

Cochrane Presbytery Met at Schumacher This Week

Twenty-five Delegates at the Meeting. Business and Social Sessions. Death of Former Resident of Schumacher in Colorado. Mattagami School Lads Play Hockey at Schumacher. Other Schumacher News Items of Interest.

Schumacher, Ont., March 6th. Special to The Advance.
A very successful meeting of the Cochrane Presbytery was held here on Monday and Tuesday. The clergymen, and lay delegates to the number of twenty-five arrived here on Monday at 5.30. They were met by a welcome committee, and all repaired to the McIntyre dining hall to partake of the evening meal, and spend a social hour. The first business session began at

seven o'clock and at its close a public meeting was held in the auditorium of the United Church. Rev. I. E. Kennedy, our local pastor, presided. Dr. Byrnes, Superintendent of Missions, Toronto Conference, who was one of the distinguished guests, entered about 8.30, and was warmly greeted by his numerous friends. Being under the care of the family physician he did not appear on the public platform. Interesting and inspiring addresses

were delivered by Rev. L. Hussey, of Hearst, and Rev. J. D. Parks, Timmins, the former describing his labours along the transcontinental to distant Nakina, and the latter stressing the importance of Immanuel United Church College to be erected in Toronto, and emphasizing the necessity of a highly educated clergy. Problems and subjects relating to the work and needs of the church were thoroughly discussed at sessions on Tuesday. In the afternoon of the same day the visitors, through the courtesy of the officials of the McIntyre Mine were conducted through the mill, and other surface properties. The pastor and church management take this opportunity of thanking the Ladies' Auxillary, and private families who provided refreshments and lodging accommodation for the delegates.

Mr. W. Trollope returned last week from a business and pleasure trip to Toronto.

The news was received in town a few days ago of the death of Mr. Harvey Fairhurst in Colorado. He was on his way from the West to his home in Vermont when he was stricken with the "flu," dying on the 14th, ultimo. The deceased was for several years an esteemed resident of Schumacher, leaving about two years ago with his wife and family for Vermont, U.S.A. The sympathy of many friends is extended to the bereaved widow and two little children in the untimely loss of an affectionate husband and father.

Mrs. Johnson, of Kipling, Ont., is the guest of her sister and brother-in-law, Mr. and Mrs. G. S. Moller, Lakeside drive.

Mr. I. Solomon returned recently from the Toronto Bonspiel where he made a very creditable showing against the expert curlers of the province.

The boys of Mattagami school played a friendly game of hockey on the local rink, Monday evening, the visitors winning by a score of 4 to 2.

The home of Mr. and Mrs. Green, First avenue, was the scene of a pleasant party on Thursday evening, Feb.

28th, the occasion being the tenth anniversary of the birthday of their granddaughter, Miss Helen Newcombe. About twenty schoolmates were present. The guest of honour was the recipient of many beautiful gifts. After games, music and a dainty lunch the gay company left at an early hour for their respective homes.
Mrs. Cockrill, of Charlton, is visiting at the home of Mr. and Mrs. Bell, Second avenue.

Ladies' Bowling League Week of February 28th

The following are the scores of the Ladies Bowling League for February 28th:—

Rambler				
Percival	112	120	110	342
E. Roy	115	118	129	362

A.S.D. win 3 points.

At Sudbury last week a number of disorderly houses were cleaned up by the police. A man and his son were given jail terms as keepers of three such places and three women were also sent down for four to twelve months each.

WOMEN DOG TEAM DRIVERS GIVEN RECEPTION IN CITY

Mrs. Bullock and Mrs. Edlund Last Week Completed 650-Mile Trip from Edlund to Toronto

Mrs. Eva Bullock and Mrs. Annie Edlund, who had made the trip from Edlund, west of Cochrane, to Toronto, by dog team, arrived in the city on Saturday last. The main thoroughfares to the city hall were lined with interested spectators as the two ladies drove their dog teams along the streets of the city. At the city hall the two ladies were cheered by a crowd of several thousand persons. Mayor Sam McBride gave the ladies official welcome and congratulated them on the successful outcome of their trip.

On January 31st, the ladies started away from Edlund, west of Cochrane, to drive by dog team to the city of Toronto, a distance of 650 miles. The ladies were garbed in fur-lined jackets, with scarlet breeches, beaver fur hats and moccasins. Their idea in making the trip was partly for the novelty and interest of the journey and partly to secure local colour and other material for a book now being written by Mrs. Bullock's husband, who is the principal of the little school at Edlund. The trip has been a wonderful experience according to the ladies. But they will go home again by train. As soon as the dogs are rested up they will be shipped by express to the North again, and after a visit of a couple of weeks in Toronto the ladies will also return North. It is said that the two ladies may take a two weeks' engagement in vaudeville following their unusual journey by dog team from the North.

It took the ladies just 30 days to make the 650 miles. This is an average of nearly 22 miles per day, which is a good record for so long a trip, especially in view of the fact that the ladies did not attempt to make any time and laid up for a few hours or a day or so as they felt like it and as their dogs might seem to require. Apart from the ordinary hardships incidental to travel by dog team the journey was uneventful though very interesting. The ladies stayed wherever was convenient, putting up at nights at the hotels in the various towns along the way, when these communities could be reached, and otherwise stopping at lumber camps, forestry shelters or other places available. Everywhere along the route they were shown the greatest kindness and courtesy by all. For a considerable part of the journey the ladies had to break their own trail, and this, of course, made travel rather difficult. In view of the possibility of danger the ladies were not given permission to use the T. & N. O. tracks so they did not make as easy or as speedy progress on some parts of the trip as expected. Another cause of more or less delay, as reported, was the condition of the dogs at certain times. The original teams had to be replaced in part owing to dogs developing sore feet or otherwise being spoiled for the rigors of the trip. The trip was a heavy one and accordingly the dogs needed to be far above the ordinary to come through it all with satisfaction.

Owing to the lack of snow and the mild weather in part of the south, the last stage of the journey was much more difficult than other sections of the trip. Attempt was made to mount the sleighs on wheels so as to make the last stage of the journey. In the reports coming to The Advance it is said that the experiment with wheels did not prove at all successful. It was eventually necessary for the ladies to discard the wheels altogether, and the latter part of the journey was made with the dog teams dragging the sleighs and the drivers assisting in the work by pushing on the sleighs in the mushing fashion pictured so often in the motion films.

The New Liskeard Speaker last week says:—"Miss Irene Hogg left on Sunday to spend a few weeks with her aunt, Mrs. L. Bell, Timmins."
