Fined for Illegally Having Under-size Fish

At police court this week a man named Nilo Maki was fined \$20.00 and costs for having undersized pickerel in his possession and for having too large a catch for one day's fishing. There was most of the fish were small he had 65 pounds of fish at the time complained of. The charge was laid by Game Warden R. Eddleston under the fish and game protection laws. It cost the accused \$26.00 and in addition all the fish were confiscated. The fish were kindly donated to the C.A.S. Shelter, so there was some good from an otherwise bad affair all through. The taking of under-size fish and the taking of more fish than can be used are not only against the law of the land but also against the law of common sense and the idea of conserving the fish of the country. There has been considerable of this sort of thing going on and the game warden is determined to have it stopped. Apparently warning people is not entirely effective and when he finds this to be the case Game Warden Eddleston intends to prosecute. He prefers to have people observe the law and good sportsmanship without court cases, but if the milder way is not effective then sterner measures will be used. The game warden's idea is that if people can be persuaded to observe the rules laid down by the law for the preservation of fish and game so much the better. But if they simply refuse to consider the good of the country and the rights of others then the law will have to be set in motion to assist in teaching better citizenship.

Recently the game warden has also found it necessary to prosecute several people for illegally having moose out of season. One Connaught man was recently fined on this charge and there will be other cases if this evil practice continues. The game warden is determined that the laws for the proper protection and conservation of fish and game simply must be observed. Those who will not listen to reason and council will have to listen to the magistrate and bear the cost of fines and court expenses.

PLAN FOR TIMMINS PEOPLE TO VISIT KAPUSKASING

Farmers Day at Kapuskasing to be on August 21st... Suggest Special Train From Timmins, with Sports and Band Going From Here.

Elsewhere in this issue will be found references to the big annual Farm Day at the Dominion Experimental Farm at Kapuskasing, and the suggestion is made that a special train might be run with general advantage from Timmins to allow a large attendance from this section at the big Kapuskasing event. There is no doubt that settlers would greatly benefit from a visit to the Kapuskasing Farm as well as enjoying a very fine outing. Others would also be delighted to visit Kapuskasing, which is a regular wonder town of this North. In past years the Farm Day has been largely attended from all the northern part of this riding, but train connections and the extent of cost and time have prevented advantage being taken of the opportunity in this section. A couple of weeks ago The Advance suggested that the T. & N.O. might run a special train to accommodate the people of this district. The editor of The Northern Tribune endorses this idea but suggests that sports in this district join in making a big day for all at Kapuskasing on the occasion of the Farm Day. After the articles elsewhere in this issue were in type and printed, The Advance received a telephone call from D. J. Pomerleau, District Representative of Agriculture for Cochrane District, who gave the information that the Kapuskasing Farm Day would be on Monday, August 21st, instead of earlier in the new month. This date, August 21st, allows lots of time for arrangements to be made for all to have a big day at Kapuskasing on the occasion of the Farm Day. It would give all from this section opportunity to visit a most interesting part of the North Land. The suggestion is made that baseball, softball and other sports might go up from Timmins and other centres in this part of the North and that a monster sports day could be held at Kapuskasing as well as the Farm Day there. The Community Club at Kapuskasing endorses this idea and is ready and anxious to do anything to help it along. The further suggestion is extended that arrangements be also made for the Timmins Citizens' Band to attend for the big day to add to the interest and pleasure of the occasion. All interested in sports, farming, settlement, and the general prospects of the North would do well to think the matter over and decide in the next week or so whether the plan is practical. In the meantime plans are under way to see if a special train can be arranged for. If it can and if the plan is adopted, there should be one of the greatest days in the history of the North at Kapuskasing on August 21st.

CHIEF MINING INSPECTOR OF MANITOBA ON VISIT HERE

Col. Geo. E. Cole, chief mining inspector of Manitoba, was a visitor to Timmins and the Porcupine camp generally during the week-end, and was very warmly welcomed back again by his hosts of friends in every line and calling in the district. For about eight years Mr. Cole was mining inspector for the Porcupine, and previous to that he was a popular resident of the Cobalt and Haileybury districts, and his acquaintanceship in the North is consequently a large one though equalled by his popularity. He was here from Manitoba to attend the annual military camp of the 22nd Infantry Brigade at New Liskeard, being the colonel of the Algonquin Regiment, with which he was actively connected during his residence in the Porcupine.

SCHUMACHER GIRLS WIN AT COCHRANE IN SOFTBALL

The following is from the last issue of The Cochrane Northland Post:— We are unable to give a detailed account of the first softball game on Wednesday afternoon, in which the local girls played the return game with the Schumacher squad. The game was of very mediocre class, as the Cochrane girls had a schedule game just following and therefore lay back and apparently let the game slip out of their hands.

This was undoubtedly the best policy to adopt but it seems to us that it would have been more sporting to have called the game off. There was ample time to cancel the game too, as it was known last week that they were coming.

The following is the line up of the town team:— E. David, c; L. Waldron, p; L. Girard, ss; T. Lebaron, 1b; A. Deslozes, 2b; E. Irish, 3b; M. Maekay, cf; G. David, lf; N. Lebaron, rf.

The line up of the Schumacher team is not available.

Score—14 to 3 in favour of the visitors.

Mr. and Mrs. W. Nicolson and son, Peter, and Miss Iola Dorway left this week on a holiday motor trip to Toronto and other southern centres.

Liquor and Motor Cases Mixed in Police Court

It is a well-known modern adage that liquor and motor cars do not mix well, but they were mixed enough in police court here this week, there being thirteen cases and all but two of them either relating to liquor or to motor cars. One of the cases related to both liquor and motor cars, the charge being one of being drunk in charge of a car. The accused pleaded not guilty and when it developed in evidence that the man had requested a doctor be sent for after he was placed under arrest and the police had not acceded to this request, the case was dismissed. One charge of speeding brought a fine of \$10.00 and costs. A man charged with driving a car without a license failed to respond to the call upon him in court and a bench warrant will be issued to bring him into court. A charge of speeding resulted in a fine of \$10.00 and costs. There was a similar charge for faulty brakes, while \$10.00 and costs was also the penalty for a motor driver who had four men sitting in the one seat in a motor car, and thus could not have proper room to assure proper driving.

A woman on Bannerman avenue paid \$100.00 and costs for having liquor without a permit and a similar charge against a Wilson avenue man resulted in a similar fine. A Connaught man charged with having liquor not on his permit denied the charge and the case against him was dismissed after evidence had been heard. Two other liquor charges were adjourned for two weeks.

The other two cases were a wage case, which was dismissed, and a case for the illegal possession of fish under the game and fish laws, the latter case resulting in a fine of \$20.00 and costs, as noted elsewhere.

The juvenile court two lads, one twelve and the other 15 years, were charged with theft. The boys were given stern warning and the parents had to pay costs amounting to over fifteen dollars each, while the lads themselves are to report for the next three months to the C.A.S. inspector. Another lad of about twelve who has been in much mischief lately and whose latest escapade was the theft of \$20.00, according to the charge against him, will be sent to a special school for training and care so that he may have a further chance to develop into a good citizen.

Miss Eva Stewart, of New Liskeard, is visiting friends in town.

MRS. MOFFAT, FORMERLY OF TIMMINS, PAINFULLY HURT

Word from Kirkland Lake last night says that Mrs. Moffat, formerly of Timmins where for years she conducted a private hospital, was the victim on Saturday last of a painful accident. She was following the rounds of her household duties and while on the platform at the back door of the house she slipped and fell and one of the boards struck her in the fall causing painful injuries. When medical attention was secured it was found that she had sustained internal injuries in the fall. Her many friends in Timmins will wish her a speedy and complete return to health and strength again.

Last week R. Mullen lost his watch and placed an advertisement in the classified columns of The Advance. Within an hour or two of the time the paper was published he had his watch back and was satisfied that the little wants adverts. in The Advance certainly bring results and bring them quickly. A young girl visiting here from Kirkland Lake had found the dropped watch and was looking for the owner, so the advt. did the trick at once. The girl was a Miss McDonald who was visiting her uncle, E. J. McDonald, and it was hard to say which was the more pleased, the owner at receiving his watch back so promptly or the young lady who found it and was so anxious to locate its owner.

Locals

S. G. Morris, of Buffalo, N.Y., was a Timmins visitor last week.

Mr. and Mrs. W. E. Smith, of Fort William, Ont., were visitors to the camp last week.

Mr. McNamara, one of the Ontario Liquor Control Board members, was in Timmins on Tuesday evening.

Miss R. Burns, of Timmins, was visiting her parents in Latchford recently.

Miss Mary Durrell returned last week to Timmins after a visit to friends at New Liskeard.

Mrs. A. J. Carmichael and sons, of North Bay, were visitors at Mr. and Mrs. A. G. Luxton's last week.

Born—On Sunday, July 20th, 1930, at 13 Cambrai avenue, to Mr. and Mrs. Tom Williams, a son (Bransy).

Monday, August 4th, has been duly proclaimed as a civic holiday for Timmins.

Mrs. J. Cavanagh, of Toronto, is a guest at the home of Mrs. J. H. Lemieux, Maple street, south.

Born—in Timmins, on Saturday, July 12th, to Mr. and Mrs. W. P. McDermott, 79 Birch St. South—a son (Raymond Earl).

James Murphy, formerly of Timmins, but now of Kirkland Lake, left on Thursday last for Montreal, sailing from that port for Glasgow, Scotland, to visit his parents.

Neil McIsaac, a well-known resident of North Cobalt, recently started a fire in the kitchen stove in the early morning and then went back to bed for a nap. He awakened to find the attic of the house on fire, apparently from the heated stovepipes or chimney. The family had difficulty in escaping from the burning building. Neighbours were able to save some of the furniture, but the house was a total loss. There was some insurance on the house.

The next regular meeting of the Timmins town council will be held on Monday afternoon, July 28th, commencing at 4 p.m.

The New Liskeard Speaker last week says:—"Miss Ivy Paddon is spending several weeks in Timmins at the home of Mr. and Mrs. Campbell Angus who have returned from a motor trip south."

Her many friends in town will be pleased to know that Mrs. A. E. Prout, who recently underwent a serious operation at a Toronto hospital, is making excellent progress to complete recovery of health.

Mr. and Mrs. A. Borland, Sr., and Miss Mamie Borland, and Mr. and Mrs. A. Borland, Jr., and children, returned on Tuesday from a three weeks' vacation in the south. Chief Borland says the weather was fine during their trip, there being lots of fine sunny days and practically no rain. The crops in the south look especially good, Chief Borland says, being free from the injury of wet weather. The return trip by motor was a pleasant one, the roads being good. The trip south three weeks ago had been a difficult one, the men going to North Bay by car, and the rest of the party using the train on account of the roads in the North. Now, the northern roads are excellent, the fire chief says.

The Advance has again received a letter from South Porcupine signed by the nom de plume "A Reader." If this writer were a careful reader of The Advance, he or she would note that this paper consistently refuses to give any attention to anonymous letters. All correspondents are required to give their names as evidence of good faith, though not necessarily for publication. If the writer of the letter in question will forward his or her name and address, not for publication, but as an evidence of good faith, the matter discussed in the letter will be taken up. It may seem like an unnecessary rule to some, but experience has convinced all newspapers that it is imperative that the source of communications should be known before attention can be paid to letters. No reputable newspaper can afford to give attention to anonymous letters.
