RESULTS BY POLLS FOR THE TOWN OF TIMMINS VOTING

Jos. A. Bradette had a Majority of Around a Thousand in the Town. Only One Poll Here Gave a Majority for D. Chenier.

The vote in Timmins was decisively for J. A. Bradette in the voting on the Dominion election on Monday of this week. The detailed figures by polls for the town may be of interest and are given herewith:—

Poll No.	Brad.	Chen	Ma.
124	61	53	8
125	62	59	3
126	154	36	118

Total	2312	1216	1097
Majority C	2312	1216	1096

It will be noted that only in the one poll No. 147, was there a majority for Mr. Chenier, the majority in this case being only one.

STANDING OF THE PARTIES IN THE LAST PARLIAMENT

For purposes of comparison it is interesting to note the standing of the parties in the last parliament.

At the dissolution of Canada's sixteenth Parliament on May 30th, the strength of the various parties in the House of Commons was thus:

Liberals	120
Conservatives	89
United Farmers of Alberta	11
Progressives	12
Liberal-Progressives	8
Labour	3
Independents	2
Total	245

GALLONS OF GOOD BEER FLUSHED INTO THE SEWER

(From The Sudbury Star)
Tuesday afternoon spent in the confines of the local police station would have caused many a thirsty soul to weep bitter tears of dismay. To the accompaniment of moans and groans, 480 pints and 96 quarts of the finest products of Canadian brewers found their way through the sewer of the jail to Kelly Lake. The beer, which had been seized in many of the recent raids carried out by the local police during the past few weeks, was dispensed to the fish under the direction of the Liquor Control Board and many a resident would gladly have exchanged places with the fished occupants of the waters for the occasion.

NOT ENOUGH MEMBERS FOR THIS PART OF THE NORTH

In an editorial article last week The North Bay Nugget says that Nipissing district should have two members in the Dominion House instead of one. If this is true about Nipissing it is equally true about North Temiskaming. The size and population of this riding suggest that there should be two members here instead of one. What The Nugget says about Nipissing may be used in connection with the case for two ridings in place of the one now for North Temiskaming. The Nugget says:

"Nipissing District has approximately 30,765 voters entitled to cast their ballots on Monday next, being one of the most populous constituencies in Ontario. Port Arthur constituency has 14,300 voters, and Fort William has 14,422, the two together not equalling the voting strength of Nipissing.

"Some time ago, about the time of the Liberal nomination meeting at Sturgeon Falls, it was suggested that in the near future the constituency would be divided and that when the next Federal election was held, Nipissing would have two members.

"On a basis of voting population this would seem to be a necessity. There are probably very few constituencies in Ontario where so many people are qualified to vote in this election as in the District of Nipissing. Geographically, it is also one of the largest in Ontario, and a division would give the North more representation in the House.

"When such a division takes place there will probably be a West and an East riding, with Sudbury the centre of the former and North Bay the centre of the latter.

"Some changes will also take place in more northern constituencies between now and the next election, providing the election is at least several years away. The Dominion census will have been completed, and a basis of representation will have been determined."

OFFICIAL FIGURES NORTH TEMISKAMING VOTE IN 1926

In Last Election Mr. Bradette Had Majority of 1154. Over 65 per cent of the Total Vote Was Cast in That Federal Election.

For purposes of interest and comparison it is interesting to recall the last election vote for the Dominion House for this riding. Accordingly, The Advance is giving herewith the official figures for the 1926 contest as published in these columns at the time:—

KAPUSKASING TO HAVE FINE SKATING AND CURLING RINK

Word from Kapuskasing is to the effect that next month work will be commenced on the building of a fine skating and curling rink in that town. The contract for the building has been let and the work is to be completed in time for the hockey and curling season. It is said the rink will mean an expenditure of about \$50,000.00. It will have a frontage of about 140 feet, with a length of about 220 feet. There will be two sheets of ice for curling under the same roof. It is expected that curling will be as popular a sport in Kapuskasing as it is in Timmins. The building is being erected by the Spruce Falls Power & Paper Co. of Kapuskasing, who are apparently missing no chances to have everything for the Kapuskasing people. The rink is designed to accommodate large groups of spectators and it is believed that the new building will boost hockey and curling not only in Kapuskasing but also in Hearst and Cochrane.

Holly Stores to Defend Marshall-Ecclestone Cup

The winners of the Timmins Softball League for 1930 are the Hollinger Stores. They will be worthy representatives to defend the Marshall-Ecclestone cup, having won both the first and the second half of the league. They have a good team and they should not have any difficulty defeating the other teams that are members of the Cochrane District Softball Association which comprises most of the Northern towns.

As soon as the other leagues declare their winners the play-offs will be gone ahead with. It is hoped to send the winning team down to New Liskeard or North Bay as the case may be. Notices of the play-off games will be duly given in The Advance when they are arranged.

CANADA'S SHOWING AT THE WORLD'S POULTRY CONGRESS

The Fourth World's Poultry Congress now in session at Crystal Palace, London, England, holds a special interest for Canadians, particularly poultrymen. The Poultry Congress meets every three years. In 1927 Canada was host to visitors from 42 world nations; this year she joins 55 other countries as guests of the United Kingdom of Great Britain and Northern Ireland. Canada's participation takes the form of a National Exhibit, a Livestock Exhibit, a Commercial Exhibit, and a substantial contribution from Canadian exhibitors.

adians in the form of scientific papers read at the Congress. The keynote of Canada's National Exhibit is the economic worth of Canadian Poultry Breeding Stock. This is graphically presented in a novel and impressive exhibit which is in every sense a masterpiece of exhibition art.

At the Congress the story of the exhibit is supplemented by an attractive booklet which not only describes the exhibit but deals with the several methods and policies by which the economic worth of poultry breeding stock from Canada has been developed.

Mr. and Mrs. L. McLaughlin left on Sunday for a visit to the South. Chief McLaughlin will attend the convention of the Dominion Chiefs of Police at Hamilton, and is expected back here on Friday.
