BAYSIDE BEACH IDEAL FOR PICNIC, SAYS TIMMINS BAND

Group of Over a Hundred Have Very Happy Time, Despite the Wet Weather, at New Picnic Resort

The third annual picnic of the Timmins Citizens' Band was held on Sunday last to Bayside Beach, Barber's Bay. There were over 100 present at the event, including members of the band, their families and friends. Although the day was unfavourable, a little light rain falling at different times during the day, the event was a very pleasant one and greatly enjoyed by all. Had the day been a pleasant one the picnic would have been an ideal one, as Bayside Beach proved a place of comfort and beauty. The beach is an excellent one for swimming and other water sports, while the scenery is especially beautiful and huts, tents, hall and other conveniences make the place most attractive from the picnic standpoint.

The picnic party were transported from Timmins by buses and the trip over the road was in itself a treat for most. The bandmen took along their instruments and during the day Bandmaster A. Wilford and his men furnished plenty of the finest type of good band music that was greatly enjoyed. In addition the large gramophone in connection with the hall on the property also provided many attractive musical numbers.

An extra special feature of the day was the dinner served shortly after noon by the Bayside Beach management. This was one of the finest possible, the menu being varied and excellent in every particular, with the cooking perfect and the service beyond criticism. For this feature tables were set and the meal itself and the service of the home-cooked repast were of a standard that won the highest general praise.

During the day there were races, sports and novelties greatly enjoyed by all with appropriate prizes, some of the rewards being humorous. There was a strenuous softball match between the married and the single, the married winning, though the score was lost in the shuffle. A specially amusing novelty was the contest where bandmen had to eat a soda biscuit, then whistle and blow the scale on their instruments. In this Bandsman P. Cherry won first on the piccolo, and Bandsman S. Fairbrother, cornet, second. There was a similar contest for the youngsters who had to eat a soda biscuit and then whistle. First in this was won by Albert Fleck. The elopment race was another amusing novelty, the men in this race having to carry a lady over the course. In this C. Giles and Mrs. Rushworth came in first and P. Cherry and Mrs. Bough second. A contest, where the ladies had to run a course, take off a man's coat, turn it inside out and put it on again, was one more of the fun-provokers. Winners in this event were Mrs. Bough, first, and Mrs. Mason, second. A contest of unusual interest was the hop, step and jump. First in this, with a record mark, was Bandsman A. McCann, with Mr. Crane second. In the married ladies' race Mrs. D. Bough won first, and Mrs. Mason and Mrs. Whittam tied for second place. In the race for small youngsters George Bough came first and Keith Bough second. Girls race, 9 to 12, A. Belk, first, and R. Robar, second. Girls, 6 to 9, Mary Graychuk, first, and Mary Bough, second. Boys, 6 to 9, Jack Barrett, first, and W. Mason, second.

During the day, ice-cream was served, while before the return trip there was a supper of the most delicious Cornish pasties together with hot tea

W. Jamieson Won One Club Match on Saturday Last

In the one-club match at the Timmins Golf Club on Saturday W. Jamieson won first, with H. W. Hooker and Hedley Moore in a tie for second place. The following were some of the scores made:—

Player	Gross	Hdp.	Net
J. Seamon	100	20	80
J. W. Fogg	88	12	76
J. R. Todd	100	16	84
J. Shewan	112	18	94
W. H. Pritchard	102	22	80
J. Stokes	88	6	82
S. A. Caldbick	123	26	97
W. Jamieson	94	20	74
H. Shantz	127	23	104
V. Woodbury	144	27	117
Geo. Lake	97	9	86
G. F. H. Adams	109	16	93
C. Kemsley	109	21	88
H. Hooker	95	20	75
H. Fuke	102	18	84
Fr. O'Gorman Rev.	132	21	111
J. W. Dougherty	102	22	80
G. Irving	125	27	98
J. W. Wallace	110	24	86
Hedley Moore	102	27	75

Others also played in the match on the occasion.

and coffee. The pasties, kindly made for the band by Cornish ladies in Timmins and Schumacher, were very specially enjoyed.

Despite the weather and all other handicaps, the day was much enjoyed by all, the picnic grounds, the service and accommodation being especially appreciated. Messrs Hall Brothers, the proprietors of Bayside Beach, and the whole staff did all possible to make the day a delightful one, and won the heartfelt approval of the band. Before the return trip the youngsters from the Shelter, who were the guests for the day of the band, gathered round Mr. A. G. Carson, C.A.S. superintendent, and gave three rousing cheers and a tiger for the Timmins Citizens' Band as a mark of their very evident appreciation and enjoyment of the occasion.

Mr. and Mrs. Alex B. Ramsay and family have returned from a three weeks' motor trip. While away they visited Mrs. Ramsay's mother in Warrington, and Mr. Ramsay's old home town, Parry Sound.

TIMMINS GIRL GUIDES ENJOY PLEASANT CAMPING

About Eighteen Girls from Town Have Happy Time at Golden City for weeks. Camp a very Successful One

The Girl Guides of Timmins First Company enjoyed a very pleasant camp at Golden City from July 18th, to Aug. 1st. The camp was a complete success from every standpoint, being especially satisfactory from the financial end and for the enjoyable features of the event.

The Girl Guides were in charge of Mrs. M. Richards, Captain, and Miss Iona Andrew, Acting Lieutenant. Any of the girls asked if they had a busy, healthy, happy, wholesome outing and a jolly good time all the time, are very emphatic in approval of the event. Everything went along in perfect fashion and the girls are loud in their praise of all who contributed to the success of the occasion. Marshall-Ecclestone kindly gave the use of their big motor truck to take the girls out to the camp and back to Timmins, and for this the Girls Guides are very grateful. They also express very sincere thanks to Mrs. Gordon H. Gauthier for the use of the camp site, to those who so generously supplied the "eats," to Mr. and Mrs. D. Ostrosser for use of the boats and for many other courtesies, and to Mrs. John Watt for bringing out food and supplies when these were needed.

Boating, swimming, hiking and many other pleasures were enjoyed during the camp and the event was very popular throughout and will no doubt be looked forward to next year with the keenest anticipation. There was an average of 17 girls at the camp all the time, with eighteen all through the last week.

Sudbury Star—Of course the old-fashioned sheer chiffon stockings had faults and perhaps the girls were right in discarding them, but so far as can be recalled there never was a runner that showed up as badly as a varicose vein.

Indians Think Railway Would Spoil Fur Trade

According to despatches from The Pas, Manitoba, last week, one of the most unusual protests ever made to the building of the Hudson Bay Railway has come from the Indians at York Factory. During the recent two days "talk" of the council, which is held annually after treaty payments, the paying agent was officially requested to stop these people building a railway to Churchill because it will affect the fur trade in the York Factory region.

The request was made with all seriousness, and the paying agent was faced with a problem, according to the version to the affair which has reached The Pas. However, the agent told his redskin friends that there was little chance of the tracks to Churchill being torn up for their sake, at the same time assuring them that the Government would not allow them to starve on account of a fur shortage.

The Indians accepted the agent's promise that he would do all he could for them, but they are far from being pacified about the Bay Railway.

The York Factory tribe claims that the white people living at Churchill will stop white fox from coming farther down the coast, and thereby the chief source of their fur catch would be cut off.

The protest of the Factory Indians has caused widespread discussion in the north, and has again raised the problem of further aid to the Indians in times of stress.

MEETING OF HORTICULTURAL SOCIETY FRIDAY THIS WEEK

A meeting of the Timmins Horticultural Society is called for Friday evening of this week, August 9th, at 7 p.m. in the town hall. A large and representative meeting is specially desired as there are a number of important questions to be before the gathering. It is now less than a month to the annual exhibition and accordingly the interest and attention of all is required to assure the best of success.

Mr. A. Simpson, editor and publisher of The Times, Englehart, was a visitor to Timmins over the week-end. It was his first visit to Timmins and he was much impressed with the development and progress of Timmins and its many modern advantages, especially the solid, permanent type of town here.

TWO PROSPECTORS RETURN AFTER YEARS IN THE NORTH

Mystery Attending Whereabouts of Northern Ontario Men Solved by Their Return to Cochrane

Despatches this week from Cochrane say that another mystery of the north has been dispelled with the safe arrival at their homes in Allanwater, Ontario, of two sturdy Swedish prospectors and trappers, Charles Steve and John Palmquist, who for the past three years have been swallowed up in the vast stretches of the Ungava district.

It was not until about a year ago that any real anxiety was felt for the two adventurers who are both rated skilled woodsmen, and it now transpires that at no period of their outing were they in any danger of starvation, though at one time they were forced to live off the land for about three months.

Steve and Palmquist left for the Ungava district travelling down the Albany river by canoe to James Bay reaching Fort George on the east coast where they outfitted at the Hudson's Bay Company's post for a long sojourn in the vicinity of the headwaters of Hamilton river on the Labrador slope.

Here they quietly amassed samples of ore and a plentiful stock of furs, the latter of which were disposed of at Fort George. Unfortunately their many valuable samples of ore were lost in the waters of James Bay when their canoe was upset in a sudden squall, between Fort George and East Main, which meant a return to the former point, where they embarked on a Hudson's Bay Company boat destined for Charlton Island.

Here they met F. H. Kitto, F.R.G.S. and A. E. Forsild, two Dominion Government officials, with whom they threw in their lot, the party reaching Moose Factory via Rupert House and from thence traversing the Athliti by canoe to the end of steel of the Temiskaming and Northern Ontario Railway where they entrained for Cochrane, Ontario. It is understood that both trappers plan another expedition to the Ungava district.

HAYDEN MINE NOW TO BE DEWATERED AND DEVELOPED

Plans are under way for the dewatering and re-opening of the Hayden mine in the Porcupine gold area. In this connection a power line has been run to the property, an electrically operated compressor and hoist are in place and as soon as the transformers have been installed the work of pumping out the shafts and levels will be started. The Hayden mine is said to contain a long and defined surface vein and possible ore showings running east and west through its property. The shaft is down 700 feet, having been sunk 200 feet to the north of the surface vein. No crosscuts have been driven south from any of the existing levels to tap or open up this indicated ore body. As soon as the mine has been dewatered, crosscuts will be run from two or more of the existing levels to cut the veins on the south. There are said to be two of these veins forming the north and south contact of an east and west dyke of porphyry. The south vein, when stripped, showed a width of 10 feet opposite the shaft and 19 feet a short distance farther west. A more extensive diamond drilling programme is also listed in the company's plans for immediate development work.—Toronto Mail and Empire.

According to word from Cobalt last week, Cyril Barrow, sign painter, of the Silver Town, left on Thursday for Cambridge, England. He was recently left real estate in England by his grandmother, the late Mrs. T. Powell, who died on June 19th. It is Mr. Barrow's intention to dispose of the property, which includes four houses, and return to Canada after a month's absence.
