CLASSES IN THE NORTHERN CHAMPIONSHIPS ON JUNE 8

List of Classes, Events and Standards to Govern This Year's Feature at North Bay.

Last week reference was made to the Ontario Schools' track and field championships meet for District No. 8, embracing Northern Ontario districts. The date for the events has been set for June 8th at North Bay, under the direct supervision of the Ontario Athletic Commission, under which auspices the trials and finals are conducted annually. M. L. Troy, director of athletics in the North Bay Collegiate, has been appointed to receive entries and arrange details in connection with the meet. Last week The Advance also noted the various teams eligible to compete in the district, the list including Timmins High School. Below is given a further list of particulars that should prove of interest:

Only five alterations have been made in the standards governing the five classes, compared with those of last year.

In the junior section the 220 yard dash has been lowered by 1-5 second to 25 4-5 secs. In the 440 relay in the same grade the time has also been stepped up from 53 1-5 to 52 4-5. All other events remain the same as last year.

In the intermediate class the standard for the 220 yard dash has been lowered by 1-5 from 25 to 24 4-5, and the 440 relay has been dropped for a similar event at a distance of 880 yards. All other events remain unchanged.

URGES MURDER PENALTY FOR THE HIT-AND-RUN DRIVER

Drastic legislation against "hit and run" motorists, including the laying of murder charges against drivers of that class who cause fatalities, will be enacted by the Canadian parliament at its present session, if a measure, sponsored by T. L. Church, Conservative member for Toronto Northwest is accepted by the House of Commons.

Declaring that the present death toll from motor accidents in Canada is "appalling," Mr. Church proposes that any motorist whose car causes the death of another person, and who does not return to the scene of the fatality or report the matter to the authorities within twenty-four hours, shall be deemed guilty of murder and subject to the death penalty.

He further proposes that any motorist who causes the death of another person, no matter whether he is found criminally liable or not, shall be debarred from driving a car for a period of ten years.

Other penalties suggested in Church's bill are five years imprisonment and a fine of \$1,000 for motorists who, while driving recklessly, cause injury to any person; or who fail to stop after an accident, or to report the matter; two years imprisonment plus a fine of \$500 for any motorist who races another on a public highway; and the same penalty for all guilty of reckless driving.

At the present time, there is no federal law dealing with the conduct of motor drivers, except in cases where they cause a death; in which cases murder or manslaughter charges may be laid. In almost every such instance, however, the charge is only manslaughter.

THIS SOUNDS LIKE A NEW ONE

(Agnes Macphail, M.P., in Flesherston Advance)

—Father Boland, who presided on the second night, told us a good Irish joke. An Irishman one day stopped the father on the street: "I know, father, what Shrove Tuesday is, and I know what Ash Wednesday is, but tell me what is this Nut Sundae (Sunday) I hear so much about?"

BOX SOCIAL AND DANCE BY SCHUMACHER L.O.B.A.

Announcement is made this week of a box social and dance to be held under the auspices of the Schumacher L.O.B.A. on Friday evening, May 10th, at 8 p.m. at the home of Mr. D. Greer, 112 Third avenue, Schumacher. Ladies are asked to bring a box to the event. Everybody will be welcomed and all will enjoy the evening.

WINNERS AT THE LADIES' AUXILIARY WHIST DRIVE

The Ladies' Auxiliary of the Timmins Post, Canadian Legion, held another very successful whist drive in the Odd-fellows' hall on Monday evening. The winners were as follows:—ladies, first, Mrs. J. Ormiston; second, Miss C. Gray; third, Mrs. Charlebois; gentlemen, first, R. Gray, Sr.; second, H. Riggs; third, A. Mertimer. A very dainty luncheon was served followed by a social hour. Mr. W. Elphick sang one his famous comic songs, and also gave a dramatic recitation, "Dan Carew." Several popular old dances were also on the programme, the music for these being rendered by W. A. Devine. The evening was an enjoyable one throughout, and the ladies are to be congratulated on the very successful manner in which it was carried through.

DIVIDEND DECLARED BY THE BRADING BREWERIES, LTD.

At a meeting of the Directors of The Brading Breweries, Limited, held on the 20th, instant, a dividend of 50 cents a share was declared, payable on the 22,000 Common Shares outstanding, thus on a \$2.00 basis. This action was taken in consequence of the substantial increase in business being enjoyed by the Company. Sales in March showed an increase of 82.7 p.c. over March of last year. In order to take care of its ever growing trade, plans are being drawn up for the construction of a new bottling plant of the most modern type. Contrary to current belief, the Brading sales are all derived from Ontario and Quebec and the Company is not dependent in any way upon export business to the U.S.

How to Say "Abitibi" and the Meaning of the Word

Some years ago The Advance published an article dealing with place names of the North, their origin, significance and other details. The article elicited so much attention that there is reason to believe that readers are interested in such matters. "Abitibi" the magazine of the Abitibi Power & Paper Co., Limited, in the excellent: May issue makes the following reference to the meaning and pronunciation of "Abitibi":

Several requests have been received as to the meaning and pronunciation of the word "Abitibi."

It is an Indian word. The Indians around Lake Abitibi are Ojibways while the Indians to the north along James Bay are Crees. The word "Abitibi" is an Ojibway word and is pronounced with the accent on the third syllable. This is the Indian pronunciation. The French-Canadian pronunciation places the accent on the second syllable. All through the north country and all through the Abitibi organization the word is pronounced in the Indian fashion. It is curious that the Department of Education of Ontario makes the pupils in the schools pronounce the words according to the French pronunciation and not according to the Indian.

The meaning of "Abitibi" in the Ojibway language is half way water. In the old days the Ojibways moved from the Ottawa River to James Bay. The take-off place on the Ottawa was Mattawa and the Lake was named Abitibi or half way water being half way as they figured it between Mattawa and James Bay.

In view of the requests for the meaning and pronunciation and also the pronunciation taught in the Ontario Schools the Editor thought it wise to get authoritative information on both pronunciation and meaning and secured this from Abitibi Post of the Hudson's Bay Company through David McKenzie, who retired in 1924 after serving as factor of the Hudson's Bay Company for a great many years. He speaks many dialects of the Indian language and has lived among the Indians for fifty years. On receipt of the letter asking him to give definite information he consulted with some of the prominent Indians of the district and there is no doubt that the meaning and pronunciation given by him are absolutely accurate.

There is a curious custom at the Post where David McKenzie was so long factor. In Spring when the rivers are free from ice the Indians come to this post from as far away as the Arctic circle to trade with the Hudson's Bay Company. The same families do not come every year, their furs being brought down by some other member of the family. Marriages take place among them according to their own custom. When a couple married according to Indian usage arrive at Abitibi Post, they are again married at the big church on the hill. As many as fifty couples may be married at the same time at the altar specially prepared in front of the church. This ceremony takes place usually on a Sunday in the first two weeks of July and is a great occasion for visitors from the surrounding district.

The high wind put Cobalt fire alarm system out of commission recently, a piece of wood from an old building being blown against the wires. As the wires were promptly repaired and there were no fire calls in the meantime, no serious harm resulted from the accident.

VALUABLE WORK FOR BOYS BY OTTAWA KIWANIS CLUB

Mr. Cuthbertson Gives Excellent Talk on Activities of Ottawa Kiwanis. Mr. V. Woodbury Gives Review of Special Meetings at Montreal

The meeting of the Timmins Kiwanis Club at the Empire Hotel on Monday of this week was featured by two very interesting and informative addresses. Mr. Cuthbertson, of the Timmins High School staff, spoke on the activities of the Ottawa Kiwanis Club and his address proved not only interesting but valuable and inspiring to the members of the Timmins club. Mr. Woodbury's entertaining report of the meetings of the Montreal Kiwanis Club which he attended as representative of the Timmins Kiwanis on the occasion of the visit of the International President, O. S. Cummings, was much appreciated.

Mr. Cuthbertson spoke at some length on the boys' camp at Christie Lake established and carried on by the Ottawa Kiwanis Club. The activities of this branch of the Kiwanis were cleverly outlined by the speaker. The boys are taken from the heart of the downtown section of Ottawa. Some of them never were in the country before in their lives and scarcely know how to act. The Kiwanis, however, soon have them feeling at home and the boys are taught swimming and games and the pleasure of outdoor sports and physical exercise under the best conditions. The lads soon are taking the greatest joy in their new-found activities. Mr. Cuthbertson referred to the reactions of some of the lads, and pointed out that all were improved in many ways by the happy outing. They returned to the city bettered in health and strength and with a new outlook on life. The Ottawa Kiwanis keep in close touch with the boys after their return from the camp and are always ready to give any of the lads a helping hand. Mr. Cuthbertson's address showed that the Ottawa Kiwanis are doing a valuable and helpful work in building better citizenship for the days to come by their attention to the lads of the present.

Mr. V. Woodbury reviewed in very effective way, and with many enlightening touches of wit and humour, the

special meetings of the Montreal Kiwanis Club to receive International President O. Sam. Cummings. There was a very fine luncheon meeting at noon, with a host of interesting features, while the banquet in the evening was "something to write home about," as Mr. Woodbury showed. The report by Mr. Woodbury was a very comprehensive one and delighted the club. There was special interest in extracts from some of the speeches, quoted by Mr. Woodbury, and further reference may be made to these epigrammatic extracts on a later occasion. After the luncheon on Monday there was a meeting of the directors at which there was a lively discussion in regard to the work among children in Timmins. D. H. H. Moore, chairman of the committee of the local Kiwanis dealing with underprivileged children, will be the speaker at the next meeting of the Timmins Kiwanis Club, on Monday, May 6th, and in his address he will deal with some of the viewpoints evidenced in the discussion at the directors' meeting.
