

LEADER OF ONTARIO LIBERALS AT KIWANIS DINNER HERE

(Continued from Page One)
Nelson Parliament, former Speaker of the Ontario Legislature, and now Liberal organizer for the province.
In a brief address Mr. Parliament emphasized the necessity for brotherhood, unity and co-operation in the building up of Canada. He touched on the wonderful resources of Northern Ontario, noting, however, that the greatest resource of all was good citizenship. Clubs such as the Kiwanis, he thought, developed a spirit of service and comradeship that helped the country. With the wealth of this country also went a great responsibility, he pointed out.
In his brief address Dr. McCribbon, member of Wellington County, said that the one thing that had specially impressed him on his visit to the North was the fine spirit of friendliness shown by the men of the North. He spoke also in complimentary terms of Dr. J. A. McInnis, who was an old college friend, and of Mr. A. F. Kenning, M.P., who was his personal friend, though politically opposed.
Reeve C. V. Gallagher, of South Porcupine, made one of the best after-dinner speeches of the evening, his witty allusions being much enjoyed. He

was very optimistic for the immediate future of the Porcupine area which he believed would go on to greater prosperity and success than ever before.
Dr. J. A. McInnis was called upon for a few words and spoke briefly but effectively in reply.
Mr. Wm. Newman, member of North Victoria in the legislature, made one of the helpful speeches of the evening. Speaking as a farmer of long experience, he had nothing but words of praise for the great Clay Belt of the North. The North he believed could not be excelled anywhere for the growing of clover. One of the great needs of the North was drainage for low-lying lands and he advocated a comprehensive plan that would assure the proper drainage for all settlers' lands. He reminded the gathering that after the mines were worked out and the timber cut off, the land would remain to enrich the country and make the people prosperous.
Mr. Miller, another member of the party, spoke briefly, expressing his good wishes to the North. He urged all to play fair by the coming generations by building up the country with some thought of the days to come and making the most of the wonderful resources and opportunities.
In bringing the meeting to a close President Rinn expressed the pleasure of the Kiwanis Club in having the guests of the evening present and hearing their interesting addresses. The

COURT DISMISSES APPEAL NEW TRIAL FOR IVANCHUK

(Continued from Page One)
Justice Masten asked who was responsible for the notice of motion which was so broad and general in character, and added that he was shocked at the form of the notice of motion and he proposed to be very drastic in regard to this growing habit of stating general grounds.
At the high court sittings which opened at Cochrane on April 9th of this year, with Mr. Justice Wright presiding, John Ivanchuk, known to many in the North Land as "Cobalt," was convicted of the murder of Inspector Harry Constable at Cochrane on the evening of Oct. 15th, 1926. Witnesses told of Ivanchuk confessing the murder to them when he was under the influence of liquor. One of these witnesses was a man who had lived at Tascheru and another was a Kapuskasing man. The most important witness, perhaps, was Sophie Dincorn, who said that Ivanchuk had told her that he intended to kill Constable, and that on the night of the murder he had given her a gun to keep for him for a time, later meeting closed with the singing of "O, Canada."

Another Band Concert Sunday Evening, June 16

The second of the open air band concerts for the season by the Timmins Citizens' Band will be given on Sunday evening, June 16th, at the band stand in the park near the station after the church services. This, of course, will be contingent upon the weather being favourable. It is expected, however, that by Sunday the weather will be ideal, and that all will be able to enjoy the good programme of music provided by the band. The opening outdoor band concert on June 2nd, met with very general favour and Sunday's event will be even more appreciated if the weather is favourable. Bandmaster A. Wilford has prepared a specially attractive programme for Sunday's concert, including hymns, marches and general selections that are sure to please the popular fancy.
Ivanchuk's defence was a flat denial, the accused swearing he had not known the girl and some others of the witnesses until after his arrest. Ivanchuk was very ably defended at the trial at Cochrane by Mr. Harry Fine, of Ansonville. The police had a strong case against him, with practically no weak links.
Ivanchuk is at present at Halleybury and unless the Crown extends a reprieve or other clemency, he will be hanged on June 21st.

FIRST BIRTHDAY DINNER OF TIMMINS S.O.E. LODGE

Very Pleasant Event Held on Saturday Evening at Kingston Hotel, Supreme Secretary Present for Occasion
The first birthday dinner of Lodge Goldfields, Sons of England Benefit Society, Timmins, was held at the Kingston hotel on Saturday evening, June 8th, and proved a very delightful event. The Supreme Secretary Bro. D. J. Proctor, of Toronto, District Deputy Bro. Cadman, of Iroquois Falls, and President Jacobs of Willingdon Lodge, Iroquois Falls, were among the specially honoured guests present for the occasion. Between 65 and 70 of the members of local S.O.E. lodge with their ladies and friends sat down to an unusually pleasing dinner, the Kingston hotel doing itself very decided credit with the elegant menu provided for the occasion. The banquet tables looked especially attractive, and printed menus detailed the menu and the toast list.
The president of the local lodge, Bro. Sydney Wheeler presided for the occasion and carried through the pleasing programme with efficiency and dispatch. Community singing featured the opening of the event, and while the time for the addresses had to be restricted on account of the dance to be held in the Hollinger hall afterwards, the addresses were specially interesting and appropriate. The King was proposed by Chaplain Bro. A. Bough and was responded to with earnest enthusiasm. "Our Society and the Supreme Lodge" was proposed by Past President Bro. Goode in a brief but pointed address. In replying, Supreme Secretary Bro. D. J. Proctor, of Toronto, said that he would not deal at any length with the serious side of the society at such a time when enjoyment seemed to be the motto of the occasion. He complimented the lodge on its success and efficiency and on the pleasure of the first annual dinner. The Supreme Secretary then added very materially to the enjoyment of the evening by a number of new and very pleasing humorous stories, well told. In a brief but very appropriate address, in which he thanked the lodge for the pleasant banquet and complimented the members on the progress made. District Deputy Bro. Cadman, of Iroquois Falls, proposed the toast to Lodge Goldfields, to which President Wheeler made brief but effective reply. The toast to "The Visitors" was very effective given by Bro. Greaves, and President Jacobs of Lodge Willingdon, Iroquois Falls, replied in pleasing way, with appropriate favouring of wit and story. Mr. Jacobs, who used a horse and buggy to reach Timmins from the Falls, urged the members to keep up attendance at their lodge. "If you find that gasoline and lodge wont' mix," he said, in reference to the idea of motoring taking people away from town, "then get a horse and buggy like I have." In proposing the toast to "The Flag and Empire," Vice-President Bro. Reese touched on the true meaning of the flag and the Empire. Freedom, peace and prosperity were ours, he pointed out, because of the Empire and the flag, and he urged all to uphold to the limit at all times the great Empire and its hallowed emblem. In the response to this toast Bro. Arthur White spoke of the sacrifices that loyal men in the past had made to help build the Empire and to keep its flag flying. The responsibility rested upon the men and women of to-day to see that the sacrifices were not in vain and that the Empire went on to greater usefulness and strength. He made passing reference to the reports of indignity to the flag by foreigners in Timmins, and pointed out that while tolerance was a British virtue, there was a limit to forbearance, and none should be allowed to wantonly attack the flag and the Empire that gave them all the liberty they knew.
In a brief but kindly and complimentary speech, Bro. Harrison proposed the toast to the Press, which was responded to by G. A. Macdonald, editor of The Advance, who told the odd story or two, also pointing out that the press depended for its success upon the same foundation stone on which the Empire was based—freedom. The Scotsmen's regard for England was pictured both humourously and seriously. "The Ladies" was the concluding toast, proposed by Secretary Bro. Jennings, and responded to in brief but effective way by Mrs. Goode, Vice-President of the Daughters of England, who made the response in the unavoidable absence of

TIMMINS BAND PROPOSES BAND CONTEST FOR NORTH

Letters Sent to Other Bands in the North Land to See if They are Favourable to Such a Plan
At the regular meeting of the Timmins Citizens' Band on Monday evening the question of having a contest for bands in the North Land was again discussed. The question has been taken up at the Timmins band meetings on several occasions, but Monday night it was decided to take some action. For the present the action will be confined to finding out the opinions of the other bands in the North. There are bands at Iroquois Falls, Cochrane, South Porcupine, Halleybury, Kirkland Lake, North Bay and Sudbury, and these are to be communicated with to learn their opinions and to secure any suggestions they may make. The idea of the Timmins band is to increase the interest generally in this North Land in band music and to inspire bandsmen to greater effort through competitions between the various bands of the different towns and cities. With the spirit of friendly competition that would be inspired by the proposed contests, it is believed that bandsmen and public alike would be more keenly interested in band music and there would be noteworthy advancement in the various bands to the advantage of the people in general. No one questions the benefit and desirability of good music and in community life band music has a very special place. To encourage better band music and to secure greater interest among bandsmen throughout the North the idea of a contest for North Land bands is advanced. There are such contests in the Old Country, where the plan has been very successful. In Old Ontario and in other of the older sections of Canada and the United States, band contests are featured. On account of the distances to be travelled from the North to the Old Ontario centres, it is difficult for the bands of the North to take part in the contests now carried on, both the time taken and the cost involved being factors to be considered. In making the proposal to the neighbouring bands, Timmins band makes it plain that while ready to be the centre for holding the proposed band contests, this band is equally ready to cooperate and assist the plan if the bands concerned desire to use some other town as a centre for the competitions. At the present time the big desire is to have the views of the other towns of the North on the proposal, and also to receive any suggestions that may be made on the proposition.

there \$5.00 fees for speeders alone at the court this week.
Two drunks were taxed the usual ten and costs. Drunkenness is an expensive business.
Three for speeding were assessed \$10.00 and costs.
A charge preferred against a woman boarding house keeper of permitting drunkenness in her house was dismissed. The woman explained that one of her boarders had brought the drunken man in and she was not to blame.
Two liquor cases, one of having liquor not on permit, and the other of having liquor other than in private dwelling, were remanded to next week.
A charge of speeding was remanded for a week.
A dog at large resulted in one man being fined \$1.00 and costs.
For pumping a cesspool out on the street S. T. O'Leary was fined \$10.00 and costs.
A charge of arson against the former tenant of a house where a fire occurred was dismissed. The charge was laid by the owner of the house.
A boy who had ridden a bicycle on the sidewalk was given advice and warning by the magistrate.

Smelter Likely to be Built at Boston Creek

Mr. Holland-Hurst, M.E., of Halleybury, was in Timmins this week, and in reference to the Canadian Smelters Consolidated, said that the company would build the smelter somewhere along the line of the T. & N. O. The location has not yet been decided upon but the Boston Creek area seems to be the most likely on account of its strategic position in regard to ore supplies. The new company will do a customs smelter business, as well as having important contracts for the treatment of ore. The firm is financed by American capital.
