

It is sometimes wise to buy Term Insurance

For a young married man with a good job and bright prospects, but with a limited income, the cheapest insurance to buy is Term Insurance.

It will provide his family, for a period of years, with the greatest amount of real protection at the lowest cost. Then, as his financial position improves, he can convert the policy into a limited pay life, straight life, endowment or some other form of permanent insurance.

By so doing he doesn't lose what he has paid in, but enjoys the full benefits of the utmost protection at the time when his family needs it most and when his salary is limited.

We shall be pleased to issue Convertible Term Insurance to those needing it. If you are interested, write for our pamphlet entitled "The Danger of Delay". Address:

Summary of Migratory Birds' Convention Act Now in Force

Particulars of Migratory Birds' Act as it Affects This District. Dominion Law as it Concerns Each Person who Hunts Migratory Birds in Canada. Open and Closed Seasons, Etc.

The following is a summary of the Migratory Birds Convention Act as it affects this district. This is the Dominion law concerning migratory birds in Canada, and should be of general interest. J. B. Harkin, Commissioner, Department of the Interior, has furnished the summary to The Advance, and any enquiries concerning the law in the matter will be promptly answered by Mr. Harkin.

Open Seasons Both Dates Inclusive. Ontario—North and West of the French and Mattawa Rivers and including all Georgian Bay Waters—Ducks, Greese, Brant and Rails, Wilson's or Jack-Snipe—September 1st to December 15th. Woodcock—September 15th to November 30.

South of the French and Mattawa Rivers, but not including any portion between 15th to December 15th. Of the Georgian Bay waters—Ducks, Greese, Brant & Rails, Wilson's or Jack-Snipe.— September 15th to De-

ember 15th. Woodcock—September 15th to November 30.

There is a closed season throughout the year in Ontario on Elder Duck (the latter may be taken during the open season in that portion of Ontario north of the Quebec, Cochrane, Winnipeg line of the Canadian National Railway) Swans, Cranes, Curlew, Willets, Godwits, Upland Plover, Black-bellied and Golden Plover, Greater and Lesser Yellow-Legs, Avocets, Dowitchers, Knots, Oyster-catchers, Phalaropes, Scaups, Surf-birds, Turnstones, and all the shore-birds not provided with an open season in above schedule.

There is a closed season throughout the year on the following non-game birds: Auks, Auklets, Bitterns, Fulmars, Gannets, Grebes, Gullinots, Gulls, Herons, Jaegers, Loons, Murres, Petrels, Puffins, Shearwaters and Terns, and there is a closed season throughout the year on the following insectivorous birds: Bobolinks, Catbirds, Chickadees, Cuckoos, Flickers, Flycatchers, Grosbeaks, Hummingbirds, Kinglets, Martins, Meadowlark, Nighthawks or Bull-bats, Nuthatches, Orioles, Robins, Shrikes, Swallows, Vireos, Tanagers, Titmice, Thrushes, Waxwings, Woodpeckers, and Wrens, and all other perching birds which feed entirely or chiefly on insects.

No person shall kill, hunt, capture, injure, take or molest migratory game birds during the close season. Sale of these birds is forbidden.

The killing, capturing, taking, injuring or molesting of migratory insectivorous and migratory non-game birds is prohibited.

The possession of legally taken migratory game birds is allowed until March 31st, following the open season. In Ontario it is an offence to kill or attempt to kill any migratory game bird between sunset and sunrise.

Bag Limits Ducks 25, but not more than 200 in a season. Geese 15, Brant 15, Rails 25, Wilson's Snipe 25, Woodcock 8, but not more than 125 Woodcock in one season.

Guns and Appliances The use of automatic (auto loading), swivel, or machine guns, or battery, or any gun larger than number 10

gauge is prohibited, and the use of any aeroplane, powerboat, sailboat, or night light, and shooting from any horse-drawn or motor vehicle is forbidden.

Penalty Every person who violates any provision of this Act or any Regulation shall, for each offence, be liable upon summary conviction to a fine of not more than three hundred dollars and not less than ten dollars, or to imprisonment for a term not exceeding six months, or both fine and imprisonment.

Rypan Planning Much New Underground Work

Official information given out is to the effect that the diamond drilling carried on at the Rypan Porcupine Mines, Ltd., property in Deloro township, has progressed favourably with good results. It is further intimated that the geological data now on hand appears to warrant an extensive underground development programme.

The Rypan Porcupine Mines, Ltd., owns four claims in Deloro with an acreage of 190 acres. After being un-worked for some years operations were resumed last year and have been carried on since with good prospects of success. Following the good results obtained from the recent diamond drilling it is understood that Rypan Porcupine Mines will inaugurate a campaign of extensive underground work.

SAW LITTER OF WOLF PUPS ON THE FERGUSON HIGHWAY

The Halleyburian last week says: "Mr. Geo. Nottle, of Halleybury, while driving on the Ferguson Highway about seven miles below Latchford yesterday, saw a wolf and litter of four pups on the road. He reports that the animals did not show any great alarm when the car came along, one of the pups running some two hundred yards along the road before taking to the bush. This is the first report of wolves being seen along the highway this season."

Carleton Place Canadian—The dear old lady had just arrived and was telling the family about her travelling experiences. "Such an extremely nice man came up to me at St. Pancras and offered to give me the winner of the Derby," she said. "Of course, I had to explain that the chickens occupied so much room in the garden that I had nowhere to keep a horse!"

NORTH LAND MAN SPENDS HOLIDAYS IN BEST PLACE

H. A. Day, Editor of Canada Northern Power Corporation Publications, Puts His Idea of Vacation Into Effect

Mr. H. A. Day, of Halleybury, editor of the publications issued by the Canada Northern Power Corporation, like most editors, has a lot of original ideas. Unlike some other newspapermen he puts the ideas into active effect. He holds that the North Land is the ideal place for a vacation, and that he is entitled to the best when on holidays. Consequently, this year he is spending his vacation at Halleybury.

"Mr. H. A. Day, well-known Halleyburian, whose occupation takes him every day to New Liskeard to the head office of Canada Northern Power Corporation, is at present on his annual holidays and is spending them at his home here. He says that he can get all the fresh air he needs, can enjoy the scenery of rock and lake, can have all the comforts and none of the discomforts of a life in the open and can rest his alleged weary brain as well right here in Halleybury as anywhere else.

The green tinge of faraway fields has no attractions for Mr. Day. The joys of angling, the craze for speeding past new landscapes, the lure of the wild open spaces or the hustle and bustle of the city have so far failed to entice him away from home. If he wants a fish for his dinner, he goes down town and buys one at the meat shop if he has a craving for a drive, he takes his car out and rides up and down the pavement; a walk on the West Road or down to Mill Creek will give him all the open spaces he cares for, and as to the life of the city, he says that a trip to the post office or the stock market on Saturday night gives him the opportunity of mingling with the madding crowd to the full extent of his desires.

"Mr. Day has, we believe, the right idea. We have always contended that Halleybury is the best spot for a holiday that could be found; that we have here all the attractions that people are willing to travel hundreds of miles to enjoy, and that we as residents are too prone to overlook. However, we cannot expect to overcome the desire to visit new places and to meet new people that has been responsible for the ever-increasing tourist traffic that has become something of an industry in this country. We would not, if we could. What we are trying to point out is that the attractions of this district should be better known by the world at large, that they should be more generally appreciated by ourselves and that unless we can see them ourselves, we cannot hope for the best results in the way of building up the North as the "tourists' paradise."

SUMMER SCHOOL SUCCESS THIS YEAR AT PARADIS BAY

Members of the annual Summer School held at Paradis Bay on Lake Temiskaming returned home last week after one week's holiday. Delegates attended the school from Timmins to North Bay. The school was conducted under the supervision of President Rev. M. N. Omond, of New Liskeard and leaders, Reverends D. F. Smith, of India, C. C. Daniel, of Sunderland, J. D. Parks, of Timmins, F. J. Bain, of North Bay, J. F. Anderson, of Kirkland Lake, and Mrs. D. J. Parks. Six delegates from Cobalt attended the school and about the same number from Timmins.

A good time was had by all those who attended. Classes discussing missions, home building, Bible study, and young people's work were conducted. Water sports and land sports were indulged in each day after classes.

On Friday, August 2nd, a boat excursion was taken by the school to the Old Port on the Quebec side of Lake Temiskaming. The excursionists hiked from where they took the boat back to camp.

Summer school officers for next year are:—Honorary presidents: Rev. M. N. Omond and Rev. J. D. Parks; President, Rev. H. F. Anderson; Vice-Pres., Dr. McKie, of Kirkland Lake; Rev. F. J. Bain, Business manager and Treasurer; Rev. F. Smith, of Cobalt.

KIRKLAND LAKE TO PAVE ROAD THROUGH THAT TOWN

At a special meeting of the township of Teek council it was decided to call for tenders for the construction of a permanent pavement on the Government road through the town. About a mile and a half will be paved, the total cost to be around \$50,000.00, of which the town will pay \$50,000.00, and the Government the balance. The pavement will be 20 feet wide in part, the rest of it being 50 feet wide.

Dayton Daily News—A Russian-Chinese war might not effect the rest of us, but it surely would cause a lot of trouble for the type-setters.

There's only one way to get BIG SIX quality without paying big six price-

THERE'S no longer any reason why you shouldn't be in the big six class... because there's no longer any reason why you should pay the usual big six price. For Pontiac has brought the power of a Big Six engine... the sturdy endurance of a big chassis... the regal charm of Fisher Bodies... into the low-priced field.
