FIRE AT BARN ON MONDAY

Several Hundred Dollars Damage Done

by Fire Starting in Barn from

Unknown Cause. Explosion

Heard All Over the

District.

other feature was the fact that despite

it had before discovery the firemen

were able by their good work to pre-

vent its spread through the inflam-

explosion could be heard for a con-

siderable distance, but no one knows

what caused it. There was nothing in

the barn so far as known to account

for it and it looks as if something of

explosive nature must have been plant-

ed there. As the explosion occurred the

barn seemed to break into flames. The

firemen were very promptly on the

scene and they had their work cut out

for them, there being a number of

sheds and barns nearby and also frame

houses close to the flames. The fire-

men soon had three lines of hose at

work as well as the big chemical tank.

When the alarm was turned in both

Legion's Sports Prove Great Success Despite the Weather I.B. A. A. SOFTBALL LEAGUE

Part of Twenty-fourth of May Event Postponed to Wednesday of This Week on Account of Rain. Sports Well Conducted. Big Crowd Enjoy Event Yesterday. Affair Will be Financial Success. Features of the Day and Prize Winners.

Despite the bad weather the Legion by determination and good management and the generous support of the public have been able to pull through with a small balance to the good financially, while the sports themselves were among the best ever held here and the other features were interesting and pleasing. The event was planned for Saturday, May 24th, and had the weather been good it would have been a remarkably successful day. As it was a large number turned out despite the rain. The morning weather was not so bad and the juvenile programme was successfully run off. These events were remarkably good and were well conducted. The carnival parade was held in the afternoon but the rain spoiled this feature to an extent Crowds, especially the youngsters turned out for this feature. The parade was led by the Legion bugle band preceded by Manson Smith as marshal and followed by the Boy Scouts, the Girl Guides, the Veterans, and the parade of decorated trucks, autos and bicycles. There were a number of booths at the grounds and these in charge of the Ladies' Auxiliary carried on as long as was possible. The sports and special features for the afternoon had to be postponed and were held on Wednesday afternoon of this week proving a big success and attracting a large crowd, one of the largest, indeed, seen on the grounds for a long time. The ladies of the Auxiliary are especially deserving of praise for the way they worked, while the whole committee of the Legion in charge deserve the highest praise for the fine programme provided. The midway features attracted special attention while the round and square dancing in the evening were very popular. There were four entries for the fiddlers and callers contest, the winners being Miss Quoin, fiddler, and

There was a really remarkable list of prizes, trophies, etc. The following are the events and winners.

D. Reynolds, caller.

Boys-Juvenile Programme 50 yard dash, under 13-time 7 secs. 1st, McDonald, Schumacher; 2nd, Scott. Central; 3rd, Burgess, Holy Family.

LADIES' NIGHT ON FRIDAY AT GOLDEN BEAVER LODGE

Social Evening in Maconic Hall on Fr. day Evening of This Week to be Featured by the Play, "Never Say Die."

Invitations have been issued for the social evening to be held in the Masonic hall, Timmins, on Friday evening of this week, May 30th, at 8 p.m. The invitations are issued by the entertainment committee of Golden Beaver lodge, and promise a very pleasant evening indeed. One of the special features of the evening will be that the Young People's Society of the United Church, of Timmins, will present a play entitled, "Never Say Die." This is a feature that will delight all. After the entertainment refreshments will be served, and those who wish to may stay and dance for an hour or two. The invitations, which are headed Some charges of theft against some | "Ladies' Night," say:-"This social evening is for all members of the craft and the entertainment committee request that you invite all Masons to be A remand to next week was given present. Be sure and bring your lady

In reference to the play, 'Never Say Die," this interesting features was recen'tly presented by the Young People's Society of the United Church, and drew good houses. The play itself and the presentation really delighted all. There was general agreement that the play itself was a most amusing one while the various members of the cast carried through their parts with a skill and finish that was remarkable. Each member of the cast took his or her part in perfect fashion and the gifted actors and actresses, together with the attraction of the play itself made a feature that will be long remembered. Those who saw the recent presentation of "Never Say Die" are emphatic in their approval and will urge all not to miss the opportunity of seeing the clever Y.P.S. actors and actresses present this fine offering. After the second showing of the play recently the cast was invited to the manse where a very pleasing luncheon was served. They took advantage of the oppor-WITH ST. The Haileyburian last week says:-"Mrs. P. Montgomery is in Timmins mouth car last week, returning on this week for a visit with her sons there."

The regular meeting of the town council was held on Monday afternoon with Mayor Geo. S. Drew in the chair and Councillors A. G. Carson, Dr. S. I. Honey, R. Richardson, Alfred Caron, J. T. Chenier and C. P. Ramsay pres-One of the chief topics of interest

discussed at the meeting was the matter of the tourist camp for Timmins. J. D .MacLean, town engineer, said that there were cars there a week ago though the camp had not been formally opened. Tourists last year had been well pleased with the treatment given them at the camp and they would be willing to may for it. Mr. MacLean thought it would be good idea to put a charge of \$1.00 per car per night for the accommodation at the motor camp. The money so received could be used to pay a caretaker. There were 60 tourists parties here last year and more were expected this year. Mr. MacLean thought it would be a lot better to have the caretaker of the tourist camp as a salaried employee and so directly accountable to the town, rather than try to secure a man who would attempt to make a living by conducting a booth While the plan had worked fairly well last year no man could be expected to do other than look after his own earnings in such a case. Mr. MacLean thought a caretaker directly responsible to the town could do a lot in his spare time to improve the grounds and he could also see to the safety of the children swimming there. The refreshment privileges could be sold to some town store. Mr. MacLean also suggested that arrangements be made for a light all night at the tourist camp. On the suggestion of Councillor Richardson the matter of the tourist camp was left to the board of works committee with power to act.

Councillor Chenier brought up the question of the market. He said that farmers from the section along the T & N. O. from New Liskeard north hac suggested that Timmins have arrangements made for the market train now going to Swastika for the Kirkand Lake market to proceed on to Timmins. Kirkland Lake did not give these farmers a big enough market and a large part of them would come on to Timmins if the train leaving Liskeard at 5 a.m. continued on to Timmins. Between 40 and 70 farmers along the and it would make a real market. The and it ould make a real market. The farmers would reach here about noon and leave the next day at 12.25. They asked a Friday train here, and were willing to pay the usual fees for stalls The council was doubtful as to whether a train would be run through in this way, but the T. & N. O. is to be consulted in the matter. In any event it is hoped to provide a good market for Timmins this year. There was brief reference made to securing the curling rink, while others thought the skating rink more popular with the public.

The question of the sidewalk alongside the post office was mentioned and Councillor Caron thought it might be continued with narrow width to the hospital. This was not considered practical this year as the town was not putting in any other cement walks. The Government had not been heard from in definite way in regard to paying for the cement walk at the side of the new post office.

Permission was allowed for the St. John Ambulance Brigade to hold their flag day on Saturday of this week, instead of last Saturday, May 24th, when the rain made the tagging impossible.

Mr. Gratton, of Avenue road, called attention to some bad pieces of road in his locality and the town engineer was asked to look into these cases. Mr. Gratton also suggested the need for a alarm box in the vicinity, and this was referred to the fire and light commit-

L. Shub asked for a rebate on tax on account of his store being vacant for about eight months of the year, and he was told that he would be allowed a proportion for the time of the store was vacant.

A couple of widows appealed to the council in regard to taxes and the advice to each was to do the best possible in the way of payments and the council would be as lenient as possible.

A communication from the British American Oil Co. suggested that the company was not chargeable with business tax, not being in business here. K. Fitzpatrick who has rented the

building said he had only had it since May 1st and taxes were then supposed to be paid up by the British American Oil Co. The clerk is to get the information in regard to when the British American Co. discontinued business here and the taxes will be adjusted accordingly.

The chief of police said that as school would be over in "a few days," he did not consider there were any particular necessity for doing anything further about parking on Spruce street near (Continued on Page Four)
