M'INTYRE TO PLAY LAKE SHORE HERE ON SATURDAY

One of the Best Games of the Season Anticipated in Byrne Cup Match This Week

The special football feature for this week is a game between the McIntyre F.C. and the Lake Shore, at Kirkland Lake, on the Timmings grounds for the Byrne Charity Cup series. This match should attract a large crowd of football fans. The kick-off will be at 6.15 p.m., and from the opening of the game until the close it is expected that the match will show keen and interesting football.

The Lake Shore team this year is a classy one with a complete roll of football talent. The Kirkland Lake lads know the game and may be depended upon to hold up their end.

On the other hand, a special word or two should be said for the McIntyre. In some recent games the McIntyre have been handicapped by having good men off the line-up, but for Saturday's feature they will be at full strength. The McIntyre team at full strength is an aggregation that has to be reckoned with and there is little doubt but that they will put up a game that will please the football enthusiasts.

The opinion of those who follow football closely may be summed up as regards the match on Saturday by quoting again the phrasing of one of the local followers of football who said that on Saturday one of the very best games of the season is anticipated when McIntyre and Lake Shore again try conclusions.

Kiwanis Karnival Continues For the Balance of the Week

Event Proves Outstanding and Pleasing Success. Big Crowds Enjoy Features Every Night. General Public, Request for Three More Days of Carnival. Unusually Attractive Features. All Delighted with Event.

In response to the many requests from patrons, the Timmings Kiwanis Club has decided to continue their Kiwanis Karnival in the Timmings skating rink for the balance of the week. The event has proved so popular and many felt that it was a pity to construct such a splendid dance floor and use it only for three nights, while there is also a well-assorted stock of prizes for the various games still available and preparations and arrangements were done so well for the three-day feature that it seemed a waste not to continue for at least the balance of the week.

For the balance of the week some of the games have been rearranged to make more satisfactory odds in favour of the players. The public are assured of three more nights of real fun and from the appearance of the splendid blankets, dolls, electrical goods, dishes, etc., that have been carried away it would appear that the event has added more than enjoyment to the week. There are plenty more prizes for the balance of the week, and the dance will be more popular than ever.

The Kiwanis Club feel proud of their carnival and appreciate the kind words of approval that are heard on every side. This has been the real deciding feature in continuing this successful affair for three more nights.

The Kiwanis Karnival opened on Monday night with a good crowd enjoying the various features. Tuesday evening the crowd was largely increased and so was the enjoyment. Wednesday night still bigger crowds and more fun prevailed.

The Kiwanis Karnival has many special features that assure the public a big time. A perfect dance floor has been erected in the centre of the rink with the best of music for dancing provided by Tommy Stephen's orchestra. Big crowds patronized this feature. Around the sides of the rink are

All Entries Amateur Swimmers. Eight of the Entries are Girls. Will be Biggest Event of its Kind in North

The big swim under the auspices of Goldfield Drug Store, to be held at Golden City on August 4th promises to be one of the outstanding events of the year. Already over 25 entries have been received, all of them amateurs, but most of them with special local reputation for efficiency as swimmers. Eight of the entries are girls of especial skill at swimming.

The swim is over a course of a mile and a half, going three-quarters of a mile from the pier, passing round the buoy that will be there, and swimming back to the pier. The swimmers will be in plain view of the crowds all the time, and there will be some crowd there to see them the day being the occasion for two different picnics at Golden City, the Moose and the K. of C. both having picnics on the day.

There are many clever swimmers in Timmings and district and the event is bringing them out. The big swim is arousing most unusual interest in all circles.
