## Easter Report of Timmins High and Technical Schools

Names Given in Order of Merit of Pupils Who Have Obtained an Average of Fifty Per Cent, or More During the Term Ending at Easter. Honour and Passing Standing of the Pupils in the Various Classes at the High and Technical Schools.

Below will be found the report of the Timmins High and Technical Schools for the term ending at Easter. Only the names of pupils who have obtained an average of fifty per cent, or more are published. Individual reports were given to the pupils on the last day of school. These reports show the standing obtained by the pupil in each subject. Parents are asked to read the reports carefully and see that the pupils give the necessary time to preparation. As has frequently been stated the pupils have not time for preparation of their home-work in school as is usually alleged by pupils who are falling behind in their studies because of neglect of home-work.

**Form I High School**  
First-class honours—E. Shub 88.3, C. Harris 84.1, A. Watson 83.4, A. Longmore 82.6, V. Laurila 82.1, G. Luoma 80.8, F. McConnell 79.2, R. Hogarth 78.2, H. Bobbie 78.2, N. Stachow 78.1.

# AUBURN

Straight Eights and Sixes

AFTER a careful study of the leading automobile manufacturers, their plants, products, and policies, we have chosen Auburn, because we believe Auburn builds the motor cars we can most whole-heartedly recommend to our friends.

We have found Auburn management the most progressive. Auburn has pioneered important automobile advancements: low bodies, straight eight motors, metal side quarters, Bijur chassis lubrication and other features now generally adopted. Auburn cars will always have the newest proved motoring improvements.

Auburn has the diversified experience that comes from building many different kinds of motor cars and other automotive products in nine great plants, to suit the needs of all kinds of people.

Auburn is the fastest growing motor car manufacturer, with rate of sales increase in 1929 greater than any car except Ford. And it is Auburn's policy to pass the fruits of its success back to Auburn purchasers in the form of greater and greater values. As a result of all this Auburn always offers longer, stronger, higher powered, roomier, more comfortable, more distinctive and more enduring motor cars for less money. That is the secret of Auburn's amazing Success.

## You are invited

to visit our sales room during opening week; to learn for yourself the high grade of service we are equipped to offer and above all to see and inspect and drive the new Auburn cars. You know it is Auburn policy that if the car does not sell itself you will not be asked to buy.

Jackson News:—The London disarmament conference seems to be an attempt of each nation to get as many cruisers as it possibly can with the consent of the other nations.
