

# Middle School Examinations of the Timmins High School

### Standing of the Pupils Writing on Middle School Examinations at High School Here. Excellent Showing made by Pupils. Many Pass with Honours. Comparatively Few Failures. Results are Creditable to Pupils, Staff and School.

Below will be found the results of the Middle School examinations at Timmins High School this summer. Last week the results of the Lower School examinations were given in The Advance, and these were creditable to pupils, staff and school alike. The results for the Middle School examinations are equally pleasing. It will be noted that a number received honour standing in one or more of the subjects written on. There were no less than 36 first-class honours taken, 60

In case where the subjects followed by the number of marks are enclosed in brackets it indicates a failure in that particular subject the pupil only receiving the marks indicated out of the minimum of 50 required on each subject. Where the marks are followed by the letter "R" it indicates that the paper has been re-read and no further re-reading of the paper will be given.

In the column of items from The Nugget files of fifteen years ago, The North Bay Nugget last week gave this paragraph from The Nugget of Aug. 13th, 1914:—"Jack Hill, Louis Rio and John Pilon of Golden City left for the war front on Wednesday. Mr. Hill will go to the Niobe while the other two are going to France. A purse of \$100, contributed by friends in Golden City, was presented to them before their departure."

# NASH "400"

Leads the World in Motor Car Value

## AN UNUSUAL OPPORTUNITY

# REDUCED PRICES

.. Reductions on new NASH "400's" as high as

# \$465

NASH, in reducing prices last week on 1929 Nash "400" models, gives you a golden opportunity to save as much as \$465 on your new car.

Only a limited number of these "400" models are available at these prices. The prices on 1930 models, when announced later this year, will be higher than the "400" prices which have prevailed prior to this price reduction.

Here is a real opportunity—now you can have one of these finer motor cars at a price you would ordinarily pay for one much less desirable.

And just compare them to any com-

petitive car now being offered. You will find these cars still far ahead in style and engineering excellence. These are the cars with the Twin-Ignition motor, with Bijur Centralized Chassis Lubrication, with out-board mounted Houdaille and Lovejoy hydraulic shock absorbers, with the World's easiest steering, and with many other equally advanced and desirable features.

And, at the reduced prices, these Nash "400's" are fully equipped, exactly as at the former prices, with chromium nicked bumpers front and rear, spare tire lock and tire cover. Nothing more to buy except a spare tire.

By all means roof your home with Johns-Manville Flexstone shingles or in roll. Flexstone's first cost is no higher than that of any "fairly good" roofing . . . and look what Flexstone gives you—absolute Fire protection, amazingly long life and outstanding smartness.

You've never seen more beautiful colours than the new Flexstone offers: Blended Romany Red, rich in vitality, many coloured; Brittany Blends, softer-hued copper, moss, purple and bronze; Tile Red; Deep Green; Blue-Black; Red; Green.

Johns-Manville Flexstone Asbestos Roofing is really flexible rock. Its base is asbestos (rock) fibre, mined in Canada. Can't burn. Won't wear out. Equally useful on business or farm buildings.

Be sure you get the genuine Johns-Manville Flexstone though. Your roofer, contractor, lumber or building material dealer should have Flexstone in stock; but if not he can get it for you quickly from our authorized distributors. . . then there are the famous Johns-Manville Rigid Asbestos Shingles, slightly higher in price, but beautiful beyond words and everlasting. Canadian Johns-Manville Products are Mined and Manufactured in Canada.
