# TRIAL ON SERIOUS CHARGE

Six Months for Uttering Forged Cheque Gambling on Sunday Results in Six Fines of \$10.00 and

Costs The most important case at police court this week was held behind closed doors, being a charge against a young man named Earl Stringer of attempted rape of a girl who is not yet quite fifteen years of age. Witnesses in the case included three gentlemen who were motoring past the cemetery on Buffalo; Mr. and Mrs. O. W. Summer, Friday night when they heard a girl screaming. They went back to investigate and found Stringer with the girl in the car. One of the witnesses swore that Stringer was holding the girl's mouth to prevent her screams being heard while an attempt to otherwise assault her appeared to be attempted. The gentlemen took the girl from the car, the youngster begging them to keep the man away from her. They took her to the police station where an information was laid against Stringer, who was arrested later in the evening. The girl's story on the stand was that she had met the accused at Palmer's shows and when it was time for her to go home the accused had volunteered to drive her home in his When he turned towards the cemetery she protested but according to her evidence he said he would take her for a short drive before they went home. According to the further testimony of the girl the accused attempted improper advances and when she screamed for help he held his hand over her mouth. No evidence was given for the defence at the preliminary hearing here this week, and Stringer was committed for trial on charge of attempted rape. He is held in the jail pending his trial by a judge and jury, or pending bail to be set by

presenting Stringer. At the police court here this week a charge of reckless driving against a local merchant, who passed the police car on its way with the fire chief to a fire, was remanded to next week. A taxi driver charged with speeding, said he was not in the car at the time and the charge was withdrawn.

### YOUNG MAN COMMITTED FOR DIRECTORS OF THE HAYDEN PAY VISIT TO MINE HERE

Appointment of Noted Mining Engineer as Consulting Engineer at the Hayden Mine

On Sunday of this week a party of the directors and shareholders of the Hayden Mines paid a visit to Timmins and to the property near here, the party remaining until to day. Those here for the visit included:-Jas. S Pierce, president of the company, of Buffalo: Mr. and Mrs. W. B. Summer, Rochester; Stephen Burch, Rochester; Dr. M. D. Wilmot, Pittsford, N.Y., B. J. Fryett, East Rochester, N.Y.; F. R. Peterse, East Rochester; W. H. Boyland, Fairport, N.Y.; Peter J. Tack, Palmyra, N.Y.; J. B. Gehan, Lyons, N.Y.

One of the directors, Henry McK. Hasort, of Cleveland, N.Y., reached here this week coming by airplane and landing safely at Porcupine Lake, motoring

in to Timmins.

The visitors were well pleased with the continued progress of Timmins and also with the development and promise at the Hayden Mine, which is in Ogden township, south of here. The poles are now up for electrical power at the property and the wires are being strung. Part of the new equipment is now in. The camps at the property have been, overhauled and newly equipped for a staff of fifty men. Mr. Stephens is in charge as mine superintendent.

W. Grant Baney, of Buffalo, N.Y., well-known mining engineer of high reputation, has been engaged as consulting engineer. As soon as the new electrical equipment is installed a crosscut to the south on the 700-foot level will be cut, this work as well as all other underground effort being under the supervision of the consulting engi-
