

SHRACGE'S THIRD BIRTHDAY SALE

In connection with our Birthday Sale we are running an Estimate Contest, giving the people of Timmins and district an opportunity to secure one of three valuable prizes, and all that is necessary is to estimate the amount of money in the driveways leading to the baronial castle in our window. Make your estimate before the store closes Saturday night so that you will have a chance to win one of the three prizes.

First prize—\$50.00 in merchandise
Second prize—\$25.00 in merchandise
Third prize—\$10.00 in merchandise

Every customer making a purchase in our store, and who has made an estimate will sign their name and address in a book provided for this purpose. On Saturday night the money will be counted by two members of the staff of The Porcupine Advance and the first three winners coming closest to the correct total will be entitled to the prizes offered.

No employee of Shragge's store eligible to compete.

We are arranging to complete our Third Birthday Sale, after presenting to the people of Timmins for eight days, the most stupendous values ever presented in this district. There are just two more days to take advantage of the special offerings in the best of merchandise at prices unheard of before in this district. During the past week we have been observing our Third Anniversary in business in Timmins, and we asked the public to assist us in making this an outstanding event. The response was beyond our fondest expectations—hundreds of buyers from Timmins, Schumacher, South Porcupine and adjacent centres visited our store and took advantage of the reductions offered in the highest quality merchandise. Our customers know that our Birthday Sale is not a Clearance Sale, but an anniversary when only the newest merchandise of unexcelled quality, is offered at a price which cannot be beaten. Just two more days and our Third Birthday Sale will close. Come and look over the hundreds of special offerings. We are certain that everyone will be satisfied with the values offered.

Sale Closes Saturday Night, September 20th

FOOTBALL SEASON DIES IN BLARE OF CHIN MUSIC

McIntyre Wins Dickson Cup. "The Tumult and the Shouting Dies; The Captains and the Kings Depart,"—and Something About a Broken Heart.

Well, another season of football ended, and what an ending last week! The Advance stated in a reference last week to Saturday's game "that the curtain would be rung down" but no one thought it would come as suddenly as it did. The rivals of the Porcupine, McIntyre and Dome, were the contestants and the game was for possession of the Dickson Cup. The game was commenced half an hour earlier than usual, so as to allow for the darkness which comes very rapidly these days. Twenty minutes from time a cheering contest was held between the players and referee (but that's another story) and with the second half only 32 minutes old the referee called the game on account of darkness. However, after all was cleared away the score stood McIntyre 3, Dome 1. In view of the circumstances the league committee met the Dome executive and players, who let the game stand as the score indicated, McIntyre winning the Dickson Cup. A brief review of the game is as follows:—The Dome opened the play by some very clever combination and maintained their attack for a time. Their efforts were soon rewarded and by a nice piece of work Richmond scored the first goal of the game. McIntyre did not relish this and the players got down to business, and the Dome defence were kept very busy. McIntyre's efforts were soon rewarded when Edgill took the ball down and sent in a shot to Jemmett who cleared. Carroll rushed in and headed the ball safe. Very fast football followed this, end-to-end play being a feature. Goodman for the Dome sent in one which had the cross-bar shaking for a time. At the other end McConnell tried one on his own but Jemmett saved. The pace was maintained to half time with the score standing at 1-1.

McIntyre started this half with a determined attack on the Dome. A penalty was awarded them. Rankin took the kick but missed. Midfield play followed but the McIntyre were soon up around the Dome backs and trying very hard. Carroll seized a good opportunity and scored a lovely goal. Keeping the Dome penned up in their own half the McIntyre were out to make their lead safe and giving Blair and Fell a lot to worry about and right here is the story mentioned above. A McIntyre forward had the goal at his mercy and was about to put the ball in when a Dome player rushed in and dragged him down. Referee Larmer awarded a penalty but before the ball was placed the entire Dome team had crowded round him, later joined by the McIntyre players, and a regular chin fest took place. Darkness was rapidly settling over the field and eventually the air was cleared with the Dome having three men sent off. The ball was placed, the kick was taken. Carroll scored. Play was resumed for one minute. The whistle blew and down went the curtain.

McIntyre—Leonard, goal; Rankin and Robson backs; Connor, Madden and McConnell, half backs; Phillips, Chalmers, Edgill, Carroll and McGregor forwards.

Dome—Jemmett, goal; Blair and Fell, backs; Kellow, White and Doran, half-backs; Aspin, Goodman, Harrower, Richmond and Hendry, forwards.

Referee—P. Larmer.
Linesmen—E. Rowe, E. Finchen.

DISSOLVES THE INJUNCTION AGAINST COLEMAN TOWNSHIP

Township May Now Proceed to Collect Tax Money Held Up by Legal Proceedings Instituted by M. J. O'Brien Limited.

Last week The Advance made reference to the case of Coleman township where an injunction secured in the courts by M. J. O'Brien Limited, had succeeded in tying up the collection of the township's 1930 taxes. It was pointed out that the case would be watched with very great interest by all the municipalities in the North, especially by the municipalities where active mining was carried on and where the municipalities shared in the royalties or mines' income taxes.

This week there is a new feature in the case to record. A special despatch from Cobalt says that collection of the 1930 taxes has been resumed by the township of Coleman, following upon the action of Mr. Justice Raney in dissolving the injunction taken out by the O'Brien Mine interests as part of its legal protest over the disposition of the revenue from the mine profits for last year. Ratepayers who have already tendered their taxes, and who were notified that their money could not be accepted because of the injunction, will now receive notices that the ban has been lifted. The writ issued against the municipality still lies, but it is considered unlikely that the action will come before the courts until the assizes in Haliburton next December.

Despatches from Toronto set out in detail the disposition at Toronto of the injunction matter, as follows:—

Mr. Justice Raney at Osgoode Hall on Thursday refused to continue the injunction sought by M. J. O'Brien Ltd., silver mines at Cobalt, Ont., restraining the township of Coleman from proceeding further with the levying or collecting of taxes for 1930.

"There is a real controversy which will be tried within a month, but the collection of taxes must not be held up," stated His Lordship. "I will leave the question of costs to be decided in the trial."

"This is worse than they did in Chicago and they are not getting the same notoriety," declared A. G. Slaght, K.C., appearing for the township.

The dispute centres around whether the mining company can earmark its taxes to go 95 per cent. for separate schools as against five per cent. for public schools.

The township claims that these taxes are under direct control of council, and that sufficient of them is being applied to separate schools to make the levies for both public and separate schools equal at 29 mills.

The mine's income is assessed at \$243,852 and the tax levied is \$4,877.00, the bill providing for a five per cent. increase if unpaid by Sept. 10th.

The mining company seeks as well as the injunction an order compelling the township to strike a new tax for 1930, "in accordance with the statutes," and an order compelling the township to apply the company's mines' income and assessment taxes for the time being in the proportion of 95 per cent. to separate, and 5 per cent. to public schools.

Mr. Slaght, H. G. Keen and H. E. McKee, of Cobalt, appeared for the township, and R. H. Parmenter, K.C., appeared for the mining company.

"It is a very serious thing to stop the collection of taxes," observed his lordship. "There ought to be some other means of securing justice." "The assizes start there on Oct. 6; it will not be long now," Mr. Parmenter said.

"You are not complaining of the amount of the tax?" "No, only that no part of it is being apportioned for schools."

"Did the township seek legal advice on its actions?" asked his lordship. "Year, they did," said Mr. Slaght.

"I understand they just wrote to some newspaper in St. Thomas," said Mr. Parmenter. "The company has only a personal grievance," said Mr. Slaght. "They have no right to direct an apportionment by us. They haven't paid a dollar."

"The injunction is a little too broad."

"I think I'll have to lift it," observed his lordship. "The taxpayers have been coming in every day with money," Mr. Slaght continued "and we can't throw the O'Brien's out of court," his lordship smiled. "No, but they should be compelled to pay costs of this injunction," said Mr. Slaght.

Mr. Slaght declared that there was no separate school in Coleman, the children attending one in Cobalt. The statutes, he held, did not give the company any rights where a school did not actually exist.

"They asked for a 95-5 per cent. ap-

portionment on their land taxes and the clerk was weak enough to give it to them. They had no right to it; and now they come back and ask for it on the profits tax, and the clerk refuses."

"He's seen the light, now," suggested Mr. Justice Raney. "Yes, your lordship," Mr. Slaght pressed for costs, but was refused.

"You're not afraid are you?" his lordship smiled.

"Oh, not at all," laughed Mr. Slaght "but we ought to have a guarantee the McBrien mine won't go into liquidation in the meantime."

GENERAL MEETING OF THE N.O.F.A. TO BE HELD SATURDAY

With the closing of the football season the officers of the N.O.F.A. decided also to clean up the books and accounts for the past season. This is a feature that should appeal to all those affected as in past seasons thinks have been held over for the winter months and the opening of another season has witnessed long standing accounts and business. This has caused the committee a lot of extra work and in view of all the circumstances the officers

this season ask for a full attendance on Saturday evening, in the town hall, Timmins, at 7.00 p.m. sharp. Two delegates from each club will be allowed, and any others interested in the game, and the promoters of football are invited to attend.

"Canada," the illustrated weekly journal published in London, England, in its last issue prints a half-tone photo of Hon. W. A. Gordon, Minister of Immigration and Colonization, and Minister of Mines in the new Bennett Government.
