# ENDORSES PROPOSAL FOR

SPECIAL TO KAPUSKASING

(From The Northern Tribune) "Last week's issue of the Porcuping Advance contained a useful editorial suggestion that on the occasion of the annual farmers' excursion to the Experimental Farm at Kapuskasing (which date we understand has been tentatively fixed for August 21st), the special train should be run from Timmins instead of just starting out from Cochrane as in previous years. The Advance goes on to enumerate the many advantages to farmers accruing from a pleasant day's visit to the big Government Farm here, and thinks that the governments, or the railways, should undertake to run the special train from the gold camp, so that all who wished to come might do so at the lowest possible cost.

sporting contingents to try conclusions.

"Should the idea find favour in Timand gets together the sports teams for sively for the thieves. the trip, a real large crowd may be brought here for the day at half fare Chelmsford, where he will visit relaor less, with profit to the railways. tives. Fortunately for him he did not There are hundreds of persons in the believe in carrying all his eggs in one gold camp who have long wished to basket but taking a leaf from th visit Kapuskasing, and this would be ladies, had part of his money in one their great opportunity. It is safe to sock say that the citizens of Kapuskasing would do all they could to entertain them throughout the day."

Sons of England Picnic a Delightful Success

the most enjoyable events of its kind in these parts for many a day. The day was a beautiful one for the occasion and full advantage was taken of the fine weather. The arrangements had been well made for the occasion At the Timmins Ladies' Golf Tour- and the affair went along smoothly and pleasantly from start to finish, and 18th, Miss F. Brigham won the club everyone had a very happy time. The attendance at the event was larger The following is a summary of the than expected. The fact that 220 men. women and children passed the secretary for tickets for the ice cream and soft drinks indicates that the crowd was an unusually large one. At the cutset the crowd was so large that the committee had a busy time in providing accommodation for all but this situation was soon overcome and all were shortly on their way to what was generally voted as an ideal day's outing. The ice cream and soft drinks booth was speedily opened up after the picnic ground was reached, and this for youngsters and adults alike was one of the extra specials in a big day There was apparently no limit to the ice cream and soft drinks and by the evening everyone was more than well satisfied. Lunch was served at 1 p.m. and proved a very mappy feature of the day. The afternoon was spent races, games and sports, there being events for children and grown-ups alike. The chief race was a live contest between a big "Cousin Jack" and a heavy weight from Wales, A. Lucas joining in to see fair play, and the "Cousin Jack" winning by a good length. There was very general appreciation expressed to the S.O.E. and the committee in charge for the wonderful picnic, the way the races were handled and the manner in which the On Friday of this week the features refreshments were served. On Monday of this week quite a number came to various members of the committee suganother like it. This idea will be duly McIntyre hall, Schumacher. ous support accorded and to suggest that with such support the public may be assured that the SOE. will do its part. If the support is continued

Mr. Montey left North Bay for

Speaking at New Liskeard last week Col. Mac Lang, candidate for the Liberal party in South Temiskaming in the present Federal election, and member for the riding in the last parliament, announced that a new post office would be erected in New Liskeard, and that work would commence at once. The new building, he said, would cost \$60,-000.00, and will be located on the site of the former Binkley block, which was destroyed some months ago by fire.

ENTRY GAINED TO COBALT

attention that a strange man prowling about the inside of the post office after the building had closed for the night. The police were sent for after the man was seen inside, but the offender made good his escape before the officers arrived. The police were unable to find anything tampered with, and the post office staff after a genera: check-up came to the conclusion that the intruder had taken nothing but was simply prowling around. Who he was or why he was there cannot be learned. The story as told by despatches says that russersby about 10.30 p.m. saw a flashlight operating in the interior of the office and Inspector W. T Moore, at provincial police district headquarters, was notified by telephone. Sergeant George Delves was soon on the scene, but the man had departed by this time, leaving no trace behind. The inspector and other officers of the force arrived later, but although they investigated thoroughly until one o'clock in the morning, they found nothing, and this result was confirmed by search by the staff later in the day. Entrance to office had been gained by the back door, apparently, and this, the police think, had been left unbolted accidentally. Ordinarily, it is shut and three bolts drawn, the staff leaving by the front door. Members of the staff clean up the office themselves, the caretaker of the building looking after the public lobby only. Nothing at all had been disturbed, so far as the police could determine, and

### STROLLERS TO GIVE DANCE JULY 30 FOR JUNIOR BASEBALL

same negative finding.

Another pleasing dance by the Strollgesting that the picnic was so good ers Club is announced for Wednesday that it would be a fine idea to have evening, July 30th, to be held in the discussed and considered by the S.O.E., Strollers have won the reputation for and in the meantime the society would putting on superior dances of the most like to thank the public for the gener- enjoyable kind and the one on July 30th is hoped and expected to exceed all previous numbers in its enjoyment and general success. Tommy Stephens and his effective orchestra will be there with the music that will set all fee that the S.O.E. will be in position to going and please all as usual and always. Dancing will be from 10 p.m. to 3 a.m., and refreshments will be a special feature of the evening. The dance on Wednesday of next week, July 30th, is for the benefit of the Timmins Junior Baseball Club, and so the object of the dance is a very worthy and deserving one. The purpose for which the event is being held should assure a large crowd, and in addition it should be remembered that this particular dance is not only for an excellent purpose, but the event itself will undoubtedly be a most enjoyable one, with all

best in every particular.

# Good Music and Good Ideas in Hit, "The Love Parade" CAR BADLY SMASHED NEAR

The special picture, "The Love Parade." to be at the Goldfields theatre on Friday and Saturday of this week, July 25th and 26th, with Maurice Chevalier as the star, has so many points of particular interest that it is difficult to know where to begin or stop in referring to it. It has rich settings. lavish costumes, modernistic fittings, music of unusual merit, with melodies on the violin, organ, etc., and haunting song hits that are sure to be popular. Maurice Chevalier was here in "Innocents of Paris," and so will need no introduction. He is an outstanding figure in the talkie world

### SPLENDID WORK BY THE T. & N. O. RAILWAY STAFFS

(From The North Bay Nugget). The Temiskaming and Northern Ontario Railway during the recent heavy floods, which brought them conditions unprecedented in railway history in the north, has been enabled to extend its record for capable administration.

Noting the exceptionally heavy rains on Thursday evening, Superintendent W. A. Griffin called off all trains, and this action most likely saved the loss of much property and perhaps some lives.

The washout at Dickson's Creek near Haileybury, was the most serious trouble the officials have had to contend with in years. On the Silver Centre branch of the line it is stated that no fewer than 20 washouts varying size were reported.

The manner in which the whole situation was handled reflects credit upon only resumed on Thursday, after being interrupted for a whole week as a rethe features of the occasion the very sult of the storm.
