city, has many enthusiastic backyard keepers of nannies, whose milk is highly valued for the household, and it has sovereign virtues as being entirely free from taint or disease and more akin to the human mother's mammary nourishment than cow's milk. We believe a great mistake is made by the provincial government in inducing poor settlers to buy pure bred or grade cows at a figure they cannot afford, when a good milch goat would supply all the family with an abundance of rich milk at a surplus for butter making, cost next to nothing to keep, give no trouble as to diseases, can be stabled in very small space in winter and live hardly on not much more than table scraps. It is not uncommon for a settler to lose a good cow shortly after he has purchased her on time payments from the government, and the loss is most burdensome. Feeding and breeding her is another item of time and expense, reducible to a small item in case of goats with government supervision. A well-bred nanny is a fine pet for children, too, and her kids will delight your kids."

G. W. Duke, well-known and popular in Timmins and throughout the North from many visits here in the past few years, will be at W. Dalzell's store on Wednesday next with the latest spring samples and models in men's suits representing Lalley, Trimble, Limited, of Toronto.

South Porcupine Wins From Haileybury, the Score 6 to 1

Good Hockey at South Porcupine Friday Night, Though a Little Too One-sided. Haileybury Team Weakened by Sickness and Accidents. Children at South Porcupine Give Fine Presentation of Operetta. Other South Porcupine News.

South Porcupine, Feb. 19th, 1929. Mr. Kenneth Deacon was up from Boston Creek to spend the week-end with his family here.

Miss Martha Michaelson left last week to begin her training as a nurse in a hospital in New Jersey. Her sister, Miss Helen Michaelson, accompanied her. Miss Honey has taken charge of Miss Michaelson's grade in the public school here during her absence.

Born—On Monday, February 4th, to Mr. and Mrs. L. Lively, of the West Dome Mines,—a daughter.

Miss Mazel Cahill returned to her home in Campbell's Bay this week after a visit with Mr. and Mrs. T. E. Cahill. Mr. C. V. Gallagher left for Red Lake to-day.

The Schumacher Fire Department have invited the South Porcupine Fire Department to their annual meeting on Wednesday, Feb. 20th.

Mrs. J. Herman returned from the hospital in Toronto on Saturday last. On the same day Mr. J. Herman who has been confined to the Dome hospital, was allowed to come home. Much concern has been felt by the friends of this esteemed couple over the illness that each has had to suffer and their recovery has brought gladness to all. Mr. and Mrs. Herman especially appreciate all the kindnesses shown them and wish to thank all their friends for their kindly consideration in their time of trial.

Born—On Tuesday, February 19th, to Mr. and Mrs. John B. St. Paul—a son.

Mrs. N. Sullivan and children, of Cochrane, spent the week-end with her sister, Mrs. C. Kavanagh, of Strachan avenue.

On Wednesday of last week the Dome Scouts tried conclusions with the Scouts of Schumacher at the arena here, the result being a 2-1 victory for the Dome boys. The teams lined up:—Schumacher—goal, Robinson; defence, miroz and Tennyson; centre, Barron; wings, Gilbert and Aude; subs, Briden, Finkelman, Calverly. Dome—goal, MacLean; defence, R. MacPhail, C. McCaffrey; centre, S. Stovell; wings, B. Stovell, B. Doran; subs, E. Richardson, J. Woods, Jim Miner. The goal for the visitors was scored by Barron who lifted the puck from the blue line with a shot

that placed it neatly behind MacLean. The first goal for the Dome boys was made when Bruce Stovell got the puck well back towards his own defence and carried it down to the Schumacher defence where "Red" helped him out, then passed to Doran, who tumbled that black biscuit neatly into the net. The next goal was a masterpiece of stick-handling on the part of the midget, Doran, who got through alone. "Fat" and Ross kept their net mider well-protected. Those present enjoyed the youngsters' exhibition as they were "up and at 'em" every minute of the play. D. Briden was in charge of the visitors B. Lavn acted as referee.

On Wednesday of last week the Ladies Guild of the United Church held a Valentine tea at the home of Mrs. J. Andrews, Main street. A delightful lunch was served and many fine cakes and other home-made dainties were sold.

Born—At Kirkland Lake, on Saturday, February 9th, to Mr. and Mrs. Arthur Fildock (nee Alma Johns)—a daughter.

Miss Jean Alexander has returned from Toronto.

On Sunday evening at the Anglican church, the twin sons of Mr. and Mrs. Louis Pike, and the two infant children of Mr. and Mrs. H. Disher, received the rites of baptism.

The bridge clubs met at the home of Mrs. A. Taylor and Mrs. W. W. Wilson on Thursday evening last. At the former's place Mrs. H. M. Martin won the first prize and Mrs. Alexander the consolation. At Mrs. W. W. Wilson's Mrs. R. Cameron was winner of the member's prize while Mrs. (Dr.) Day, of Connaught, and her guest, Mrs. Woolings, of Englehart, were among the guests at Mrs. Wilson's bridge.

There were over one hundred adherents of the Anglican church out to enjoy the congregational tea served last week in St. Paul's church here, by the Women's Auxiliary. After all had done justice to the bounteous repast Archdeacon Woodall showed lantern views of China which proved most interesting. The Women's Auxiliary are planning to hold a bridge and euchre as soon as the Lenten season is over.

On Thursday evening the Juvenile

Choir presented the operetta, "Snow White and the Seven Dwarfs" in the United Church. The auditorium was packed to the very last seat and the young performers did both themselves and their instructors great credit. Mr. A. Suttie, Jr., has had charge of the work of this choir. In the training for the operetta, Miss Watson and Miss Marshall proved very able assistants. Rose Gibson as the "Princess Snow-White" surprised even her most hopeful well-wishers by the grace and charm of her acting. Alice Ayre as the "Prince" was very good indeed, her voice in the solo parts calling forth well-merited applause. Lily Brown acted the part of the jealous "Queen" with a snap and vivacity that added greatly to the performance, while Wallace Wagg as "Carl the Huntsman" fitted into his part exceptionally well. The chorus of forest children consisted of:—Lizzie Brown and Margaret Suttie as leaders. Armita McJanet, Florence Johnston, Myrian Myers, Phyllis McCann (as "Arbutus"), Nellie Ayre, Marian Gibson, Sophia Todran (as "Daffodil"), Irene Varker. Their flower-bedecked costumes made a pretty picture. In front of them the little chorus was arranged in dresses of varying shades of blue. They were Stella Brown, Viola Laffin, Jean Andrews, Kathleen Ayre, Beatrice Knutson and Sarah Firth. The picturesque dwarfs in pointed hats and long brown beards we could not distinguish at first. In their dance around the "Princess" some of them accidentally lost their hats. This helped us somewhat and we have since found out who the others were:—viz.—Nancy Holding as "Max," Bernice McDonald as "Hans," Charlie Ayre, Donald Gibson, Douglas Moddie, Mildred McCaw, Irene Ayre. The children's voices had been carefully trained and their acting was most spontaneous and pleasing. As a result a nice little sum was raised toward paying for the vestry. Then on Saturday evening all the participants were treated to a sleigh-ride to Timmins and a supper afterward at the home of Mrs. Suttie. This party was enjoyed to the top-notch by each and every child. Mr. Radcliffe and Mr. Suttie accompanied the children to Timmins.

Haileybury Hockey Club paid their farewell visit to our arena for this season on Friday evening when they were defeated in a score of 6-1, but they went down fighting to the last and took their defeat like the good game bunch of sports that they are. P. Y. Fahey, of Iniquis Falls had the game well in hand throughout, and with the exception of being a little too one-sided it was a good game to see. Through sickness and accident Jamieson's team has been considerably weakened this year but for good well-balanced hockey material, there isn't a club in the league can boast of better. The first period was only two minutes old when Jemmet scored on an assist from Spence. The same two went right in again for a second counter when there had been sixteen minutes of play. Spence and Hylands drew penalties in this frame. Seven minutes of the next period were gone when Spence and Mill went down the ice together, Spence giving the biscuit the final pat-a-cake. In four more minutes Proulx got through and made a fourth tally. Several tickets were handed out for the repentants' seat in this spasm, Fell getting one, Austin two, Hudson one and Tupling one. For the fifth goal, in the third period Spence and Jemmet went in, Jemmet making the final plunge at the end of six minutes play. Soon after Proulx was chased for throwing his stick. Nine minutes were gone when McKnight tallied for Haileybury. Then Spence was pointed over to the bench where Proulx sat, leaving Porcupine with only three men on the ice besides the goalie, but managed to keep their goal well-protected till the miscreants got back into the working line. The sixth goal was made by Jemmet and Proulx he latter giving it he counting bang within the last five minutes of play. The last gong sounded on a score 6-1 favour of Porcupine. The five Porcupine penalties and four Haileybury ones were all for minor offences.

The team lined up:—Haileybury—goal, Fitzsimmons; defence, Tupling and Austin; centre, Hylands; wings, McPee and Northcott; alternates, Carmody, Cooper, McKnight. Porcupine—goal, Baxter; defence, Mill Gilmour; centre, Jemmet; wings, Hudson and Spence; alternates, Fell, Proulx and McHutcheon.

Estimates Contain Item for Timmins Post Office

The main estimates tabled in the House of Commons on Monday provide for the expenditure of \$30,000.00 towards the new post office at Timmins. This, no doubt, is the same \$30,000.00 tabled in the supplementary estimates last year. It is expected that the work of building a proper post office here will be proceeded with this spring.

The estimates also include \$30,000.00 for an addition to the Haileybury armories.

A further item of \$43,020.00 is for additions to the North Bay post office. These appear to be the only items in the main estimates for this North Land.

Two guards from Burwash prison farm were fined \$30.00 each for having deer meat illegally in their possession, while another guard was fined \$60.00 and costs for illegal possession of beaver skins. They paid the fines last week in district court at Sudbury. If they had been unable to raise the fines would they have been sent to Burwash farm?

JANUARY GOLD PRODUCTION NOT UP TO FIGURE FOR 1928

Porcupine Output Slightly Below Last Year's Figures. Kirkland Lake Production Larger

Returns received by the Ontario Department of Mines from the gold mines of the province for January show a slight decline from the figures for the corresponding month last year.

As compared with the monthly average production for the calendar year 1928, the Porcupine Camp showed a decline of \$91,000 while Kirkland Lake increased its monthly output by \$35,000. For all gold mines, the production for January of this year, \$2,663,274, was \$55,313 less than the monthly average for 1928. The figures for tonnages of ore milled bear much the same relation, as may be seen in the following table.

Monthly output of Ontario gold mines in the calendar year 1928 (gold and silver values) were:

	Ore milled Total value	tons	crude bullion
Porcupine	3,185,604	\$20,351,931	
Kirkland Lake	1,438,550	\$12,271,110	

Total, 1928 4,224,154 \$32,623,041
During January producing mines in order of output were as follows:—
Porcupine—Hollinger, Dome, McIntyre, Conlaunum, Vipond, Ankerite, March and West Dome Lake.

Kirkland Lake—Teck-Hughes, Lake Shore, Wright-Hargreaves, Sylvanite, Kirkland Lake Gold and Barry-Hollinger.

Receipts of crude bullion from Ontario at the Royal Mint, Ottawa, for

January totalled 169,757.76 crude ounces containing 133,985.433 fine ounces of gold and 25,713.62 fine ounces of silver, having a total value of \$2,784,293.42.

Mr. Ernie Stevens was in Boston, Mass., last week in connection with business of the Guthro-Monck Syndicate. He stopped over at Toronto on his return trip.
