

ST. JOHN AMBULANCE HAVE MEDICAL COMFORT DEPOT

Large List of Articles Available at Room in Basement of St. Mary's Hospital for the Use in Sick Rooms.

The St. John Ambulance Brigade has established a notable service for the people of the town of Timmins. It will be known as the medical comfort depot and is situated in the basement of St. Mary's hospital, Timmins, by permission of the Sisters in charge of the hospital.

lance will provide for the loaning of articles free of charge to any person presenting the required requisition form, a supply of which will be given to each medical man in town, and also to the V.O.N. No article will be loaned without one of the requisition forms duly filled out.

The medical comfort depot room in the basement of St. Mary's hospital will open at certain hours daily.

Articles on hand include the following:—wash basins, bed pans, urinals, baby baths, pus basins, arm baths, hot water bottles, irrigator, bed cradles, rectal tubes, electric heating pads, stomach tubes, invalid rings, ice caps, trays, crutches, pneumatic mattress, breast pump, feeding cups, ear syringes, hospital bed and mattress (Gotch spring).

The St. John Ambulance has given the town a number of very helpful services, but this latest one is particularly helpful and will no doubt be greatly appreciated. It is certainly well worth the consideration of anyone who has anyone ill at home. To scores

of people it will undoubtedly prove a very distinct advantage. In this matter, as in others it would seem that the St. John Ambulance Brigade (Timmins Division) deserves the very heartiest support and co-operation.

Much interest will be taken in the Cinderella pantomime to be presented by the Black and White Pierrots in the New Empire theatre, Timmins, on Wednesday evening of next week, Dec. 11th, at 8.15 p.m. The Black and White Pierrots some months ago delighted a large audience in the New Empire with a novelty concert then presented. Many Cases at Police Court Here This Week

There were a comparatively large number of cases at police court here this week, the provincial police having no less than eight, chiefly liquor cases, and some of them being remanded, while in others heavy fines were imposed and one jail term resulted. Apart from the eight cases referred to in which the charges were laid by Provincial Officer Hartlieb or Provincial Officer Craik, the town police had a nice array of cases.

A charge of parking too close to a hydrant was remanded till called on. Obstructing the sidewalk caused a Sixth avenue man \$1.00 and costs.

A charge of not having a transfer for a motor car was dismissed.

Three drunks paid the usual ten and costs. Drinking in a public place cost one man \$25.00 and costs.

Two charges of illegal possession of liquor were remanded for a week.

Officer Hartlieb charged L. Dalliano with illegally keeping liquor for sale. The penalty was two months in jail.

Jos. Ceccini was fined \$500.00 and costs on a charge of having liquor not on permit, the charge being laid by Prov. Officer Craik.

A Rondeau was fined \$100.00 and costs on a somewhat similar charge.

Four men were committed for trial on a charge of robbery with violence, as will be noted by the reference elsewhere in this issue.

There were four Juvenile Court cases four young lads being charged with the theft of mail from the post office buildings. The boys were hanging around the post office and managed to gain access to some of the post office boxes. They were ordered to report once a week for six months to give them a chance to go straight.

PLANNING WINTER GOLF CLUB NOW FOR TIMMINS

Local Golf Enthusiasts Have Scheme to Secure Premises and Equipment and Have Good Golf All Winter

There is a plan under way at present in Timmins that should make great appeal to all golf enthusiasts. It is no less than a method by which there will be winter golf here, which would mean golf all the year round, which is surely the golfer's idea of a real heaven on earth. The plan to achieve this desired end has been worked out and it is now being discussed by letter with the golf enthusiasts generally to see what they think about it. The following letter sent out this week to a number of golfers by Mr. Geo. N. Ross explains itself and explains the plan for all-the-year-round golf:—

Timmins, Ontario, Dec. 4, 1929.

Dear Sir:—Two or three of the local golf adherents (addicts) have suggested the formation of a winter golf club.

From enquiries made it would appear that the cost of providing suitable quarters and necessary equipment would approximate \$500.00.

I have been requested to write to you and others concerning this proposition and if fifty will pledge their support to this undertaking the project can be put under way and the cost to each member will not exceed \$10.00 for the season.

If you are at all interested and care to join with us in this enterprise, kindly let me know.

No levy will be made until the required number has been obtained.

The sponsors have in mind the acquisition of suitable premises at a monthly rental of \$40.00 and the installation of the necessary equipment and furnishings.

Imagine how thrilling it will be to start the 1930 outdoor season with a mid-season score.

Yours truly, G. N. ROSS,

Secretary (Pro Tem).

Golfers receiving this letter should make prompt reply, and all others interested should communicate with Mr. Ross so that it may be known at once whether or not there is a genuine demand for golf all the year round.

TECK REEVE AND COUNCIL RE-ELECTED BY BIG VOTE

Regular Landslide for Present Council in Kirkland Lake and Swastika. Reeve Nearly Doubles Vote on His Opponent.

Kirkland Lake, Dec. 3rd, 1929. Special to The Advance.

The Township of Teck municipal election took place on Monday, Dec. 2nd. Polls opened at 8 a.m. and closed at 7 p.m. The voters at Swastika turned out as usual in full force and there was a fair vote cast in Kirkland Lake. The results that follow, which were made known shortly after eight, must be gratifying to the old council.

For the office of reeve:—Norman Evoiy, (re-elected), 897 votes; Norman Mortson, 463.

Councillors:—H. H. Boyd, (re-elected), 897; Alex Fraser (re-elected), 717; W. B. Haviland, 492; Max Kaplan (re-elected), 677; A. G. Macdonald (re-elected), 709; J. B. Trudel, 328; A. A. Vincent, 348.

In other words the reeve and councillors were re-elected by good majorities.

The above figures illustrate the facts which mark the election as perhaps the greatest landslide in the history of the township. The reeve and councillors slid back into their respective positions with such momentum that no reasonable doubt is left in the mind of anyone as to who is needed to "sail the good ship Kirkland" for the year 1930.

Although the odds on days preceding the election were three to one on Evoiy, it was hardly expected that he should win in all of the six polls and practically double the total number of votes of his opponent, who after all was understood to have strong support from several local institutions. It might be mentioned in passing that four out of fifteen Lord Mayors of London were more or less intimately connected with the printing business.

The majorities seem to signify that the election was won on merit, and although the fact that there was no change in the personnel of the crew would argue that the election was an unnecessary expense, still, the great interest displayed and the even greater result of the voting should tend to cement these men in the favour of the electors, thereby encouraging to continue to link progress with economy, and thus make the township a better place in which to live and a greater asset to the province.

The ladies of the Church of the Nativity are holding a card party this (Thursday) evening in the parish hall. There will be euchre, bridge and five hundred, with good prizes for the cards, and a special door prize. Refreshments will be served and a very pleasant evening is assured.
