

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take one table-spoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

Youngsters Cause Some Annoyance at Library

Recently groups of youngsters have been causing some annoyance at the public library here and unless the trouble is stopped it will be necessary perhaps to keep youngsters away from the library altogether. The youngsters have been well used at the public library here and have had much pleasure from the library and reading room and it seems too bad to consider any discontinuance of these benefits, but recent conditions can not be permitted to continue. The youngsters have recently started tricks like turning out the lights and other irritating mischief. Still worse has been the practice of writing obscene words and phrases on walls and doors of the hallway. Youngsters and parents alike should see to it that the annoyance to other patrons of the library is not persisted in as it will undoubtedly result in serious curtailment of the benefits now enjoyed by the youngsters. Everyone is anxious that the children should have free use of the library and benefit by its advantages, but all this must be done without abuse and destruction. Interference with the lights and defacement of walls and other such tricks are most objectionable, and every parent should make a point of seeing that the individual youngster does not take part in any of this mischief. The police and officials of the library are closely watching the youngsters and any misbehaving will be sternly dealt with. Parents should take the time and trouble to impress this on their youngsters so that more serious consequences may not result.

Classes in First Aid start on Sunday. Ladies' classes in First Aid start on Monday at 7 p.m., in the skating rink.

GIVEN ONE TO TWO YEARS FOR BREAKING INTO HOUSE

There was a comparatively light docket at police court this week, the most important case being of Luigi Zania, who on a charge of breaking into a house at night was sentenced to not less than one year nor more than two years less one day at the Guelph reformatory. Zania, according to the evidence of the woman in the house, made entry late at night into the home by forcing one of the windows. She woke up to find him in the bedroom where she and her little girl were sleeping. She fought him off and eventually he ran away. Then she sent her little girl for the police who were able to locate the man on Tuesday and placed him under arrest. The man denied part of the story but made such damaging admissions as to his conduct

in the room that he was found guilty and the sentence imposed. He was fined at Cochrane some time ago in connection with a somewhat similar sort of charge which had been reduced when it came to trial before the judge to a charge of ordinary assault.

There was only one drunk at police court this week, despite the fact that it was the week after the election week. The usual fine of \$10.00 with costs was imposed.

A lady who had parked her car in an improper way was let off with a warning.

On a charge of reckless driving a young business man of the camp was before the court. The charge was reduced to one of speeding and a fine of \$25.00 and costs imposed.

On a charge of having liquor not purchased on a permit, Mary Peterson was fined \$200.00 and costs, the amount

being paid. A man in the same house, whose permit gave a different address, was charged with having liquor in a public place, but this case was dismissed. A charge of being drunk in charge of a car was remanded to next week.

Boys in Juvenile Court for Damage to Property

A number of boys will appear in Juvenile Court this week for causing serious damage to property.

There are five lads, ranging in age from 12 to 16 years, who are accused of practically destroying an automobile. The car was left standing at the corner of Pine street and Sixth avenue and was pushed up onto Sixth avenue and then started down the hill. It crashed into the ditch across Vimy Road and was badly wrecked in the procedure.

Some of the smaller boys admit having started pushing the car up on Sixth avenue, but say that when they left it the car was not damaged, the inference being that the real destruction must have been caused afterwards. The air was let out of all the tires and other tricks played in addition to the damage caused by the car crashing into the deep ditch.

The other Juvenile Court case is that of some boys charged with damaging the slides at the playgrounds.

Mr. D. Mitchell, formerly with the I. K. Pierce Furniture Co., and now manager of the Timmings Furniture Co., opening at 43 Third avenue, two doors from the Goldfields theatre, is on a visit to Toronto, Montreal and other southern centres on a buying trip for his new firm.
