

LAKE SHORE WINS THE FIRST ROUND IN THE BYRNE CUP

McIntyre Football Team Outclassed by Classy Team from Kirkland Lake on Saturday Last

The first round for the Byrne trophy was played in Timmins last Saturday between the McIntyre and Lake Shore football teams...

The Lake Shore have a well-balanced team and their combination play was accurate, the ball being well-placed each time it was passed...

McIntyre:—A. Cadman, goal; Taylor and Curtis, backs; Woods, Rankin and Robson, half-backs; Allen, McCorry, Phillips, Shaw, Johnson forwards.

Lake Shore:—G. Cadman, goal; Ramsay, Welsley, backs; Simpson, Butt, Gregg, half-backs; A. Hamilton, Fernie, Laing, McDonald, Connelly, forwards.

P. Larmer, referee. The Lake Shore won the toss and took advantage of the wind. McIntyre pressed at the start and Johnson forced a corner which was fruitless.

The play was around centre field and Shaw had a pass and a clear field but failed to take advantage of it and was robbed and the ball went right down.

The Lake took a turn. Fernie took a long drive and nearly beat Cadman. Fernie came right in and took another shot and Cadman once more saved well.

right wing and McDonald came close in, but again Cadman saved.

The McIntyres transferred the play to the other end and got close in and Allan booted over. Rankin tried two long shots, the second of which G. Cadman just managed to save.

Throughout the second half there was only one team in the field so far as football was concerned, and the Lake Shore settled down to fine footwork, not bothering about the goals.

The Lake Shore forced a corner which was fruitless. The McIntyre made an effort to score and Ramsay cleared a dangerous play.

Lake Shore went down and forced a corner. The flag kick was dead centre and Laing tipped it towards goal and Cadman finished it by propelling the ball into the net with his hands.

Bush Fire Menace Still Continues in Some Parts

Despatches from Toronto yesterday said that the menace of forest fires continues almost undiminished on widely scattered fronts across Canada.

The weather, however, was generally cooler the beginning of this week and this relief from the heat, prevalent for a week past, will prove a help to late maturing crops.

New fires broke out in the Kenora district in North Ontario, according to official reports and rain which fell elsewhere in the province missed the districts where fires are being fought.

Provincial authorities are satisfied that their efforts have prevented a real disaster but are convinced the situation will remain serious until rain is general.
