

Annual Meeting Timmins Conservatives on Aug. 30

The annual meeting of the Timmins Conservative Association is called for Friday evening of next week, Aug. 30th, in the Oddfellows' hall, commencing at 8 p.m. Mr. A. Borland, Sr., president of the association for the past couple of years, arranged this week for the holding of the meeting so that new officers may be elected for the ensuing year and other business dealt with.

Messrs A. Holt and H. Macpherson and Misses Tyra Engstrom and Gladys Hughes motored to Kirkland Lake on Sunday.

SCHUMACHER SCENE OF PRETTY WEDDING THIS WEEK

A very pretty wedding took place at the home of Mr. and Mrs. W. C. Arnold, Schumacher, this week when Miss M. Hoffman, of Cheshire, England, became the bride of Mr. T. H. Langley, of Schumacher. Rev. R. S. Cushing, rector of the St. Matthew's Anglican church, Timmins, was the officiating clergyman. Mr. and Mrs. Langley will take up residence on Third avenue, Schumacher, and all will join in extending the sincerest of good wishes.

Mrs. A. S. Porter was called to Toronto this week on account of the illness of her father, Mr. Milton Carr.

COCHRANE LADIES TO PLAY SOFTBALL AT SCHUMACHER

Announcement is made this week for an event that should be of very general interest. It is a softball game at Schumacher on Saturday of this week, Aug. 24th, commencing at 4.30 p.m. The contest will be between the Cochrane Ladies' Softball team and the Schumacher Ladies' Softball team. As both teams of ladies have the reputation of being clever at the game, the match should be a most interesting one and there should be a big crowd out to witness the event.

Mrs. Arnold Burrows, of Maple street, south, is on a month's holidays to Toronto, Buffalo and other points.

DAILY NEWSPAPER EDITORS HEAR PROBLEMS OF NORTH

(Continued from Page One)
agriculture was touched upon, with the thought that the people had shown they were seeking more than desire for just material advancement. The belt line of roads was advocated as a means of opening up the country, assisting forest fire protection, binding together the towns of the North, and increasing the tourist trade. Roads for settlers was especially emphasized as the economical and practical way to help permanent development of the country.

Mr. Chas. Pierce, one of the real pioneers of the North, gave an interesting sketch of early days in the Porcupine, including the trying days of the Porcupine fire of 1911.

Mr. A. T. Whittaker, of The Brantford Expositor, gave a most amusing summary of alleged despatches with very humorous allusions to daily newspapers and their towns and staffs. His humorous objection to one of the songs in the Kiwanis song book created much laughter. He thought the song was a misnomer. It was "There is a tavern in our town."

Mr. J. W. Curran on behalf of the visiting party expressed their appreciation of the welcome given—"a true North Country welcome," he said. He suggested that 50 per cent of the money made in the North went to the South. From a long residence in the North, he felt he knew its problems and he believed that 90 per cent of their solution depended upon publicity. He had found the daily newspapers of the South always ready to help.

Col. McCulloch, a lecturer and special writer, who represented The Hamilton Spectator on the tour, assured the gathering that the South was not lacking in interest in the development of the North. He suggested a new note, however, urging faith and optimism and less dependence on outside help. He wanted the pioneers of the North to carry on as the pioneers of Old Ontario had done. Years ago Canada had complained that Britain was not showing the proper interest in this colony of hers. At the same time he urged that no line of demarcation be made between North and South, but that the whole province be one. "You will find provincials ready in Old Ontario to hear your story," he said.

Mr. M. O. Hammond, editorial writer on The Toronto Globe, spoke briefly but pleasingly, thanking the people for the generous welcome given. It was ten years since he had visited the North, and he was amazed at the progress made. This progress, he thought, was an earnest of what was in store for the future. Humorously and seriously, he showed how Old Ontario was interested in the great North and its mining industry. He had a special word of support for the prospector whom he referred to as the hope of the future.

Mr. J. A. McPhail, vice-president of the Great Lakes Power Company and whom Mr. Curran described as one of the greatest Canadians of to-day, in a humorous but pointed address, showed how difficult the situation was between the pioneers of Old Ontario and those of the North to-day. Times had changed for one thing. For another, Toronto, for example was being rebuilt on money made from the North. He thought a little large proportion of the wealth created in the North should remain in the North to build up this country.

POPULAR COUPLE WEDDED AT ST. MATTHEW'S CHURCH

Marriage at St. Matthew's Church on Tuesday of Miss Mabel Hilda Harrison and Fred C. Hocking

A pretty wedding took place at St. Matthew's Anglican church on Tuesday morning of this week, Aug. 20th, at 8.30, when Miss Mabel Hilda Harrison, daughter of Mr. and Mrs. F. J. A. Harrison, and Mr. Frederick Charles Hocking, were united in the holy bonds of matrimony, Rev. R. S. Cushing officiating.

The bride, who was dressed in a white satin-faced crepe gown, trimmed with point lace, carried a shower bouquet of Ophelia roses and lilies-of-the-valley. The bride was given away by her father. The trainbearer was little Esme Hooker. Mrs. M. Donaldson, the matron of honour, was dressed in beige and brown georgette, with picture hat, and carried a bouquet of pink roses. Miss Jean McChesney made a charming little flower girl. The ringbearer was Master Freddie Harrison, brother of the bride.

Miss Helen Arnold was the bridesmaid and was dressed in apple green material with picture hat and carried a bouquet of pink roses.

Mr. Leslie Hocking, brother of the groom, was the best man.

The groom's present to the bride was a beautiful Isabella fox fur; to the matron of honour, silver-plated pyrex dish; to the bridesmaid, a purse.

After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Harrison, 26 Wilson avenue, where a delightful wedding breakfast was served. About one hundred guests were present. Mr. John Morrison proposed the toast to the bride, the groom responding.

The young couple were the recipients of many beautiful and valuable wedding gifts, testifying to the high regard in which they are held and the many good wishes extended to them.

Mr. and Mrs. Hocking left on the 11.40 train for Toronto, Niagara and Meaford. The bride traveled in a navy blue georgette ensemble suit, with hat to match.

On their return they will take up residence in Timmins.

"It is the development of the North that is making Toronto the wonderful city it is to-day," he said. He showed how the business firms in the South profited from the opening of the North. In reply to Col. McCulloch's plea for faith and confidence, he said, "If we hadn't faith and confidence, we wouldn't be here." He quoted from Government advertisements to show how the wealth and resources of the province were so largely centred in the North, and suggested that it was only fair that a reasonable proportion of the wealth of the North remain in the North to build up this country. He urged that the South should truly cooperate with the North in the building up of this great country. His address won very decided approval and applause from all. After the singing of "O Canada," the gathering dispersed, the event being generally considered as a most enjoyable and helpful one.

On Tuesday morning the visitors paid a visit to the Hollinger Mine leaving here at 9 a.m. for Iroquois Falls, Cochrane and west.

Busy Police Court Here Wednesday This Week

There were many cases at police court this week, several of them being remanded to next week.

Five ordinary drunks paid the usual \$10.00 and costs each. Two men for being drunk in a public place were fined \$25.00 and costs each. These were cases brought before the court by the provincial police who also had Frank Krovat on a charge of keeping liquor for sale. Krovat pleaded guilty and was sentenced to two months in jail.

Another provincial case was one in which a Mountjoy man was charged with assault. This case was remanded to next week.

On a charge of illegal possession of liquor C. Dwyer was fined \$100.00 and costs, the forty cases of beer found in a room over the Venetian ice cream parlours being confiscated.

John Dale was charged with disorderly conduct and Mrs. Dale had a charge of selling liquor preferred against her, both cases being remanded to next week.

An Iroquois Falls man was fined \$10.00 and costs for driving a motor car without a license.

A man whose horse had been at large had his case adjourned until called up, the same disposition being made of two cases where cows had been at large.

Chief McLaughlin charged a Middleton avenue man with cruelty to dogs,

complaint having been made that the dogs were not properly fed or cared for. A remand for a week was granted to allow the defendant to secure witnesses on his behalf.

BIG BUCK DEER CHOSE RIGHT PLACE TO GRAZE

The North Bay Nugget last week says:—"Unaware that people were watching him, a big buck deer contentedly grazed in a field on Bourke street Monday morning. The animal chose the best place in the city to eat his breakfast of matured red clover, because in the house adjoining the field lived G. Mort Park, game warden for the North Bay branch of the Department of Game and Fisheries. As people commenced to prepare for a day's work, the deer slowly walked back into the woods about two blocks distant. Only the early risers saw the graceful animal."

A young lady representing the Canadian Chautauquas, of Calgary, was in town this week, securing sponsors for the bringing of the Chautauqua to Timmins. Instead of having the event come under the auspices of some organization, the plan is to get thirty responsible men in the town to guarantee the event to the extent of \$45.00 each. The representative is understood to have secured 21 out of the 30 required and to be confident that the other nine sponsors would be secured.
