

ANOTHER BIG DAY PLANNED FOR CIVIC HOLIDAY, AUG. 4

T. B. A. A. to Put on Men's Softball Tournament and Ladies' Softball Tournament as Well as an Exhibition Baseball Match, McIntyre vs. All-Stars

Civic holiday in Timmins is not to be allowed to pass without a good programme of popular sports at the athletic grounds here. For civic holiday, August 4th, the Timmins Boys' Athletic Association (the T. B. A. A.) are preparing a notable programme of sports. Those who attended the Dominion Day event put on here by the T. B. A. A. will expect something specially good and they are not likely to be disappointed. Details of the civic holiday event are not yet completed but will be announced in the next issue of the Advance. In the meantime it may be mentioned that there will be a softball tournament for men's softball teams. In the softball tournaments entry will be open to teams in the Porcupine camp, and in both the men's and the ladies' softball it is expected that classy teams will be entered from Timmins, Schumacher, South Porcupine and the Dome. The draw for the games and the time will be announced next week in these columns. There will be a handsome shield for the ladies' tournament and a fine cup for the men's softball.

The baseball feature for the day will arouse special interest. It will be commenced at 4.30 p.m. on the athletic grounds here and will be another exhibition match between the McIntyre and the All-Stars, of Timmins. The McIntyre ball team were the champions last year of the Temiskaming Baseball Association, as well as holders of the Ottawa Journal cup, the emblem of the championship of the Eastern Ontario Baseball Association. The All-Stars are in reality the Timmins Juniors who are also a championship team. The match on Aug. 4th will be the third of a series of exhibition games between these two teams. The first of these exhibition matches was played at Timmins on July 1st, the Timmins Juniors winning out after a fine battle by the score of 2 to 1. The second match was played last week-end and the McIntyres were the winners, the score standing 6 to 5. The third contest should be an especially keen one, both teams being anxious to win. No baseball fan should miss that match on Aug. 4th, civic holiday at Timmins.

Many Attended the Band Concert Sunday Evening

The second open-air band concert by the Timmins Citizens' Band for this season was given on Sunday evening at the band stand on Spruce street, after the church services. The wet and windy weather so common this summer has interfered with the holding of the band concerts regularly each week as in the past several years but it is hoped to have good weather on Sunday during the balance of the summer. There was a large crowd out to hear the band concert on Sunday evening. A number of attractive selections were played during the evening by Bandmaster Wilford and his men. Another band concert is to be given on Sunday evening, July 27th, rain or shine. If the weather is favourable the concert will be given at the band stand in the park on Spruce street near the station; if the weather is unfavourable, the acting secretary, O. McCann, announces that the concert will be given in the rink.

SCORES AT THE GUN CLUB FOR LAST REGULAR SHOOT

The following are the scores for the last regular weekly shoot at the Gun Club, 26 targets:—Joe Amm, 19; F. McGraw, 21; Capt. Jones, 21; A. Costain, 9; Ted Alworth, 25; Jack Brady, 21; Charlie Brown, 19; Joe Clemens, 18; Ken Fitzpatrick, 17; Harry Herman, 18; Charlie Surman, 16; Jack Staunton, 21; John Watt, 8; Maurice O'Brien, 20; H. Lillie, 15; Jim Lee, 19.

COMMERCIAL DIPLOMAS FOR 1930 AT H. C. GARNER'S

The commercial diplomas for 1930 for pupils passing the commercial examinations at the Timmins High School may be obtained now from the secretary of the board, H. C. Garner, Fourth avenue (the Ontario Government employment bureau office). The following are the names on the diplomas as left with Mr. Garner for distribution:—Miss Ann Young, Victor Salomaa, Miss Verna Kelly, Miss Evalene Anderson, Miss Esther Martin, Miss Sadie Shubb, Miss Jennie Thompson, Miss Hope Taylor. Any of these pupils may secure their diplomas by calling at Mr. Garner's office any week day, except Saturday, between the hours of nine in the morning and five in the afternoon, and any Saturday morning between nine and noon.

Mr. and Mrs. A. E. Donovan left on Wednesday this week on a trip to Ottawa, Montreal and other eastern centres. From Ottawa they will motor to Maniwaki and Cantley, Quebec, to visit their old homes.

HEADS TROUBLOUS STATE

King Fuad of Egypt, who is having a lot of trouble on his hands at the present time, caused by political demonstrations in Cairo and Alexandria, resulting in mob clashes, Reserve British forces have been called out to settle the disturbance.

WELL-KNOWN NORTH LAND WOMAN CALLED BY DEATH

Mrs. Damase Gauthier Lived in Cobalt for 25 Years. Was Sister to Discoverer of First Silver in Cobalt. Many Friends and Relatives in Cobalt.

Throughout the North Land there will be very general regret and sorrow at the death on Friday of last week at her home, 8 First street, Cobalt, of Mrs. Gellina Gauthier, wife of Damase Gauthier. The late Mrs. Gauthier was one of the best-known and most highly esteemed of the women residents of the North. For twenty-five years the family have been resident of Cobalt, Mrs. Gauthier coming there in the earliest days of Cobalt, and in Timmins where there are relatives and innumerable friends who knew her in the early days of Cobalt there will be very sincere regret at her death and deep sympathy extended to the bereaved relatives. The late Mrs. Gauthier was a sister of Fred LaRose who first discovered silver in Cobalt and after whom the famous LaRose mine at Cobalt was named. The late Mrs. Gauthier was closely associated with the commencement of the now-famous Cobalt mining camp and in her residence at Cobalt saw the area grow to world renown. During the quarter century that she spent in Cobalt, the late Mrs. Gauthier saw many striking changes in Cobalt camp, and many former residents of the district in all parts of the North and far beyond that large area will remember her with high regard. She passed away peacefully last Friday, death being due to heart trouble.

The late Mrs. Gauthier was born at Buckingham, Quebec, in October, 1869, and so at the time of death was close to 61 years of age. In 1905 she and her husband and family came to Cobalt, where she continued to reside until her death last week. In addition to the bereaved husband, Damase Gauthier, there are ten children left to mourn her loss. The four daughters are Mrs. A. Sabourin, Mrs. E. Ladouceur, Mrs. A. Dworski, and Mrs. L. Cote, all of Cobalt. The sons are:—George and Emilie, of Cobalt; Alfred, of Rouyn; Albert, of Kirkland Lake; Wilfrid, of Timmins; and Aurele, of Kapuskasing. There are twenty-seven grandchildren. She is also survived by three brothers, Modeste LaRose, of Cobalt, and Alfred and Elie, of Hull, and by one sister Mrs. Derilda Prevost.

The funeral took place at Cobalt on Monday, July 21st, at 8 a.m., requiem mass being said at the Roman Catholic church and interment being made in the Cobalt cemetery. There was an unusually large attendance, many coming from long distances to pay their last sad marks of respect and honour. There were many spiritual offerings and floral tributes to express the high regard in which she was held by wide circles of friends and the deep affection given her by relatives.

HOLLY STORES SOFTBALL TEAM MAKE ANOTHER WIN

In the softball match last night between the Holly Stores and the M-E's there were several times when a break would have changed the result of the game. As the luck went the Holly Stores won the pitched battle 5 to 3. Now the M-E's only chance is that the Holly Stores may lose to some of the other teams. The break for Holly Stores came in the fifth innings with the bases full. Hudson hit the ball to second; P. Walsh elected to throw the ball to third, making a poor throw; the baseman muffed the ball, letting in the two winning runs. L. Laflamme was the big noise for the Holly Stores. M-E's: 0 0 3 0 0 0—3 Holly Stores: 2 1 0 0 2 0 x—5 Batteries:—G. Ray and H. Boyd; L. Campbell and L. Godin.

Miss Anne Wallwin returned to Toronto last week after a couple of weeks the guest of Mrs. P. Carson, Sixth ave.

PORCUPINE COMPANY WINS HONOUR AT LISKEARD CAMP

A. Company of Algonquin Regiment Awarded Cup for Most Efficient Company at the Annual Camp at New Liskeard Beach.

The Porcupine company of the Algonquin Regiment returned home last week from the annual summer camp, held this year at New Liskeard Beach, and they brought home with them the Cochrane-Dunlop trophy for yearly competition. This handsome silver cup stands about three feet in height including the mahogany base and is a trophy worth the winning for the year for possession of so outstanding a trophy as well as for the honour implied by its award for the year. This cup is awarded each year for the most efficient company in the brigade at the camp, and the company of the Algonquin Regiment from Timmins and the Porcupine won the trophy this year on merit, being adjudged as clearly the most efficient company at the camp. The winning of this trophy for the year is a high honour to both officers and men. The cup has been on display here since the return of the company from the camp and has roused much interest and flattering comment. The Porcupine company this year comprised 29 men and three officers, the officers being:—Capt. H. A. McDougall, of South Porcupine; Lieut. Keith Stirling, of Timmins, and Lieut. D. McLellan, of South Porcupine.

The first summer military camp to be held in the Temiskaming District broke up on Thursday morning last after a ten days' camp. It was the 22nd Infantry Brigade, comprising the Algonquin Regiment, of which the Porcupine company was a part, the Owen Sound Greys, the Simcoe Foresters and the Northern Pioneers of Huntsville. There were about 600 soldiers at the camp, and those returning here say that the camp was one of the best ever held. They say that New Liskeard Beach is an ideal place for a camp and that the people of the town and district were most kindly and hospitable. Officers and men alike are agreed on this. The officers and men from this district were also particularly pleased to be under the command of Col. Geo. E. Cole, a former popular mining inspector of the Porcupine, and always keenly interested in militia matters. Col. Cole is now chief mining inspector for Manitoba, with headquarters at Winnipeg, but he has retained his affection for the Algonquin Regiment and so attended the camp as officer in command of this regiment. He has a very creditable war record to add to his long and able connection with the militia.

There was perhaps a little too much rain to make this year's camp a perfect one, but despite this slight drawback it is agreed by all that the camp was a complete success. During the camp the officers and men were shown around the farming section and all were surprised at the notable agricultural development, those from the south being especially impressed, not having expected to see such fine farms in Temiskaming district.

During the camp there were very impressive proceedings in connection with the decoration of the cenotaph. The review of the troops on the golf grounds was another feature that attracted much attention from the people of New Liskeard and district. There were also a number of very interesting athletic contests, the Simcoe Foresters winning most of the championships. The camp had much good music, there being four bugle bands in addition to the Barrie band which latter organization is connected with the Simcoe Foresters.

Mrs. M. J. Lawlor, now of Sudbury, but one of the pioneer residents of Timmins and district, returned here on Saturday for a visit to friends in town.

NEW ZEALAND COMMISSIONER. J. W. Collins, the new trade commissioner from New Zealand to Canada, who has arrived in this country to take over his duties. Mr. Collins looked after New Zealand's interests at the Canadian National Exhibition in 1924.

ON NATIONAL RESEARCH

Charles Camsell, Deputy Minister of Mines, Ottawa, who has been made a member of the National Research Council for a period of three years.

KIWANIS CLUB HEAR ABOUT THE MINE RESCUE STATION

Interesting and Informative Address on Monday at Regular Weekly Lunch. Austin Neame Explains McKay Breathing Apparatus.

Austin Neame, superintendent of the Ontario Government Mines Rescue Station at Timmins was the speaker for the day at the weekly luncheon of the Timmins Kiwanis Club on Monday. His address was a most interesting one while the large attendance of members present were well pleased with the information presented in such attractive form by Mr. Neame. The mines rescue station at Timmins has been established now for some months and its value is apparent. It is designed to prove a valuable ally in the case of any mine accidents and, still better, to prove a force tending to prevent accidents by the information given out and the knowledge and skill along certain lines given out. The Timmins mines rescue station was the first of its kind in Ontario, indeed, in Canada, and it is very completely equipped with the most up-to-date appliances for the training of men in the extensive equipment at the station as well as in means and methods for avoiding accidents and dealing with emergencies. Mr. Neame detailed the equipment at the station here, which was now one of several similar institutions of the kind in the province, and he explained very fully the work of the McKay breathing apparatus, a sample of which he had with him. There are twelve of these at the mines rescue station here. The McKay breathing apparatus, Mr. Neame explained can be used with perfect safety to the wearer in any kind of atmosphere. It is truly a life-saver in the case of gases or noxious vapours, the wearer being safe and comfortable to work in poisonous atmosphere for two hours at a stretch. The oxygen container of this equipment is loaded at a pressure of 2,000 lbs to the square inch, this pressure being regulated to the lungs of the operator by a special valve. The total weight of the McKay breathing apparatus is about forty pounds, but it is designed and arranged so that it can be worn with considerable comparative comfort. Mr. Neame said that already there had been some 65 men trained at the mines rescue station here in the use of the life-saving equipment, and still others are in course of being trained. Others will be taken on from time to time, the plan being to have as large a number of men in the mines of the Porcupine fully trained and ready in case any emergency should arise. Incidentally Mr. Neame mentioned that the use of pure oxygen in the apparatus was not injurious as some might think none of the men who had used the apparatus in training had suffered any ill-effects in any way. Indeed, there were cases where its use had been beneficial, both indigestion and insomnia being among the ills that the pure oxygen was credited with relieving or curing.

The Kiwanis Club greatly appreciated the address and demonstration by Mr. Neame.

Preparations are now under way by the Timmins Kiwanis Club for a big street dance in the near future. The date is not yet set, but it may be August 6th. A definite date and further particulars will be announced later. A committee is working on the matter at present, and it would appear to be well worth while for all to watch and wait for the full particulars of the Kiwanis street dance.

In reporting on the golf situation, it was pointed out that there had been a very pleasant time last week in the match between the Kiwanis and Hollinger golfers. At that event there had been a total of 22 players and a most successful event. This week, it was decided, the Kiwanis golfers should play among themselves and good matches were looked for.

Mrs. Jas. Cran, of Toronto, is visiting at the home of her mother, Mrs. Wm. McCracken.

KIRKLAND LAKE WINS FROM M'INTYRE AT TIMMINS 15-8

In Regular Swatting Contest the Kirkland Lake Baseball Lads Came Out on Right Side of Big Score in Yesterday's Senior Ball.

Kirkland Lake trimmed the McIntyre baseball team 15 to 8 in yesterday's match here in the Temiskaming Baseball League series of senior ball. The game was a good one from a spectator's standpoint, but the result was rather a surprise as it was scarcely expected that the Kirkland Lake lads could defeat the championship team of the North by so decisive a score. It was a regular swatting contest and the visitors had the best of it. The game was the opening one in the second half of the schedule and was played on the Timmins athletic grounds before a big crowd who saw lots of hits, runs and errors. Little pitched good ball for Kirkland Lake and held McIntyre to eight runs while they collected 14 hits. Langdon was touched for eleven hits in seven innings for eleven runs. Humphries pitched the last two innings and allowed five hits and four runs. McDougall was the big batsman for the Kirkland Lake lads. He was to bat five times and registered four hits. For the McIntyres Hewitt and Angrignon divided the honours, each going to bat five times and registering three hits. The line-up was as follows:—Kirkland Lake—McDougall, lf; Teich, lb; Burns, 2b; Minard, rf; Speck, c; Scantland, ss; Little, p; Englehart, 3b; Burns, cf. McIntyre—Jemmett, 2b; Hewitt, ss; Newkirk, lb; Angrignon, cf; Blake, c; Sprague, lf; Monaghan, 3b; Mason, rf; Langdon, p; Humphries, p.

Kirkland Lake—1 4 0 0 4 1 1 0 4—15 McIntyre—0 0 2 0 4 1 0 1 0—8 Umpires:—W. Burns on bases, and W. McIntyre at the plate.

IROQUOIS FALLS GOLFERS WIN WELL FROM TIMMINS

Return Matches at the Falls in Favour of Iroquois Falls, the Home Golfers, Winning Eight Out of Thirteen Matches.

Ten days ago a group of Iroquois Falls golfers visited Timmins for a friendly competition and Timmins golfers came out the victors. The return matches were held at the Falls last week-end and the Abitibi Golf Club members turned the tables winning eight out of the thirteen matches played. Joe Johnson also won from Joe Domenico.

After the serious business had been disposed of, visitors and victors together lunched at the Hotel Iroquois, and after that again further friendly matches were played. Iroquois Falls, as usual, showed its fine hospitality and neighbourliness. Messrs. T. E. Silver and John Knox entertained the crowd at lunch with timely and happy fun and humour and joined E. M. Little, president of the Abitibi Golf Club, in expressing a hope of further matches before the season finally closed. Timmins brought over to the Falls the largest contingent in years, and together with the glorious weather, made the day a red letter one in the annals of Northern Ontario golf.

The result of the matches were as follows:—Geo. S. Lowe and Geo. Lake won from C. B. Davis and W. Tait. W. S. Macpherson and Geo. Ross won from A. G. Fulton and R. Hobson. A. W. Young and R. Eddy won from A. F. Righton and W. E. Willson. W. S. Jamieson and D. Sutherland won from Dr. F. E. Bell and C. Campbell. J. W. Walker and Mr. Morgan won from N. Morns and C. R. Stewart. F. Francis and J. R. Todd lost to C. C. Ollivier and E. M. Little. H. C. Garner and D. B. White lost to J. A. Bartholomew and A. R. Armstrong. John Knox and D. Leggett lost to T. E. Silver and C. C. Atkinson.

Dr. Moore and H. Moore lost to P. Koughan and A. K. McLeish. H. Fuke and C. Butler lost to R. E. Steedman and F. E. Wood. G. Johnson and C. Eyre lost to J. Mertz and A. J. Kelly. G. Jones and W. Langdon lost to G. J. Morrisette and G. J. Thistlethwaite. J. Stokes and Lee Doughan lost to L. F. Kent and J. Hardie.

Another Band Concert Sunday, Rain or Shine

Another band concert is to be given Sunday evening, July 27th, after the church services. The acting secretary of the band, O. McCann, announces that if the weather is fine the concert will be an open-air one and held at the band stand on Spruce street, near the station. If the weather is unfavourable for outdoor playing the band concert will be given just the same, but the event will take place in the rink instead of outdoors in case the weather is bad. A good programme of band music has been provided for the occasion. If the evening is fine the event will be held at the band stand; if rain or other bad weather, in the rink.

LARGE ENTRY LIST NOW FOR SECOND ANNUAL BIG SWIM

Some "Dark Horses" to be Entered. Some Come from as Far Away as Hollywood. Attractive List of Prizes. Event Promises to be Big Success.

Events are shaping up to make the second annual Big Swim held under the auspices of the Goldfield Drug Company, and to be staged this year on Sunday afternoon at Golden City, the outstanding event of the season. It is planned to hold three main events. The major feature, the two-mile race, starts at the wharf at South Porcupine at 2.30 p.m. sharp and the course is to Golden City. Fifteen entrants have signified their intention to take part in this event, including among others the two Gauthier boys and a "dark horse" entrant from Hollywood, California. This race promises to be chock full of interest. Three prizes are being awarded for this event, two cups for the first and second place, donated by the Goldfield Drug Store, and third prize is a pair of sports trousers donated by Ostrorser & Co.

The ladies' race, a quarter of a mile into the lake and back, is billed for 3.00 p.m. There are quite a number of entrants for this event. Among the unknown swimmers is a young lady from California. Four prizes are being awarded. The Goldfield Drug Store is giving two silver flower vases for first and second place and Pearce & Sons donating a handsome toilet set for third prize. A. J. Shragge, Limited, are giving a fine bathing suit as a special prize to the winner.

At 4.00 p.m. the one-mile race starting at Golden City will be held. Fourteen entrants have already signed up for this swim. Three prizes are being given in this event, first and second cups from the Goldfield Drug Store, and third, 180 cigarettes presented by Lowery & Co.

It is necessary for all swimmers entering for the two-mile race to have a boat accompany them across the lake. All entries must be in by Saturday noon, of this week. Entrants may leave their names with either Col. Scobel or Karl Eyre.

Mr. Karl Eyre will be in charge of the race, assisted by Messrs. A. J. Shragge and Chas. Roach, and Dr. J. A. McInnis.

In talking to The Advance this week Col. Scobel, the promoter of the Big Swim, asked that all motorists park their cars beyond the lake at Golden City, so that there will be no danger of accident through a jam in the traffic. Police are to be on hand to see that there is plenty of room along the roads near the scene of the race.

And to quote the words of the advertisement elsewhere in this issue referring to the Big Swim. "See the Swim Sunday—Vote Right Monday."

PROMPT ACTION RESCUED SMALL BOY FROM DROWNING

Lad of Three or Four Was Lying on Back in Water at Gillies Lake. Jos. Minor Made Very Prompt and Effective Rescue.

Visitors at Gillies Lake on Sunday afternoon say that but for the prompt and effective action of Jos. Minor a small boy would have lost his life in the water. There were many people at this favourite bathing place, and the father of the little lad was among the number. They had a bathing suit on the little fellow who appeared to be only three or four years old and were allowing him to play in the shallow water at the beach. When noticed by others the child was in no danger, but his parents on the bank turned attention away for a moment or two and the child apparently wandered into a little deeper water. In a minute he disappeared. No one noticed this but Mr. Minor who did not lose an instant but waded out into the water. He found the child lying on his back in about three feet of water. Mr. Minor waded out until the water was up past his waist and scooped the youngster up in his arms and carried him to safety. The whole thing was done so quickly that the child was not harmed and was all right again in a few minutes and none the worse for this narrow escape. People who saw the incident say that only for the quick presence of mind and prompt action of Mr. Minor the child would have been in grave danger of drowning. After the rescue, which Mr. Minor made light of, he went up on the bank and sat down to dry out, as he had rushed into the water with all his clothes on and had had to wade out far enough to get quite wet.

The New Liskeard Speaker last week says:—"While loading poles for the Northern Telephone Company, Earle Craven met, this week, with a painful accident which will leave its mark with him. His third finger caught in the pulley, necessitating the loss of the end of this finger. The second finger was injured but will probably recover. Earle realizes that though bad enough the accident might have proven much worse."

FIRE IN SERVICE STATION DID SOME DAMAGE TO-DAY

Blaze Starts in Basement from Burning Papers. Oil on Floor Catches Fire at Early Hour This Morning.

At about half-past three this (Thursday) morning the Timmins firemen had a call to the Hy-Way Service Station at the sub-way, but after a brief but effective battle the flames were extinguished before very serious damage was done. The flames did some damage from the water and smoke but the solid construction of the building and the good work of Chief Borland and his men avoided danger of more serious results from the blaze. The fire started in the basement of the handsome building. Some papers and other waste materials were being burned in the furnace when a lighted piece of paper or other waste fell on the floor from the furnace and the oil on the floor took fire. In a very short time there was a nasty fire in progress, the oil on the cement floor making a fierce blaze and a suffocating amount of smoke. Woodwork caught fire and there was other danger from the blaze. The fire brigade was called by phone and were on the scene instantly and at once went to work in their usual effective way. The big chemical tank was tried out but the blaze had too much headway for this and the water was turned on. In less than twenty minutes the fire was all out and everything safe. There was quite a heavy body of fire in the building when the firemen arrived but the smoke was even worse. The good construction of the building from the fire standpoint was what prevented a more damaging fire. The cement floor, while of course much better than a wooden one in the matter of fire, still made a runway for the oil to blaze along with woodwork being damaged. The good work of the brigade, however, soon put the building out of any danger. The majority of the people in town knew nothing of the fire until long after it was extinguished, it being a still alarm.

M'INTYRE BASEBALL TEAM WIN FROM THE ALL-STARS

Second of Exhibition Games Between Champions of North and Eastern Ontario for 1929 and the Timmins Juniors. The Deciding Game on August 4th.

During the week-end the second of the games between the McIntyre baseball team, champions last year for both Northern Ontario and the Eastern Ontario Baseball Association, and holders of the Ottawa Journal cup, and the Timmins Juniors won the first game on July 1st by a score of 2 to 1, giving them a 1-run lead. The game this week was won by the McIntyres also by a 1-run lead, the score being 6 to 5. The final and decisive game in this series of exhibition matches, designed to show the two classy baseball teams of the district in action and to give fans more of the best sort of baseball, will be held on the afternoon of civic holiday in Timmins, August 4th, at 4.30. It should be a dandy game as both teams are on their toes.

In this week's match the teams lined up as follows:—Timmins:—Laflamme, 2b; Dainton, cf; Charlebois, 3b; Davis, 1b; Donovan, rf; Leng, lf; Beaulne, lf; Rimaldi, ss; Poitras, c; Godin, p. McIntyre:—Blake, c; Hewitt, ss; Monaghan, 3b; Angrignon, 2b; Newkirk, lb; Sprague, cf; Mason, rf; Humphries, lf; Goldthorpe, p.

The umpires were W. McIntyre behind the plate and W. Burns on bases.

The score by innings was as follows: Timmins 0 0 0 0 2 0 0 3—5 McIntyre 0 0 1 0 4 0 1 0—6

The fans were well pleased with the match, both teams playing fine baseball. The McIntyre had their regular line-up with the exception of Langdon and Jemmett. The Timmins lads did better in the hitting than the championship senior team, but this better hitting was not translated into runs so it did not count. In addition the rooters for McIntyre suggested that the boys would not be able to hit Langdon as much if he were in the box. However, McIntyre and Timmins fans alike agreed that the Juniors put up nice baseball and that the game was a treat. Two innings went by without a score but in the third time to bat McIntyres made one. Then in the fifth innings the McIntyres seemed to cinch the game by making a string of four runs. Instead of discouraging the All-Stars, however, this simply made them tighten up and centre their efforts on knocking out the lead against them. In the sixth innings Timmins got two with three more in the last frame, but as McIntyre got one in the eighth the game finished with the senior champions one ahead. In the ninth innings it looked for a time as if the score might be tied but the chance passed. However, it was a nice game to watch and further added to the increasing interest here in hard ball.
