GRAVEL AND SAND—AND PLACER

The news reports announce that an American actor is held on a charge of murder, the chief reason for his arrest being that he was noticed near the scene of the murder and that he acted in a very peculiar manner.

The Toronto Mail and Empire suggests that geological survey work might be allowed to count as assessment work on mining claims. The idea seems a good one.

There are some people these days who complain that the present provincial election is devoid of large issues and so lacks in interest.

the fact that people seldom vote as they drink. The Progressives ask for a greater measure of prohibition but it is apparent that they have no more idea of how this may be accomplished than they had in the years gone by.

Mr. Thos. Benbow, one of the well-known old-time prospectors of this North, has called attention to the need for a road to McArthur township.

While on a motor trip this week a Perth clergyman drove his car into a truck carrying fifty cases of dynamite. The explosive was scattered all over the road nearby, yet it did not explode.

It is less than three weeks to the provincial elections. In this North Land everyone should vote for the advantage of the North.

Fine Concert at Legion Meeting Monday Night

The monthly meeting of the Canadian Legion was held on Monday in the Oddfellows' hall, and a large number of the members were present.

and the Poppy Day committee and reference will be found elsewhere regarding the entertainment committee's report. President Neame then gave a brief outline of the work of the Service Bureau of the Legion and the fine work it is doing.

sent for the upkeep of these bureaus and the work they are doing fully justifies this part of the Legion's finances.

LIFEBOAT - WOMEN NOW!

WOMEN may soon "man" the lifeboats now, if this young lady's example is followed. Miss Lilly Allinson, stewardess on the Cunard liner "Alaunia", is the first woman in the 90 years of Cunard history to pass the British Board of Trade examination and receive a certificate as a "lifeboatman".

Word has been received by Mr. and Mrs. Arthur Stevens, Cochrane and Temagami, that their son, Victor, well known throughout the northern districts, has joined Dr. D. S. Bruce, The Pass, who is on his way to Churchill carrying Dominion Explorer's equipment to be rushed to Baker Lake in case the missing MacAlpine party, if found, is brought to that section.

As usual the students of the Timmins Business College are "as busy as bees" and promise to make very successful graduates.

The graduates of this "Gold Medal School" are holding the best positions in Timmins and this North Country and from year to year must continue to do so.

Word has been received by the College that the World's Championship Typewriting Contest which was held Saturday, Sept. 28th in Massey Hall, Toronto, Ont., was won by Mr. George Hossfield who wrote at the rate of 135 net words per minute for one hour.
