**SISCOE HAS SHIPPED OVER \$57,800 WORTH OF GOLD NOW**  
 A short time ago a shipment of gold was made from the Siscoe Gold Mines in Quebec, the second that has been made from this property this year. The shipment was valued at \$34,500, making a total of \$57,830 which has been produced and shipped by the Siscoe. Early last week a despatch from Amos stated that results obtained from diamond drilling below the 500-foot level have been quite encouraging.

## Farewell Party Given to C. B. Morgan, South Porcupine

Old-Time Resident, who has Given Notable Service to the District Honoured Prior to Departure from South Porcupine. Re-opening of Blue Bird Tea Room at South Porcupine. Other South Porcupine News from The Advance Correspondent.

South Porcupine, April 30th. Special to The Advance.  
 Mr. and Mrs. Leslie Fairfax and children, of Peru, are expected this week on an extended visit to Mr. and Mrs. R. Brinton's, the parental home of Mrs. Fairfax.  
 The following wedding will be of interest to his many friends in Porcupine, the groom having been employed at the Dome for some time and having made a reputation here for his defence work on the Porcupine Hockey Club that won him most enthusiastic applause wherever the team played. During the past season he has been playing in the Can.-Pro. League with Buffalo Bisons. The marriage took place on April 6th the account in the Stratford Beacon-Herald reading:—

"A pretty Eastertide wedding took place this afternoon at two o'clock at the home of Mrs. Harry Easson, William street, when her daughter, Nora Jean, became the bride of Allan Haines Murray, of Buffalo, son of Mr. and Mrs. Charles Murray, of Birmingham street. The bride was given in marriage by her brother, Kenneth Easson, and the ceremony was performed in the living room under an arch of tulle banked with ferns. Rev. George Rowland of Knox Church was the officiating clergyman, and the wedding music was played by Miss Jean Smith. The bride looked charming in a gown of pink georgette over pink satin and wore a bandeau of silver leaves in her hair. She carried a shower bouquet of butterfly roses and lily-of-the-valley. The bride was attended by Miss Eva Eke as bridesmaid in a frock of blue taffeta and silver and her flowers were sweet-heart roses. Little Miss Gail Barbour, of Chicago, was a dainty flower girl wearing a youthful dress of yellow taffeta, and carrying a basket of yellow roses. Mr. Irwin Murray, brother of the bridegroom, was best man. After the serving of a buffet wedding breakfast Mr. and Mrs. Murray left on a motor trip to Montreal and Detroit, the bride wearing a travelling suit of navy serge and a smart sun tan hat." There were quite a number of out-of-town guests among whom were Dr. and Mrs. E. Barbour, of Chicago, and Miss Gail Barbour, the tiny flower girl.

Mrs. E. Stevens and Mrs. Allworth, of Timmins, were visiting Mrs. Stevens' daughter, Mrs. Barrett, at the Ankerite Mine last week. We got the name of the hostess wrong last week.  
 Mr. Michael Cybulski has bought out the business of H. V. Grewco on the corner of Bruce avenue and Main street and will carry on an up-to-date service station for automobiles there. This corner has been used as a service station ever since the need of one arose in the town. "Mike," as he is familiarly known to patrons, has been employed there by H. V. Grewco for some time. Now that he is taking over the business for himself, the courteous attention and good workmanship that he gave each job that came his way will speak for itself.

In describing the C.G.I.T. concert last week the name of Capt. Evendon of the Salvation Army, Timmins, was inadvertently omitted. He very kindly came out from Timmins and gave two excellent trombone solos, "Danny Boy," and "Rosy Morn." Mrs. Evendon acted as his accompanist. Their kindness and music was much appreciated.

Mr. Chevier, of Quebec, has taken a position at the Dome Mines.  
 Mr. Frank Leal has accepted a position at the Wright-Hargreaves Mine in Kirkland Lake.

Mr. Melbourne Hodgins, of the Dome has gone to his home in Shawville for the summer.

Those who had been doing the planning for the euchre and bridge under the auspices of the Women's Auxiliary of the Anglican Church were rewarded by a very successful evening. In bridge the successful ones were:—ladies, first, Miss Elda Dempsey; second, Miss Irene Wilson; gentlemen, first, Mr. W. Cliff; second, Mr. B. Longworth. Mrs. Art Ewing and Allan Pearce, Jr., shared the consolation honours. In euchre the lucky ones were:—ladies, first, Miss Agnes Tanney; second, Mrs. Stringer; gentlemen, first, Mr. Burton; second, Mr. H. Miller. The consolation prizes went to Mrs. T. Farrell and M. Sincovitch. Mrs. Hedges, of the Dome, was the winner of the beautiful silk bedspread offered as a special during the evening and Miss McNab won the door prize. The prizes were all donated, some of them being beautiful pieces of

handwork in the form of embroidered luncheon cloths, etc. The first prize for euchre was a coffee percolator.  
 On Sunday evening Mr. and Mrs. J. Fera entertained a number of friends in a farewell party to Mr. C. B. Morgan before he left to take up residence in Toronto. It was also the anniversary of Mr. Gene Colombo's birthday, a former partner of Mr. Fera and the second anniversary of little Marjorie Fera's birthday. The dining room was beautifully decorated in pink and white for the occasion. Mr. Reg. Vaghan was toastmaster and many kindly and witty tributes were paid to the departing guest as well as to those whose birthday it honoured.  
 Mr. C. B. Morgan left on this (Tuesday's) train for Toronto.

At a meeting for the organization of the baseball club for the season, the following officers were elected:—president, R. V. Stone, Dome Mines; vice-president, W. Wottam, Dome Mines; treasurer, H. McDowell, Bank of Toronto town; secretary, F. Goodreau, town. These officers along with W. Parnell, of town, are to form the executive. It was resolved to affiliate with the Eastern Ontario Baseball Association. The manager of the team will not be chosen until the executive meets again.

On Saturday, May 4th, Mrs. H. M. Martin is having the formal opening of her new tea-room in the McKinley block, opposite Pearce's store on Golden avenue. This building has been re-modelled and re-decorated inside and with the dainty artistic touches given to the furnishing of it by Mrs. Martin it is now one of the most attractive and restful dining places in the whole camp. The cooking is all home-done and those patronizing the Blue Bird Tea Room in its new location will be sure of the utmost satisfaction. A new feature is to be the serving of afternoon tea every afternoon between the hours of three and five. On Sunday, dinner will be served in the evening for those wishing it, as well as at noon. Mrs. Martin also will cater for evening entertainments such as bridge parties, etc., by special arrangement.

Mr. Harold Michaelson is home from Queen's University, Kingston, to spend the summer with his parents at the Dome.

Mrs. S. Kennedy is visiting friends in Sheenboro, Quebec.

There is a big euchre and bridge being planned for May 14th by the people of the Roman Catholic Church.

Born—On Saturday, April 27th, to Mr. and Mrs. Matti Kaitola—a daughter.

Mr. and Mrs. F. H. Hall have returned from Toronto to their home at the Dome Mines.

Miss L. E. Johnson, of the public school teaching staff, is not able to

teach owing to having injured her foot with a nail. There was some great ransacking for last year's fishing tackle when the boys of this class (Junior Fourth) realized they were going to be at home for a day or two.  
 Mrs. C. L. Heath, of Kirkland Lake, is visiting friends in town.  
 There was a very small police court on Thursday last. The one outstanding case (assault) being remanded until this week.

## COBALT CAMP PRODUCING BIG SILVER NUGGETS STILL

Rich Plum Unearthed at O'Brien Mine Property Shows that the Silver Camp is Still Going Strong.

For twenty years there have been continuing stories to the effect that the old Cobalt camp was done, and just as persistently there have been absolute proof that the old camp was still in the running. Just as often as the pessimists had old Cobalt dead and buried, something bobbed up somewhere to show that there was life in the old camp yet. For some time past there have been many grounds for the pessimistic talk, but few proofs otherwise. Last week, however, old Cobalt camp hops along with a newly-found silver nugget that "knocks 'em cold." The story of the new nugget is told as follows in the despatches:—

Another large nugget of silver from the Cobalt camp will shortly adorn one of the showcases in the rotunda of the parliament buildings in Toronto. This one comes from the O'Brien Mine's East Cross Lake property, where it was located underground close to the diabase-keewatin contact. It is said to weigh close to half a ton and to occur in such shape that it was necessary to cut it in half to remove it, being exceptionally high grade silver ore.

After twenty-five years of silver production this splendid specimen was picked up on a practically new development, within about two miles of the discovery of silver on the LaRose property in 1904. According to those close to the O'Brien company, a private organization that gives out little information concerning its operations, splendid success is being obtained on the East Cross Lake properties. Regular shipments of mill ore amounting to some 50 tons daily and running in excess of 100 ounces to the ton are being made from the property. In addition there is a considerable amount of high grade recovered and bagged. The finding of plums like this rich nugget further augments the production of the mine.

silver be found at a later date in highly probable a number of other promising prospects in this section of the Cobalt camp would come in for development. The O'Brien company has been a pioneer in the Cobalt camp and Gowganda. In addition to the parent property in Cobalt which has been one of the camp's largest producers, it was for many years the only producing silver mine in the Gowganda area on its Miller Lake-O'Brien Mines. Recently it has commenced development of the Wilder properties in the southwest section of the Gowganda area. Word from this section is that in the sinking of the shaft by hand steel three narrow high grade silver veins have been encountered at a depth of around 40 feet and the work is being continued.

Toronto Mail and Empire:—Toledo is believed to have rolled up the largest receipts for one day taken by an American theatre this season, when "Macbeth" was presented. The record might inspire some Hollywood producers to hunt out the author, with a view of having him write a scenario or two for them.
