Private Brands

We carry in all our stores a number of lines that are packed expressly for us according to our specifications. Our Domino Brand products are absolutely the finest quality merchandise that can be bought.

They are all Fancy Quality and in order that this standard may be maintained we have in some cases gone so far as to instruct farmers just what quality must be grown in order to come up to that standard. It has taken a number of years to get the grower and the canner educated to grow sufficient to supply the demand, and we occasionally run short of merchandise of a quality good enough to pack under the Domino Brand. Anything below FANCY QUALITY is not considered.
