### AUSPICIOUS OPENING OF SOFTBALL SEASON HERE

Mayor Drew Formally Opens Softball Season Here. Good Crowd Out for a Good Game. Power Team, With Fine Pitcher, Walks From 1929 Champions.

Despite the cold weather there was a goodly crowd of softball fans out on Monday night for the opening game of the season, and they were all well repaid for the effort as the match was the kind to cheer the hearts of the softball fans. The pitcher for the Power team proved to be a decided find and last year's champions were not able to hold their own, being neither able to field or hit or do any effective pitching against the Canada Northern Power team.

R H E  
Marshall-Ecclestone ..... 4... 7... 2  
Northern Power ..... 18... 14... 2  
The batteries were:—Marshall-Ecclestone, W. Grant and R. Webb; Power team, J. Doughty and C. Malin.  
Mayor Geo. S. Drew officially opened the softball season, saying a few words as to the success and popularity of the sport last season and the promising prospects for 1930, and wishing the softball league all possible good sport for this season. After his appropriate remarks the mayor took his place behind the plate as catcher, Fire Chief Borland went in the pitcher's box, with G. A. MacDonald at bat, and when the editor could not hit the fire chief's swift curves the chief himself went to bat and crashed one out to start the season's sport.

The turnout for the opening game was most satisfactory in view of the weather, and with warmer days the new and old bleachers will not be too big for the crowds that promise to follow softball this season.

The Power team looked most imposing with John Doughty in the box, for after walking Studor he strikes the next three out and added seven more to these three before the game was over. Except for the third innings when an error by Towers paved the way for three runs, the M-E's would have had to be satisfied with one solitary run for the game. Doughty, besides pitching good ball, had two hits for two runs and one of them a homer, the only home run of the game. Doughty also showed that he could swipe a base when needed. Sweeney, with three hits and three runs in three times at bat, was next. Spence and Lejambe, of the Power team, made a nice combination, and if they always play as good ball they will be hard to beat for they fielded nicely and scored six runs between them.

The M-E's were handicapped by the loss of their captain and manager, Harry Boyd, who was unable to play on account of the recent death of his father.

To-morrow (Friday) the Power team plays the Hollinger Stores. Fans are asked to attend the games regularly so as not to miss any of the good games. No fan can know what game is going to be the most thrilling so the best way is not to miss any of them.

The fans, young as well as old, on Monday insisted in crowding out on the field. This is unnecessary and hinders the game. All are asked hereafter to make a special point of keeping outside the playing lines. If all observe this rule all will be able to see the games clearly, there will be no possible interference with the play and everybody will be happy and softball will have so much better chance for success.

### ABOUT ONE HUNDRED AT THE WHIST DRIVE AND SOCIAL

A very successful whist drive and social was held on Monday evening in the Oddfellows' hall by the Ladies' Auxiliary of the Canadian Legion. Close to one hundred persons were in attendance, and competition for the very excellent prizes was keen. The winners were as follows:—first, ladies, Miss E. Lowther; second, ladies, Mrs. B. Curtis; third, ladies, Miss Bronnie James; first gentlemen, B. Curtis; second, Mrs. O. Frances, playing as gentleman, second prize; third, gentlemen, Mr. Thackery.

After the cards the ladies served the usual special line of refreshments and everyone present spoke highly of this feature. W. A. Devine acted as M.C. for the cards and also as pianist for the social hour. The popular feature of this part of the programme was the Paul Jones, the music consisting of the most popular old-time songs, the dancers joining in singing these favourites lustily. The rest of the evening was enjoyed by all, and the event came to a close with the gathering singing the National Anthem.

The Liberals of South Temiskaming are to hold their convention, to select a candidate for the approaching election, at New Liskeard on Saturday, May 31st. It is understood that Mac Lang will be the unanimous choice as the Liberal standard-bearer.

### ZIONISTS DISTURBED OVER STOPPAGE OF IMMIGRATION

Canadian Zionists are very much disturbed over the recent pronouncement by the British Government ordering the stoppage of immigration into Palestine, according to a statement issued by A. J. Freiman, President of the Federation of Zionist Societies of Canada.

An extraordinary session of the National Council of the Zionist organization was called on Thursday night, May 22nd, in Montreal at which it was decided to send a cable to the Colonial Office in London, England, soliciting in the name of Canadian Jewry for cancellation of the recent order suspending immigration into Palestine.

"I am confident that Canadian Zionists will carry on with redoubled effort, believing as they do in the righteousness of their cause and relying on British justice and fair play," stated Mr. A. J. Freiman. "Reports from the various centres in Canada where campaigns for funds are now in progress, are very encouraging," concluded Mr. Freiman.

Bialmore (Alberta) Enterprise:—And then there's the one about the Scotchman who married the tattooed dancer, so his children could see moving pictures."

### Opening N.O.F.A. League Football on Saturday

The opening game of the regular N. O. F. A. schedule (as distinct from the local league) will be held at the Timmins athletic grounds on Saturday of this week, May 31st. The contending teams for this opener will be the Sons of England and the McIntyre, and thereby hangs a tale or two tales. The Sons of England team is greatly strengthened from last year. Indeed, those who ought to know claim that the S. O. E. this year has a remarkably fine team and one that will put up a strong battle with any of the others in the league. In the second place the McIntyre team this year is a good one and the team that can trim the McIntyres will have to go some. Assurdly it may be taken as a fact that the opening game on Saturday of this week, May 31st, will be a humdinger, and may be the best team win. No football enthusiast should miss this game. It will be good. The game Saturday night between the Sons of England and the McIntyre will start sharp at 8:15 p.m.

Percy Bennett, now of Kirkland Lake, was a visitor to his home in town over the week-end.

### CADETS PREPARING FOR THEIR ANNUAL INSPECTION

The Cadets at the public school are preparing for their annual inspection, which will be held this year on June 4th. The boys are attracting much attention in the evenings on their marches, the Legion bugle band lending its services to assist in the march. The Timmins Citizens' Band was ready to assist in this work and the matter was turned over to Deputy Band Leader P. Cherry. The latter thought the bugles and drums the best sort of march music, and the deputy band leader being also in charge of the Legion bugle band and the bugle band being largely composed of bandsmen the rest was easy to arrange and carry through.

There has been much interest created in a one-eyed fish caught at Halleybury by a young girl, Lillian Denomme. The fish was of good size and appeared normal in every way except that it had only the one eye. Where the other eye should have been was covered over with scales. The poor fish was able to see well enough with the one eye to take the bait but fishermen regard it as a curiosity. They call it a "ling," but Lillian called it a "loche," saying that this was the French name for it.

### NEW TRANSMISSION LINE THE LONGEST IN ONTARIO

Expect Work on Line from Abitibi Canyon to Sudbury Will be Started by July 1st This Year. Line Will be 240 Miles Long.

There is very general interest in this town and district in the matter of the transmission line from Abitibi Canyon to Sudbury. It will be pleasing to all here to note that as suggested previously by The Advance the line will follow the route taken by the Hollinger power line as far as Timmins. Still further interest will be centred around statements regarding the power line providing a roadway. This latter point is one that was stressed by the Timmins board of trade and its importance cannot be over-estimated. In connection with the matter The Sudbury Star last week says:—

"Construction work on the new high power transmission line over which it is proposed to supply Sudbury industries with hydro-electric energy from the Abitibi Canyon at \$22 per horse power, will be commenced in July, it is expected. The greater part of the work this year will consist of surveying the most suitable route, clearing and underbrushing and preparing roads for hauling in the cable and equipment. Work is also expected to start on the new \$25,000 power sub-station where the high voltage current will be distributed at this end of the line. Construction of the line and sub-station will be completed next October, according to the schedule now under consideration."

"Mr. MacKenzie, construction engineer for the Hydro-Electric Power Commission, who passed through Sudbury this week, expects to be located here for a year and a half at least in connection with the work of building the line."

"While details of construction have not yet been settled, it is expected the new power line will be brought to Sudbury from Abitibi Canyon in a direct line, almost due south from Cochrane and crossing the line of the National Transcontinental Railway at Huntia. There is also said to be a possibility that it will follow the route of the old Hollinger line from Huntia to Timmins, utilizing the old concrete footings which were left intact when the line was dismantled several years ago. From Porcupine the transmission line will follow a direct route to the Sudbury field, passing through several townships which possess interesting mining possibilities. One of the benefits of the new line will be the fact that in building, it will be necessary to construct roads through hitherto unopened country. These roads will also have to be kept in shape for maintenance purposes along the power line.

"The new transmission line will be the longest, so far as is known here, in the Province of Ontario. The total length will be 240 miles, as compared with the line from Gattineau connecting with the Niagara system, a distance of 210 miles. Steel cable, covered with aluminum, will be used, and the line will be supported on steel towers on concrete footings. Pressure from the north end of the line will be 220,000 volts, which will be sufficient to completely eliminate the danger of interruptions in power supply from the pranks of lightning.

"On Tuesday of next week a party of about 30 newspapermen from all parts of Canada and United States, and including a representative of The North Bay Nugget and The Sudbury Star, will leave North Bay as guests of the Abitibi Power and Paper Company to visit the site of the proposed development at Abitibi Canyon. This famous development site, one of the largest on the continent, has a potential reserve of 250,000 horsepower, which is to be harnessed for industrial use in Northern Ontario within the next few years."

### NARROW ESCAPE FOR MANY IN EXPLOSION AT KIRKLAND

Someone placed several sticks of dynamite under the house at 49 Hudson avenue, Kirkland Lake, last week and several persons narrowly escaped death as a consequence. When the dynamite exploded its chief force went downward, the concussion smashing a wooden verandah to pieces. Dishes were broken in the kitchen of the house, walls injured and chairs and tables thrown around by the force of the explosion. The house was occupied by Mr. and Mrs. Spotel and two boarders, while Mr. and Mrs. Edgar live in the upstairs part of the house. There were several in the house when the explosion occurred, and had the explosive gone up (as was evidently expected there would have been several lives lost in all probability. A man named Meldowan, formerly a boarder of Mr. and Mrs. Spotel's, was later arrested by the police on a charge of causing wilful damage to property. The property damaged is owned by a Kirkland Lake grocery firm.

**TIMMINS LODGE, I.O.O.F. No. 459**  
Meets every Friday evening in the Oddfellows' Hall, Spruce St. North. Visiting brethren requested to attend.
