SUIT FOR \$86,460 DROPPED AGAINST THE NORTHLAND POST

When announcement was made a couple of weeks ago that the Ontario Government had entered suit against several North Land concerns for large amounts for failure to make returns under the Ontario Companies' Act there was a general feeling that there was some mistake in the matter or some explanation needed. The Northland Post, of Cochrane, for instance, was said to be sued for \$86,460.00, which is considerably more than the total value of the business. Everybody realized that quite a number of Northland newspapers could be purchased outright for that amount. At the same time those who knew The Northland Post felt that that newspaper would not attempt to evade any duty that it knew about. The explanation of the matter is given in the following editorial paragraph in the last issue of The Cochrane Northland Post:—"For the information of our friends and readers we wish to state that the

Timmins Young Man Found Unconscious in Toronto

Shortly after five o'clock on Thursday afternoon last two Toronto men strolling through the estate of Sir Donald Mann on the Kingston Road near Toronto came across a man lying unconscious on the ground. The police were notified and the man was taken to the hospital where it was found that he was suffering from poisoning. The unfortunate man was unconscious when found but through letters in his pocket it was found that he was Bert Barnes, of Timmins. Later he regained consciousness and gave his name and the address of his people here who live across the river. The Toronto police communicated with the police here and the young man's mother left for Toronto last week. The young man is now reported as making good progress to recovery, although at first his chances were not any too good. It is believed now, however, that he will be all right again in a short time. He is in the Toronto General hospital. It is understood that he took the poison himself, following despondency caused by a love affair.

\$86,460.00 suit entered by the Attorney General of Ontario against the Cochrane Northland Post Limited has been dropped. The suit was the result of a failure to make annual returns, and until the news item concerning it appeared in the daily press, we were entirely unaware that we were at fault, no notice of any kind having been received by us. On taking the matter up with the Department, it developed that notice had been sent to a former member of the firm, who is no longer a resident of the town. In view of the fact that we had not been notified and were unaware that we had been remiss in any way, the department consented to withdraw the suit."

NEW COUNCILLOR ELECTED AT COBALT BY FIVE VOTES

In the by-election to fill a place at the Cobalt council board last week the contest is said to have developed into a battle between the north and south sections of the town. Ovella Chenier, who was elected last December, but later lost the seat when Judge Hartman decided he was not qualified on account of tax arrears, was one of the candidates, the other being Fred Marr, who won out by five votes, receiving 413 votes as against 408 for Chenier.

H. L. Bouchard, of Montreal, was a visitor to Timmins this week.

TELEPHONE NEWS

We wish to thank the subscribers in Timmins for their patience and consideration during the recent trouble when water got into one of our large cables and put four hundred lines out of order.

While we did everything possible to get the service going again as quickly as possible, we realize that the subscribers were caused considerable inconvenience and wish to assure them that we appreciate their kindly sympathy.

As soon as the accident happened to our cable, our Plant Superintendent, Mr. F. E. Thompson, telephoned from Timmins to the Secretary at New Liskeard and arrangements were made with the Northern Electric Company to ship by express that same evening from Toronto a new four hundred pair cable. We had men leave on the first trains from New Liskeard and Noranda and the men worked faithfully until the new cable was installed.
