

RESPECTED CITIZEN PASSES IN DEATH OF E. TREMBLAY

Wide circles of friends will deeply regret the death of Emilien Tremblay, who passed away at his late residence, 32 Sixth avenue, Timmins, on Friday morning, June 20th. He had been ill about two months, suffering from stomach trouble. At the time of death he was just a month less than 76 years

of age, his birthday being on July 20th. The late Mr. Tremblay had been a resident of Timmins for some ten years past, and during that time had won wide circles of friends and acquaintances who deeply regret his death. The late Mr. Tremblay was born in the County of Charlevoix, Quebec. The body was taken to his old home at Astorville, Quebec, where a son and

daughter still survive, and where his wife was buried some years ago. Funeral service was held here previous to the departure of the train, large numbers of friends paying their last sad tributes of regard. Interment was made at Astorville on Sunday, June 22nd. On Monday, June 23rd, requiem high mass was said. The late Mr. Tremblay is survived by three sons and

three daughters to whom the sympathy of all will be extended. The sons are: Alex, of Astorville, and J. A. and Jos. of Timmins. The daughters are Mrs. Arthur Rochefort and Mrs. Jos. Rochefort, of the McIntyre, and Mrs. W. Guillemette, of Astorville.

G. W. Ecclestone, M.P.P., of Bracebridge, was a visitor to town this week.

SOUTH PORCUPINE ENJOYS SCHUMACHER MALE CHOIR

Township of Tisdale Tax Rate Three Mills Lower Than Last Year. Other Items from Correspondent at South Porcupine.

South Porcupine, July 2nd, 1930. Special to The Advance.

In the police court last Thursday there were five drunks who got the usual fine, two speeders were also fined. For reckless driving one case was adjourned and the other man paid a fine. Lawrence Upton was sentenced to ten days for being drunk in charge of a car. The case of a man charged with giving the wrong address when applying for a permit was withdrawn.

Mr. W. J. Flewelling, of the Dome Mines, is on a two months' vacation in California.

Mr. Otto Spiers, of the Dome, is holidaying in the South.

On Saturday, July 5th, the first game of football for the Boxer Cup is to be played on the Dome grounds between the Dome and the Cornish teams.

Carlo Cattarello, of South Porcupine, has again shown himself to be of high-class athletic calibre by his various wins in today's (Tuesday's) sports. In the junior events at Timmins he won first in the pole vault, first in the broad jump making seventeen feet eleven inches. He also won first in the 100 yards dash and first in the 220 yards. Then going over to Schumacher he again won first in the broad jump, making a record of twenty-one feet two and a half inches, and also won first in the 100 yards dash. At North Bay Carlo came first in the broad jump but did not do so well as at either Timmins or Schumacher today, his record there being only seventeen feet seven and one half inches. He has been doing more practising of late. His school mates are very proud of him and look for great things for him in athletics as he grows older.

A musical treat such as is seldom heard here is what was in store for those who braved the weeping elements and made their way to the High School on Thursday last to hear the Schumacher Male Choir under the leadership of Mr. Reginald Bawden, with W. H. ("Scotty") Wilson at the piano. The programme given was:—opening hymn "All Hail the Power of Jesus' Name," by the choir, part song, "Up with the Jolly Roger, Boys," by Choir; tenor solo "Open the Gates of the Temple" by Mr. Charles Roberts, Sr.; quartet, "Rock of Ages" by Messrs Jago, Docking, Bawden and Toms. "Little Tommy Went A-fishing" was given when the audience persisted in an encore. Bass solo, "Shipmates O' Mine," Mr. J. H. Skelly; part song, "O, Who will o'er the Downs so Free," by the Choir; tenor solo, "Arise, O Sun," Mr. J. Jago; encore, "Absence"; part song, "The Comrades Song of Hope," Choir; bass solo, "He Lifted Me," Mr. F. Brenton; duet, "The Old Rugged Cross," Messrs Jago and Docking; part song, "Old Black Joe," by the Choir; tenor solo, "Sleep and the Roses," Mr. Charles Roberts, Jr.; encore, "The Sunshine of Your Smile"; quartet, "I am Wandering Down," Messrs Jago, Docking, Bawden and Toms; part song, "The Martyrs of the Arena," Choir; closing hymn, "Day is Dying in the West," Choir. Mr. A. Carveth, of Schumacher, ably and wittily acted as chairman. The blending of the various voices for the length of time this choir has been in existence was wonderful. Again and again encores were insisted upon but the chairman explained that in the lengthy programme being given so much singing was required by some of the members that the insistent demands for encores could not always be responded to. The part songs by the Choir were especially appreciated. The old English glee song, "O, Who Will o'er the Downs so Free," touched a responsive chord in many hearts. "The Comrades Song of Hope" for strength of tone and clearness of enunciation was a masterpiece, while the soft, appealing melodies in "Old Black Joe" thrilled the listeners. The two quartettes brought down the house, as did also the duet by Messrs Jago and Docking. Mr. J. Jago also was very popular in his clear strong tenor solo and encore, Messrs Chas. Roberts, Sr., and Chas. Roberts, Jr., are no relation but they both have wonderfully fine tenor voices. The sweetness of the tone and the clearness and true harmony with which each note was taken in the solo, "Sleep and the Roses," held each listener as under a spell until the song was finished when the persistent demand for an encore would not be refused. This choir of thirty voices, we believe consists of twenty-seven Cornishmen, one Welsh one Scotch and one Manxman (J. H. Skelly). If ever they are back again (and plans are already being made to bring them back) they will certainly be greeted with a full house rain or shine. People here wholeheartedly wish them success.

At last the ratepayers of the township of Tisdale are to see their taxes starting on the down-grade. The rate was struck at a special meeting of the council on Monday afternoon, June 30th, and in both sections of the township it is three mills lower than last year. Last year's rate was 56.3 for School Section No. 2 and 82.4 for School Section No. 1. This year the rates are 53.3 and 79.4 respectively for these sections. The reeve and all the councillors were present. The various rates were:—For S.S. No. 1—For township purposes, 10; for township grant towards teachers' salaries, 1.6; for public school purposes, 27.5; for public library, 4; for P.S. debentures, 19.4; for waterworks debentures, 14.7; for highway debentures, 1.7; for general debentures, 3.8; for local improvement, .3. For School Section No. 2:—Township pur-

Jail Term for Obtaining Goods by False Pretences

There was one lone drunk on the long police court docket this week, and it was a woman at that. According to the police she was as drunk as any man, and the fine was the same as for a man, \$10.00 and costs. This woman was picked up in the bush at the edge of the town, neighbours complaining about her actions and noise.

For driving without a license one motorist paid \$10.00 and costs or \$18.75. There were two charges of reckless driving, one of them being dismissed, the other fined \$10.00 and costs, and as this latter was the same man who paid for driving without a license it was an expensive business for him.

One case of speeding resulted in one fine of \$10.00 and costs. The speed cost \$16.25 all told which makes the money go pretty fast.

Theo Gagne was sentenced to thirty days at Haileybury for obtaining credit by false pretences. According to the evidence he bought some goods from Nathan Greenberg, paying only a small deposit. Then he turned the goods over to a man in town in payment for a debt he owed. He had informed Mr. Greenberg that he worked at the Hollinger, but this proved not to be so. There were other points in his representations to Mr. Greenberg that were equally misleading.

Three cows at large resulted in three women being fined \$1.00 and costs each,

poses, 10; public school rate, 16.5; township grant to teachers' salaries, 8; public school debentures, 9; waterworks debentures, 10.6; highway debentures, 1.7; general debentures, 3.8; local improvement debentures, .9.

The Separate School rate for School Section Number one, Timmins, is 28.

Mr. and Mrs. Maxwell Smith, motored down to New Liskeard for the holiday. Little Misses Joan and Marjorie Smith, are spending a while with Mrs. D. Flood at Connaught Station.

Mr. H. M. Wilson, captain South Porcupine fire department, motored to New Liskeard. Mrs. Wilson and daughters accompanied him to visit in Haileybury and New Liskeard.

Among the other firemen going down for the tournament at New Liskeard Beach were Messrs D. McLellan, G. Starling, A. Freeman, C. Jemmett, R. Mansfield, M. Cybulski and J. Burns.

Mr. Peter Morrison, of Cobalt, was a visitor in camp last week.

Masters Cecil and Willie Helmer are holidaying with their grandparents in Quebec.

The whole community was shocked to hear of the death on Tuesday last of Mrs. J. Bray, of the Dome Extension. Her daughter, Mrs. Donovan, and Mr. Matt Donovan, came up from Kirkland Lake and took her to the hospital in Montreal where an immediate operation was found necessary for an abscess back of the eye. She never rallied from the operation, passing away at six o'clock on Tuesday morning, June 24th. She was buried at Mount Royal cemetery in Montreal. Besides the sorrowing husband two children are left to mourn the loss of a faithful mother. Mrs. Matt Donovan (Audrey) of Kirkland Lake, and Jack, a young son, at home. Mr. and Mrs. Donovan returned from Montreal with Mr. Bray and are staying with him for a few days.

Fourteen Die, Many Hurt In Wrecks Near Sudbury

Fourteen dead and twenty-six injured in the toll taken last Thursday night by two different wrecks on the C.N.R. near Capreol. The Winnipeg-Toronto express was derailed about four miles east of Capreol, with the loss of life of four children and an injured list of 24, mostly women and children. Recent rains are believed to have flooded and undermined the tracks, thus causing the accident. Two of the passenger cars on the train slid into the Vermillion river. Many passengers were saved from the submerged cars, and Capreol citizens spent the whole night ministering to the needs of the passengers on the train.

Another accident to a freight train which was derailed about 25 miles east of Capreol by a sink-hole on the track caused the loss of life of the engineer and fireman and eight hoboes stealing rides on the train. The engineer was caught in the wrecked engine and attempted to cut off his own foot with a knife so as to free himself from being burnt alive. The accident took place on Friday morning early and the engineer died from his injuries in the evening.

Floods in the Sudbury area in the past week or so have caused the closing down of some of the smaller mines where there has been danger to the workmen from flooding of the workings. The roads in the area have suffered badly the immense amount of rain making them about impassable. Traffic on the road between Sudbury and North Bay has been much interfered with by the floods. Some of the roads near Sudbury can not be used at all. A number of farms in the area are also flooded out and the crops on land along the Vermillion river are a complete loss.

MISS MABLE STARK UPON HER FAMOUS HORSE "FRISCO" WITH BARNES CIRCUS

Horses have again come into their own on the 1930 programme of the A. G. Barnes Circus. Trained stallions that work in troupes and groups, an entire company of Shetland ponies and the finest of European menage horses are made features of a performance that is filled with new acts from the gorgeous Oriental spectacle, "Persia," to the concluding exotic display, "The Pageant of Japan." The public is accustomed to hearing of the "first American appearance of such and such an arctic star," but this is the first time that an entire shipload of trained horses have been imported from foreign lands. Aside from these equines there is a complete menage number in which the splendid high school horses ridden by their trainers perform in all parts of the hippodrome track. These various and varied horse displays, coupled with the tremendous elephant acts and the all-new wild animal numbers, combine in what is by far the greatest array of dumb animal talent ever assembled. The famous A. G. Barnes Circus comes to Timmins for afternoon and night exhibitions on Friday, July 4th at the Athletic Grounds Baseball Park.
