PREDICTS A WORLD-WIDE THREE-DAY WORKING WEEK

(From The Baltimore Sun) A prediction that men in the future all over the world will work but three days a week and be paid high wages was made by Sir William Jowitt, Attorney-General of England, while on a visit to Baltimore a few days ago.

TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files.

One of the front page items in The Advance of Sept. 8th, 1920, is to the effect that the Dome Mines had purchased the Dome Extension property.

After ten years there will no doubt be more than passing interest in the following item from The Advance September, 1920.—"J. W. Reed, of Timmings, has the contract for considerable diamond drilling to be done on the sand plains near town. The idea is to see if the vein systems of the camp continue to the west. These sand plains have an over-burden of sand and gravel running as deep as one hundred feet and more over the rock foundation. Three drills are now at work on the sand plains west of the Ontario Porcupine Exploration Company, an English company. The work is being done by a Canadian-holding company formed for the purpose, under the direction of E. Loring, who is seeing to the conduct of the local operations. The experiment will be watched with much interest, and results awaited with special attention. It may be added to this that the public did not learn very extended particulars of the results of the diamond drill work and so it was more or less taken for granted that the findings were either not particularly satisfactory or promising, or else financial considerations prevented the carrying on of the work to the extent that might have brought success.

Labour Day at Iroquois Falls in 1920 was a pleasing success as in previous years, though there was not the large attendance from outside towns that had featured some other years before and after 1920. A number of Timmings tennis players were present to compete in the tennis tournament.

In this issue, Sept. 11th, 1930, there is an item about W. G. Smith being in town. Ten years ago "Bill" also had his name in the paper about another matter. The item ten years ago read as follows:—"W. G. Smith, who has been for some years on the Hollinger Mine staff, this week took over the management of the local store of the

Geo. Taylor Hardware Co. Mr. Frood, who has been in charge here since J. Perreault left on account of ill-health, has been needed for special executive work at the head office of the company, and the securing of the services of Mr. Smith releases Mr. Frood for the needed and important branch of the work referred to, the Geo. Taylor Hardware Co. having extensive interests throughout the North Land. Mr. Smith, who has business experience, executive ability and personal popularity in the town and district, will no doubt make a success of his new position as manager of the local branch of the Taylor Hardware Store."

R. Lilly was the winner in 1920 of the annual trophy of the Timmings Golf Club. In the semi-finals he beat S. A. Wooley, 5 up and 4 to play. Mr. Frood beat Mr. Mackie in the semi-finals, 5 up and 4 to play. In the finals Mr. Lilly beat Mr. Frood 6 up and 4 to play. The Advance at the time noted that the golf course had been steadily improving and the number of devotees of the game steadily increasing.

At the week's police court ten years ago in Timmings two different men were fined \$500.00 and costs each. The thousand dollars so secured made many hopeful for new sidewalks and so on.

Ten years ago a party of British journalists from all over the Empire toured Canada and visited Timmings on the trip. Dr. J. A. McInnis, mayor of Timmings, A. F. Brigham, manager of the Hollinger, and others, met the party on their arrival here by special train. The address of welcome by the mayor was responded to by Mr. Penn, of The Taranaki Herald, New Zealand. The visitors were then taken to the mines and also shown the motion picture film of the mines. The visitors also had a trip around the town and district to see the sights, and were much impressed.

The following from The Advance of ten years ago will be read with much interest:—"At the home of the bride's parents, Timmings, Ont., on Friday, August 27th, 1920, by Rev. R. S. Cushing, rector of St. Matthew's church, Mr. Sidney Robert McCoy, and Miss Olive Victoria McGuire, only daughter of Mr. and Mrs. J. S. McGuire, of Timmings, were united in marriage. The young couple are among the most popular in the camp and hosts of good wishes will be extended to them. Mr. and Mrs. McCoy left for a wedding tour

to be spent in Ottawa and other points east and south. On their return they will reside in Timmings."

The annual picnic given by the Odd-fellows of the camp on Sept. 1st, 1920, proved an enjoyable and pleasing event, though the attendance was not as large as it would have been had the weather been more ideal. The picnic had been postponed twice for the benefit of baseball events in the camp that season and the last day picked on proved not altogether the best. However, there was a good crowd, and a regular treat for all attending. The weather even turned out better than it looked. There were the usual games, sports, athletics, etc.

On Labour Day, Sept. 1st, 1920, the Timmings Football Club presented a big day of sports and novelties here that has never, perhaps, been excelled by any similar event in the North. The big feature of the day was the presence here of an aeroplane, the first to visit this part of the country. The majority of the people here, apart from the returned men, had never seen an airplane at close quarters, and though the Football Club had to put up \$1,000.00 to bring the airplane here, the attraction proved profitable enough from the financial viewpoint. There was a large attendance from outside towns, South Porcupine sending literally hundreds here for the occasion, there being over 150 tickets for Timmings sold on the station at South End on the morning of Labour Day, not to mention those coming by motor car. Cochrane, Iroquois Falls and other centres were also largely represented. Music for the day was supplied by the Timmings Citizens' Band and by Gene Colombo's jazz band of ten pieces, all in humorous costumes. There was a big parade from the station with decorated floats, etc. There were also prizes for window displays. The window display prize went to Miss Copp for her effective "window 'N Flanders River.'" Miss Jessie Marshall won the silver cup for the best-decorated auto. The best decorated auto truck prize was won by Marshall-Ecclestone, Ltd., while the Northern Canada Power won first for best decorated delivery rig. Gene Colombo won the prize for the most comical costume. In the firemen's tournament, the cups for the wagon and reel races were won by the Timmings fire brigade, while the South Porcupine bridge won the ladder race. In the races M. MacMillan won several prizes, being one of the best athletes here at that time and certainly one of the finest of the good sports of the camp. The football match between the Cobalt United, winners of the Foster Cup for the season, and a picked Porcupine team, resulted in a 1-1 tie, after an interesting and pleasing match. Timmings baseball team defeated Cobalt without half trying, the score being 11 to 0, though the game was not quite so one-sided as the score would suggest. In the ladies' events Mrs. Tomkinson, Mrs. Goodman, Mary Downie and Nellie Studor were among the leading winners. Timmings boys' baseball team defeated the Schumacher lads, 9 to 7. During the day formal presentation was made to the town of the captured German gun now in front of the municipal building. This gun was secured through the efforts of the Football Club, Dr. McInnis, and Angus McDonald, M.P. In the afternoon there were addresses by Angus McDonald, M.P., Dr. McInnis, mayor, Major Mac Lang, M.P.P., and others. The stunts by the airship were watched with great interest. Also, about fifty people went for a ride in the airship at \$15.00 per flight. The airship was in charge of Pilot Colley, with Daredevil Landrigan doing the aerobatics on the plane in mid-air. Another big feature of the Labour Day event was the horticultural exhibits, these deserving a separate paragraph.

The horticultural exhibition in the tent on the grounds at the Football Club's Labour Day event in 1920 was one of the best features ever added to a big day here. Just as W. A. Field was so largely responsible for the wonderful success of the day as a whole, H. A. Hatton was the man directly and indirectly responsible for the remarkable horticultural showings here ten years ago. Mr. Field received earnest cooperation and support from the executive, but it has to be acknowledged that they left him to do most of the work and the worry. It was the same with Mr. Hatton and his horticultural show. When he proposed it, the suggestion was hailed as a clever and original style of special feature for the day of sports and pleasure. "Go ahead! That's a fine idea!" Mr. Hatton was told. He went ahead and to some purpose. The horticultural exhibit was a delightful surprise to all. There was a wonderful exhibit of flowers and vegetables grown in the North Land. "As a start for a regular horticultural exhibition here this feature was a winner," said The Advance at the time, adding that Mr. Hatton was to be complimented on the results of his hard work in perfecting this attraction. As a reward for his untiring efforts ten years ago Mr. Hatton has the satisfaction of seeing to-day a flourishing horticultural society in Timmings, largely inspired by his faith and efforts in 1920. The Advance published the list of prize winners for the horticultural show, some of these being as follows:—Mrs. Ennis, J. E. Wilson, Mrs. Jules Dufroy, Mrs. Cushing, Mr. McCarty, J. Peters, Dr. R. H. Brown, L. Boisvert, R. Lilly, Mrs. Udall, Mrs. Bozack, D. Carling, A. Booker, Mrs. McGuire.

Following a fire in a millinery shop in Moneta the woman conducting the store and her son were arrested ten years ago and The Advance for weeks had reference to the matter. The woman had had more than a couple of mysterious fires before her arrest. She was brought eventually to trial on a charge of arson, her son being acquitted. The woman took ill and was evidently in a very poor state of health

while waiting trial by a judge. Eventually she pleaded guilty to one of the charges laid against her, the other charges being withdrawn, and the woman allowed to go on suspended sentence on account of her serious state of health. The fire chief, A. Borland, and the Tisdale and Timmings police received much credit for the work done on the case and undoubtedly this good work had much to do with the freedom enjoyed by Timmings from fires of origin not considered altogether accidental.

About this time of the year will come the tenth anniversary of the date when a lady prisoner being taken to the North Bay jail for the Timmings police by T. H. Torrance made her escape from the train at or near Golden City. The lady, being of Indian origin, took to the bush, and escaped competently for the time being.

Ten years ago The Advance had a lengthy write-up of the new Hollinger Mine hospital here. "The finest hospital in the North Land" was the descriptive phrase in the heading. The article itself showed that the hospital was a model inside and out in construction and equipment. It was expected that the Hollinger hospital would open in October. It had a normal capacity for 35 patients but could accommodate double that number in case of need. Later, the Hollinger gave over the hospital to the Sisters of Providence, who have greatly enlarged it and added very materially to its up-to-date equipment.

Among the local and personal items in The Advance ten years ago were the following:—"E. L. Urquhart, of the Hollinger Stores grocery department staff, returned on Monday from a two weeks' holiday in the south." "Errol Neal, one of the old-timers of the Porcupine, and now with the Northern Canada Supply Co. at Cobalt, renewed acquaintances here, coming up with the Cobalt baseball club as one of their star players." "J. K. Massie spent the week-end in Cobalt." "A blaster employed at the Hollinger mine (name given at the time) was fined \$100.00 and costs last week for neglecting to take proper precautions when blasting. According to reports he had not posted guards at all approaches as required by law and insisted upon by the Hollinger." "Roy Upton left on Monday evening for a two weeks' visit in Toronto." "Mrs. Mabel Ziemann, wife of W. C. Ziemann, mill superintendent of the Abitibi Power & Paper Co., Iroquois Falls, passed away on Sunday afternoon, death being due to tuberculosis. In addition to the bereaved husband one son, Clifford, aged 23, survives. The remains were shipped to her old home at Ashland, Wisconsin." "A. S. Fuller, one of the old-timers of the Porcupine, is in the camp this week renewing acquaintances." "Robt. Benallick, formerly representative of The Nugget, was in the camp last week renewing acquaintances." "Philip Gouvaix, of the King George Hotel, North Bay, has been renewing acquaintances in the camp. His father, L. Gouvaix, formerly conducted the Windsor Hotel, at Timmings. The family recently opened a fine new brick hotel in North Bay, with the most modern equipment and a pleasing service. This new hotel is near the station and visitors from the Porcupine are sure of a particularly hearty welcome." "R. LeHeup and daughter, of Haileybury, were visitors to the camp last week, Miss LeHeup remaining here for a week's visit." "L. B. Treat, one of the popular old-timers of the camp, has left for the south with the intention of locating in Arizona. His many friends here will regret to lose this good citizen and fine sport." "There is quite a crop of wild rice growing near the shore alongside the dock at South Porcupine. Mr. Mackenzie, who operates the boat house at South End, sowed the wild rice as an experiment. The wind blew it farther to the shore than he had hoped, but it is doing fine, and will no doubt attract many wild ducks which was the purpose in view." "D. B. Curtis is on a visit to Toronto." "Dr. J. A. McInnis and Mrs. McInnis left last week for a vacation in the south. Dr. Hustler, formerly of the Royal Victoria hospital at Montreal will have charge of the medical practice of Dr. McInnis during his absence." "Harry Short, of Cobalt, was a visitor to town this week." "Born—in Timmings, on Monday, Sept. 6th, 1920, to Mr. and Mrs. C. G. Kemsley—a daughter." "Mrs. W. Crossley leaves on Friday of this week for a trip to the Old Country to visit her sister there. Mr. Crossley will accompany her as far as Montreal on his vacation trip. Mrs. Crossley expects to return before Christmas." "Superintendent W. A. Griffin, of the T. & N. O. was among those with the Imperial Press party here on Monday, and one of the young lady tag sellers promptly sold him a Labour Day ticket."

O. was among those with the Imperial Press party here on Monday, and one of the young lady tag sellers promptly sold him a Labour Day ticket."

FIFTY THOUSAND DOLLARS FIRE LOSS AT TASCHEREAU

Fifty thousand dollars damage was done by fire at Taschereau, Que., some days ago, when the big hotel, a garage, a barber shop, an empty store and three dwelling houses were burned down. The fire is thought to have been caused by the carelessness of a tramp who made use of the vacant store. The C.N.R. houses across the main street from the burned buildings escaped injury. The C.N.R. tank car was used to fight the fire and aid the volunteer fire brigade of the town, but the fire had too big a headway. The hotel was of frame construction, as were the other buildings, and burned down in less than half an hour. The fire started at about one o'clock in the afternoon and swept everything down in its immediate line in less than three hours. Taschereau is on the C.N.R. line about 112 miles east of Cochrane.

Locals

A. F. Kenning, M.P.P., returned last week from a visit to the East.

S. G. Hendry, of Toronto, was a visitor to Timmings last week.

Mr. A. L. Davidson, of Toronto, was a Timmings visitor this week.

Mrs. A. F. Carriere left last week for a visit to Gracefield, Que.

Miss Irene James, of Kirkland Lake is visiting friends in Timmings this week.

Born—in Rouyn, on Friday, Aug. 29th, 1930, to Mr. and Mrs. Pete Bendo—a daughter.

E. W. Klotz has returned to his home in Toronto after spending the summer with his daughter, Mrs. W. O. Langdon.

Miss Gabrielle Foulin returned on Sunday from a holiday trip to the south.

Mr. McDonald, of the T. Eaton Co., Limited, was in Timmings this week on business.

Misses Tyra Engstrom and Alice Eyberg left on Sunday for Cobalt where they will spend two weeks' holiday.

Mr. and Mrs. W. J. S. Elphick left this week for Toronto where they will reside in future.

Mr. and Mrs. Karl Eyre left last week by motor for a visit to Southern Ontario.

Mrs. P. Maltais returned last week from an extended holiday visit to southern and eastern Ontario.

Mr. and Mrs. Arnold Burrows left on Sunday on a two weeks' motor trip to Southern Ontario.

Miss Betty Sinclair spent last week in Kapuskasing, visiting with Mr. and Mrs. Andy Husband and other friends.

Mr. N. Bilsky, of Ottawa, is the guest this week of his sister Mrs. A. J. Shragge.

Mr. and Mrs. H. G. Laidlaw and family returned last week from a motor trip to Picton, Toronto, Niagara Falls, Cobalt and other places south.

The Haileyburian last week says:—"Mr. Jas. Elkins has gone north for a visit with his son, Gordon, at Timmings."

Miss Margaret Elkins, of Haileybury, recently spent several weeks in Timmings as the guest of her brother, Gordon, and Mrs. Elkins.

The next regular meeting of the Timmings town council is scheduled for Monday afternoon, Sept. 22nd, commencing at 4 p.m.

Mr. and Mrs. Geo. Lake left last week for Halifax where Mr. Lake is attending the annual convention of the Canadian Weekly Newspapers Association.

Mr. J. S. McGuire returned on Sunday from a three weeks' holiday trip to Gravenhurst, Orangeville, Toronto and Cleveland, Ohio, where he was the guest of his son, Mr. Frank McGuire.

Mr. and Mrs. S. Hampton, of Albany, N.Y., were Timmings visitors last week, motoring here over the Ferguson highway, and finding the roads good and the scenery and interest still better.

Rev. Bruce Millar and Mrs. Millar returned last week from their vacation in the south. Rev. Mr. Millar taking the services at the United church on Sunday as usual.

The Nellie Lake correspondent of The New Liskeard Speaker says:—"The third car of blueberries has been shipped from here but there seems to be little demand for more berries at present and prices are very low."

According to an item in The Toronto Globe on Saturday all midget golf courses in Toronto must pay a license fee of \$50.00 to the city and may keep open only between the hours of 8 a.m. and 11.45 p.m. each week night, the by-law prohibiting the opening of the courses on Sunday.

Some days ago a Chinaman cook at a Kirkland Lake cafe was arrested on a charge of illegally having opium in his possession. The case was remanded last week, the Chinaman being let out on bail of \$10,000.00, said to be the largest bail ever asked at Kirkland Lake for the release of a prisoner awaiting trial.

A by-law regulating miniature golf courses in Sudbury sets the hours of play for "Tom Thumb" golf as only between six in the morning and twelve midnight. The license fee was set at \$200.00 per course. In the discussion on the Sudbury by-law it was noted that Toronto charged a licence fee of \$300.00 per course.

Mr. and Mrs. R. Mitchell returned last week from a motor trip to the south. They had a delightful two weeks touring the province, having equipped their car with the necessary equipment for camping wherever they cared to stop for meals and for the night. The weather throughout the trip was excellent.

The following paragraph was in the Kirkland Lake police court news as reported by The Northern News:—"A pitiable case was disposed of privately when a few months old baby was made a ward of the Children's Aid Society. Inspector McCracken stated that the child had been born out of lawful wedlock and that the mother, who came from a Northern town, had abandoned the child with a local family and departed."

According to reports from Temagami the tourist traffic to that region this year has been, on the whole, about equal to that of 1929. Business has been good this summer, especially in view of the general business depression all through the country and other conditions. The weather has not been exactly favourable, but generally speaking it has been a good season. The weather set back the opening fully a week this year, while tourists seem to be leaving for their homes about a week earlier than in other years.

VISITORS ARE NUMEROUS THIS YEAR AT SANDY FALLS

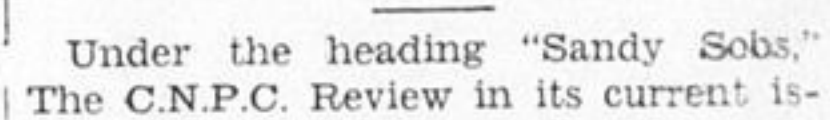

Under the heading "Sandy Sobs," The C.N.P.C. Review in its current issue has the following:—"July was a record month for visitors to Sandy Falls. Over three hundred people took advantage of the magnificent weather to visit this beauty spot on July 27th. The merry shouts of the young folk, mingled with the hearty laughter of the grown-ups, made the old camp sit back and smile with the contentment at the thought of a job well done. So numerous were the requests to be shown through the plant that one of the operating staff was told to conduct parties through and explain in brief detail the different apparatus and methods of operation. Needless to say, this led, having done his job nobly and well, finished the day all in, down and out, coupled with a severe attack of laryngitis. The temperature in the afternoon of this day ranged around 94 in the shade and the order of the day for dress style was straw hats and bathing suits."

"To all visitors wishing to reach Sandy Falls by automobile we are glad to announce that the road is in almost perfect condition and there should be no difficulty in reaching this spot even in wet weather, so come on in and look us over. If you enjoy your visit as much as we will having you then we are both in for a good time."

Improved

The new styled glasses are a distinct improvement to one's appearance. While the lenses are ground to improve vision, their design does much to add dignity and smartness. The alert person will welcome the newer glasses obtainable here. Colonial octagon, Oxford, leaf shape or elliptical shapes are a matter of taste. Let us aid you in selecting the proper style.

TIMMINS HIGH SCHOOL EVENING VOCATIONAL CLASSES

TERM 1930-1931

Evening Vocational Classes will be opened in the High School, Timmings, on Monday, October 6th, 1930 and will continue until Easter, 1931

Instruction will be offered in the following subjects:

- English for foreigners and non-English speaking students. English for advanced students (second and third year students). French (Conversational and Business). Arithmetic. Prospecting and Geology. Chemistry and Assaying.

- Business Courses: (a) Typewriting and Stenography. (b) Book-keeping and Business Practice.

- Machine Shop Practice. Wood-Working Shop Practice. Practical & Theoretical Electricity. Cooking. Sewing and Dressmaking.

ENROLMENT: Students may enrol for the respective courses in the principal's office at the High School, from 7.30 to 9.00 o'clock September 29th to October 3rd.

EQUIPMENT: The school has been fully equipped in all departments to meet the requirements of the various courses offered.

TEACHERS: The classes will be in charge of trained teachers holding certificates from the Department of Education.

FEES: A minimum fee of three dollars will be charged for each subject which will be returned at the end of the term to students that attend 70 per cent. of the lessons.

Any subject in the above list will be cancelled if a sufficient number of applications for that course is not received.

Instruction in any approved subject not included in the above list will be offered if a sufficient number of applications is received.

For Further Particulars Apply to
