## Teachers' Convention at Kapuskasing Big Success

Teachers of District Delighted with Hospitality Extended by Kapuskasing People. Attractive Programme at Convention Last Week. Teachers Visit Points of Interest at Kapuskasing. Addresses by Rev. Fr. Lamoureux of Special Inspiration. Officers Elected for Teachers' Institute.

The twelfth annual convention of the Teachers' Institute of Cochrane District was held at Kapuskasing, October tenth and eleventh. By a special train leaving Timmins Thursday morning at five o'clock, the teachers south and east of Kapuskasing were able to arrive for the opening session without interfering with their teaching duties.

The convention was held in the Kapuskasing public school, one of the most modern and most finely built schools in Ontario, and a building of which the town may be justly proud. The high ceilings, the bright, airy halls, rooms and basements proclaim that here, in the North, benefits from the experiences of others have not gone to waste.

The first session opened at ten o'clock with Mr. N. R. Wightman as president, and Miss Nina MacLeod, secretary. The opening devotional exercises were conducted by Rev. Fr. Davidge, of Kapuskasing.

Mr. Richardson, president of the Board of Trade, in his address of welcome, extended the hospitality of the town to the teachers, reminding them that they, as builders of future citizens, are very closely related to the builders of the North.

In response to this address Mr. P. A. Boyce, Schumacher, voiced the opinion of the convention, saying that the North holds wonders of which many people are ignorant and that teachers, coming from so many different parts of the country, should laud these facts wherever they go.

Another accomplishment of this town was exhibited by the Kapuskasing Public School Orchestra, who, under the direction of Mr. R. R. Reynolds, entertained the convention by three pleasing orchestral numbers.

The convention was extremely favoured in having Rev. Fr. Lamoureux, from the Normal School, University of Ottawa, who used as subject for his first address, "Education for Citizenship." This very earnest address demanded the attention and admiration of the whole assembly. It is most difficult to make a worthy synopsis of this lecture; nothing should be discarded. (A synopsis of this address will be found elsewhere in this issue.)

Following the address of Rev. Fr. Lamoureux, Miss Betty Beale, our delightful little entertainer from Kapuskasing, favoured the convention with her musical recitation entitled, "How the Elephant Got His Tail."

During the business of the meeting a discussion arose in regard to the advisability of pooling expenses of future conventions, and a motion was passed to the effect that hereafter all railway fares of teachers coming to the convention would be shared evenly by all members.

At the adjournment of the morning session, registration was carried on and one hundred and seventy three teachers registered. Through the generous hospitality of the Kapuskasing people, these were billeted at private homes and at the hotels, many being accommodated at the Inn.

Kapuskasing Inn is on one of the most beautiful sites in Ontario. Where a few short years ago the timber held sway, now you may see the Inn, an imposing building, situated at the top of the gently sloping shore of the Kapuskasing river, about forty feet above the water level.

The interior of the Inn with its truly luxurious furnishings proclaims that here, in the North we need rank second to none, where comfort and beauty are concerned.

In the afternoon the teachers were

the guests of the Spruce Falls Pulp and Paper Company, and, in small parties were guided through the mill tracing the process from the first saws, in the mill to the train loaded with the finished product. The tour was truly educative and even in so short a time, a lasting impression of the evidences of man's ingenuity was formed as the parties passed from viewing the working of the saws, the barkers, the chippers, the steaming vats and finally the labyrinth of revolving heated rollers making a glazed sheet, the finished paper.

During the tour, the teachers visited two important rooms on the top-storey—the First Aid Room and the Cafeteria. Although nothing was required in the line of bandages, refreshments were gladly received, appetites having been whetted by the climbing from one storey to another and by circumambulating the long rooms of machinery.

Thursday evening the members of the convention were again the recipients of Northland hospitality as the guests of the Kapuskasing Public School Board. In the Inn, the long rooms of banquet tables glistening with glass and silver presented a brilliant spectacle and as the guests took their places they felt deeply indebted to their hosts.

Mr. N. R. Wightman, as toast-master, proposed the toasts to the King and to Canada. The toast proposed to the hosts of the evening by J. B. Roberts was responded to by the chairman of the board, Mr. Husband, who assured the guests that Kapuskasing regarded the meeting of the teachers as a favour and a great pleasure. Mr. Peete, secretary of the board expressed the hope that in the near future the Cochrane teachers would again convene at their town.

Mr. Hanlin, a member of the board, and manager of the Experimental Farm, told of the changes which he had witnessed in Kapuskasing during the last fifteen years. Only that short time has elapsed since the site of the town was virgin forest, and now, a town the pride of the North, is firmly established.

The teachers are greatly indebted to Mr. Durgin, of the Spruce Falls Pulp and Paper Company for the clear illustrated history of paper-making from wood fibre, extending from the Chinese methods in use of bamboo fibre to the present day's modern process. Mr. Cosens related the work necessary before the logs arrive at the mill. With the help of a film he directed the thought to the winter lumber camps and the exciting river drives.

Immediately after the banquet the guests proceeded to the Club House and here, once more, found Kapuskasing a leader. Although an infant, as town ages are calculated, this town has set an example well worthy of imitation not only by towns of the North but by many towns of the South.

This Club House, the hub of the town's social life, the congregating place for her citizens, offers recreation (Continued Back Page This Section)

**CIVILIZATION IN PERIL**  
Speaking in London before a meeting of friends of the League of Nations, the Czechoslovakian Minister Jan Masaryk, said: "The future has either got to bring some sort of economic United States of Europe, or I have great fears for the future of our civilization."

**CHURCHILL'S PADRE**  
Rev. Samuel Angus Martin, missionary-at-large on the Hudson Bay Railway, who reached Churchill last January and has built a church there with his own hands, has come out of the North on a speaking tour of Canadian cities. He is commonly referred to as "The man who put the Church in Churchill."

## OFFICERS INSTALLED AT KNIGHTS OF COLUMBUS HERE

District Deputy T. H. Wilkes and Staff Install Officers at Timmins K. of C. Pleasant Social Time Afterwards.

On Sunday evening the recently-elected officers of the Timmins Council of the Knights of Columbus were duly installed, the installation ceremonies here being conducted by T. H. Wilkes, District Deputy, assisted by District Warden Philip Fay and others. The following were the officers as installed: Grand Knight—Lucien Pare, Deputy Grand Knight—Philip Fay, Chancellor—J. D. Brady, Recorder—George Mondeaux, Treasurer—Austin Andrews, Advocate—Frank J. Kehoe, Fin. Secy.—J. Radburn, Lecturer—D. E. Burnett, Chaplain—Rev. C. E. Theriault, Inside Guard—W. Perreault, Outside Guard—P. St. Pierre.

There were five cars over from Iroquois Falls for the event and also some visitors from other outside places. The previous week the Timmins K. of C. members had visited Iroquois Falls and this week the Falls Knights returned the visit.

After the installation of officers, there was a social evening with several inspiring addresses. Coffee, sandwiches and cake were served by the Timmins K. of C., and the evening throughout was most interesting and pleasing. The addresses by District Deputy Grand Knight Wilkes, District Warden Philip Fay and others were inspiring and interesting and the gathering throughout was an auspicious one.

**GIORGIO-MARESCOTTA**  
The Baptist Parsonage was the scene of a joyful occasion Tuesday evening, October 15th, when the Baptist pastor, Rev. M. R. Hall solemnized the wedding ceremony for Mrs. Olimpia Marescotta and Mr. Attilio Giorgi. The wedding couple were accompanied by Mr. and Mrs. A. Muzzaccia, of Timmins

## South Porcupine Hockey Dance Pleasing Success

Annual Supper Agricultural Society. Hockey Dance Drew Large Attendance. Township Council Meeting at South Porcupine Deals with Many Important Questions. Other South Porcupine News Items.

South Porcupine, Oct. 16th, 1929. Special to The Advance.

The Porcupine Agricultural Society held their annual supper on Saturday October 12th, at Golden City. After a delicious repast, an interesting programme was given which was introduced by all rising and singing, "God Save the King." The chairman's address was given by Mr. W. Skinner. Then followed a solo by Mr. Huntley. Miss Nelson's recitation, "Seeing Things at Night," delighted all. A violin solo by Guigi Rotondo was very good indeed. Mrs. Waite's reading held the interest of all. After the toast to the ladies, proposed by Mr. A. D. Pearce, Mr. Huntley favoured the audience with another of his Scotch songs and Mrs. Waite gave another reading. Then a happy time of community singing closed a pleasant social evening. Dancing was also enjoyed.

On Tuesday evening there was a splendid attendance at the hockey dance. Judging from the enthusiasm shown the Porcupine Hockey Club is away with a good start. The music was excellent and the arrangements carried out perfectly. The men folks claimed that special mention should be made of the quality of the lunch served. One party, who we ourselves saw eating sandwiches in Porcupine at dances as far back as 1911, declared he had never eaten a better sandwich at a dance than those prepared for Tuesday night. The prizes were distributed after the lunch. The winner of the very fine radio given as a prize to a member of Porcupine Hockey Club was Mr. Mac McCaw, this being a very popular win with the audience. Miss Nelson, of Porcupine, and Mr. Vic Evans, of South Porcupine, Miss Pearl Miller of town and Mr. Hardy, of Timmins, were the winners of the prizes given in the Spot Dance. On behalf of the Hockey Club Mr. H. M. Wilson, who was acting as master of ceremonies thanked all who had so willingly helped with the dance, by selling tickets, and in various ways. The Porcupine Hardware gave the radio to the Club at a greatly reduced price. Farrant's Pharmacy, South End Pharmacy and Pearce and Sons, donated the other prizes. The radio was set up on the platform and with a temporary connection gave some very satisfactory entertainment. Mr. H. M. Wilson saw to it that the arrangement for special electrical effects in lighting the hall were carried out perfectly. Altogether it was a very satisfactory dance and those responsible for its success are to be congratulated.

The Porcupine Chapter, Order of the Eastern Star are holding their annual Armistice dance in the High School hall on Monday, November 11th. Special arrangements are being made to have this evening a real delight. Tommy Stephens' orchestra is to be present.

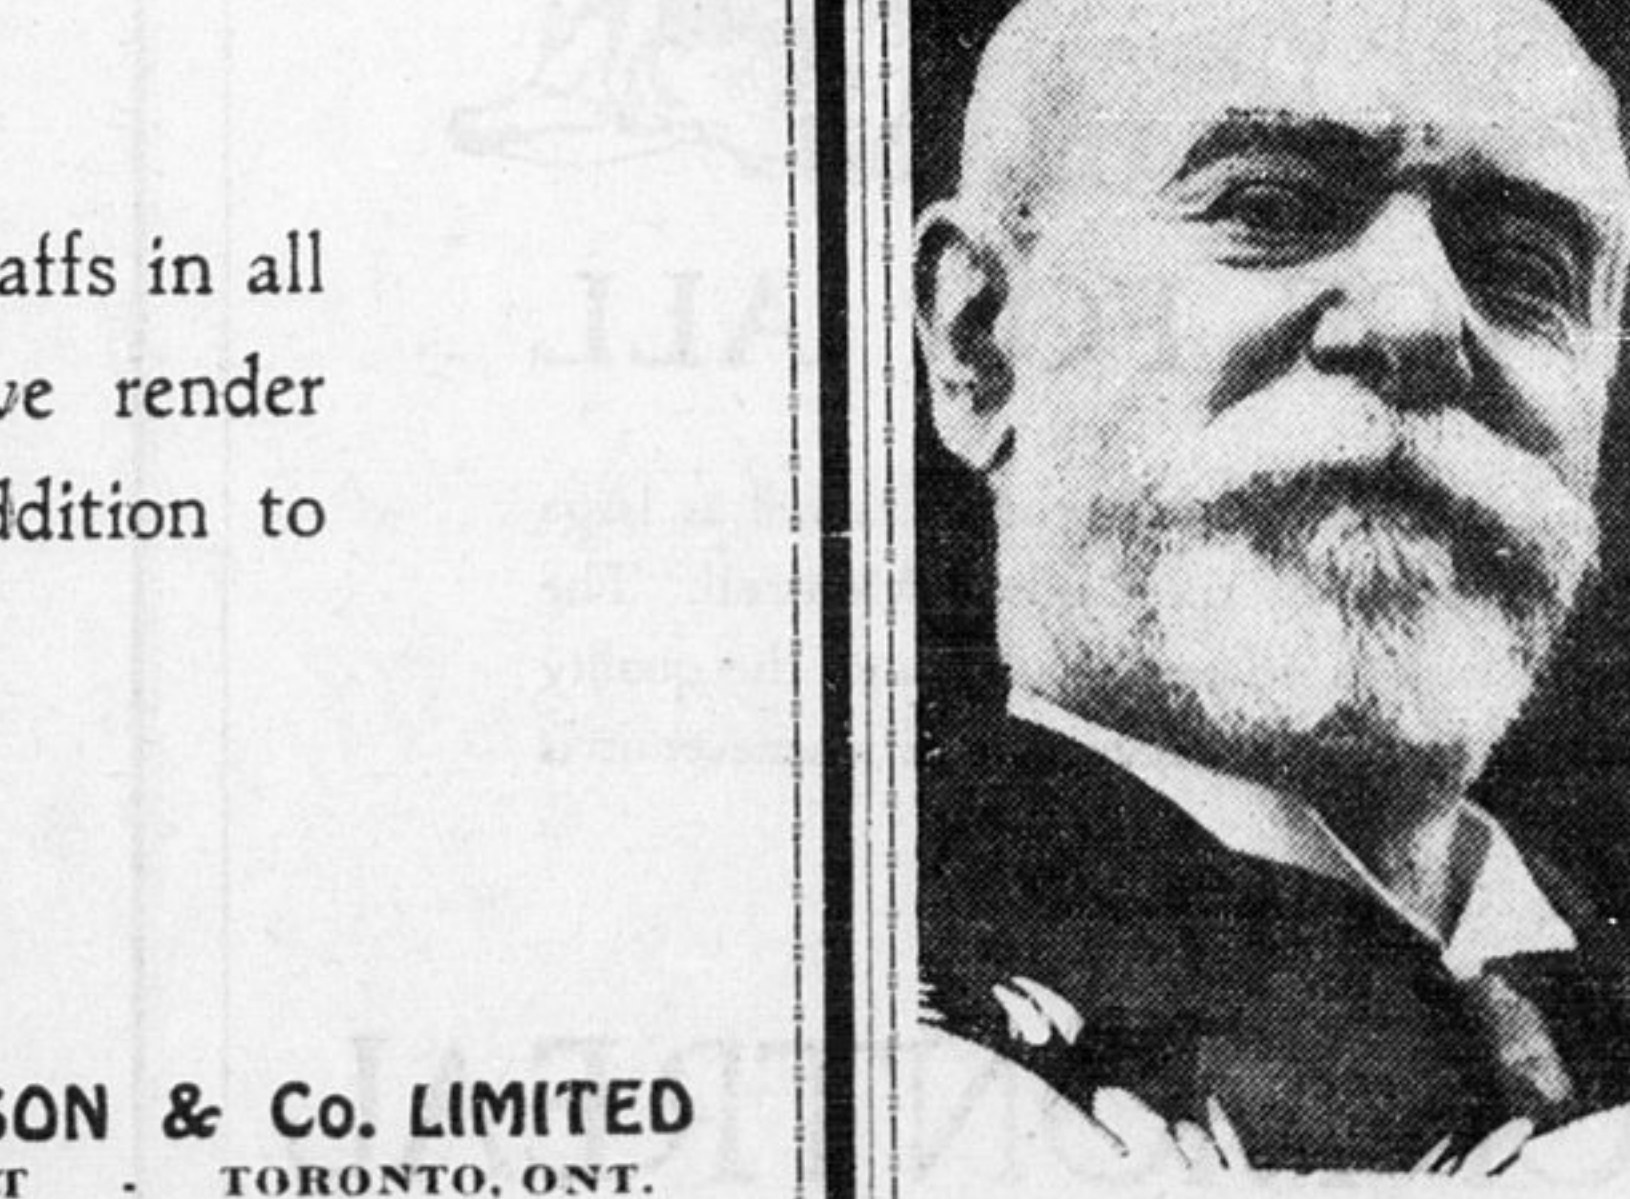

Tisdale township council met on Monday evening, Oct. 14th, with the reserve and all the councillors present. The minutes of the last meeting (September 23rd) were read and adopted. In the correspondence was an offer for the wood on the lots owned by the township and used as a dumping

ground. As the offer was only a small amount and a certain amount of wood will be necessary in the future to have for use in burning the refuse it was decided to keep it. There was considerable discussion as to whether the council should allow the McIntyre Mine to connect their sewerage equipment for their Mercantile Department with that of the township. Owing to a difference in levels, etc., some did not think this advisable. The majority were for it but there was to be further discussion on it. A farmer living on the north half of lot 11 in concession 6 of Tisdale asked that the township spend approximately \$400.00 on giving him and two of his neighbours a road. The Northern Development Department would bear half of this expense but the four councillors turned it down, only the revee being in favour of going ahead with it this year. No allowance had been made for it in the estimates. A letter was read from the Poppy Day department of the Timmins Post of the Canadian Legion asking the permission to hold their Poppy Day and inviting the council to take part in their Armistice service on November 11th. A grant was made to cover the expenses of Fire Chief Jucksch to the convention at Cobourg last summer. There was a further discussion re the snow fence built by the McIntyre for use at Pearl Lake. It was decided by the council to buy this fence, then they could use it when and where they wished. The shrinkage in the gas tank at Schumacher was to be solved by having a meter put on it. The transfer has been completed of some of the land on Powell avenue that was required by the Continuation School property and the transfer was authorized by the council. A delegation was again present re getting water on Toke Street by an extension from the Timmins main. This was granted, as several families there are in a bad way for their water supply. Work was to be started on this as soon as possible. Charity was granted to a woman in Schumacher who has five children depending on her for support. A man of South Porcupine who is unable to work had his taxes for the present year cancelled. There was a complaint from a merchant in Schumacher asking that the police keep the boys from being a nuisance on Hallowe'en night. The council are just boys with a little more years added up in their total and so are the majority of men who have not become fossilized. Sympathy was strong with the boy who has his sport on this for him the one frolic night of the year, in a clean sporting fashion, not destroying any person's property or doing any real harm. A certain amount of "shelling out" has seemed to be the boys' privilege for generations past. Chief McInnis said that he and his men were always around in the offing somewhere to see that boys do not overstep their freedom this night and become needlessly offensive. The routine wages and accounts were passed for payment.

The Cochrane Northland Post last week says:—"There is nothing wrong with our climate as evidenced by some delicious raspberries brought to the office by Mr. John David, who picked them in his father's garden on 5th avenue on Tuesday afternoon. The night frost we had earlier in the week did not appear to have hurt either appearance or taste."
