

For Young and Old Alike

ENO is so mild it can safely be given to any child, yet it is quite as effective for grown-ups, eliminating from the systems of young and old alike the clogging waste and poisons which cause intestinal absorption . . . unsuspected constipation . . . Refuse substitutes.

ENO'S
FRUIT SALT

When the pitcher goes wild

When the pitcher goes wild, then the fielders suffer!

It's the same with your radio. When one tube gets weak, the other four or five are overtaxed, and their life is shortened badly.

Let us test your tubes. Perhaps we can save you much money.

Serve GRIDDLE CAKES for tomorrow's breakfast

RECIPE FOR GRIDDLE CAKES

1 quart flour	2 tablespoons shortening
3 teaspoons Baking Powder	1 egg
1 teaspoon salt	2 tablespoons molasses
2 tablespoons sugar	1 pint milk

Mix and sift dry ingredients; beat egg, add milk and molasses, pour slowly on first mixture; beat well. Add melted shortening. Cook at once on hot, well greased griddle. Serve with Maple, Caramel, or Brown Sugar Syrup.

Look for this mark on every tin. It is a guarantee that Magic Baking Powder does not contain alum or any harmful ingredient.

DESERVED PROMOTION FOR W. S. MERCHANT IN ABITIBI

Former Popular Resident of Timmins Promoted to Manager of Woods Operations at Head of the Lakes.

Hosts of friends of W. S. Merchant, formerly of Timmins will be pleased to hear of his recent promotion to be manager of woods operations at the head of the lakes for the Abitibi Power & Paper Co., Limited, the Thunder Bay Paper Company, Limited, and the Provincial Paper, Limited. The promotion together with other changes, is referred to in the current issue of "Abitibi," the monthly magazine of the Abitibi Power & Paper Co., Limited, as follows:—

In view of operating benefits to be derived, it has been decided to organize a single unit for handling all the woods operations, at the Head of the Lakes, of the Fort William Division, Abitibi Power & Paper Co., Limited, the Thunder Bay Paper Co., Limited, and Provincial Paper Limited.

H. G. Schanche, General Manager of Woods Operations, has made the following appointments, effective June 1st:—

W. S. Merchant, formerly Manager of Woods Operations of the Smooth Rock Fibre Division, to be Manager of Woods Operations at Head of the Lakes.

B. H. Tanner, of the Woods Department, Iroquois Falls Division, has been appointed Manager of Woods Operations of the Smooth Rock Fibre Division, to fill vacancy made by the promotion of Mr. Merchant.

W. J. Greer, Manager of Woods Operations of the Fort William Division of the Abitibi Power & Paper Co., Limited, and of the Thunder Bay Paper Co., Limited, to be in charge of purchasing wood for all companies, from settlers and independent operators.

C. A. Gardner, formerly Woods Manager of Provincial Paper Limited, to be in charge of operations within the holdings of the companies, and of driving and towing operations.

A. J. Auden, formerly Assistant Woods Manager of the Fort William Division and of the Thunder Bay Paper Co., Limited, to be in charge of all forestry work, logging, engineering, control and scaling.

Stan Merchant has a record of which any man might be proud. He was born at Bonfield and his family moved while he was quite young to Sturgeon Falls, where his father was and is in the lumber business. He worked in camps as soon as he left school, doing everything in the line of work except the cooking. He spent his youth with The Gordon Lumber Co. and the Georgian Bay Lumber Co., except when at school in Buffalo and Ottawa, and later at Ottawa University.

He went North in 1914 to spend a few months in the townships south of the Porcupine and later some timber berths of Mackenzie and Mann. He joined The Mattagami Co. in 1919 in charge of supplies; in 1920-21 in charge of scaling and control; in the fall of 1921 Superintendent of Operations and a year later was made Woods Manager. When the Abitibi took over The Mattagami he was confirmed in his position and had the management of the townsite added up to the time the town was incorporated.

He is a member of the Woodlands section of Pulp & Paper Association of Canada. While a resident of Smooth Rock Falls he was very active in sport and also did a great deal in connection with the Board of Trade to get roads in the North Country.

Burton H. Tanner has been an employee of the Woods Department since 1922. Bert was born at Pembroke in 1895 and received his education there. When war was declared he joined the Canadian Forces and on his return commenced work with the Beaver Board Company in Pembroke in charge of lumber shipping to the Abitibi Company.

His first position with this company was as a scaler and as depot clerk at Twin Falls. During the years 1923-24-25-26 he secured a very thorough working knowledge of Woods operations as Field Auditor. In this capacity he visited all the camps in connection

The Canadian Legion in the Porcupine

By the Secretary-Treasurer.

This week we had application forms for membership filled in by Comrades M. P. Gutscher, R. Rowley, E. T. Tomlinson and John McKennie, from the Dome.

We still keep growing and Comrade Keates tells me he has several more in line, who have promised to make out the application form. One of our new comrades made a donation towards the funds on sports day, to express his thanks at what the Legion had done for him. Actions like these speak louder than words; they show that someone at least appreciated what the Legion was able to do, when help was required.

We had a fine but cold day on Wednesday at the sports. The event was well attended. On Saturday and Wednesday, 1536 children and adults passed through the gate. The races were well run and the Maypole and tug-of-war were greatly enjoyed by all present. The ladies of the Auxiliary provided the best of refreshments, hot dogs, again being to the fore. Bingo, etc., were well patronized. The square dancing had quite a crowd of lookers-on, but few had the nerve to take the floor. As one patron remarked, it was not often a person could swing in fur coats, and not be too warm. Messrs Ache and Pain seemed to do a roaring trade in the result of the loss of their voices through shouting their wares. Value for money received was the motto of all the booths, many a satisfied patron carrying away chickens, hams, blankets, and even shirts. Ache and Pain seemed to do a roaring trade in chocolates, three large boxes for a quarter. The event closed after midnight and the boys had quite a shock. A full case of chickens walked away by themselves. Frozen at that! After an exciting chase, Comrades Cowan, Keates and Hallam recovered the chickens, on the way to Moneta.

To all and everyone who assisted the branch tenders their thanks. The relief fund will benefit considerably through their efforts. The branch also thanks the citizens of the Porcupine for patronizing the sports, games, etc.

We had quite a nice crowd at Schumacher at our dance on May 30th. The ladies of the Auxiliary again were to the fore with refreshments that cannot be equalled in the country. Tommy Stephens provided the best of music and everyone had a real good time.

Our next event at Schumacher will be the First of July, another dance, arrangements for which will be announced later. Let me also give the executive committee a reminder that the executive committee meets on Thursday, June 12th, at 7 p.m. at the president's office, and every second Thursday of each month afterwards.

I have just received a letter from Lt.-Col. L. R. LaFleche, D.S.O., A.D.C., stating that:—

"It is with a very great sense of pride in our Legion that I now inform you that all our hoped-for legislative remedial proposals have become law. The following acts have passed parliament and, as soon as what is in effect a mere formality in the circumstances is accomplished, i.e., receiving the assent of His Excellency the Governor-General, these bills will become effective:—

Bill 19—The War Veterans Allowance Act.

Bill 264—Extending the time limit for renewing applications for insurance under the Returned Soldiers Insurance Act, until the 31st day of August, 1933.

Bill 265—An act to amend the Pension Act. This bill includes all the provisions for widening the entitlement sections of the act, and provides for the much-needed and very excellent revised machinery we recommended.

Bill 313—An act to amend the Soldier Settlement Act.

Lt.-Col. LaFleche specially asks all comrades to accept what has been gained with that good Legion spirit and assist the authorities to put these acts in force the best way we can. When we have more convincing proof in our possession we will go after more. "Call to Arms" by General Sir Arthur Currie was well worth what has been accomplished and the same comrades who formed the special evidence for the committee sitting in the House of Commons will again "Rally to the Call to Arms" for the good of the returned soldier and his dependents. Below Lt.-Col. LaFleche's signature is "Build up the organization—it will always be needed."

To the ex-soldiers of the Porcupine who are not in the Legion, let's take Col. LaFleche's advice and build up the Timmins branch of the Canadian Legion. Give Col. LaFleche and Sir Arthur Currie your personal backing. "Get into the Legion now." We have lots of forms, and we can do more if we are all together. Three a week is not bad going, but let's all get in and make the first general meeting after the recess a record of records for initiation. We don't want to borrow watches and hold them till we get the application. We want the application to come with that same bull dog spirit that won the war—this time to win something for ourselves and those who

cannot help themselves. The splendid response by most of the mines and the tradesmen of the town and district showed that they are willing to come forward and help the Legion. We command a large amount of respect in the Porcupine at present. Join now and help us to increase the respect we now hold in the Porcupine.

Comrade A. Shields, the provincial secretary, writes as follows:—"You certainly are to be congratulated on the wonderful progress made by your branch and I am sure that the good publicity you are getting is greatly assisting the Legion in the North Country."

Many of our new members are getting other new members lined up; some are eager to boost the membership of the Timmins branch, and many of our old members do not have to take a back seat in this respect.

A word of warning to very, very few of our comrades:—The month of June has just started, the end of the second quarter is in sight and I still have a few 12-cent stamps left which I do not want to use. So mail or call with your dues before the end of the month. You will save the Legion considerable in stamps, and save yourself from being suspended for non-payment of dues. Thank heaven there are only a few who may be thus honoured, if it can be called an honour. It is a pleasure to meet the comrades who keep their dues paid up, as I take dues at all times, and at all places. Such fine Legion spirit has never been shown before in the history of the "Legion in the Porcupine." The vast difference since October last, up to the present is something for the branch to be proud of, something well worth the trouble, well worth the work, well worth the trust the comrades place in the branch and its officers.

Once or twice lately I have had the pleasure of doing something for a member of the branch. Most of the work since October has been done for

PLACER MINING PLANNED IN PROVINCE OF QUEBEC

There seems to be a special interest always in placer mining. It has been called the "poor man's gold mining plan," and there is a belief that only in placer mining has a man any chance to make any money out of gold mining, unless he has a bunch of money to start with. A large amount of capital is necessary before there can be hopes of any returns in the ordinary mining of gold ore. Plants are expensive and without costly equipment, there is "nothing doing," to use a slang phrase. In placer mining it is a little different. In the Yukon and Alaska men with small stakes panned enough gold to make them well-to-do, or to carry them along until money for the claims would be forthcoming from capitalists. There have been a number of attempts in Ontario to carry on placer mining, but the success has not been great. The first gold produced in Ontario is said to have been placer. In this North Land there have been several attempts at placer gold mining. More than once the sand plains near Matheson have been tackled to secure placer. It is said that the placer gold is there all right but it will take expensive equipment to get it out to a profit. So that's that. Now, word comes of plans for placer gold mining in the province of Quebec. Writing in regard to the matter, one correspondent says:—

"According to plans of the Mill Creek Gold Mines, Ltd., Quebec, has good possibilities of branching out into a placer gold mining province. The company, which is capitalized at 5,000,000 shares, of which half have been set aside for treasury purposes, controls property which extends for some nine miles along the Chaudiere River as well as some adjacent areas, on which a substantial amount of gold has already been found. About \$300,000 has been obtained through the sale of treasury stock, and work has been started on the properties. A dam has been built to provide the necessary water supply and a tunnel is now under construction. It is estimated that about \$7,000,000 in gold has been indicated and that within a reasonably short time the property will be running on a profitable basis. New York interests, associated with Nipissing Mines, are understood to be behind the project."

The Matheson correspondent of The North Bay Nugget says:—"The Northern Telephone Company are this week in town erecting telephone poles and extending wires. The switch board will be presently installed at Mr. A. McChristie's, with his daughter, Elizabeth as operator."

TEMISKAMING AND NORTHERN ONTARIO RAILWAY

Train Service

The Continental Limited, Trains Nos. 1 and 2, between Montreal and Vancouver, daily, operating through sleeper between Cochrane and Toronto. These trains use Canadian National Railway Station at North Bay.

Trains Nos. 46 and 47—Through service daily, between Toronto and Timmins, also to Rouyn and Noranda, Que., operating Parlor Cafe Car Service between North Bay and Timmins. Through sleepers operated between Toronto and Timmins, also between Toronto, Rouyn and Noranda, Que. These trains use Canadian National Railway Station at North Bay.

Trains Nos. 17 and 18—Daily except Sunday Service between North Bay and Cochrane, operating through sleeper between Timmins and Montreal. These trains use Canadian Pacific Railway Station at North Bay.

Local service between Cobalt, Fountain Falls and Silver Centre, Monday, Wednesday and Saturday.

Connections at Earlton Jct. for Elk Lake, daily except Sunday.

The establishment of this service will enable those desiring, to conveniently make round trip from Timmins to Cochrane on Sundays.

Tri-weekly service between Cochrane, Island Falls Jct. and Coral Rapids leaving Cochrane 8:30 a.m. Monday, Wednesday and Friday, arriving Coral Rapids 2:55 p.m. same day, returning leaving Coral Rapids 8:30 a.m. Tuesday Thursday and Saturday, arriving Cochrane 2:30 p.m. same day.

See current timetables or apply to any T. & N. O. Railway Agent for full particulars.

A. J. PARR
General Freight and Passenger Agent,
North Bay, Ont.

with logging operations both water and rail, and audited at camps 30 and 13, at Couchiching and Rail Contractors as well. During these years during the rush spring drives he acted as clerk at the Mistango in 1923, the Rabbit River in 1924 and the Calamity River in 1925. In 1926 and 1927 he was superintendent of the spring drive on the Calamity River. In 1927 he was appointed assistant walking boss of Railroad Operations and continued in this position until 1928.

With this grounding knowledge of the operations he was then brought into the Central Office in 1928 where he had charge of Control until the time of his present appointment.

Their superior quality is evident before the bottle is opened!

McLAREN'S INVINCIBLE OLIVES

non-members of the branch, or the Legion. It is always a pleasure to help any comrade of the great war, filling in his papers, getting him information, taking up his troubles, and when the request comes from a member of the branch the pleasure is two-fold.

News this week is scarce; everyone is tired with the efforts of the sports and the work in putting on the sport.

The branch owes the entertainment committee and the comrades who assisted on both days a good lot of thanks for what they did to put this event over; and in conclusion those who helped by patronizing the event, can also help in this way: Carry out Col. LaFleche's advice "Build up the Organization." We sure need it, and will need it more and more as years roll by. Get the other leg over the fence. Fill in your application, is the advice to non-members of the Legion in the Porcupine. By doing this, you help the Timmins branch and that helps the Legion at large. "Help those who cannot help themselves."

—The Secretary-Treasurer.

DON'T SUFFER WITH DANGEROUS INDIGESTION

Do you suffer after meals with a belching, from sour and acid stomach? Many believe they have heart-trouble and tremble with fear, expecting any minute to drop dead. This condition can be prevented, likewise relieved. Take Carter's Little Liver Pills after meals and neutralize the gases. Sweeten the sour and acid stomach, relieve the gas and encourage digestion. The stomach, liver and bowels will be cleansed of poison, painful and dangerous indigestion disappears and the system enjoys a tonic effect. Don't delay. Ask your druggist for a 25c box of Carter's Little Liver Pills.
