

### WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver. Headache, Dizziness and Biliousness surely follow. You must stimulate your liver, start the bile flowing with Carter's Little Liver Pills. They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red pkgs.

## Ten Years Ago in Timmins

From data in the Porcupine Advance Files.

Ten years ago Hon. Beniah Bowman, Minister of Lands and Forests in the Farmer Government of Ontario, was a visitor to Timmins. He was taken in charge by Mayor Dr. McInnis, of Timmins, and Reeve C. V. Gallagher, of Tisdale, while Chas. Pierce and others in town aided in entertaining the visitors and showing them the sights. Hon. Beniah was travelling in state in a private car and was accompanied by

four of his fellow Farmer members of the legislature. Mac Lang, M.P.P., was also on hand to see to the comfort of the visitors on their arrival in his constituency. Hon. Mr. Bowman said there was no specific reason for the visit, but it was simply a matter of taking advantage of the holiday time to see things in this area for himself. The party were shown through the Hollinger Mine and were astounded at the magnitude of that industry. One member of the party said it would be a good thing if ALL the members of the Ontario House could visit the North Land and see the possibilities of this great country. The whole party also attended church in a body, listening to a very able sermon by Rev. J. D. Parks in the Timmins Presbyterian church. While in Timmins Hon. Mr. Bowman suggested that \$10,000.00 would be spent during the year to improve the road between the Mattagami and South Porcupine.

In the N.O.F.A. series on May 26th, 1920, the Porcupine-Dome team won from Iroquois Falls, 2 to 1, at the Falls. W. A. Field was the referee, and the game was counted as a very good one.

The dance given on May 24th, 1920, by the Golden Chapter of the Daughters of the Empire, Timmins, proved a very pleasing event. Despite the short time for preparation and arrangements, the evening was a delightful one for all, music, dancing, refreshments and everything else being up to the highest possible standards. The attendance was good and the I.O.D.E. made a neat balance from the event.

Ten years ago The Advance had reference to the promising features of Egan township, ten miles southwest of Matheson as a gold area. Assays from one property there ran from \$8 to \$74 per ton in gold.

On Sunday evening, May 23rd, 1920, the members of Golden Beaver Lodge, A. F. & A. M., held their annual church parade, attending divine ser-

vice at St. Matthew's Anglican church. About seventy members of the lodge and visiting brethren were present as well as the usual congregation. The church was filled to the doors for the occasion and the service proved both attractive and inspiring. A number of members of the Order from South Porcupine and Golden City were among those present. The church interior was brightened by drapings on the bible desk showing Masonic emblems. Special music was given for the occasion by the choir which included a special girls' choir. Rev. R. S. Cushing, the rector of St. Matthew's preached a helpful and appropriate sermon to the Masons present, taking as his subject "The Temple." Briefly, but in interesting detail he traced the history of the temples made by hands, showing that these were but preliminary to the establishment of God in his true temple—the hearts of good men. Rev. Mr. Cushing also showed that the strength and the virtue of Masonry and the Church alike were on the same broad foundations. Masonry needed the church and the church would find much assistance in the work of the Order, he said. He warned against any thinking, however, that the Order could take the place of the church.

The Advance ten years ago said:—Mr. Jack Miller, who staked the Miller-Middleton property, and was one of the original owners of these claims now a part of the Hollinger Consolidated, and who took an active and useful part in the opening up of the North Land as a mining country, re-visited the camp last week for a day or two and was warmly greeted by his hosts of old friends. After renewing acquaintances here Mr. Miller left for near Capreol on the C.P.R. where he will spend a few months at his summer residence there. He spent last summer up on the Abitibi. He will be joined shortly by Mrs. Miller who is visiting friends in Toronto. Mr. Miller was much pleased with the growth of Timmins since he last visited here some four years ago. He has a firm faith in the progress and development of the North Land and looks for great advancement here as soon as general conditions right themselves and steady down.

The fourth annual ball of the Timmins Fire Department was held in the Masonic hall on Friday evening, May 21st, 1920, and like its predecessors this noted social event proved a complete and unqualified success. There was a good attendance—just the right number of couples not to crowd the dancing floor—the music was good, and the sociability, as is usual in all the Firemen's events, all that could be desired for a pleasant evening. As usual also the refreshments were up to the particularly high standards set by the Timmins Fire Brigade events, and there was a bountiful supply of "eats" with some left over. Financially, the event was the usual good success, a neat sum being netted from the event.

At a regular meeting of the town council held ten years ago the chief question for discussion was the proposal for a joint incinerator for the town and the township of Tisdale. Reeve C. V. Gallagher and Township Councillor Kimberley were present and addressed the council on the matter. In fairness to the people of Tisdale he did not think he could endorse the proposal that the town and township go 50-50 in the matter. He thought the town should bear the larger part of the cost. Councillor Kimberley thought the town used the dump twice as much as the township and he agreed with Reeve Gallagher that the town should bear the larger part of the cost. Dr. McInnis pointed out that both town and township needed an incinerator. He thought the new Timmins sewerage system would soon reduce the town's proportion. Councillor Longmore was not sure that a joint incinerator would be the best plan for Timmins. It left the way open for question in the future. If they could not agree now the town and township might disagree when the incinerator was built. While recognizing the value of co-operation he suggested that it was worth considering whether or not it might not be best for the town to erect its own incinerator with a view only to its own needs. Reeve Gallagher suggested a 40-60 basis of paying the cost. Eventually the mayor and Councillor Fogg were appointed a committee, with power to act, to meet Tisdale council and finally decide the matter at the earliest possible date. The town council had some complaints about the scavenger service, Chief Wilson pointing out that he knew of cases where the scavenger had not treated the public properly. A special meeting of the contingency committee and the sanitary inspector was called to deal with the matter.

"Special officers" for the enforcement of the Ontario Temperance Act were in the camp ten years ago and made what was termed a "clean-up" in the township of Tisdale. According to information at the time the "specials" secured the services of a girl who knew

all the blind-pigs, and through the help of this young lady a number of cases were secured.

Under the heading, "Another Increase in Pay at the Porcupine Mines," The Advance ten years ago said:—"The Porcupine Mines this week announce another material increase in pay, the increase practically amounting to a straight raise of fifty cents per day all round for all employees. The rates paid here now for mine employees practically approximate to the scale at Sudbury mines and are ahead of those paid in any of the other mining camps of the North Land. This other increase practically works out to a straight fifty cents per day increase to muckers, machine men and all surface, underground and mill employees. Mines here are evidently making sincere effort not only to meet the advance in wages generally, but also to assist in the battle against the high cost of living. And this despite the fact that the gold mines, unlike other industries, can make no advances in the price of their commodity."

On May 24th, 1920, the N.O.F.A. league was opened. The Timmins and McIntyre football teams played at Schumacher. Timmins seemed to have the best of the play, but the McIntyre put up a good battle. The final result was a tie, one all.

"Another T. & N. O. Wreck, and Still No One Hurt," was the heading on an article in The Advance ten years ago, this paper often poking fun at the number of wrecks on the railway, this being possible in view of the fact that no one was even hurt. In the case in question the turning of a switch at Kelso resulted in the engine of Train No. 1 running off the track and turning on its side. A delay of about an hour and a half only was caused to traffic, but "no one was hurt." There are few wrecks or accidents on the T. & N. O. these days, but they were not so infrequent ten years and more ago.

It is of interest to note that ten years ago the Salvation Army held a successful tag day at Timmins, the young ladies of the I.O.D.E. doing the tagging for the Army. This was the spirit of the North those days. After all it is still the real spirit of the North.

At the initial meeting of the North Crown Porcupine Mines ten years ago, Sir John Carson was selected as president and managing-director. The North Crown Porcupine Mines was an amalgamation of the Porcupine Crown and Thompson-Krist properties.

The Advance ten years ago said:—"The marriage took place on Thursday, May 20th, 1920, at the R.C. church, Timmins, of a couple very popular and highly esteemed in town. The bride was Miss Marie Antoinette Maltais, daughter of Mr. and Mrs. Pascal Maltais, Tamarack street, Timmins, and the groom was Mr. Frank Roscoe, of town. The services at the church were impressive and interesting, with special music for the occasion. Mr. and Mrs. Roscoe left on the evening train for a

wedding tour to Montreal and other points east. A large number of the friends of the young couple gathered at the station to shower them with rice, confetti and all good wishes. On their return Mr. and Mrs. Roscoe will take up residence in Timmins. The ladies of the R. C. church at South Porcupine held a most successful and enjoyable euchre and box social ten years ago. There were visitors from all over the camp. A musical programme featured the occasion. The boxes were artistic and original and the financial success was a notable one. Reeve Gallagher was given credit for valuable assistance in making the event so successful financially.

A wedding ten years ago was reported in The Advance as follows:—"A quiet but pretty wedding occurred on Wednesday morning of last week at the R.C. church, Timmins, when Rev. Father Beauregard united in marriage Mr. Edward Gregorie and Miss Margaret Baker, daughter of Mr. and Mrs. W. Baker, of Timmins. In the evening there was a pleasant party held in honour of the newly-wedded couple at the home of Mr. Jack Pittonet. About eighty guests were present and all had a delightful time. There was dancing and other social enjoyments and the event was completed with a dainty supper. The young couple were the recipients of many beautiful and valuable presents, while all join in extending to them the sincerest good wishes. Mr. and Mrs. Gregorie will reside in Timmins."

Among the local and personal notes in The Advance last week were the following:—"There were many fishing parties during the week-end. One party had all sorts of trouble with the motor boat and didn't catch any fish. Others made good catches, though it is reported the biggest fish got away." "A. S. Fuller, the well-known local mining man, returned to camp last Sunday after a six months' visit in the United States. He is more enthusiastic than ever about the Porcupine, and believes that capital from the South will come in here shortly and everything will go ahead." "Among those recently leaving for visits to the Old Land were Mrs. W. Nicolson and son, Mrs. J. K. Moore, and Mr. Geo. C. Murphy and family." "Mrs. Jos Knight addressed a meeting in the Philander hall last night, delivering a very interesting address on the O.B.U. There was a large attendance at the meeting."

"Mr. and Mrs. J. E. Salmon returned Saturday evening from Greenland, Mich., where they were called by the death of their daughter, Mrs. D. Coffey. Mrs. Coffey was a frequent visitor to Timmins and had many friends here who will deeply regret her death." "Following the advice of his doctors J. Perreault will take a holiday of a couple of months for the benefit of his health. Mr. Frood, of the Cochrane branch, has taken charge of the Taylor Hardware here." "Messrs A. W. Young and E. M. Allworth made a nice

catch of fish last Saturday, over 70 beauties being secured on one trip to a favourite fishing ground." "Mr. W. McHugh's wife and son and daughter arrived in Timmins this week from Scotland to join him here where the family will take up residence." "Mrs. Hoggarth is visiting friends in Toronto and other points south." "The Steamer Agnes is in the river being tuned up for the season's work." "T. H. Torrance returned this week from a visit to North Bay." "R. F. Francis spent the week-end at his home in New Liskeard." "Born—in Timmins, on Monday, May 17th, 1920, to Mr. and Mrs. H. Ogilvie—a son." "D. G. Allen, general manager of the Northern Ontario Light & Power Co., returned on Monday last week from Wellesley hospital, Toronto, where he underwent a slight operation. He is making satisfactory progress to recovery at his home in Halleybury." "Geo. E. Cole is the secretary of the Halleybury tennis club this year." "Mr. and Mrs. Frand Lendrum, of Cobalt, spent the holiday in the camp visiting friends at Timmins and South Porcupine." "The Timmins Citizens' Band turned out on Sunday and gave an open-air band concert at the Marshall-Eccelstone corner. A large crowd gathered and all were enthusiastic in their praise of the good work of the Timmins Citizens' Band." "A card received this week from Jack Riley gave the information that he is now at Windsor, Ont. and employed by Ford's. He promises to send a Ford by a later mail, and in the meantime he wishes to be remembered to all old friends in the camp."

### TOWNSHIP of WHITNEY COURT OF REVISION

The Court of Revision for the Township of Whitney will be held at the Township Hall at Porcupine, on Monday, 2nd June, 1930, at 7.30 p.m.  
J. M. NICOLSON,  
-20-22- Clerk, Township of Whitney.

### TOWNSHIP of WHITNEY AUCTION SALE

An auction sale will be held at the Township Hall at Porcupine on Monday 2nd June, 1930, at 6 p.m. sharp, when the following parcels will be sold by auction.  
South part of Lot 12 Concession 3.  
North West part of the South part Lot 7 Concession 3.  
North East part of the North part Lot 8 Concession 3.  
Also the following lots on Plan M-12 (Sudbury) 101, 102, 103, 113, 114, 163, 168, 169, 179, 171, 172, 184, 186.  
Subject to a reserve bid.  
Terms: 10% cash and balance on Township producing the deeds.  
J. M. NICOLSON,  
-20-22- Clerk, Township of Whitney.

## COMPLETELY SATISFYING PERFORMANCE

*inspires pride of Oldsmobile Ownership*

JUST a short drive behind the wheel of an Oldsmobile Six will reveal to you the completely satisfying performance which inspires both pride and enthusiasm on the part of all Oldsmobile owners.

In the Oldsmobile Six you will find ample reserve power for hard-pulling and for instant acceleration; restful riding comfort and ease of control in every phase of motoring; continued economy that becomes more apparent as time goes on; thoroughgoing dependability over the months and the miles. These are the qualities that build

the loyalty of Oldsmobile owners. These, plus the vitally important factor of honest value.

If you wish to learn more about the Oldsmobile Six, inquire among your friends who drive it. Then come in . . . get behind the wheel and know its completely satisfying performance. Prove to yourself it's a great car—and that its price represents real value.

Let us tell you about the G.M.A.C., General Motors' own plan of convenient payments, and about General Motors' Owner Service Policy, most complete of its kind in the industry.
