

SUDBURY CELEBRATES ITS INAUGURATION AS A CITY

Special Edition of The Sudbury Star One of the Most Notable Features of the Occasion. The New City of the North.

The whole North Land will be interested in the formal inauguration of Sudbury as a city on Monday of this week. There were literally thousands of the citizens of Sudbury gathered for the occasion, while hundreds from other towns in the North and beyond added to the number. The main feature of the programme was a monster parade of decorated floats, together with organizations, bands, etc. A feature of the parade that roused very special attention was a troop of about 60 Manitowaning Indians, Men, women and children, garbed in full regalia, carrying bows and arrows and marching to the music of their own Indian band. The Indians, of whom Hon. Chas. McCrea is honorary chief, belong to the Ojibway and Ottawa tribes. Their chief (Chief Pelletier) carried with him during the parade the pipes of peace on which are carved the symbols of the tribe. The parade was led by the Algonquin Regiment bugle band, with the mayor and alderman of the new city at the head of the procession. A float that roused special attention was that of the Rotary Club. Sixty pretty girls were on this float to represent by costume and otherwise the sixty different countries in which Rotary clubs are active to-day. A band preceding this float played the various national anthems of the countries concerned. The programme for the day had been arranged by the Sudbury Rotary Club. Many outside towns and cities were represented at the proceedings. Hon. Chas. McCrea, Minister of Mines, was present, as well as many other leading public men, including Geo. W. Lee, Chairman of the T. & N. O. Railway. Hon. Mr. McCrea, Sudbury's most beloved citizen, formally presented the city charter to Mayor Fenton. Baseball, football, dancing, and other sports and amusements also featured the day. It was probably the most spectacular and impressive day held in the North Land.

In all the observance of the auspicious occasion The Advance is tempted to believe that there was nothing more impressive or creditable than the special city inauguration edition issued by The Sudbury Star as a tribute to the occasion. This issue of The Sudbury Star would do credit to any city of 100,000. It comprised 64 pages of the most interesting matter, all printed with the effectiveness for which The Sudbury Star never fails to stand. From the mechanical viewpoint alone the special issue was most creditable. Few cities of ten times the size of the young city of Sudbury can boast equipment to do better work than in this issue. The number is profusely illustrated and contains a remarkably clear history of Sudbury past and present. Some of the headings of the articles in the edition will give an idea of the scope of the issue—"Pioneer Times in Sudbury"; "Berries Grew at Back Doors on Cedar Street"; "Sudbury a Nameless Grove When First Jesuits Came to Settle in Its Solitudes"; "Sudbury's First Newspaper Published Nearly Forty Years Ago"; "Nipissing in Early Days Comprised Greater Area Than the Maritimes"; "Only One Road Led to Sudbury in the Early Days"; "Meet Sudbury's First City Council"; "Promoters Could Not Find Twenty-five Subscribers for First Phone System in Sudbury"; and many other apt and expressive titles. There are sketches of the municipal growth of Sudbury. The good work by present and past fire departments and police forces is given proper prominence. Education and the churches are dealt with in effective and sympathetic way, while other forces for good are equally recognized. There is a reference to the good work accomplished in the district by the Children's Aid society and by other forces for betterment. Of course, there is generous space given to review of sports in Sudbury, with reminiscences of the days when the Sudbury Wolves were more famous on the ice than the Algonia wolves were in press despatches. Mining is naturally and properly featured in the issue, and the several articles on the Sudbury mining industries will leave no doubt in the mind of the average reader as to the great importance of mining in the Sudbury district not only to Sudbury but to Ontario and Canada as a whole. In the advertisement of the Temiskaming and Northern Ontario Railway in The Star's city inauguration edition, there is a paragraph signed by Geo. W. Lee, chairman of the T. & N. O. Railway commission. This paragraph has an originality and magic of its own. It is a fitting close to a reference to the entry of Sudbury into city rank, expressing as it does the friendliness and pride of all the North in Sudbury and the other centres of this North Land. Mr. Lee says— "As one pioneer to another, we greet the City of Sudbury with all good wishes. Great as has been our progress in the past, it will be still greater in the future. The history of Canada does not record any greater achievements than those which have been accomplished in Northern Ontario, of

Latest Returns of the Standing of the Parties

Table with 2 columns: Party Name and Number of Votes. Includes Conservatives (138), Liberals (87), United Farmer (10), Progressives (2), Liberal-Progressives (3), Labour (3), and Independent (2).

Total 245. This is only a slight change from the results as given by The Advance last week.

The total number of Conservatives returned in Quebec is now definitely given as 25, with 39 Liberals. Hon. Charles Marcell is given a majority of 46 by the recount in the riding of Bonaventure, Quebec.

DEATH OF MISS IRIS BUDD IN DETROIT LAST MONDAY

Former Popular Resident of Town Passed Away in Detroit. The Late Miss Budd Was on Municipal Office Staff Here for Some Time.

Wide circles of friends and acquaintances in Timmins and a district will learn with very sincere regret of the death on Monday last week, July 28th, at Detroit, Mich., of Miss Iris Budd, formerly a popular resident of this town. For about three years the late Miss Budd was on the staff of the town hall here, being first in the tax collector's office and later in the office of the clerk-treasurer. About five years ago she left here to take up residence with her father in Detroit, Mich. For some years past she had been employed as stenographer with a Detroit firm. In 1926 and again in 1927 she returned to Timmins to visit relatives and friends here. During her residence in Timmins Miss Budd made many friends by her kindly and courteous disposition and she was among the most popular of the young people's set in town. She came to Timmins from her home in Arnprior and lived here first with her uncle and aunt, Mr. and Mrs. W. W. Orr. On account of her connection with the town office she was widely known here and was very popular with all who knew her.

The late Miss Budd's death came as a decided shock to all as she had been in her usual good health until a short time before her death. She was ill only a few days, death being due to an attack of appendicitis. The late Miss Budd was about twenty-seven years of age at the time of death. The funeral took place on Monday last at Windsor, Ont.

Annual Moose Picnic at Golden City, Aug. 10

The third annual picnic of Timmins Lodge No. 1638, Loyal Order of Moose, will be held at Golden City on Sunday next, August 10th. The Moose picnics have become noted for their enjoyment and success and the event on Sunday next promises to be up to the former high standards in every way. In case the weather is favourable for the event on Sunday cars will leave the Moose Hall from 10 o'clock until 12 to take the picnickers to Golden City from Timmins. Cars for the Schumacher members will leave Dwyer's livery from 10 to 12. This year, as noted by the advertisement elsewhere in this issue, free tea, soft drinks and ice cream will be available, and there will be lots of fun for young and old. It is expected to have as an added attraction for the occasion music by the Timmins Citizens' Band during the day.

SPARE TIRE BLEW UP ON BACK OF STANDING MOTOR

An odd accident, or incident, or whatever it may be called, occurred, or took place, or happened, or whatever may be the right word on Monday. There is no question about it startling everybody in the neighbourhood at the time and puzzling a lot of people since. A motor car was standing in front of the Empire hotel on Spruce street when without warning there was an explosion that sounded like the discharge of a cannon. It was found that the spare tire on the back of the car had blown to bits. There was not enough of that spare tire around to hold an inquest upon. One man who was at the corner of Spruce street when the noise took place stopped at the next corner of the block to ask what made the noise. It is thought that the sun beating down upon that spare tire caused such an expansion of the air in it that the explosion took place. At any rate it was certain that there was an explosion and that the tire was blown to bits. Fortunately no one was near enough to be injured by the exploding tire and no one even close enough to be seriously shocked in any permanent way by the alarming noise of the exploding tire.

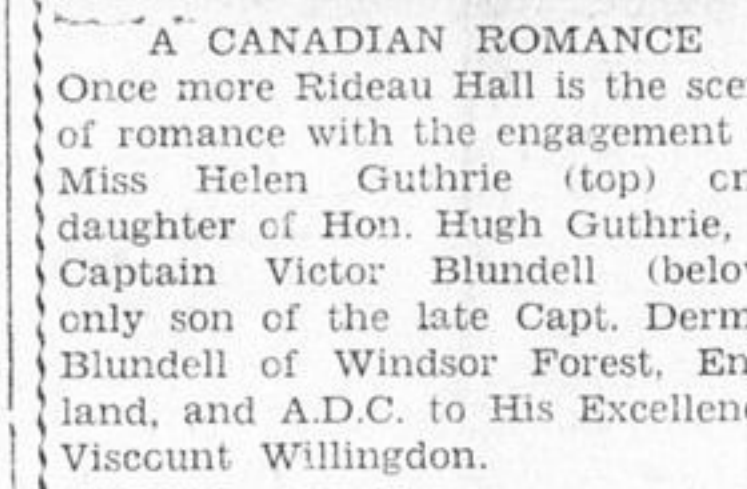

which the City of Sudbury and its great metallurgical industries, are but another milestone.

SPECIAL TRAIN POSSIBLE FOR TRIP TO KAPUSKASING

But Only if a Hundred from Timmins and District are Ready for the Trip. Those Wishing to Go Should Signify at Once

On several recent occasions The Advance has referred to the pleasure of a trip to Kapuskasing on the Farm Day there on August 21st. For settlers and others the day at the Dominion Experimental Farm at Kapuskasing would be a most pleasant and profitable outing. There is enough at the big farm to make the trip more than worth while. For others a visit to Kapuskasing should be equally attractive. Kapuskasing is one of the new towns of the North more than just worth seeing. It is the home of the Spruce Falls Co. pulp and paper mill, one of the most important of its kind on the continent. Kapuskasing is beautifully situated and to-day has a really wonderful town—a magnificent hotel, a fine community club house, a large and well-equipped hospital, fine schools and churches, miles of paved streets, and all the modern conveniences and advantages of the ordinary city. It would be a good thing for all the North if there were more visiting between the different towns. It would be particularly beneficial for all here to see and to know Kapuskasing. The Farm Day on August 21st offers a special opportunity for such a visit. The train service ordinarily makes the trip too costly and takes too much time, but if at least a hundred people from this district wish to take in the trip on August 21st a special train will be arranged. Before the special train can be assured, however, at least a hundred must signify their intention to make the trip from here by train on August 21st. During the past week five have notified The Advance that they would go on the trip if a special were arranged for. That means that if the special is to be assured, at least 95 more must signify their desire to visit Kapuskasing on August 21st. Anyone who would like to have the advantage of the special train from here should notify G. A. Macdonald, editor of The Advance, to that effect within the next few days. If the hundred names are secured the special will be possible. Otherwise, it would not be fair to expect the T. & N. O. to consider a special for the occasion. If a special is run from here it will leave Timmins about five o'clock in the morning, connecting at Cochrane with the C.N.R. for Kapuskasing. The return train from Kapuskasing will leave there at 5 p.m. If the special is secured the cost of the trip would be only the fare, there being free lunch served at the Farm for the visitors there. The fare from Timmins to Cochrane would be given at half-rate in case a hundred or more take in the trip. This would bring the total cost of the fare to Kapuskasing and return to about five dollars. The Advance is anxious to learn whether a hundred or more desire to take the trip. If they do a special train can be secured for their convenience. If they do not, the matter will have to be dropped for this year, which seems to be a pity.

Once more Rideau Hall is the scene of romance with the engagement of Miss Helen Guthrie (top) only daughter of Hon. Hugh Guthrie, to Captain Victor Blundell (below) only son of the late Capt. Dermot Blundell of Windsor Forest, England, and A.D.C. to His Excellency, Viscount Willingdon.

A CANADIAN ROMANCE

Once more Rideau Hall is the scene of romance with the engagement of Miss Helen Guthrie (top) only daughter of Hon. Hugh Guthrie, to Captain Victor Blundell (below) only son of the late Capt. Dermot Blundell of Windsor Forest, England, and A.D.C. to His Excellency, Viscount Willingdon.

PROBABLE MEMBERS OF NEW BENNETT CABINET

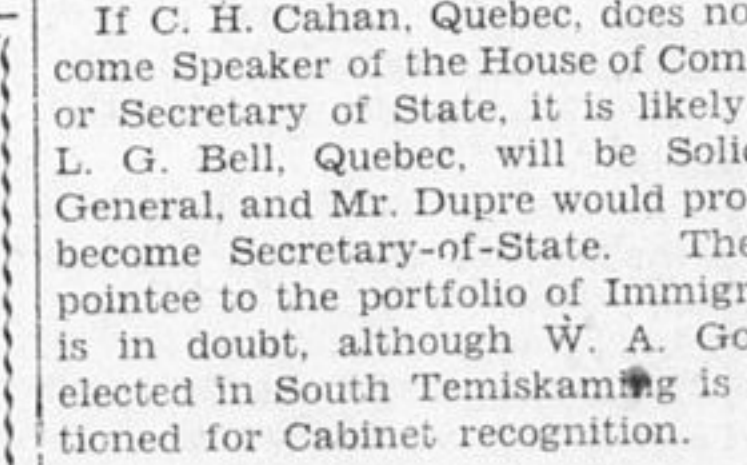

W. A. Gordon, Member-Elect for Temiskaming South, Mentioned as Possible New Minister of Labour, or Other Place in Cabinet.

It is expected that the personnel of the new Dominion Cabinet will be announced this (Thursday) afternoon. In the meantime the following despatch came over the A. E. Moysie private wire this morning: The following is the probable list of cabinet ministers in the new Bennett Government which is expected to take office this afternoon or tomorrow. Secretary of State for External Affairs and Minister of Finance, Hon. R. B. Bennett. Minister of Justice—Hon. Hugh Guthrie, Ontario. Minister of Interior—T. G. Murphy, Manitoba. Minister of Labour—Senator G. D. Robertson. Temporary until a suitable man can be found. Minister of Agriculture—Robert Weir, Saskatchewan. Minister of Railways and Canals—Hon. R. J. Manion, Ontario. Minister of National Revenue—Hon. E. B. Ryckman, Toronto. Minister of Pensions and National Health—Col. D. M. Sutherland, Ontario. Minister of Marine—Alfred Duranceau, Quebec. Minister of Public Works—H. A. Stewart, Ontario. Minister of Trade and Commerce—Hon. H. H. Stevens, British Columbia. The government is going to find a seat for him. Minister of National Defence—Dr. M. MacLaren, New Brunswick. Postmaster-General—Arthur Sauve, Quebec. Minister of Fisheries—W. G. Ernst, or possibly Hon. W. A. Black, both of Nova Scotia. Solicitor-General—Maurice Dupre, Quebec. Ministers without portfolio, Sir Geo. Perley, Quebec and Hon. J. A. McDonald, Prince Edward Island. If C. H. Cahan, Quebec, does not become Speaker of the House of Commons or Secretary of State, it is likely that L. G. Bell, Quebec, will be Solicitor-General, and Mr. Dupre would probably become Secretary of State. The appointee to the portfolio of Immigration is in doubt, although W. A. Gordon, elected in South Temiskaming is mentioned for Cabinet recognition.

McINTYRES WIN FROM S. O. E. 1 TO 0 IN BOXER CUP MATCH

The second round of the Boxer Cup was played at Timmins on Saturday, when the McIntyres met the S.O.E. in the first of a two-game series. The McIntyres won after a hard-fought game the S.O.E. making them play every minute of the match. Only one goal was scored, and the McIntyres go into the next game with the lead. The return game will be played on Saturday. All football fans should be on hand to see these two teams battle it out for the right to play the Dome for the Boxer Cup.

Mrs. Harry Rinn, of Tottenham, was a visitor to Timmins this week renewing old acquaintances here, leaving again Tuesday for the south.

ATLANTIC BOUND

M. Ceste, intrepid French aviator, inspired by the success which attended the efforts of the Australian flight commander to conquer the Atlantic Ocean in an East to West flight, has completed preparations for a similar trip. He hopes to leave within the next few days, accompanied by Bellonte.

DR. MOORE URGES MEASURES FOR PREVENTING DISEASE

Kiwanis Club Hear Valuable Address on Precautions That Should be Taken to Prevent Spread of Diseases. Booklets Distributed.

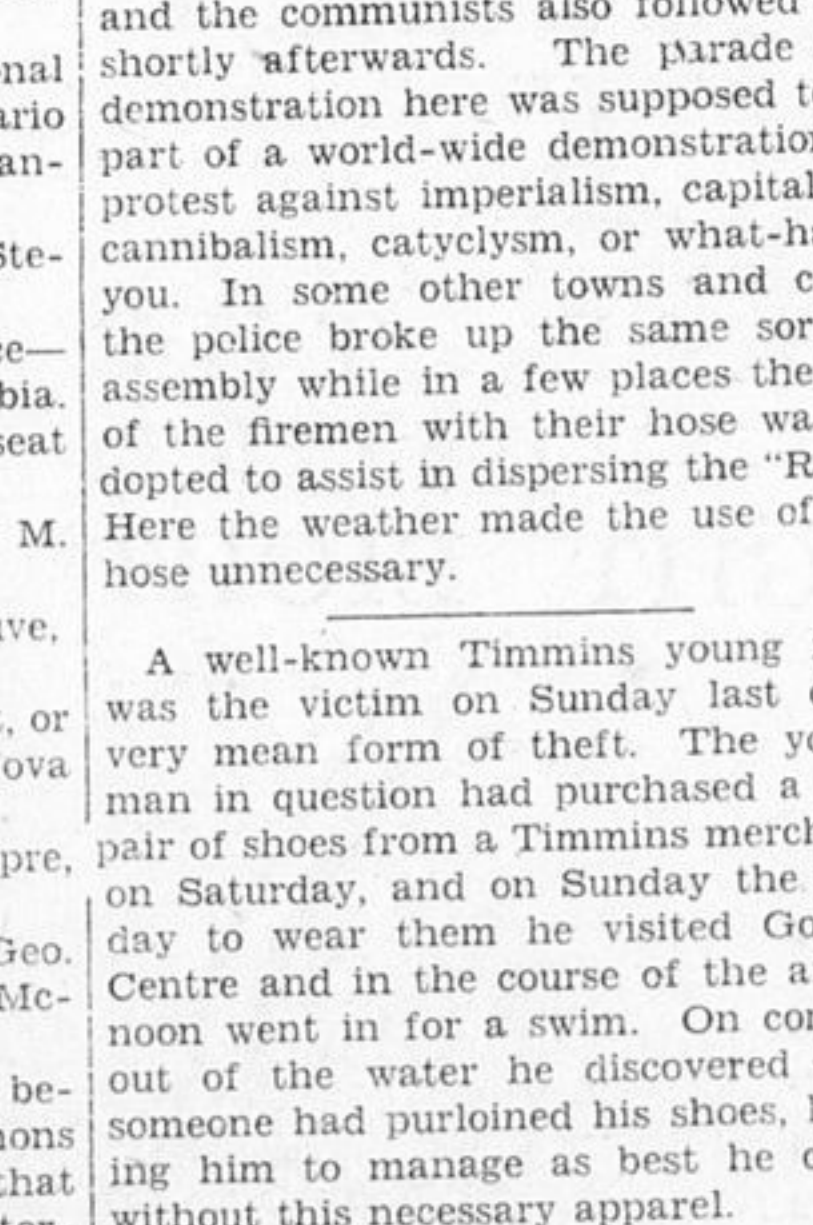

There was a good attendance at the Kiwanis Club on Tuesday at the regular luncheon, the attendance being unusually good in view of the holiday season. The luncheon was held this week on Tuesday on account of Monday, the regular day, being civic holiday. Kiwanian Louis Halperin was acting president for the occasion and filled the office with efficiency and good humour. The speaker for the day was Dr. H. H. Moore, medical health officer for Timmins, and his address was a valuable and informative one. He spoke on the necessity and desirability of measures for the prevention of disease touching especially on tuberculosis. He showed how many diseases could be cured greatly in their spread by the proper precautions. He emphasized the fact that not only should all possible precautions be taken to avoid diseases, but that in case people contracted any disease there should be special precautions then taken to protect others. Dr. Moore in addition to his excellent and informative address, distributed booklets from the Provincial Dept. of Health giving very valuable facts relative to the prevention of disease and precautions for the curbing of diseases that may occur. Each member of the club was given a copy of the booklet and found it of special interest and value. The visitor for the day was B. E. Martin, now of Toronto, but formerly one of the early residents of the town of Timmins, being for years accountant at the Northern Canada Power Co. office. He was given a rousing reception by the members present, and in his brief little address in response to a call for a few words, Mr. Martin referred to his pleasure at being back in Timmins even for a brief visit. "Timmins," he said, "was particularly home to him and he looked back with great pleasure to the many happy days here and the fine people he had known in the town and district. Kiwanian Wils. Lang was also called upon for a few remarks to explain where he had been for the past few weeks, and how, and of course this popular member made appropriate and humorous response.

RAIN ON FRIDAY EVENING SPOILED "RED" DEMONSTRATION

A "Red" demonstration was announced last week by little red bills but the rain on Friday evening put a damper on the affair. A fairly large crowd of women and children assembled near the ball grounds for the event with only a handful of men present. They had banners of the usual communist type and the children did a certain amount of shouting. The rain came along, however, before anything of any moment occurred. With the coming of the shower the spectators attracted by the crowd of woman and children hastily dispersed, and the communists also followed suit shortly afterwards. The parade and demonstration here was supposed to be part of a world-wide demonstration in protest against imperialism, capitalism, cannibalism, catycism, or what-ever. In some other towns and cities the police broke up the same sort of assembly while in a few places the use of the firemen with their hoses was adopted to assist in dispersing the "Reds". Here the weather made the use of the hose unnecessary.

THE "KID SISTER"

Miss Mildred Bennett, sister of the Hon. R. B. Bennett, Prime Minister of Canada, who will be hostess for the Conservative chieftain when in residence at Ottawa.

THE "KID SISTER"

Miss Mildred Bennett, sister of the Hon. R. B. Bennett, Prime Minister of Canada, who will be hostess for the Conservative chieftain when in residence at Ottawa.

Daughters of England Hold Enjoyable Picnic

The annual picnic of the Daughters of England held at Bayside Beach on Sunday last, August 3rd, was a great success and all attending had a most enjoyable day. The weather was ideal for the occasion and Bayside Beach was generally voted as an ideal spot for a picnic. Two of Dalton's big buses were utilized to take the members and their friends to the picnic grounds, the buses leaving the Hollinger Hall at 10 a.m. In addition, many of the members went by private car, the attendance being large and the event throughout a very pleasant one. During the day ice cream and soft drinks were served. There were various sports, games and pleasures, including bathing and boating. A tug of war for the ladies and gentlemen and races for the children were enjoyed by all.

FURTHER SALES FOR TAXES NOW POSTPONED TO SEPT. 30

About Fifty Properties Sold Last Week. Thirty Other; Redeemed Previously. About Two Hundred More to be Dealt With

The sale of properties in town for taxes was held on Friday last, Aug. 1st, and about fifty properties were sold at the sale. Further sale of properties for taxes has been postponed to Sept. 30th, when the balance of the properties on which taxes may then be due will be put up for sale in the regular way. The properties sold on Friday last will bring about ten thousand dollars in taxes. Any of them are redeemable within a year by the payment of all taxes, penalties, charges and interest fees. When the list of properties for sale for taxes was first published in The Advance on April 3rd of this year there were 284 properties on the list. The taxes against them ranged from as low as \$15.38 in the case of some lots to as high as \$4,000.00 registered against one property. Previous to the publication of the list there had been ample warning given and many had managed to pay enough on back taxes to keep their properties out of the published list. After the list was first published others made effort to redeem the properties before they went to actual sale for taxes. About thirty properties were redeemed between the time of publication and the date of sale. This group of thirty redeemed, together with the fifty others actually sold last week, brings the list of properties to around eighty on which the taxes are now settled. As there were 284 in the original list, this leaves over 200 to be dealt with on September 30th unless they are redeemed in the meantime. It is likely that a number of the properties will be redeemed before Sept. 30th, and the consequently there will be considerably less than 200 to be offered for actual sale for taxes on the postponed date.

Lake Shore Team Wins the Byrne Charity Cup

The Lake Shore team of Kirkland Lake is the winner for the season of the Byrne Charity Cup, capturing this trophy by their win over the Cornish football team of Timmins at Kirkland Lake on Saturday. The Lake Shore defeated the Cornish on Saturday by a score of 2 to 0, thus winning the round, 6 to 1. The game on Saturday at Kirkland Lake was keenly contested, the Cornish putting up a hard and stubborn battle. Only the superb defence of the Lake Shore team and the fact that the Cornish failed to have good luck prevented the good work of the Cornish from achieving a victory in the game. On the play the Cornish really had the better of the game most of the way through but they seemed to be unlucky. However, they played a game for which they need to make no apologies and the victory to the Kirkland Lake team must be all the more satisfactory because it was won and won fairly by hard work and good football.

ANOTHER BAND CONCERT GIVEN ON SUNDAY LAST

The Timmins Citizens' Band gave another of their open air band concerts on Sunday evening at the band stand in the park on Spruce street. There was a good attendance for the event, there being an especially large number of cars parked on Spruce street for the occasion. Bandmaster Wilford had a good turnout of players for the event and a number of attractive selections were presented during the evening. During the early part of the season the band was unable to give regular weekly concerts on account of unfavourable weather, but it is the intention of the band now to give a concert each and every Sunday evening during the remainder of the summer. These concerts are to be given irrespective of the weather. If the weather is bad, the concerts will be given in the rink.

The Rebekahs announce a whist drive to be held in the I. O. O. F. Hall on Thursday evening, Aug. 14th, at 8:30 p.m. Refreshments will be served and a very pleasant time is assured for all attending the event.

T.B.A.A. HAD SUCCESSFUL DAY OF SPORTS ON MONDAY

Civic Holiday Featured by Softball Tournaments and Baseball. McIntyre Win Final Game in Series from the Timmins Junior Baseball Team

Although the attendance was not very large, the T.B.A.A. feel that the day of sports put on for civic holiday in Timmins, August 4th, was a successful and satisfactory one because it provided entertainment for those remaining in town for the day. The programme presented was a worthy one and deserved more patronage than it received. However, as the Timmins Boys' Athletic Association lost no money by the event, and as they were not anxious to make money, but rather desired to provide sport for the holiday in town, the management of the event are quite contented with the results. The programme pleased all who attended. There was good softball and a particularly good baseball match.

The programme started in the morning with a ladies' softball tournament. The first game was between the ladies of the McIntyre vs. the ladies of the Hollinger Stores. This was an interesting game won by the Hollinger Stores with the score 13 to 8.

McIntyre 2 1 3 0 1 1 0-8
Holly Stores 3 0 3 5 1 1 0-13
Batteries—McIntyre, McLeod and Cook; Holly Stores, Studor and Scott. The next game in the ladies' softball tournament was between the C. G. I. T. and the Excelsior Club of Schumacher. This was a keenly-contested game and extra innings being necessary to decide the match. The Excelsiors finally won the game with the score of 13 to 12. Excelsior 1 2 0 5 1 3 1-13
C. G. I. T. 2 0 2 1 7 6 0-12
Batteries—Excelsiors, Baldwin, Slotnick and Malsane; C.G.I.T., Innis and Gilbert.

The finals between the Holly Stores and the Excelsiors resulted in an easy win for the Excelsiors, the score being 10 to 2. Batteries—Holly Stores, Studor and Scott; Excelsiors, Baldwin and Slotnick. By this victory the Excelsiors, of Schumacher win the Timmins Fire Department shield for the year.

In the men's softball the Marshall-Eccleston team won the 48th Highlanders trophy for the year. In the first game of the men's softball tournament Schumacher lost to the Holly Stores by the score of 10 to 6. The Marshall-Eccleston team had drawn a bye, and played the winners of the first match, the Holly Stores, winning from the latter by a score of 4 to 1. In the game between the Holly Stores and Schumacher the score by innings was: Schumacher 1 0 1 0 1 1 2-6
Holly Stores 6 0 1 3 0 0 4-10
Batteries—Schumacher, Gauvreau and Eaton; Holly Stores, Campbell and Godin.

Probably the biggest and most popular feature of the day was the baseball match between the McIntyre, last year's champions for the North and for Eastern Ontario, and the almost equally famous Timmins Juniors. This was the third of a series of three exhibition games between these two clever teams. The Timmins Juniors won the first of these games on July 1st. The second match was won by the McIntyres. Monday's game was expected to be most interesting. And it was so. Although the McIntyres won Monday's game and thus won the round they had to work hard for the victory. The Timmins Juniors put up a battle that was a delight to the baseball fans. It was a great game to watch and the spectators enjoyed every minute of it. The McIntyres were three up at the end of the first innings, but the Juniors held them down without allowing them to score for the next three frames. In the fourth the Juniors got one, and in the fifth two more and in the sixth another two, while the McIntyres only scored one in the fifth. This left the Juniors one up until the second half of the eighth innings. In that frame the McIntyres scored half a dozen making their final victory easy at the end, 10 to 5. There were a number of specially fine plays on both sides and the game generally was voted as nice baseball. The McIntyres showed their usual good type of ball and gave evidence of the baseball merit that made them champions last season. The Juniors also showed their mettle and proved once more their right to be considered a team of unusual ability at ball and the most talented ball team that Timmins has had for several years.

Timmins 0 0 0 1 2 2 0 0 6-5
McIntyre 3 0 0 1 0 0 6 4-10
Batteries—Hudson, Godin and Foltz for the Timmins Juniors; Goldthorpe and Adamson for the McIntyres. W. McIntyre was referee with W. Burns was base umpire.

A story current in town this week that the six-year-old boy lost five or six weeks ago in the bush near Kapuskasing had been found alive, can not be confirmed and is evidently one of those mistaken stories that most people would like to believe but unfortunately fail to be beyond the probable.
