TIMMINS, ONTARIO, THURSDAY, JUNE 26th, 1930

PRICE FIVE CENTS

WRESTLERS AT HOLY NAME CLUB SHOW MUCH PROMISE

Lads at Rev. Fr. Caufield's Boy.' Athletic Club Picking up Science of Wrestling in Able Way. May Put on Bouts at Turkey

During his residence in town Rev Fr. Caufield has done remarkably fine work for the boys of his church by his leadership in encouraging athletics and wholesome sports. The Holy Name Club, directed by Fr. Caufield has attracted large numbers of lads and has been of great benefit to them by its encouragement of true sport and better manhood. In the T.B.A.A. sports the Holy Name Club has taken an active part and has added to the success of the plans here for sports for boys. The personal interest of Rev. Fr. Caufield has been of unusual value. One Name Club has been in the line of wrestling. Constable J. Laviolette, who has had a wide experience in the line of wrestling has been giving his services to coaching the boys in this form of good sport and the boys have been taking to the game in great fashion. Some of the lads show unusual promise, and it is believed that by next fall there will be a number of them able to give a remarkably good account of themselves in the wrestling line. It is thought that at the next Turkey Stag there will be enough of the boys expert in wrestling to put up four or five firstclass bouts. This would be another real feature for Lap's famous Turkey Stag. The classes in wrestling are being conducted every Tuesday and Friday night in the parish hall of the Church of the Nativity. Mr. Laviolette is teaching the boys the rudiments of the game and the boys are enjoying it. Under the skilled direction of Mr Laviolette there is no chance of the boys injuring themselves. Some of them show promise of becoming expert indeed at the wrestling game, but whether they succeed in this or not, all the lads will be the better for the physical improvement assured by the sport, and the beneficial influence of the club. On Tuesday evening of this week there were eighteen or nineteen lads enjoying the sport and exercise. The lads ranged in age from 14 to 18 years and all are profiting by the wholesome exercise under skilled direction. Other lads will be welcomed to the classes and will find them enjoyable and interest-

KIWANIS CARNIVAL TO BE DURING WEEK OF JULY 7TH

Pregramme to be Bigger and Better Than Previous Successful Event. Comic Street Parade, Vaudeville, Etc., Among the Special Features of Event.

The Timmins Kiwanis Club have almost completed arrangements for their annual Kiwanis carnival, which will open at the skating rink, Timmins, on Monday evening, July 7th, and close at midnight on Saturday, July 12th.

The object of this year's carnival is to provide funds to furnish and maintain a room in St. Mary's hospita. Timmins, for under-privileged children of school age. The initial expenditure and one year's maintenance will first be taken care of, and any surplus over that is to be set aside in a fund to purchase a motor ambulance for the use of the general public. In this connection, a local organization has promised to operate the ambulance without extra cost.

There will be several new attractions at this carnival, which will prove interesting and entertaining for everybody. Commencing with a comic street parade at 7.30, there will be two highclass vaudeville acts presented in the to make the grade but did not realize rink, and the children will be delighted with the trained animals which will also be there. There will be lots of fun for everybody, six nights of it, something doing all the time, and there will be suitable prizes for old and young.

According to reports from Kirkland Lake, where a similar affair was held last week, this year's Kiwanis carnival is going to be "Bigger 'n Better." The cause for which the money is desired is an excellent one, and is deserving the fullest support of every citizen.

HAVE CONTRACT FOR NEW

been awarded the contract for another her to proceed on her way. new building to be erected on Third avenue between Pine and Spruce streets. This new building will be a Chas. Pierce & Sons. ENQUIRING IN REGARD TO THE KAMISKOTIA RAILWAY

Board of Trade Executive Sends Enquiry to Government as to Present Condition of the Matter. Also Discussing Road Question in North.

At a meeting last Friday of the exenotable one. There is a fine pro- cutive of the Timmins board of trade gramme with an attractive list of there were two questions that came in prizes. The prizes are at present on for special consideration. One was the display in W. Arnott's store window matter of the proposed extension of at Schumacher. The event is under the T. & N. O. Railway to Kamiskotia. the auspices of the C.G.I.T. Softball It was pointed out that nothing had Club and so should be especially popu- been done in regard to the building or lar. Programmes have been issued for this failway extension and recently the occasion and these show the long there was not even talk about it. In list of good items for the big day at view of statements in the annual report Schumacher. The following is the pro- of the Hollinger Consolidated Goic Mines, Limited, as read at the annual 9.30 a.m.—Men's Softball, Timmins meeting some weeks ago, it was felt that some announcement or reply should be forthcoming from the Government in the matter. President N. A. Timmins in the annual Hollinger re-11.45 a.m.—Men's softball, Porquis port had the following paragraph:— Pending a decision of the Ontario Government to extend the Timmins branch of the Temiskaming and Northern Ontario Railway to the Kamiskotia district, a distance of about 17 miles, work on your Kamiskotia property has been shut down throughout the entire year. Your directors point-4.00 p.m.-Girls' softball, Cochrane ed out last year that the building of the railway would not only serve a pro-4.45 p.m.—Tug-of-war for champion- mising new mining field, but should prove of value as a colonization road. They have shown faith in your properly by the expenditure to date of almost \$400,000; they are willing to expend at least \$500,000 in the erection and equipment of a concentrator, and they are even prepared to go farther, and have offered to make a substantia. contribution towards meeting any operating loss on the proposed branch the different apparatus, the ferris line, nothwithstanding their contention that the extension of the railway is entirely a Government enterprise, the five side shows. The lads enjoyed the cost of which should be borne by the Government, as has ben done in the case of other extensions. Hollinger Company is interested in only a comparatively small portion of the vast area that will be opened up by the proposed railway, and your directors feel that they have gone as far as Has High Hopes of Win should reasonably be expected in offering to assume a special obligation in connection with an enterprise for the

benefit of the entire Province.' It was understood that the reason the Government held back from building the read was because it was feared that there would be an operating loss and the Hollinger did not feel that It should contribute to offset this. The paragraph in the Hollinger report would show that the Hollinger was prepared to "contribute materially" to offset any operating loss, and the board of trade felt that the Government accordingly should explain its present attitude. A letter is being sent to the Government enquiring as to the present attitude, in view of the public statement by the Hollinger, and the importance of the railway extension to this district and to the North.

Another matter that was before the meeting was the question of the roads in the North. In the efforts that he has made to have proper expenditures made for the betterment of the Ferguson highway and for settlers' roads the board of trade is heartily behind A. F. Kenning, M.L.A., and sincerely hopes that he may be successful in Hollinger Ore Better securing the necessary grants so that the highway and the settlers roads may be completed.

Newsboys Had Big Time

at the Lottridge Shows Monday evening The Advance news boys had a big and happy time at the Lottridge Shows as the guests of Mr Lottridge on the opening night of his carnival event here. There were 43 of the newsboys of The Advance in line for the event, even the newsboys from South Porcupine and Dome responding to the kindly invitation. Mr. Goodrich, business manager of the Lottridge Shows, saw to it that the newsboys enjoyed every feature of the Lottridge amusements. The boys had a wonderful time, enjoying rides on all wheel, dangler, whip and merry-goround. Then they were taken through every minute of the time. "We could not have been used better, and it was simply great," said one of the newsboys and he thus expressed the hearty opinion of all his fellow newsboys.

In Federal Election

Dave Chenier, Conservative candidate for this riding in the Dominion election campaign now under way, was a visitor to Timmins this week, looking over the situation and getting his organization completed for the battle. Chenier has already visited practically all parts of the riding and has met with a most encouraging reception wherever he has been. He was up along the Transcontinental and at Ansonville before coming here and he found the majority of people sick of the present Government and apparently desirous of a change in administration. Mr. Chenier was particularly well received at Kapuskasing, Cochrane, Iroquois Falls and other places visited, and he is confident that he will do well in these places. Mr. Chenier is confident that he can and will poll a big vote in the larger centres and hold his own well in the smaller places. Mr. Chenier made a good impression here and is securing general support in his candidature.

Jackson was not in the best of Mr. Allen, the director, promises that pacity with I. E. Dunn as secretary. All living in town should apply to the Timmins board in cases where the old age pension is desired, but other applications in the district go to the district board. Some of the applications as shown by the list above come from places outside the district but these are only cases where the applicants are in hospitals or other institutions but are considered as regular residents of the district. The District of Cochrane in the case of the old age pensions takes in from Kirkland Lake and

Quebec boundary on the east to Hearst on the west It was believed that after the first few months the applications would decrease very materially, but this has not proved to be the case as completely as thought likely. There are always cases where men reach the age of seventy years and so are eligible for pensions while in other cases men or women who were getting along without the pension find it necessary on account of the effects of increasing age and infirmity On the other hand, there are not so many removals by death. Since the first pension was granted in this district there have been only three deaths old age pensioners reported up to

Swastika to James Bay and from the

It may be of interest to note that while all applications for pensions are dealt with as expeditiously as possible there are occasions when the applications have to be held up while further necessary information is secured. Some of the applications are far from completed when received and have to be returned for essential information. Also it is impossible to deal with applications always as soon as received as this would mean daily sessions of the board which is impractical particularly as there is no remuneration for the work. However, there is no loss to applicants whose pensions are granted as the pension is dated to start the day after received by the district board.

KIWANIS INTERNATIONAL EVENT ON MONDAY NEXT

Luncheon of Club at Noon as Usual Dates for Annual Kiwanis Carnival Definitely Decided Upon as From July 7th to July 12th

The regular luncheon of the Timmins Kiwanis Club was held on Monday at the Empire hotel with President Karl Eyre in the chair. The speaker for the luncheon and the address accordingly had to be deferred to a later date. The visitor for the day was Mr. Wallace, or very interesting talk on the community service work of the Rotarians, their efforts being along the same general lines as the Kiwanis. Mr. and Mrs. Wallace are the guests of Mr. and Mrs.

At the Kiwanis meeting on Monday several matters of importance were year would be even more successful and members of the club it was a very attractive event. The carnival at Timmins is under the same management as the one held at Kirkland Lake and the Timmins carnival will equal or exceed the success of the Kirkland Lake one. The vaudeville sketches and other specialties and novelties. President Karl Eyre said, were particularly attractive and would be sure to piease all here.

Another matter dealt with by the club was the question of the Kiwanis International convention next week. It was first intended to follow the lead of other years and have an evening session, but this was found to be impractical, as the stores will be open on Monday evening, the following day being a National holiday. Accordingly the luncheon next week will be held as usual at the noon hour.

DEATH OG MICHAEL KEENEY OF THE FORESTRY BRANCH

Was Seventy-two Years of Age at Time of Death. Funeral on Monday of This Week was Largely Attended.

The funeral took place on Monday morning, June 23rd, of the late Michael Keeney from the home of his sister, Mrs. Daniel Sweeney, at 220 Spruce street, south to the Church of the Nativity where requiem high mass was conducted by Rev. Fr. Caufield, following which interment was made in the R. C. cemetery, Timmins.

The late Mr. Keeney, was seventytwo years of age at the time of death. He was born at South Osgoode, Ont. and resided in Timmins for the past seven years, where he was a member of the Ontario Forestry Branch staff. Previous to this time he had travelled the Western States of America and the Western Provinces of Canada where he followed the lumbering industry. At the outbreak of the great war he joined the Canadian Forestry Division with which he served four years over-

The many floral tributes and spiritual offerings express the sorrow and sympathy of the late Mr. Keeney's many friends and show the great esteem in which he was held by all who knew

Floral tributes were received from the Ontario Forestry Branch staff, Mr. and Mrs. James Kyle and family, Mr. A. Macleod and Mr. and Mrs. Morgan. Spiritual offerings were received from Mrs. Daniel Sweeney, Mrs. L. S. Newton, Mr. and Mrs. Forbes, Mrs. E. O'-Grady, Mr. and Mrs. M. Capless, Miss E. Capless, Mrs. J. Capless, Mr. and Mrs. Jos. Kyle, Mrs. W. J. Kyle, Misses McIntyre-Blake 2b, Hewett ss, Mon- Verna and Lola Kyle, Mr. and Mrs. J. MacLean, Mrs. P. Chapman, Mr. and G. Mrs. J. H. McLellan, Mr. and Mrs. E.

The pall-bearers were members of the Ontario Forestry Branch staff, of which the late Mr. Keeney was a mem-R H E ber at the time of his death.

The late Mr. Keeney left to mourn his death three sisters, Mrs. Daniel Sweeney, Timmins, Mrs. P. Capless, Maniwaki, and Miss Emily Keeney, To-Mr. and Mrs. Robert Latham, and ronto, and four brothers, Patrick, of Plaine Lake, Sask., Bartley, of Washof Maniwaki.
