

Getting Skinnier Every Day

Something Must Be Done and Done Right Now—Quick

Tens of thousands of thin, rundown men—yes, and women too—are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now for McCoy's Cod Liver Extract Tablets are putting flesh on hosts of skinny folks in all parts of the world every day.

One woman, tired, weak and discouraged, gaining 15 pounds in five weeks and now feels fine.

And this shows what faith the makers have in McCoy's for they say: if any thin person don't gain at least 5 pounds in 30 days your money will be refunded—and only 60 cents for 60 tablets—Economy size—\$1.00. Ask for them at Molsley & Ball, F. M. Burke Limited, Saue's Pharmacy or any drug store.

DEATH OF INFANT DAUGHTER OF MR. AND MRS. E. HAMILTON

The Northern News last week in a paragraph from its Englehart correspondent says:—"There passed away at the local Red Cross hospital on Saturday, May 4th, the infant daughter, Dorothy Rae, of Mr. and Mrs. Ellsworth Hamilton, of Timmins. Death was due to pneumonia. The funeral service was held from the home of Mr. and Mrs. E. W. Lennox on Monday afternoon at the local cemetery. Rev. C. B. Harris, of the Anglican Church, officiated. The sympathy of their many friends here is extended to Mr. and Mrs. Hamilton in their bereavement. The following beautiful floral tributes were received: wreaths: Mr. Hamilton, Eddie and Vernon, Mr. and Mrs. E. W. Lennox; sprays, United Church Ladies' Aid, Mr. and Mrs. L. Stone, Halleybury, Mr. and Mrs. S. Brown and family, Mr. and Mrs. S. B. Newman, Mr. and Mrs. A. Newman and Miss Grace Chrysler.

Boston Shoe and Leather Journal:—Sherman was not right! War is worse than the modern hell.

EMPIRE SHOPPING WEEK IN CANADA MAY 25 TO JUNE 1

Plans for Stimulating Trade Within the Empire—Canada's High Place in World Trade.

In connection with the Empire Shopping Week, May 25th to June 1st, a plan in which the business men of Timmins and district are giving full co-operation, the following extracts from an address delivered in the West will be of general interest and information:—

A new high record even surpassing the most prosperous war years was reached in Canada's foreign trade for the year 1928. Exports were \$1,228,000,000.00 and imports \$1,374,000,000.00 which left a balance of trade in Canada's favour of \$152,000,000.00. (Included in this total of exports were \$24,000,000.00 of re-exports.)

The total of Canada's trade for 1928 reached the tremendous figure of \$2,596,000,000.00 compared to \$2,326,000,000.00 for 1927, an increase of \$270,000,000.00.

With a population that ranks 28th among the countries of the world Canada is fifth in total exports and third in total turnover of trade.

This huge volume of foreign trade is due mainly to three reasons:

1. The rich natural resources of the country.
2. The great purchasing power of the population.
3. The great efforts it is making to increase the external trade of the Dominion.

The United States is the largest supplier of commodities to Canada, total imports from that country during 1928 amounting to \$826,000,000.00 an increase from 1927 of \$119,000,000.00 when it was \$707,000,000.00.

On the other hand exports to the United States from Canada for 1928 amounted to \$493,000,000.00 compared to \$475,000,000.00 in 1927, an increase of \$18,000,000.00.

The deficit as it were or perhaps it is more correct to call it the balance of trade against us in our dealings with the United States last year amounted to the vast sum of \$333,000,000.00 compared to \$232,000,000.00 in 1927.

Among a great many Canadians this situation is causing concern, for limiting our ability to increase and catch up with our exports to the United States we find a strong curb in the form of an increasing tariff barrier and it is advocated that more effort be made to purchase our requirements from those countries which are taking the larger share of Canada's exports.

When our minds follow this very logical line of reasoning we find that the British Empire is our best customer. In 1928 Canada's exports to the British Empire were \$545,000,000.00 in comparison with \$500,000,000.00 in 1927 an increase of \$45,000,000.00 and imports into Canada from the rest of the British Empire were \$254,000,000.00 for 1928 compared to \$240,000,000.00 for 1927, an increase of \$14,000,000.00 leaving a balance of trade in our favour of \$291,000,000.00 in 1928 and \$260,000,000.00 in 1927.

To sum up, we now see that with our best customer the British Empire we buy less from them to the tune of \$291,000,000.00 than they from us, and with our next best customer the United States we allow them to sell us \$333,000,000.00 worth of goods more than they purchase from us, in addition to which business is made more difficult

Emergency Crops to fight weeds

The late season has given weeds a start in many fields. Do not seed improperly prepared land! Good crops cannot be expected and weeds will be encouraged.

To ensure probability of success in such fields, and to control the weeds, take the necessary time to cultivate properly, but use one of the later or emergency crops. Buckwheat, for instance, yields well, provides good feed, and has a ready market. This will pay you better than a weed-ridden crop! Hay crops suggested are millet, oats and sweet clover, or soybeans. A mixture of oats, peas and vetches may be used for either hay or silage. Rape is excellent for late pasture.

Your Agricultural Representative will gladly advise you about suitable crops and date of seeding. Write or call upon him now, or write to the Ontario Department of Agriculture.

Hon. John S. Martin
Minister

Says Wolf Bounty May be Increased to \$50

Hon. Charles McCrea, Provincial Minister of Game and Fisheries, told a deputation from Northern Ontario which waited upon him last week that if an agreement could be reached with Quebec and Manitoba the wolf bounty would be raised at the next session of the Legislature. The deputation asked that the bounty be raised to \$50 a wolf, the Government to retain the pet. At present the bounty is \$15 with the trapper getting the pet. Mr. McCrea told the deputation that the department would pay experienced hunters to launch operations against the wolves at any point where the situation was considered bad.

COMMERCIAL TRAVELLERS "PUT ONE OVER" THIS YEAR

W. J. S. writing in his column of "Here and There" in The Renfrew Mercury says:—"How did Mr. John Tait of Renfrew and certain other commercial travellers residing elsewhere work it? Not only does June 3rd come on a Monday but so does July 1st, while further on in the year November 11th is also on a Monday. Really Mr. Tait and others deserve the thanks of the general public, and they are hereby nominated as members of the committee having in hand calendar reform. It is true they are having May 24th this year falling in a Friday, but that might be worse for all of us and easily worse for the schools, which want no public holiday to fall on a Saturday."

YOUNG BOY AT KIRKLAND LAKE SET FINE EXAMPLE

The Kirkland Lake Northern News last week says:—"When Superintendent John McCracken visited Kirkland Lake last week-end, in connection with business of the Children's Aid Society, he was handed on behalf of Kenneth Gill, eleven-year-old son of Mr. and Mrs. George Gill, of the Teck-Hughes, a glass fruit jar filled with coppers collected by Kenneth and contributed by him to the Building Fund of the proposed new Children's Shelter. A count of the contents of the jar showed that Master Kenneth had collected \$10 in coppers and this collection, which it is understood mainly comprised coppers which he had been given from time to time, will deservedly take the place of honour at the head of the building fund list."

For Paris Colors in Spring finery - use TINTEX

... now is the time when the shops are filled with Spring finery in the new Paris shades that all smartly-dressed women will wear.

... and how nice to know that your last year's Spring apparel or your present finery can be tinted or dyed these very same shades with Tintex. For Tintex in the Gray Box offers you the newest colors in vogue—from the palest pastel shades to the more subdued colors. And Tintex is used so simply, so perfectly—with such a saving in the cost of your Spring wardrobe.

... for the lace-trimmed silks in your wardrobe use Tintex in the Blue Box. It tints the silk the latest pastel shades and leaves the lace untouched. No wonder women of fashion use Tintex. It satisfies every home-tinting and dyeing need—and it makes it so easy for them to keep in fashion. Ask your dealer to show you the Tintex Color Card.

THE TINTEX GROUP—
Products for every Home-tinting and Dyeing Need
Tintex Gray Box—Tints and dyes all materials.
Tintex Blue Box—For lace-trimmed silks—tints the silk, lace remains white.
Tintex Color Remover—Removes old color from any material so it can be dyed a new color.
Whites—A special bluing for restoring whiteness to yellowed silks and woolsens.

The Advantage of "Purity"

Since Purity is a strong, rich flour with great expanding qualities, use 1 tablespoon less per cup of your cake recipe calls for ordinary pastry or soft wheat flour. If milk is called for, use half milk and half water (luke-warm) when using Purity Flour as milk alone tends to make the cake dry.

best for Cakes, Pies, Buns, Bread

Purity Plain Pastry

Use 2 1/2 cups Purity Flour, 1/2 teaspoon salt, 1 cup shortening, 1/2 cup cold water. Mix flour and salt, cutting in the shortening until the mixture is like fine meal. Mix thoroughly with the water. Roll out thin, keeping it dry. This will make crust for two pies. For extra rich pastry use half butter and half lard.

Fresh Water Tiger

35 pound muskie captured by G. Clark of Toronto after an hour's fight with a light rod and nine pound test line

Fishermen differ as to the fighting merits of the various species of the finny tribe to be found in North American waters. Some claim that, inch for inch and pound for pound, the small mouth black bass is the gamest fish that swims; others are equally enthusiastic in praise of the speckled brook trout; while still another fraternity claim that the salmon puts up as noble a battle for liberty as any game fish extant. All are agreed, however, that the muscalunge, sometimes called the "fresh water tiger" is one of the greatest fighters known to anglers, and that he will put up a battle royal when attached to the business end of a rod.

One of the productive muscalunge streams in North America is French River, in Ontario, Canada, which connects Lake Nipissing on the East with Georgian Bay on the West. This tangle of waterways is not only the haunt of the fighting muscalunge but it

yields small and large mouth black bass, great northern pike of enormous size and pickerel in abundance, as well as pan fish. Not long ago a prominent New York business man landed a 55 pound "muskie" after a battle which will probably satisfy his quest for a thrill for the rest of his life.

French River is two hundred miles north of Toronto on the Sudbury Line. The French River Bungalow Camp, a series of cozy individual bungalows centering around a main club house, provides comfortable accommodations for the angler and his family. Jack Strathdee, manager of this anglers' retreat, is a genial host who is glad to give the uninitiated fisherman a few tips on how to lure the wily "muskie." French River Bungalow Camp has as its adjunct Pine Rapids Camp, some 20 miles up the river, and located just at the spot where the "whoppers" are likely to lurk.

BIRDS NOTED AT WELBOURN SANCTUARY AT UNO PARK

The New Liskeard Speaker last week gives a list of spring birds seen at the Welbourn Sanctuary, Uno Park. This list was given The Speaker by Mrs. Welbourn. The Speaker says that it will be read with interest by bird lovers, and this applies to bird lovers in Timmins and district, as well as in and around New Liskeard. Miss Marsh, the noted authority on birds, who lectured in Timmins a couple of weeks ago on bird life, remarked to The Advance that New Liskeard and district had a remarkable number and variety of birds, this being due to the interest taken in the feathered tribe, this interest including thought for feeding the birds, and also some care for the protection of the birds. The Speaker asks all who notice birds other than those listed to send in the names and location. The following list of birds noted at Welbourn sanctuary are then mentioned:—March 31st, 8 male robins (Easter); March 31st, 4 Evening Grosbeaks; April 2nd, 4 Blackbirds; April 3rd, Song Sparrow; April 5th, Red Poll Linner (songster); April 6th, Night Hawk; April 6th, Killdeer; April 10th, Ducks; April 14th, Flicker; April 16th, Geese; April 22nd, Yellowbellied Sapsucker; April 27th, Meadow Larks (2 flocks); April 29th, Bithern; April 30th, White Throat; April 30th, Whitecrowned Sparrow; May 1st, Brown Creeper; May 1st, Wilson Snip; May 1st, Thrush; May 1st, Fox Sparrow; May 5th, Pine-woods Sparrow.

Boston Transcript:—Meek voice over the telephone—"Doctor, this is Mr. Henpeck. My wife has just dislocated her jaw. If you're out this way next week or the week after, you might drop in and see her."

TO HELP NOURISH BABY
Scott's Emulsion

SHEET STEEL CEILINGS

add the touch of prosperity to stores; give better light. Permanent also for schools, halls, kitchens and bathrooms. Easy to put up over old plaster. No dust or litter. Easy to clean and paint. Cannot crack or fall off.

GALVANIZED SIDING for Outside Walls

Attractive to look at. Inexpensive. Easy to put on over old walls. With building paper, warm, dry, windproof. Choice of Brick, Rock-face and Clap-board patterns.

GALVANIZED SHINGLES

End the fire hazard. Put on over old roofs. Easy to lay. Good looking, permanent, inexpensive. Use NO Other.

"The permanent fireproof roof is the cheapest in the end."
