

Vol. XV. No. 23

TIMMINS, ONTARIO, THURSDAY, JUNE 5TH, 1930

PRICE FIVE CENTS

One of Founders of Timmins Passes Away in Montreal

L. H. Timmins, of the Timmins Brother After Whom the Town is Named, Dies at the Age of Seventy After a Notable Life. Played Large Part in the Development of the North. Was Heavy Shareholder in Hollinger and One of the Directors.

In the death on Sunday, June 1st, at his residence in Montreal, of Louis Henry Timmins, the North Land loses a man who played a large part in the development of the mining industry of this country and who also took an active and helpful interest in other industries of the North. The late Mr. Timmins was seventy years of age and had been ill for several months.

The late L. H. Timmins was the senior partner in the well-known firm of L. H. and N. A. Timmins, Montreal. This firm for several years was prominent in many industrial and other activities. The late L. H. Timmins was born at Mattawa, Ontario, in 1859, and was the son of the late Noah Timmins who was one of the early residents and prominent citizens of that section of country. L. H. Timmins and his brother, N. A., on the death of their father carried on with success the lumber and mercantile business which he had established. In the early days of Cobalt they grub-staked more than one party of prospectors and in 1903 their keen interest in mining resulted in their active entrance into the Cobalt field as principal owners of one of the most successful of the silver camp's mines.

Later, the two brothers became interested in the new Porcupine gold area and were the chief partners in the group taking over the Benny Hollinger and other properties that eventually became the famous property of the Hollinger Consolidated Gold Mines, Ltd. The town of Timmins was named after the Timmins Brothers who have been since the commencement the chief owners of the Hollinger property. On the faith and courage of the Timmins Brothers was founded the

progress and development as well as the commencement of the town of Timmins. The late L. H. Timmins was one of the directors of the Hollinger, and until recent years he made frequent visits here where he had hosts of friends and admirers. During the past few years the late Mr. Timmins had been gradually withdrawing from active business. Personally he was of quiet and retiring disposition, but was much admired by those who knew him well. He was known to assist materially in philanthropic and social work but preferred to do this without publicity.

The late L. H. Timmins is survived by his widow, who was formerly Miss A. Pare, of Lachine, and also by two sons and two daughters. The sons are L. H. Timmins, Jr., and Jules R. Timmins, while the daughters are Mrs. R. Costello, of New York, and Mrs. D. Raymond, Montreal. A brother, N. A. Timmins, president of the Hollinger and prominent in other mining, financial and other circles, and a sister, Mrs. B. Fitzpatrick of El Paso, Texas, also survive.

The funeral on Tuesday of this week was very largely attended. Requiem high mass was said at St. Leo's Church, Westmount, and interment was made in Cote-des-Neiges cemetery. The funeral was attended by prominent people from all circles in Montreal and from other centres, while many humble mourners paid their last, earthly tribute to one whom they loved for his helpfulness and kindly interest.

At the Hollinger Mine the flags were at half-mast this week in respect for the passing of one of the founders of the industry and the town.

Abitibi Canyon Power Site Impresses Visiting Party

Newspapermen Impressed with Magnitude of Hydro Development North of Cochrane. Also with Grandeur of Beauty of Abitibi Canyon. Project Will Involve Twenty-three Million Dollars and Employ 2,000 to 2,500 Men for Eighteen Months. Banquet at Cochrane to Visitors

Last week the Hudson's Bay Power Co., Limited, a subsidiary of the Abitibi Power & Paper Co., Ltd., took a number of newspapermen on a trip to Abitibi Canyon, the site of the new power development to supply the Sudbury field. The newspapers of the North were especially invited to take the four-day trip. Those in the party included:—W. A. Peasey, Mail and Empire, Toronto; W. J. Jefferys, Financial Post, Toronto; A. D. Kean, Toronto Star; Roy Snyder, Telegram, Toronto; O. L. Sibley, Montreal Herald; F. P. Falles, Northern Miner; E. Honey, Sudbury Star; Carl Thorming, editor Northland Post, Cochrane; Geo. Lake, publisher The Advance, Timmins; L. V. Rorke, Deputy Minister of Lands and Forests; W. H. Smith and Alex Dewar, of the Abitibi Co.; M. Kelly of the C. P. R. North Bay.

The visitors were the guests of the Cochrane board of trade Tuesday evening at a banquet that was featured by a general fine time and some remarkably fine addresses. Outstanding among the addresses was one by Alex Dewar on the potentialities of the country north of Cochrane. A. V. Waters, M.P.P., S. J. Dempsey, Mayor Mitchell, of Cochrane and W. H. Smith, secretary-treasurer of the Abitibi Co., also delivered interesting addresses. During the evening it was announced that a township east of Cochrane had been named in honour of S. J. Dempsey.

Leaving Cochrane the party went by rail as far as Fraserville on the extension of the T. & N. O. From there the party had a four-mile walk to the Abitibi Canyon, the site of the power development. Abitibi Canyon is approximately 68 miles north of Cochrane.

In a few days the construction company will have completed a spur line from Fraserville, Mileage 691, to the power site. Lang and Ross have the contract to build the transmission line connecting Island Falls and Abitibi Canyon. From Island Falls the power will be delivered to a sub-station at Huntla, east of Cochrane, and the former Hollinger tower bases will be used as far as the Porcupine camp.

The members of the party were greatly impressed by the majestic beauty of Abitibi Canyon. It may be said that while the towering banks of the canyon are immense, and the cable bridge thrown across the canyon makes one dizzy even to look at from below, to say nothing of walking on this swinging walk, the power does not come from any immense falls, but from a series of falls. There are six of these rapids, Lopstick, Burntwood, Clay, Birch, Oilcan and Abitibi Canyon. The falls of these range from 16 to 91 feet,

with 14,35 feet drop between these rapids, the total head of water being 240 feet. The estimated power of the development is 275,000 electrical horsepower. Of this 100,000 horse power is sold to the Hydro-Electric Power Commission of Ontario; the balance to be used by the Abitibi Co., for steam generation at its plants at Iroquois Falls and Smooth Rock Falls. The power site is situated in the James Bay watershed on the Abitibi river, 68 miles north of Cochrane and about 570 miles north of Toronto. It is well to remember that the Abitibi flows north. When the Abitibi Canyon development is complete, the Abitibi Co. will have 390,000 h.p. on the Abitibi river, as well as 109,000 h.p. elsewhere.

The development of the power at Abitibi Canyon will involve an expenditure of around twenty-three million dollars, and from 2,000 to 2,500 men will be employed at the work of development for the next eighteen months or more. It is expected that the contract will be let in the next day or so. Owing to the tremendous depth of the Abitibi Canyon the area to be flooded will be comparatively small, nor more than 1,000 acres according to the estimates made. In connection with the development work it is said a large quantity of commercial spruce will be taken out from the lands above the Canyon. The height of the Abitibi Canyon at its highest point is about 200 feet. The cable bridge over the towering Canyon was a special point of interest and comment for the visitors. A picture of the Abitibi Canyon is given elsewhere in this issue and from this view some idea of the size of the canyon may be gathered.

The party also visited Island Falls where they enjoyed lunch. The Island Falls development was formerly owned by the Hollinger but was taken over by the Abitibi Co. The power plant is about three miles from the main line of the T. & N. O. The newspapermen visited the Island Falls centre by way of "speeders," the way being a cold one in the weather of the day. Island Falls is 25 miles south of the Canyon. About 60,000 h.p. is developed, this being carried over a transmission line of 811 miles, at a pressure of 110,000 volts, to Iroquois Falls mill of the Abitibi Co., where it is used partly for steam generation and partly for industrial purposes.

The hospitality and kindness of the Abitibi Co. and the T. & N. O. were greatly appreciated by the party, all the members of which found the trip a remarkably interesting and memorable one.

Mrs. C. G. Keddie left last week for Vancouver, stopping over at Winnipeg and Jasper Park.

NINETY-TWO CADETS ON PARADE FOR INSPECTION

Central Public School Lads Make Remarkably Fine Showing in Drills and Inspection Here This Week

Wednesday of this week Major Mawron was in Timmins for the annual inspection of the Cadets at the Central public school. The boys went through their drills and movements with unusual effectiveness and precision and won very general commendation. Jack Lake was captain of the Cadets and won from the inspecting officer the praise that he was the smallest and most efficient Cadet captain he had seen in his inspections. Major Mawron also had special praise for the undoubted fine work of Mr. Roberts, who in this his first year with the Cadet work on his shoulders, had made so excellent a showing with the boys and trained them to so high a standard of efficiency. There were ninety-two Cadets on parade and all did remarkably well in every way. It was a most attractive sight to see the boys at drill and in the various movements. As one spectator remarked it would have cured Miss Agnes Macphail, M.P., of her opposition to Cadet work in the school. It was very evident that the work is of great value in teaching the lads discipline, attention and skill, and keeping them in good physical condition. The music for the lads on the march and in the drills was supplied by the Victrola purchased by the pupils from the proceeds of concerts held by them.

proved of great value and the boys they had the good of their own enterprise in the matter. A large number of citizens gathered round the Central school yard and watched the inspection with much interest.

Many From Timmins to go to Shriners' Convention

Large numbers from the North Land are going this week to the monster Shriners' Convention opening in Toronto on Friday. A special pullman will be run from Timmins and among those listed to travel on this car are the following:—W. M. Widdifield, Dr. S. L. Honey, V. Woodbury, L. Anderson, Art Throop, P. Richards, Geo. N. Moore, Jas. Shewan, H. J. Collins, S. Bucovetsky, I. A. Solomon, W. R. Sullivan, Dr. A. S. Porter, S. McLeod, P. A. Macaulay, D. Ostrosser, Jos. Amm, Geo. Jones, D. McPhail, Chas. Pearce, Mrs. P. Richards, Mrs. S. Bucovetsky, Mrs. W. R. Sullivan, Mrs. Collins, and Mr. and Mrs. Sinclair.

In addition there will be many going by car if the road is at all good. These include:—S. T. Walker, Dr. Honey, V. Woodbury, A. D. Pearce and others.

Salvation Army Tag Day, Tuesday, June 10th

Tuesday next, June 10th, will be the annual tag day of the Timmins corps of the Salvation Army. Each year for several years past, the Salvation Army has been holding a tag day here in connection with the annual S.A. Self-Defence Week campaign. The money secured from the tag day goes to the rescue and relief work of the Army. The social work of the Salvation Army is carried on irrespective of creed or other consideration except the need, and much good is done. Each year in Timmins scores of individuals and families are helped by the Army and as the work is carried on with the direct purpose of helping people to help themselves and not simply as charity, the effectiveness of the work is particularly noteworthy. Every dollar spent in the Army's rescue and relief work does about two dollars' worth of good, so tag day should be well supported here on Tuesday next, June 10th.

Four High School Lads to go to North Bay Meet

Four of the Timmins High School lads are going this week to the annual field and track meeting held under the auspices of the Ontario Athletic Commission at North Bay on Saturday, June 7th. This is the athletic meet for District No. 8, the district in which this part of the North is included. Certain standards are set and the schools select representatives able to qualify. The Timmins had a number up to the required standards but all could not enter the competition on account of the expense of the trip to North Bay. The High School, however, has selected four athletes of particular talent to represent the school and these no doubt will give a specially good account of themselves.

The following are the T.H.S. representatives to go to North Bay:—W. Finkelman, who will enter in the 100 yards, 220 yards, 440 yards, running high jump, running broad jump, and shot put, 8 lbs., in the class for 15 years and under.

In the intermediate, 17 years and under, R. Wallingford will enter the running high jump, running broad jump, pole vault.

In the Senior division, boys under 20 years, W. Paice will enter the 100 yards, 220 yards, 440 yards, and running broad jump. In this division, J. Leng will enter the 880 yards, mile, running high jump and javelin throwing.

N. R. WIGHTMAN, B.A.
Principal of the Timmins Central public school since Jan. 1927. He has been very successful, and the school and pupils have made decided progress under his direction in the North. Mr. Wightman recently graduated from the University of Western Ontario, London, with honours standing, winning his degree as Bachelor of Arts, with fifth place in the year, taking higher place than any other non-resident student for the degree.

TWO-BALL MIXED FOURSOME AT GOLF COURSE SATURDAY

Many Took Part in Interesting Golf Feature at Week-end. Scores of the Various Entrants, With Handicap and Net Score Given.

Saturday's golf last week was a two-ball mixed foursome. The winners of first prize were Mrs. Macpherson and E. H. Hill with a net score of 78. The second place went to Mrs. Denny and Mr. Stokes with a net score of 81. Third place was filled by the score of 83 net, this being the score of two different couples, Mrs. Allworth and P. Cooper, and Mrs. Jamieson and H. C. Garner.

The following are the scores. The score is given first, then the handicap and then the net score:—Mrs. Kester and Mr. Cuthell, 155—36; 119.

Mrs. White and Mr. Woodbury, 128—36; 92.

Mrs. Dr. Taylor and D. Sutherland, 126—35; 91.

Mrs. Garner and Mr. Denny, 120—36; 84.

Mrs. Keeley and H. Moore, 123—36; 87.

Mrs. Robson and S. R. McCoy, 146—33; 113.

Mrs. Sutherland and D. Keeley, 136—36; 100.

Mrs. Fogg and Mr. White, 114—27; 87.

Mrs. Denny and Mr. Stokes, 109—28; 81.

Mrs. Dr. Moore and Jack Brady, 117—29; 88.

Mrs. Brigham and Mr. Morgan, 116—31; 85.

Mrs. Macpherson and E. H. Hill, 112—34; 78.

Mrs. Darling and E. Pritchard, 133—36; 97.

Mrs. Lake and Wm. Macpherson, 109—25; 84.

Miss Jamieson and S. A. Wookey, 110—22; 88.

Mrs. Allworth and P. Cooper, 113—30; 83.

Dr. Taylor and Miss Bailey, 128—36; 92.

Mrs. Dodge and Geo. Moore, 130—36; 94.

Mrs. Dye and Huntley Gordon, 122—36; 86.

Miss Farr and Geo. Lake, 118—30; 88.

H. C. Garner and Mrs. Jamieson, 115—32; 83.

G. Irving and Miss Gowan, 139—36; 103.

HOME AND S.O.E. TEAMS TO PLAY AT DOME SATURDAY

The Dome and Sons of England teams will play at the Dome grounds on Saturday of this week, June 7th. The kick-off will be at 6:15 p.m. This is one of the games in the local league, and should be well worth seeing.

WINNING NUMBERS AT THE BAZAAR HELD LAST WEEK

The bazaar held last week in the skating rink for the benefit of St. Anthony's church proved a very complete success. It is understood that the receipts exceeded \$10,000. The event was largely patronized and the various features created the greatest of interest. Mr. L. Gagne won the car, his number being 879. The following are the winning numbers for other prizes:—velvet cushion, 2718; electric iron, 1; fruit cake 5111; linen table cloth, 2803; Wm. Plouffe; bedspread, 4563, Mrs. A. Brazeau; \$20 gold piece, 77; electric stove, 92; hope chest, 5405; woollen wrapper, 5087; dinner service, 264; \$10 gold piece, 458, Mrs. Ruest; first permanent wave, \$15.00, 6893; second permanent wave, \$10.00, 6810; entrance prize, 14724.

The town was gay with flags on Tuesday in honour of the birthday of His Majesty the King.

SCHEDULE OF SOFTBALL GAMES IN T.B.A.A. SERIES

Opening Games in the Softball League for Boys. Schedule Will be Given in Full in the Next Issue of The Advance.

The Advance this week has the complete schedule as drawn up for the season for the Timmins Boys' Athletic Association softball. The full schedule cannot be given this week on account of the exigencies of space but will appear in full in next week's issue. In the meantime the games for next week are given. The boys should watch for next week's issue of The Advance containing the complete schedule.

June 9th—10 year division—All games in this division to be played on Mondays at 4:30 p.m.—Central at Mattagami; Holy Family at Moneta; St. Charles A. at St. Charles B.; St. Anthony's A. at St. Anthony's B. (play on Central school ground).

June 10—11 year division—All games to be played on Tuesdays at 4:30 p.m.—Central at Mattagami; Holy Family A. at Moneta; Holy Family B. at St. Charles.

June 11—12 year division—All games to be played on Wednesdays at 4:30 p.m.—St. Anthony's B. at Central; St. Anthony's A. at Mattagami A.; Mattagami B. at St. Charles B.; St. Charles A. at Moneta.

June 12—13 year division—All games to be played on Thursdays at 6:30 p.m.—Central at Mattagami; Holy Family at Moneta; St. Anthony's at St. Charles.

June 13—14 year division—All games to be played on Friday at 6:30 p.m.—Mattagami at Central; Holy Family A. at Holy Family B. (play on Mattagami grounds); St. Anthony's A. at St. Charles.

It is understood that cups and other trophies will be available for the winners of each division.

Golf Sweepstake to be Played Saturday, June 7

The Greens committee of the Timmins Golf Club have announced a new ruling on Number 2 Hole, as follows:—Play from Tee to the 175 yard line marked on fairway. Pick up and carry over hazard with a penalty of one stroke.

A sweepstake will be played on Saturday, June 7th, starting at 2 p.m. sharp. As many members as possible are requested to turn out.

The Geo. Lake Shield will be played for during the last three weeks of June, the first round to be played by June 14th, the second round by June 21st, and the third and fourth rounds by June 28th. The last two rounds are to count as qualifying rounds for the club trophy. Initialed cards are to be used in each case. Members are requested to hand in as many cards as possible from now on for handicap purposes.

T. B. A. A. Softball League Opens on King's Birthday

The T.B.A.A. softball league was officially opened on the King's Birthday, June 3rd, Mayor Geo. S. Drew giving the games an official send-off and showing the boys how to hit the ball by whacking out a dandy from the first ball thrown. Five games had been arranged for Tuesday afternoon commencing at 1 p.m., but on account of the rain all the teams did not show up. The first game, Central school versus Moneta, in the ten-year-old class, proceeded according to schedule and was won by the Centrals with the score 14 to 7. The rest of the games were rained out, the water pouring down at such a rate that further play could not be considered. As will be noted from the schedule published elsewhere in this issue the T.B.A.A. regular schedule for softball has been arranged and these games will proceed according to schedule.

Enumerators Busy Now Making Lists of Voters

This week under the new Dominion election law enumerators are busy making up the lists of voters to be used for the coming election on July 28th. The lists are being made by enumerators in the cities and towns, these enumerators going from door to door and securing the names of all eligible to vote. For the town of Timmins there are 27 divisions, including the special one for the hospital. There is an enumerator for the Government and one appointed by the opposing party or the returning officer, in case the party does not submit suitable names. These enumerators travel in pairs, the idea being that the one checks up on the other. The enumerators in Timmins are apparently getting through their work well and will be finished this week. J. D. Mackay, sheriff, Cochrane, is the returning officer for this riding.

Mr. Alphonse Caron, of St. Yvon, County Gaspé, P.Q., is visiting his sons, Hestor Caron, of the Goldalpe townsite, and Lawrence Caron, of 339 Pine street south. Mr. Caron leaves this week-end to visit another son, Wilfrid, at Moonbeam, Ont., for a two week's stay before returning to his home at St. Yvon.

Official Visit to Kiwanis of District Lieut-Governor

Evening Meeting of Kiwanis Club to Greet Ralph Taylor, Lieutenant-Governor on Official Visit Here Monday. Able and Interesting Address on Kiwanis. Several From Timmins Visit Cochrane This Week to Assist at Opening of New Club.

On Monday of this week Kiwanian Ralph Taylor, of Cobalt, District Lieutenant-Governor of the Kiwanis District of Ontario, Quebec and the Maritimes, paid his official visit to the Timmins Club and the occasion was a most interesting one. In honour of the District Lieutenant-Governor an evening meeting was held and there was a large attendance of members for the occasion. District Lieut.-Governor Ralph Taylor gave a very interesting and inspiring address on Kiwanis. He touched particularly on Kiwanis in reference to the club's place in respect to the District and International. The address was an able and inspiring one and was greatly appreciated by the members present. Mr. Ralph Taylor stressed the steady growth of Kiwanis and showed that the progress was due to the need for such service organizations and to the effective way in which Kiwanis supplied that need. Not only were Kiwanis clubs of service to the communities in which they were but they conferred advantage upon the members who received the more for the more effort and interest given. At present there are no less than 1852 clubs and Kiwanis keeps on increasing.

Community singing and other features were enjoyed at the meeting while there was especial appreciation for the vocal solos by Mr. Evan Williams. Mr. Williams has a fine baritone voice and gave a very expressive interpretation of the numbers presented. His first selection was the classic "Song of the Volga Boatman," and so well was this number given and so pleasing the voice that the demand for an encore was both enthusiastic and insistent. Mr. Williams responded to the request for a recall number by the singing of another fine selection equally well given, "In Sheltered Vale."

The club voted \$25.00 to the T.B.A.A. for a trophy for juvenile softball, the trophy to be for permanent competition from year to year. Other organizations have made similar donations to the T.B.A.A. and it is expected that there will be sufficient funds thus provided to assure suitable trophies for the winners of all groups in the boys' softball games.

After the meeting there was a directors' meeting at which was made the regular Lieut.-Governor's report, and the matter of Kiwanis affairs in general was dwelt upon in detail. One of the most important matters before the club was the question of testing out the feeling at Cochrane in regard to establishing a Kiwanis Club there. A number of the members here agreed to visit Cochrane last night for this purpose. Those who made the trip were:—Carl Eyrre (president, J. R. Walker, W. Rinn, Arch Gillies, Reg. Smith, J. D. Tolman, K. Fitzpatrick, C. G. Keddie, W. H. Wilson, F. Rodgers, and J. Ryan (past president of the Saul Ste. Marie Kiwanis). They went by car and found the road bad to the Junction but good enough from there to Cochrane. They were very emphatic that the two or three bad patches on the road to the Junction should be fixed at once, especially those whose cars were mired. There was no difficulty on the Junction to Cochrane section where there is lots of gravel on the roads and good ditching. At Cochrane the Timmins Kiwanis put on a regular Kiwanis meeting to allow the Cochrane people to judge for themselves. There were thirty-five or forty present at this meeting, including many of the leading men of Cochrane, and all seemed to be interested and pleased. President Carl Eyrre was in the chair and there were many interesting features. Among those present with Timmins for the occasion were Kiwanian Geo. W. Lee, chairman of the T. & N. O., as well as Kiwanian Ralph Taylor, District Lieutenant-Governor of the Kiwanis.

TIMMINS BOYS' ATHLETIC ASSOCIATION FIELD DAY

Interesting Day of Sports Planned for Dominion Day, Tuesday, July 1st, at Timmins. Details later.

The T.B.A.A., the full name of which is the Timmins Boys' Athletic Association, are planning to present a big field day at Timmins on the national holiday, Dominion Day, July 1st, at the athletic grounds here. Particulars of the programme for the occasion will be given later in these columns, but in the meantime it may be noted that all may look forward to a particularly interesting and entertaining holiday event on this occasion. The T.B.A.A. has so encouraged sports among the boys that in the various lines of field events the lads may be expected to provide a list of features that will be enjoyed by all attending.

All should make a special note of the day and event—Tuesday, July 1st, T.B.A.A. field day. Watch for further particulars in the next few issues of The Advance.

LIBERAL CONVENTION FOR THIS RIDING ON JUNE 18TH

At Least One Federal Cabinet Minister to be Present, as Well as Other Prominent Speakers for the Occasion.

The Liberal party convention to name a candidate to carry the party banner in the approaching Federal election in the riding of North Temiskaming will be held at Cochrane on Wednesday, June 18th, 1930.

The convention is to be a big rally day for the Liberals of the riding of North Temiskaming. There will be at least one Federal Cabinet Minister present for the occasion and there may be two. In any case there will be good addresses on the topics of the day by leading public men.

From the general reports coming from Liberal sources there seems to be no question but that Jos. A. Bradette, the present member, will be the choice of the Liberal convention at Cochrane on June 18th. Mr. Bradette has proven a popular member with his party and no opposition has developed to his candidature. It appears to be a foregone conclusion that he will rescue the nomination again and there is not likely to be any others named. Consequently, this part of the convention business will be soon disposed of and it will be possible to devote the greater part of the time to addresses by the prominent men expected to be present for the occasion.

Dr. and Mrs. C. Taylor are on a motor trip to Montreal, Que.

TENNIS CLUB PLANNING FOR INTER-TOWN MATCHES

Annual Meeting of Timmins Tennis Club Elected Officers for Year. Many Matters of Interest Discussed on Tuesday Evening This Week.

The annual general meeting of the Timmins Tennis Club was held in the town hall on Tuesday evening of this week, with the president for the past season, H. W. Dunfield, in the chair. There was a fair attendance of members, especially in view of the weather. The financial report for 1929 was read and adopted.

The secretary reported negotiations started with the McIntyre, Iroquois Falls and Cochrane clubs for inter-club contests this year.

The following were the officers appointed for 1930:—

President—H. W. Dunfield.

Vice-president—J. Jacobs.

Secretary-treasurer—W. H. Wilson, P.O. Box 1113, Timmins.

Grounds committee—P. Nicolson (chairman), W. Shewan, and C. W. Pexton.

Tournament committee—J. E. Jacques (chairman), L. Laffamme and L. R. Gott.

Tournament referee—J. C. Brodeur.

Umpires—W. H. Wilson, J. Jacobs, and P. Nicolson.

Applications for membership from candidates who have not previously belonged to the club now have to be sponsored by two members, and will be listed on the notice board for seven days.

The matter of lighting was discussed at length and the following committee was appointed to go into the details thoroughly:—H. W. Dunfield, J. Jacobs, J. C. Brodeur, F. Huckerby, W. H. Wilson and T. Blackman.

The meeting then adjourned.

Up to the present the membership numbers thirty-nine and the tournament committee are anxious to start competition as quickly as possible, so those intending to join this year will have to make up their minds quickly. The courts are in excellent shape, and a good season is anticipated.

BISHOP OF MOOSEHORN ON ANNUAL VISIT TO TIMMINS

Rt. Rev. J. G. Anderson, D.D., Bishop of Moosehorn, was in Timmins on Sunday on his annual visit to this parish. He preached at both services at St. Matthew's church on Sunday and his eloquent and interesting addresses were greatly appreciated for their information and inspiration. In the morning he administered the rite of confirmation to a large class of young people.
